# CLIMATE MARCH

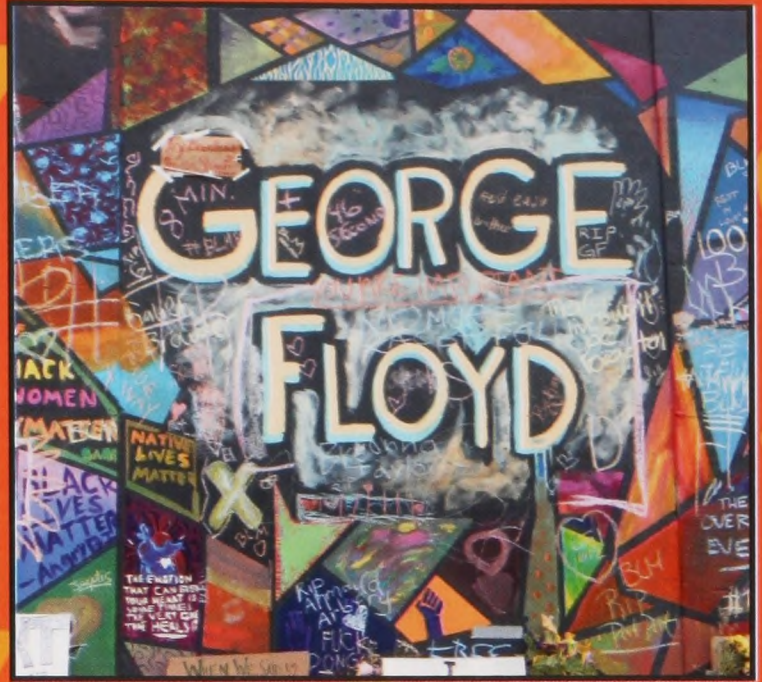

Benson students attend a march for climate change along with other highschools.

# BLACK LIVES MATTER

In between 2020 and 2022 Downtown Portland experienced a lot of change. One of the most artistic versions of protest that we saw was the art that people had put up right after the murder of George Floyd and the death of Breonna Taylor.

PC: Cadence Crumble :)

# CURRENT EVENTS

It's been a rough couple of years to say the least, and we think it's important to acknowledge the challenges we've overcome.

## OUR CHANGES AT SCHOOL

Students, Juniors and Seniors, have seen a shift from A weeks and B weeks to a filler day of all 8 Fridays, it's been a strange change from what many considered normal their Freshman and Sophomore years at the old campus. Many have their opinions on the all 8 days being used as a way to no longer miss certain days, some being positive some negative some remaining neutral.

Teachers schedule have also taken a change from some moving to parttime and some to full time work. So has the workload given by teachers

Some may have also noticed a change in location from our original campus. The change has been drastic for both staff and students, some more than others.

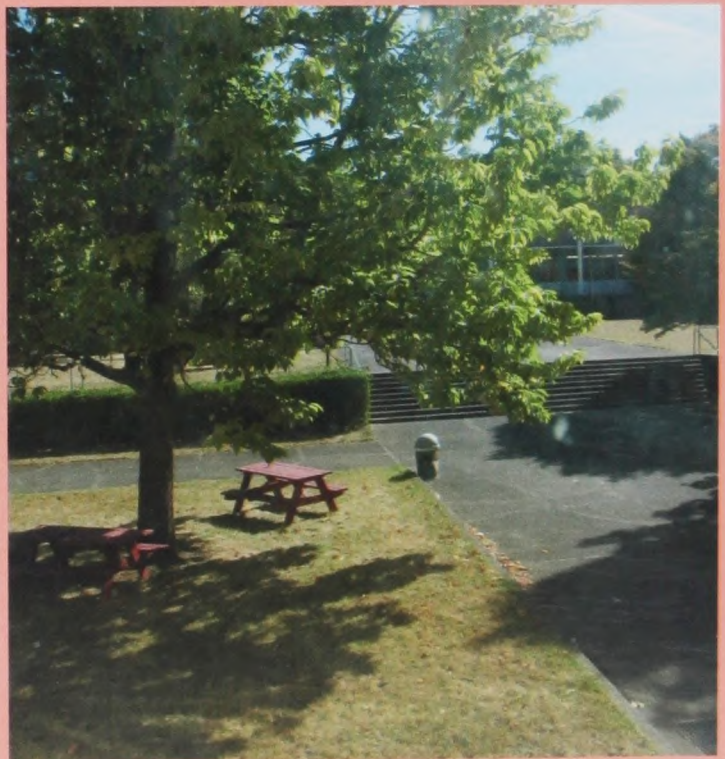

# CURRENT EVENTS

Our School year has been turbulent to say the least due to COVID. In January our school face returning back to online with Omicron, but we were fortunate enough to stay in person. This year has been hard to connect with others while staying safe.

## WHY WE ARE GLAD TO BE BACK IN PERSON

Many are excited to be back in person for variety of reasons some see it as a fresh start and some to actually focus on school as online didn't offer focus for some.

Benson Polytechnic High School opened in 1908 as Portland School for the Trades. It was not until Portland businessman Simon Benson donated \$100,000.00 in 1915 that Portland Public Schools purchased and started construction on the 9-acre lot in inner Northeast Portland, designed by Fred Naramore. In 2022, that is equivalent to \$2.75 million.

The school began as an all-boys school, a school for "boys who wished to enter a trade a better opportunity than do shops and factories of the present time." In 1909, they added classes for girls; sewing, cooking, millinery, and homemaking. Benson was only coeducational until 1913; 60 years later in 1973, Benson became coeducational again. Benson underwent much expansion and renovation after

## MODERNIZATION

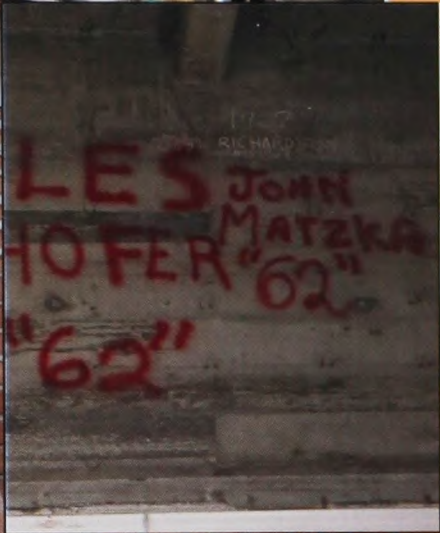

The \$200 million modernization project began in 2021 and is expected to last until 2024. Until then, we are at Marshall Campus in Lents

photo credit: David Mayne - Portland Public Schools

In 1926, Benson Polytechnic High School added an aviation department. Look at where that department used to be! The United States Department of Defense would contract with the school during peacetimes after WWI beginning in 1919; 50 dissabled veterans would be educated at Benson.

Photo Credit: David Mayne - Portland Public Schools

Benson Polytechnic High School has several notable alumni including football player Alex Green of the Green Bay Packers, rapper Animé, and inventor of the Phillips screwdriver Henry F. Phillips.

# ART

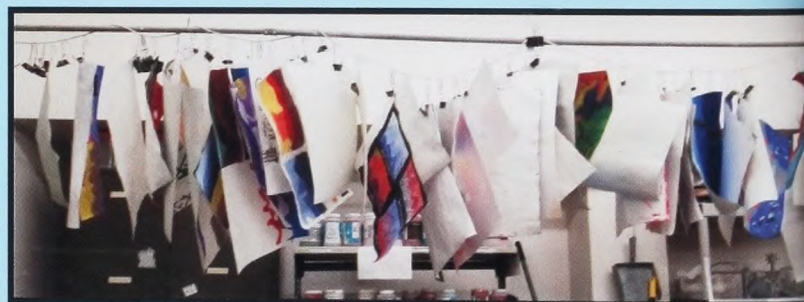

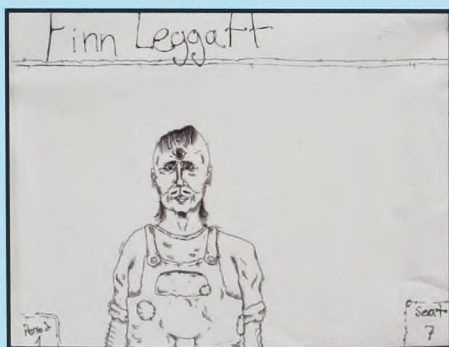

Mr. R has his students focus on the negative space (outlining) around a visual display of many objects as an exercise to help grasp the first step within realistic drawing.

Intermediate Art presents a class for students who look forward to learning the basics of design; colour, line, shape, space, scale, texture, and value- as well as color theory. Mr. Rojewski, Benson's art teacher, even takes the time to share his personal experience and techniques over the years in feedback to ensure that his students create their best products.

As always, all the skills learned throughout the year are integrated into forming portfolios possible for the professional world. Keep the art going!

Mr. Rojewski

# ART

Students taking art with Mr. Rojewski have the opportunity to build their technical skills in the Beginners 3D Sculpture class. With a focus in clay, students start the year off creating diagnostic cups and mugs to test their knowledge on ceramics. Projects following after include egg pods, slab boxes, greek vases, animal banks, movie production crops, and ecofriendly cars, as well as eco homes. Each project teaches specific techniques in sculpting throughout the year.

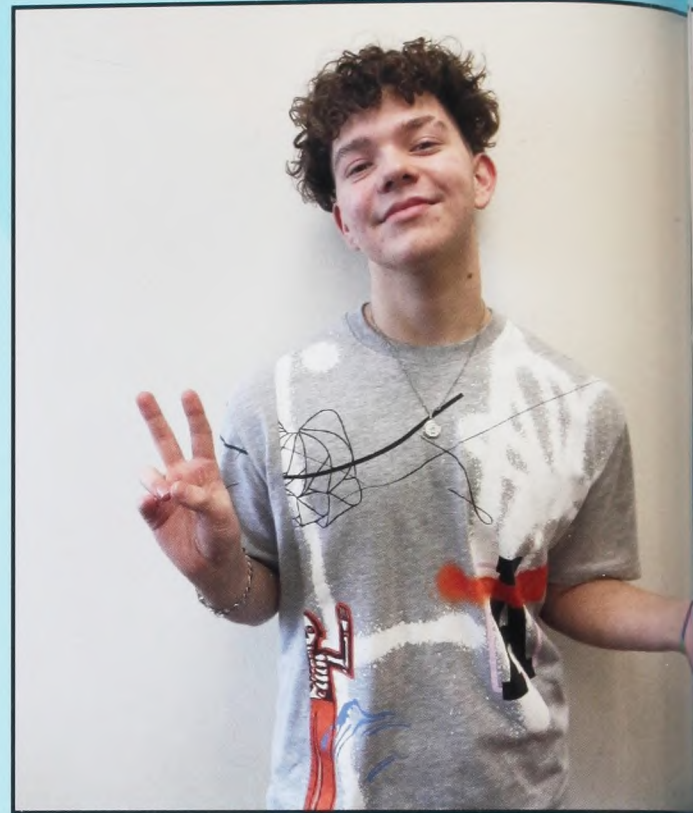

This class helps students to potentially identify a career in sculpture and manufacturing with a methodical and aesthetic eye. Every item created is a usable and memorable piece of design and innovation.

# MAJORS

Benson Polytechnic is a magnet school for its career and technical education (CTE) classes. Students come from all across the city to get more hands on experience that will serve them well later on in life. During their freshman and sophomore years, students cycle through the different CTE classes, until the end of their sophomore year, when they choose their major. They continue in this major until graduation. Picking a major is an important part of the Benson experience, and helps focus the experience that students receive into a field that they are truly interested in.

# HEALTH OCCUPATIONS

Why did you choose the health occupation major?

"Because I want to pursue a medical career."

- Octavia Clark

"I wanted to be in it."

- Reed Boyles

"The major is interesting."

- Sean Felder

"I want to be able to make a big impact in others lives with my knowledge of health sciences"

- Tracy Zhen

"It is the most interesting major."

- Lucia Valdez-Cadena

"It was the best option."

- Kasch Brigham-Saunders

What career pathway do you want to take?

"I want to be a forensic pathologist."

- Octavia Clark

"I want to be a nurse."

- Reed Boyles

"I want to become a doctor."

- Sean Felders

"A physician or surgeon is what I want to become."

- Tracy Zhen

"I want to become a psychologist or socialist."

- Lucia Valdez-Cadena

"I want to be a neurosurgeon."

- Kasch Brigham-Saunders

Who is your favorite teacher?

"Mrs. Keith"

- Octavia Clark

"Confidential."

- Reed Boyles

"Mrs. Keith."

- Sean Felder

"Mrs. Alekel."

- Tracy Zhen

"Mrs. Keith."

- Lucia Valdez-Cadena

"Mrs. Keith."

- Kasch Brigham-Saunders

"I get to teach and inspire greatness in future healthcare professionals"

- Mrs. Keith -

# HEALTH OCCUPATIONS

Why did you choose the health occupation major?

"The course seemed interesting"

- Anonymous

"I wanted to enhance my skills in the healthcare world, preform clinicals, and participate in hands on work."

- Joshua Reddy

"I want to be a doctor and help people, this major would prepare for that."

- Morgan Schlichten

"I have always been interested in the health occupation at Benson since I learned about it in freshman year."

- Tara Osborne

"At first I didn't consider it but I really liked the course as a freshmen."

- Sylvie McCord

"I want to help people in a tangible way, and I've always been interested in health."

- Tristin Casey

What career pathway do you want to take?

"I want to be a midwife."

- Anonymous

"I want a career pathway that focuses on mental health."

- Joshua Reddy

"I want to be a dermatologist."

- Morgan Schlichten

"I want to work with kids or in the ICU."

- Tara Osborne

"I want to be a pediatrician or surgeon."

- Sylvie McCord

"I want to be a mortician."

- Tristin Casey

Who is your favorite teacher?

"Mrs. Akele"

- Anonymous

"Mrs. Padua"

- Morgan Schlichten

"Mrs. Keith"

- Tara Osborne

"Mrs. Keith."

- Sylvie McCord

"Mrs. Padua."

- Tristin Casey

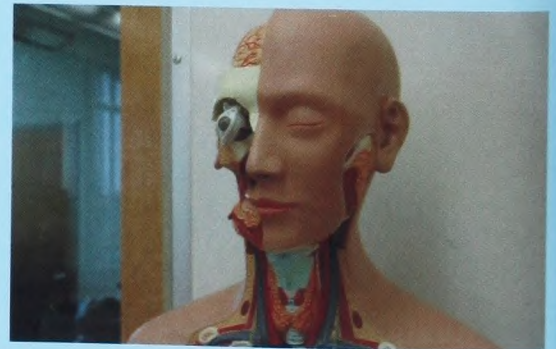

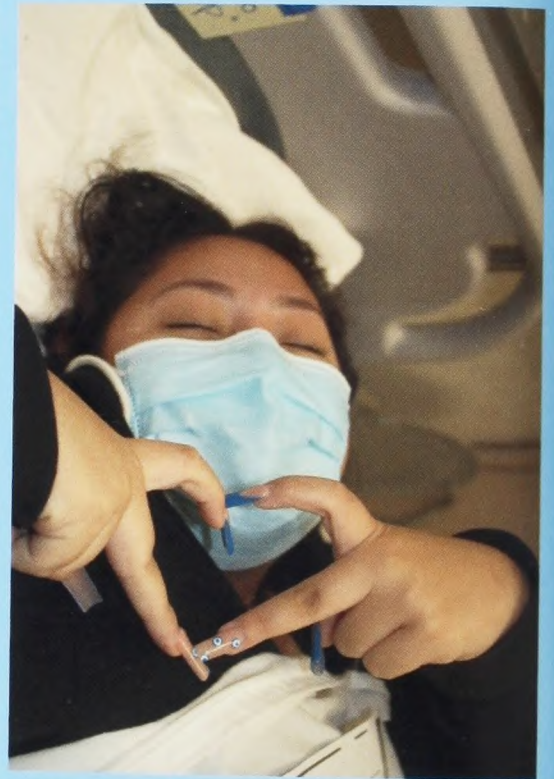

"Health Occupation - Creating future health care professionals."

- Ms. Padua -

# HEALTH OCCUPATIONS

"Health Occupations is more than a career choice. It is one of the most rewarding ways to serve the greatest needs of others."  
- Mrs. Alekel -

# HEALTH OCCUPATIONS

"The healthcare course in Benson gives access to student to real change in their community."

# ANNEX IN PROGRESS

The move of Benson Polytechnic High School to the Marshall Campus was complicated, due to all of the CTE equipment. To make this transition smoother, a new annex was added to the front of the school. This building houses the auto and construction shops. It took a few months to complete.

# ANNEX FINISHED

The annex was finished a few months into the school year. Many thanks to the PPS Bond Program.

# BENSON ATHLETICS

Here at Benson athletics are still going strong with the move to Marshall. The new campus has all of the sports facilities offered at the old Benson building. As well this we no longer need to share the Buckman field, and have a properly sized track. Other amenities include the weight room and full sized gym and bleachers.

# ESCALERA

Escalera reunites back!

After a year of not being able to see each other in person due to Covid-19, we are back into a new year and also a new building which is currently not the same Benson building :(

Escalera is a program provided for all welcoming Portland Public students. They provide lots of things such as, job shadowing, college visits, volunteer opportunities, assistance on anything, field trips, and one on one check ins with a Escalera instructor.

Class of 2022

Escalera is like a second home to us students. They have the best kind of support whenever a student comes into the room they settle in by signing in and sitting down in their favorite seats. They also provide drinks and snacks for students if they feel a bit hungry. It's also a quite place to chill and do work. They do after school sessions every week and get to learn and be educated about new things around. Doing one on one check ins can be very personal and instructors all will help you set up any goals that you want to achieve in the school year or just in general.

**Q&A Time!** Lets hear what the students have to say!

- Q1:** One thing you like about being in escalera?  
**Q2:** Most memorable moment in sessions?  
**Q3:** What would you say to our instructors?  
**Q4:** What's one thing that escalera help you with your struggles?

**A1:** One thing I like about escalera is how it brings Latinos together and we get to talk about school and how to be prepare for college. I also like how we all get to talk about our traditions and you bond with other people there with different backgrounds. - Melanie Garcia-Gonzalez

**A3:** I am glad I was able to be part of the Latino Network program throughout my high school years. I don't regret signing up and I wish I can do it all over it again. I made lots of fun memories with everyone. I thank to all the instructors that helped me through my journey and see me succeed goals I set up for myself. - Vanessa F. Juan

**A4:** Escalera helps me with getting my stuff together and helps me distract myself at times to not feel as much stress and looks for easier solutions. -Stephany Gonzalez

**A4:** Escalera help me deal with problems at home and at school. I also felt okay to talk to one of the Escalera instructors (Plata) He often lets us have a one on one conversation that could help me out with school.

*During those times I could tell him what I was most struggling with such as past traumas, and complications I might have when I turn 18.*  
 - Delfina Ventura Gonzalez

7

LA ESCALERA

**A2:** My most memorable moments in sessions is when we are all just laughing and having a good time. I also love the field trips we have gone on and our celebrations. I love that escalera helps us with our future and identities while also letting us enjoy our time together. - Sandra Garcia

**A3:** I very thankful to have met you guys. YOU along with the ESCALERA program, have been a major aspect of my life. I can't imagine my highschool years without yall. - Ami Perez

Escalera students at the PSU Men's Basketball game @Portland State University 2/24/22 Go Vikings!

Escalera believes that creating goals allows for students to be held accountable, and it allows instructors to help students achieve their chosen goals by showing them how to advocate for themselves, setting simple reminders, and even helping them adjust their goals to make them more achievable.

For most first generation students, the college process can be very daunting. Escalera provides help with filling out the FASFA or ORSSA, revising college applications, or just having someone to talk to. Plata describes what Escalera and working with students mean to him, "What Escalera means to me is having the opportunity to mentor the next generation of college students and professionals. It's also being there for them when they need us the most and to push each student to do their best to reach their desire goals, even when no one else believes in them. Give them support in every way possible and support their families as well! Being part of Escalera means so much to me!

Creating the safe spaces and connections were made harder last year due to everything being online Plata says "There have been many challenges this past year with COVID-19, but the most difficult challenge has been encouraging students virtually. Not being able to be there physically for them and supporting them 1 on 1 and not being able to see if students follow through with their action plans is the constant challenge.

Amongst the chaos and challenges the pandemic brought, Escalera was able to help those in need last year. During the holiday season, Escalera provided 20 families with holiday gift baskets. The baskets included essentials such as toilet paper, cleaning supplies, shampoo and conditioner, and Mexican tamales for the whole family to enjoy. Escalera was able to provide these gift baskets to students of minority families because they were heavily affected by the pandemic. Since we are back in the building, we are hoping to stay as long as the pandemic shrugs off and we keep ourselves safe and healthy.

Alin Lazaro-Ortiz y Alberto Plata-Hurtado

***I will always be thankful for each students who has given me the honor to be their mentor/instructor."***

***-Instructor Alberto Plata- Hurtado***

***"Belive in yourself like others belive in you" - Alin Lazaro-ortiz***

By Vanessa Juan

# GARDEN CLUB

The garden club is a welcoming and growing community created by miss Willow-Weir Mayorga. Throughout the year garden club meets to plant and harvest a variety of healthy and appetizing fruits and vegetables in Benson's very own courtyard garden at the Marshall campus. Other than just digging in the dirt, students get to eat their very own produce.

Mrs. Willow Mayorga

# IN LOVING MEMORY OF ED RAILLEY

**"MY MOST IMPORTANT JOB WAS TO LOVE MY STUDENTS"  
-ED RAILLEY**

**MR RAILLEY WAS A VERY FUN AND CARING  
TEACHER, HE'D ASK ABOUT YOUR DAY, HOW LIFE  
WAS GOING. HE CREATED FRIENDSHIPS WITH HIS  
STUDENTS, VERY WELCOMING TO NEW STUDENTS  
WHETHER THEY WERE HIS STUDENTS OR NOT.  
DEFINITELY HAD HIS OWN CREATIVE WAY OF  
TEACHING THAT MADE IT EASIER TO LEARN/  
UNDERSTAND.  
HE TOOK TIME TO LEARN A LITTLE BIT ABOUT  
EACH STUDENT HE HAD.**

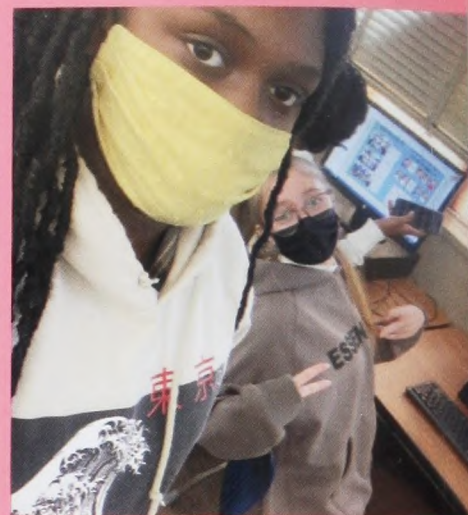

**ANOTHER THING HE'D SAY OFTEN  
WAS  
"FORD IS THE BEST YOU COULD GET"**

# EXCHANGE STUDENT HELEN PFEIFFER

Helen is from Wuppertal, Germany. She decided to be a foreign exchange student to improve her language skills, have new experiences and explore the world.

"Helen has been a very vaulable friend and I'm going to miss her when she leaves" - Agatha Chang

"Everyone's a simp for Helen" - Angel Werner

"Helen is very kind and funny. I'll miss her a lot" - Apple Hudson

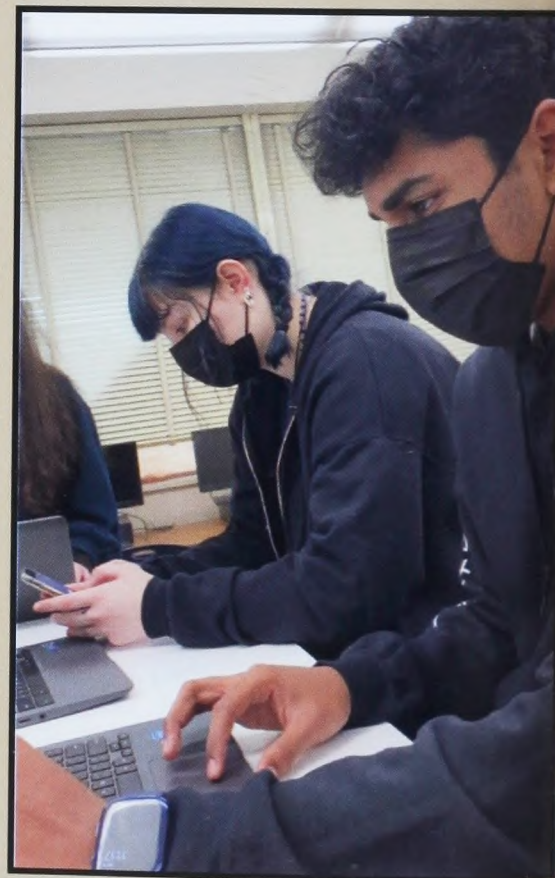

"She was dedicated and studious member of the yearbook community" - Mr.Prahl

"Love that for you!" - Helen Pfeiffer
