

The Road To  
Safe Driving

Always have your car checked thoroughly before starting out

Study the traffic laws.

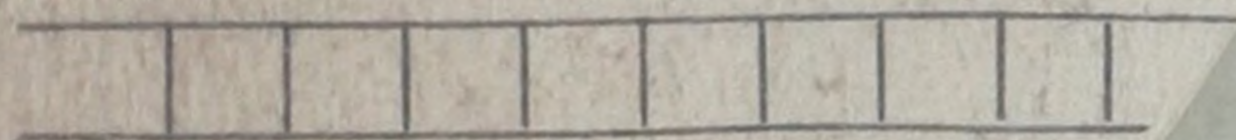

Ice or dead leaves. BE CAREFUL

School Crossing. You never can tell what this youngster is going to do.

If sleepy, stop the car, get out and take a nap.

X Railroad crossing—a death trap. Stop, look, and listen.

Keep to the right going around curves. Don't attempt to pass anyone

Ignore the back-seat driver —if you are brave

The absent-minded pedestrian: consider his erratic ways and be wise

By all means avoid the judge

SAFE AT HOME

DON'T TRY TO BEAT THE RED LIGHT

● If you drink—don't drive! If you drive—don't drink!

Clifton Hunter.

EX LIBRIS

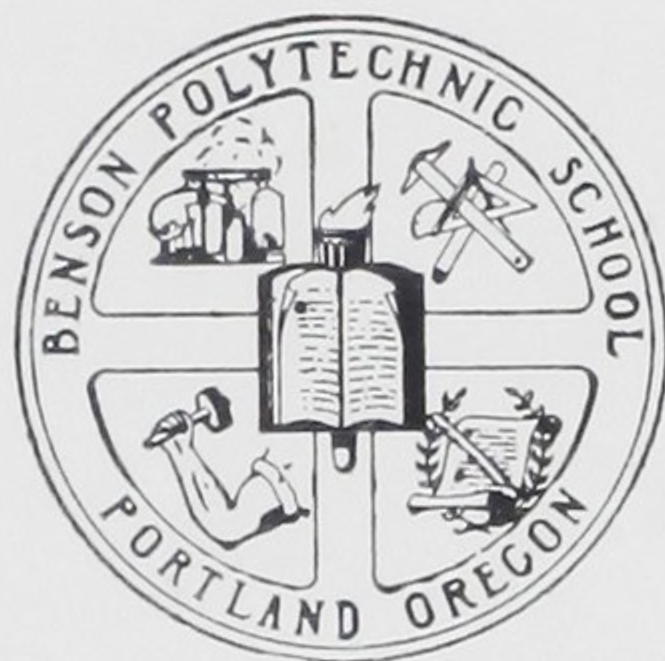

*The June 1936*  
**POLY TECH**

A RECORD OF SCHOOL LIFE IN  
BENSON POLYTECHNIC SCHOOL  
PORTLAND, OREGON

PUBLISHED SEMI-ANNUALLY BY  
THE GRADUATING CLASS

Students of Printing  
in the School Shop

CHARLES E. CLEVELAND  
*Principal*

# THE FACULTY

C. E. Cleveland (Principal)  
J. G. Tontz (Vice-Principal)  
Omar N. Bittner (Dean)

## ENGLISH DEPARTMENT

Elizabeth M. Drummond (Head)  
Mrs. Vivian P. Brugger  
Elaine Clouse  
Edith Forbes  
Margaret M. Haight  
Martha Jindra  
Minnie M. Johnson  
Jeanette Kletzing  
Marion Morton  
Mrs. E. Vere J. Swenson  
Mrs. Lenore C. Thompson

## MATH DEPARTMENT

Wm. Kletzer (Head)  
Mrs. Hilda B. Carruth  
Leola Craig  
Grace B. Hawkyard  
Leo L. Oldright  
H. H. Parsons  
Alfred Skei  
Oscar Storli  
Robert H. Hamill  
Mrs. C. D. Holt

## SCIENCE DEPARTMENT

M. E. Turner (Head)  
Fred A. Brainerd  
C. S. Brereton  
George W. Brown  
David J. Davis  
A. P. Gibson  
Adam F. Krieger  
E. W. Lawrence  
William Schreiber  
Thos. A. Shotwell  
R. T. Stephens

## HISTORY DEPARTMENT

H. H. Hargreaves (Head)  
Thomas P. Graham  
George F. Karnopp  
Mrs. Louise K. McLean

## DRAWING DEPARTMENT

W. D. Allingham (Head)  
Francis A. Beebe  
R. H. Harrison  
Chester Klink  
David H. Laney  
H. A. Lundquist  
Fred Strickland  
V. G. Wild

## WOOD SHOP

F. G. Benson (Head)  
Oscar F. Holmquist  
Ben. J. Kuhns  
Bert S. Sparks

## LIBRARIAN

Francis Morrison

## AVIATION SHOP

H. S. Buckman (Head)  
George A. Urquhart

## ELECTRIC SHOP

E. A. Ruhl (Head)  
Jacob Dunkin  
A. W. Mee  
C. J. Allison

## PRINT SHOP

George A. Willis (Head)  
W. H. Hawtin  
George C. Henriksen  
J. Hovde

## MACHINE SHOP

G. H. Williams (Head)  
Frank E. Battaglia  
G. A. Cross  
E. E. Goehler  
Claus Messing

## GAS ENGINE

H. S. Buckman (Head)  
C. V. Badley  
C. C. Henderson

## PLUMBING SHOP

Gilbert Drynan (Head)  
Edwin Widmer

## BLACKSMITH SHOP

Dwight E. Holden (Head)  
M. Nielsen

## FOUNDRY SHOP

W. D. Haskell (Head)  
Chas. Hadley

Clarence V. Bell (Physical Culture)

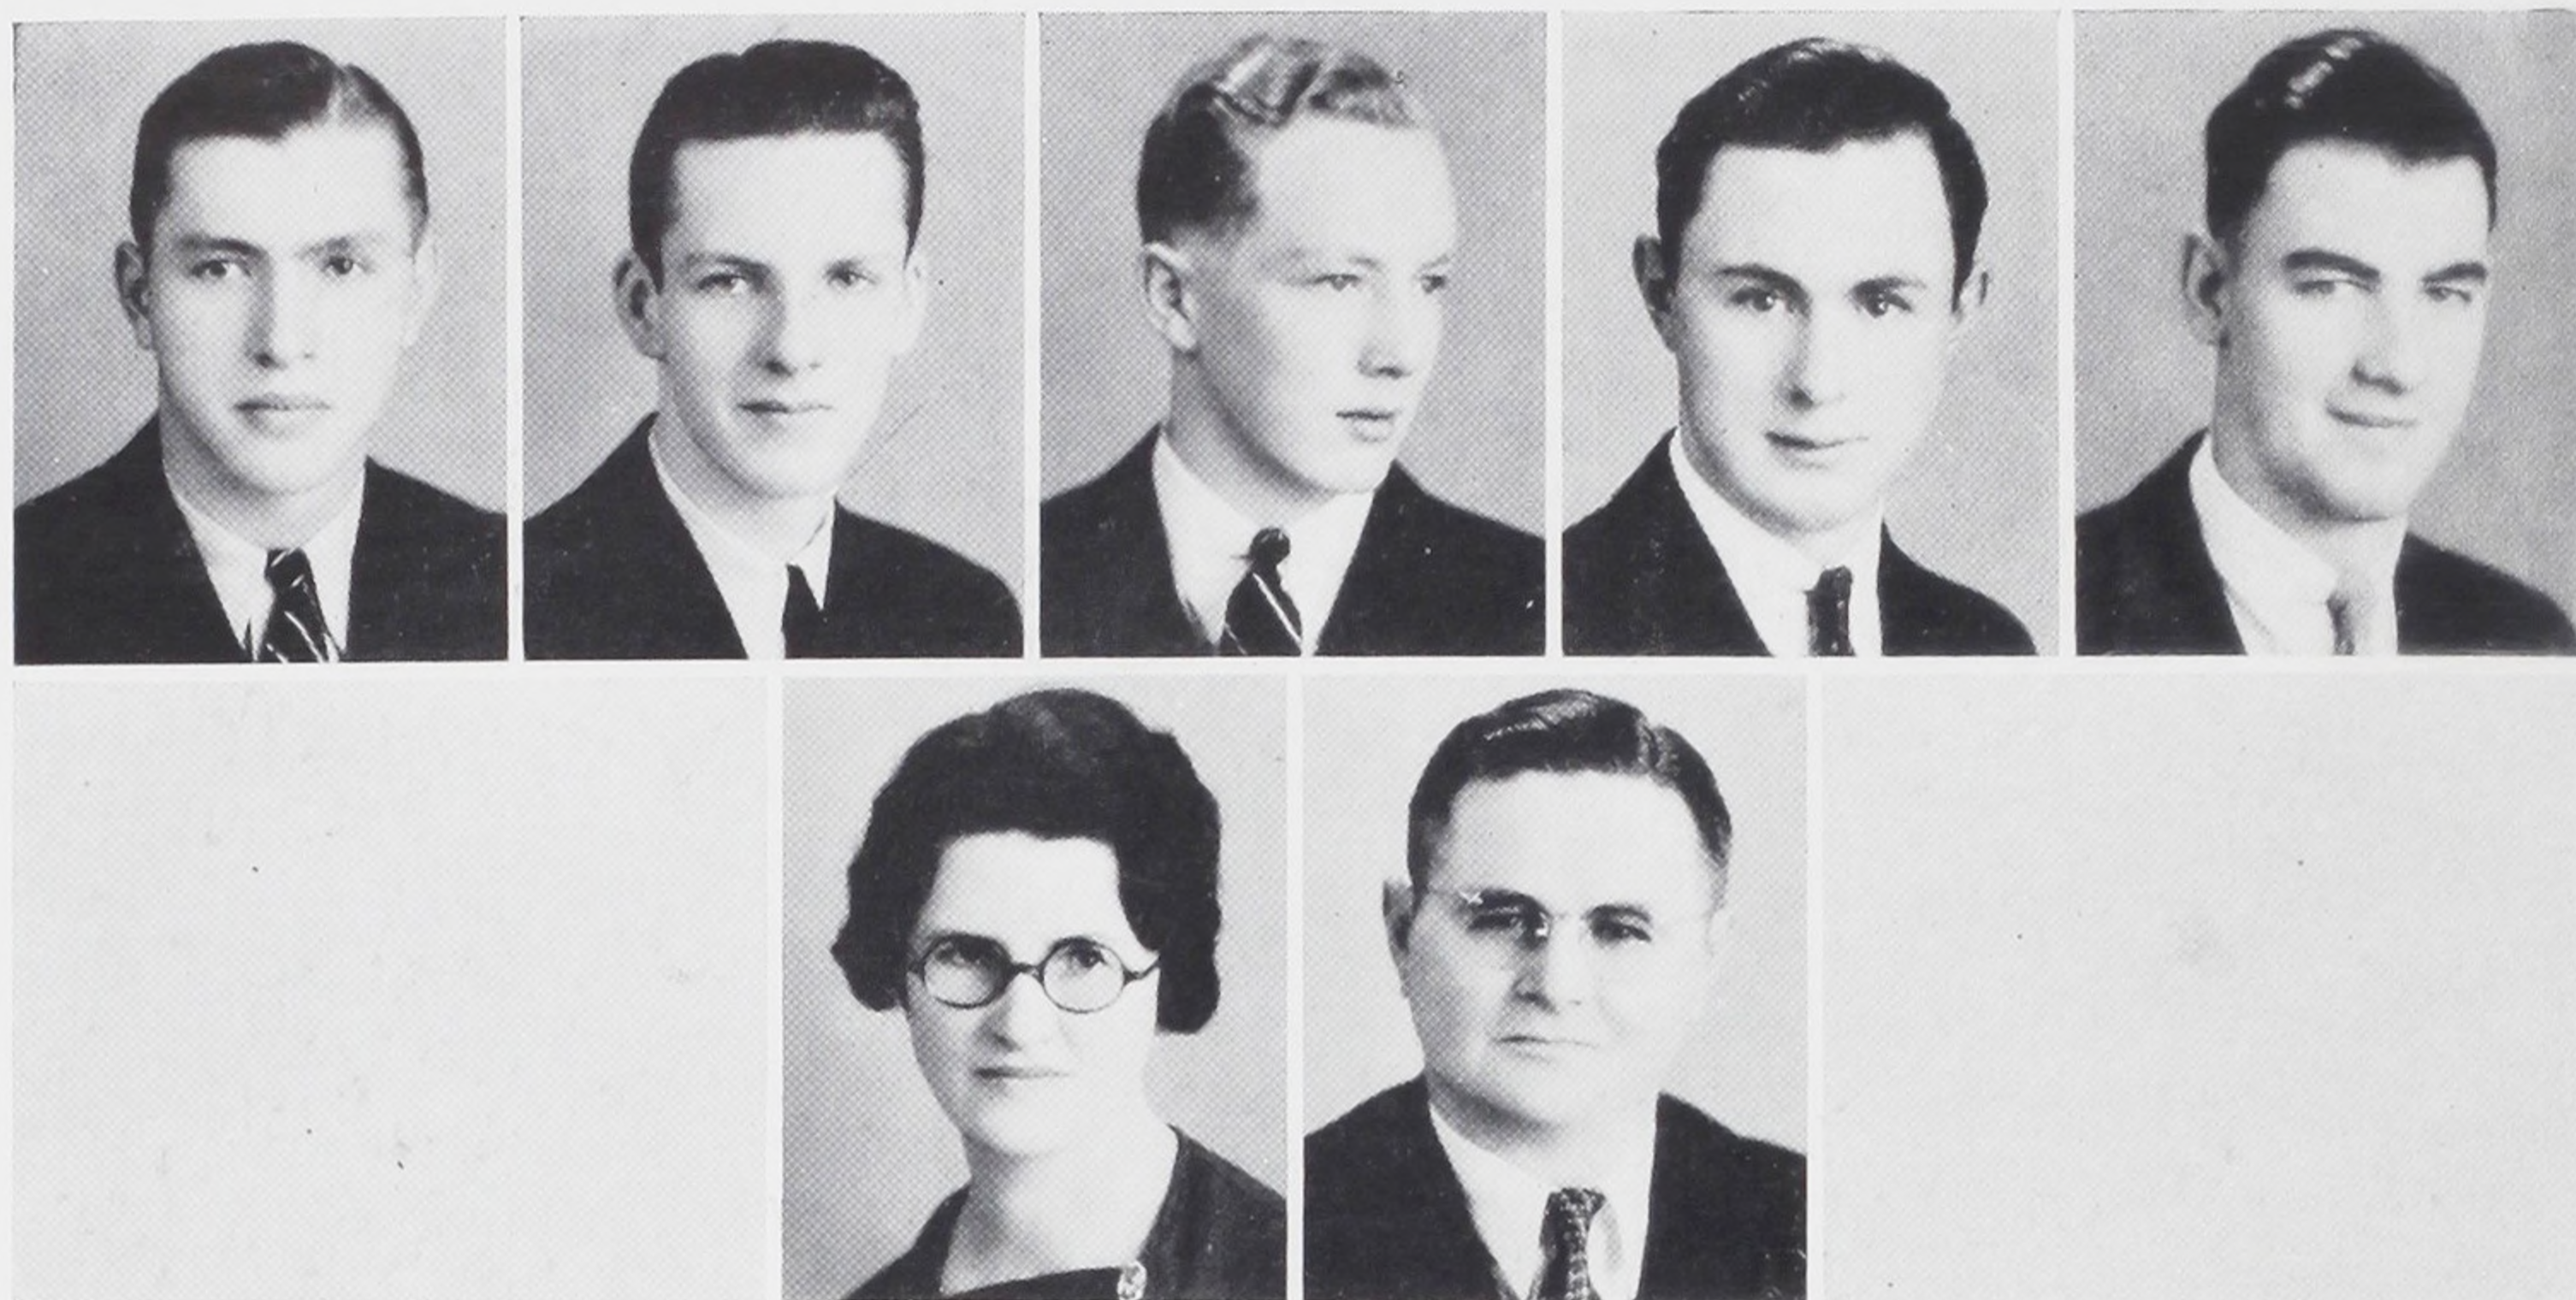

## ASSIGNED SUBSTITUTES

Glenn V. AnDyke (Elec. Shop)  
B. E. Badley (Gas Engine)  
W. B. Bidwell (Aviation Shop)  
Frank J. Breal (Science Department)  
Harry H. Ehlen (Drawing Department)  
David L. Foulkes (Drawing Department)  
R. A. Freitag (Radio Shop)  
Nancy G. Kalski (Math Department)  
Elmer Knight (Wood Shop)  
Harry R. Matheson (Machine Shop)  
T. J. Raisig (Gas Engine)  
Arno E. Ritter (Print Shop)  
Mildred Shields (English Department)  
J. Dell Sieforth (Machine Shop)  
A. H. Tanner (Aviation Shop)  
Fred B. Wade (Science Department)

*Dedicated to*  
ALL THOSE GOOD CITIZENS  
WHO ARE  
DOING THEIR VERY BEST  
TO HELP MAKE  
THE "QUIT KILLING" CAMPAIGN  
A SUCCESS

*Technical Printing*, Scholarship Pins (Bronze, Silver), First Aid.

## Last Will and Testament

*As we, the members of the June 1936 Class, are about to be graduated, we feel it fitting and proper that we should leave something in remembrance. Therefore, we bequeath the following to our friends and companions and anyone else mentioned*

### *Senior*

Richard Adams  
Einar Amundsen  
Ben Arai  
Russ Baker  
Walt Bartel  
Scott Bennett  
George Blew  
Neil Booth  
James Braddock  
Jim Brown  
Ed Burns  
Howard Carlson  
Loran Caspell  
Charles Chambers  
Dennis Donovan  
Norman Doving  
Karl Drlica  
Don Froude  
Dale Grapperhaus  
Boyd Hamilton  
Bob Hewitt  
Richard Ingram  
Harold Jacobsen  
Frank Kjldahl  
Ed Lohr  
Bob Lloyd  
Don Marcille  
Sumner Olsen  
Milton Philan  
Ward Rader  
Von Weiss  
Rolla Vollstedt

### *Leaves*

his wisecracks to Lou Parodi  
all his knowledge of electricity  
his wrestling ability  
his cute mustache  
for good  
his swimming ability  
his acting ability to future comedians  
his part in the class play  
his office as class president  
his ability at spit-wad throwing  
his position on the basketball team  
his technique in gum-chewing  
his knowledge of Chemistry (if any)  
his spectacles to anyone who can't read  
at last  
his Theory 4 book to some freshie  
his camera and snapshots  
his gum under the seat  
his initials carved in a desk  
all his funny (?) jokes  
nothing at all  
one dozen of his choicest wisecracks  
a vacancy in the Poly Tech Staff  
with no regrets  
his good looks  
his ability to play tennis  
his yell-leading ability (louder and funnier)  
his winning (?) ways  
his advertisements to the June '36 class  
parts of his old Overland scattered around  
a pain in the chemistry teacher's neck  
his managerial ability

Joe DiGregorio	his best wishes
Ronald Ford	his ability to flunk chemistry exams
Bernard Hines	with a grin on his face
Bob Jesser	his hard-boiled nature
Carl Johnson	110 volts of electricity to the theory class
George Lawrence	a good word for all
Wilbur McDaniel	after eight terms
Bob McKeown	his ability to make the boys yell at football games
Bob Mikkalo	his love for English to future professors
Leonard Patterson	plenty of hard effort
Lyle Ragan	two of his famous uppercuts to Swede Lundberg
George Smith	one lock of his pretty, curly hair
John Tracy	his empty locker
Fred Walker	his ability to rate E's in History 8
Sanford Wangsness	his ambition to be a bozer
Art Yeilding	the linotype machine intact
Salem Yagawa	all his snapshots for funny magazines
Irving Wells	a vacancy on the Executive Board
Jack Wallace	four stray bolts in the cylinder
John Searcie	his ability to throw the shotput
Kirman Storli	his younger brother in school
Les Tinker	his love letters from his many girl friends
Richard Waltie	his willingness (?) to study history
Harold Tratner	one dozen thumb tacks to the drawing class

Do you speed when the sign says "Beware"?  
 You bet your life!  
 Do you take chances when you should take care?  
 You bet your life!  
 Do you make blunders you never should make?  
 Do you take dares that you oughtn't to take?  
 What are you betting, man?  
**YOU BET YOUR LIFE!**

You gain a second—or maybe a minute—  
 You bet your life!  
 Sometimes there may not be anything in it—  
 You bet your life!  
 If you would bet you should figure the cost;  
 Too late to argue with Fate when you're lost!  
 Too late to claim that you've been double crossed!  
**YOU BET YOUR LIFE!—Argosy.**

## History of the June '36 Class

In the month of September, 1932, the members of the June '36 graduating class entered Benson for the first time. They were an inspired group, determined to gain every possible knowledge from the respective courses they were about to take up.

During the following years, members of this class became active in every school organization. Some excelled in the different sports, while others found enjoyment in the various clubs and other activities in the school. Many seniors were scholarship winners at one time or another.

In January, 1936, the senior class held its first group meeting, at which time the class was organized. Other important meetings followed, and necessary business was transacted.

The class officers elected were: James Braddock, president; Robert McKeown, vice-president; Rolla Vollstedt, secretary; Samuel Tullus, treasurer, Howard Carlson, sergeant-at-arms; Harold Jacobsen, Poly-Tech editor, and Milton Philan, business manager of the Poly Tech.

The motto chosen for the class was "As we ascend, the horizon widens".

For a class flower, the souvenir rose was chosen, and the colors selected were green and silver.

The Davies Studio was chosen to do the class photographs. Niklas and Son were the florists for the class, and the Master Engravers supplied the announcements to the class.

Under the able direction of Mrs. Doris Smith, the senior class play, "The Wrong Mr. Wright", was presented very successfully the evening of April 24 in the Benson auditorium.

As a final gathering before graduation, a senior party was given, which all graduating members attended. The party was a huge success.

Now, on the threshold of their graduation, the senior class is ready to go out into the world, hoping to realize the ambitions they developed while they attended Benson.

## Seen Around the Campus

Ben Arai eating his lunch in study hall.  
James Braddock trying to keep order at class meeting.  
Scott Bennett giving an alibi for being late.  
Virgil Cavagnaro looking for his wrestling tights.  
Norman Doving trying to get rid of a cold.  
Wallace Ford wondering why he flunked a chemistry test.  
Dale Grapperhaus selling candy bars.  
Howard Carlson warming up for the track season.  
James Hochtritt "studying" a Western magazine.  
Richard Ingram acting tough.  
Bob Jesser looking for his chemistry book.  
Harold Jacobsen reviewing this column.  
Darrell Jones pounding on his typewriter.  
Goerge Litchford looking for his eyeglasses.  
Don Marcille attempting to write an editorial.  
Art Mendenhall delivering a speech.  
Milton Philan tossing erasers in study hall.  
Lester Roys being "dogged".  
Louis Stangel wasting time.  
Lester Tinker gyping the boys in the cafe.  
Rolla Volstedt sweeping the wrestling mats.  
Hans Von Weiss making a pest of himself.  
Salem Yagawa copying someone's chemistry.  
Einar Amundsen rewinding an armature.  
Neil Booth rehearsing his class play script.  
Loran Caspell talking about his girl.  
Karl Drlica taking snapshots.  
Dennis Donovan sleeping in class.  
Don Froude doing nothing.  
Boyd Hamilton making a commotion in assembly.  
Jerry Grimm talking about "Jean".  
Carl Johnson congratulating himself for something.  
Frank Kildahl passing out coughdrops.  
Bob Lloyd swinging a tennis racket.  
Bob Mikkalo wondering if he's going to graduate.  
Robert Marsden studying hard at nothing.  
Sumner Olsen showing off.  
Lou Parodi bragging about himself.  
Ward Rader trying to crank his flivver.  
George Smith sweeping the gym floor.  
Frank Turner admiring his class pin.  
Vern Trimble trying to collect class pledges.  
San Wangsness attempting to raise a soup-strainer.  
Jack Wallace buying four hamburgers.

## Class Prophecy

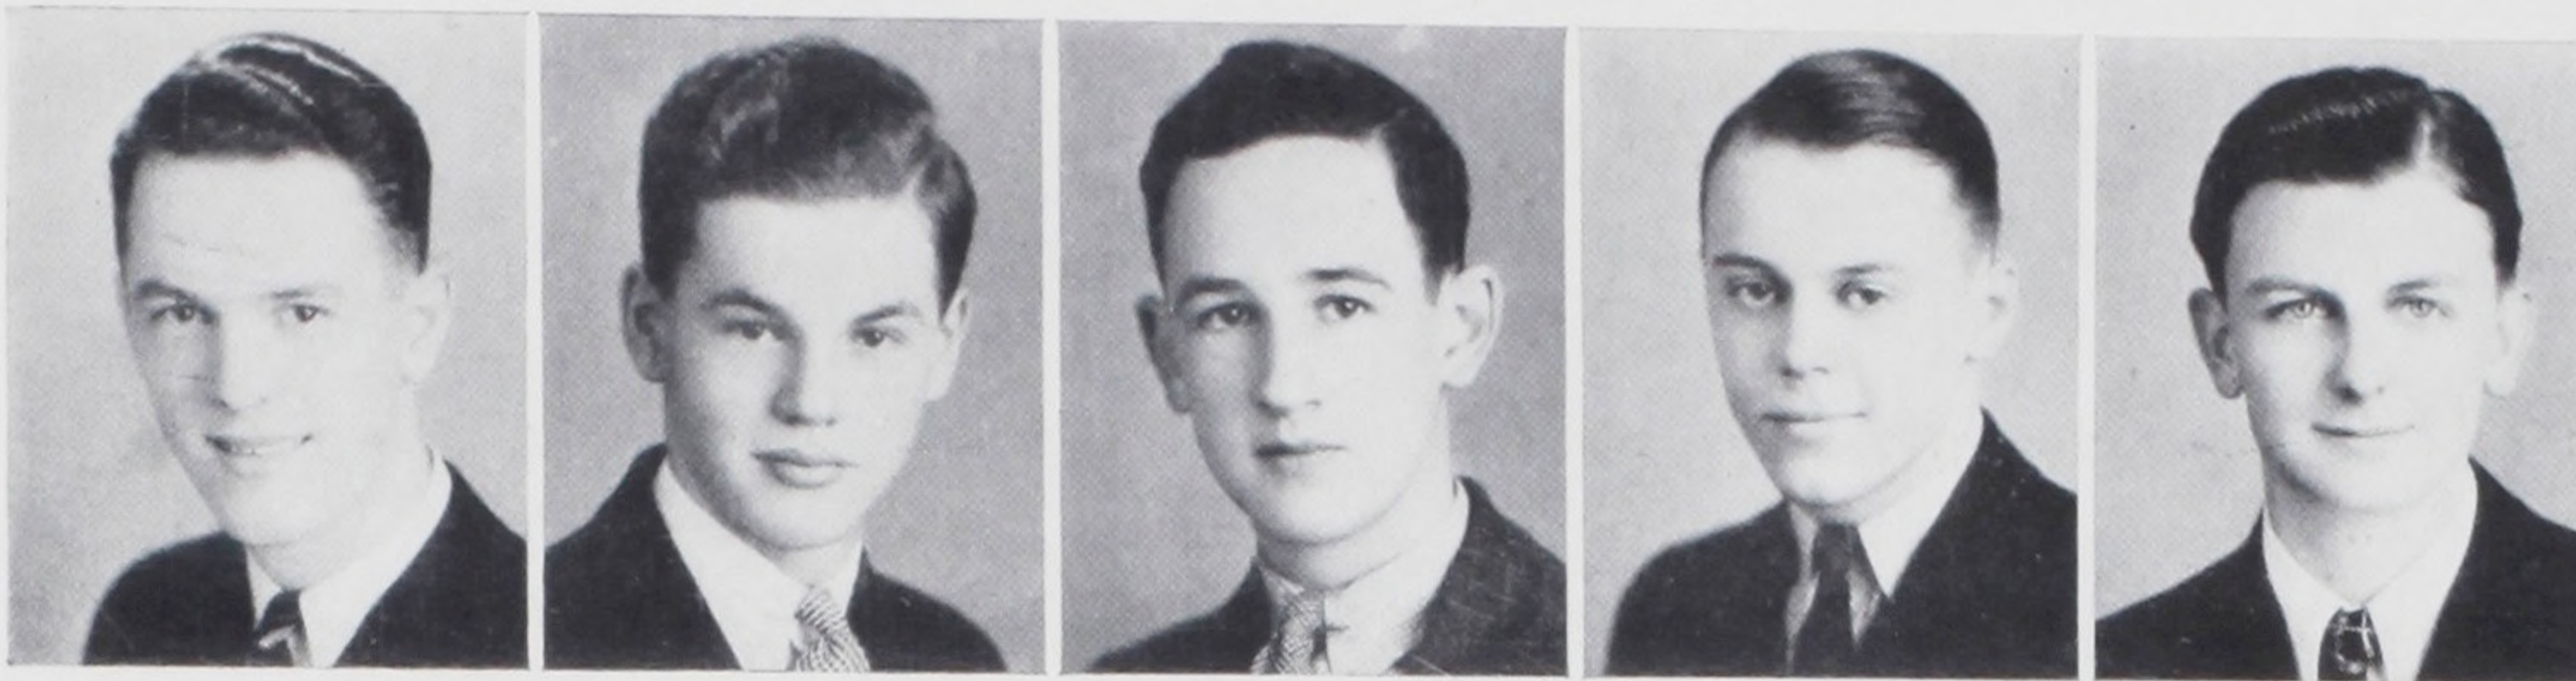

As I gaze into my crystal, I see the members of the June '36 class as they are engaged in various forms of work in the year 1955.

### *Senior*

### *Occupation*

Orvin Ahern	janitor in an apartment house
James Anderson	president of a bank
George Belcher	selling Fuller paint brushes
Mac Brooke	engineer in the War Department
Homer Dewalt	clerk in a cigar store
Yoshimi Fujii	Ambassador of Japan
Philip Haddan	seller of toothpaste
Herb Hallock	professional soccer player
Willard Helm	selling razor blades
Bob Hewitt	running a service station
Jim Hochtritt	president of Oregon street cleaners association
Henry Jacobsen	a successful electrical engineer
Harold King	selling newspapers on a street corner
George Litchford	a successful business man
Sam Tullus	member of Congress
Frank Turner	teacher of mathematics
Fred Waker	an actor in Hollywood
Irving Wells	superintendent of schools in Portland
Robert Woldt	player on an independent basketball team
Joe Re	playing a piccolo in an orchestra
Anthony Flabetich	serving on a petty jury
Robert Stier	inventor of a gasless engine
Henry Kraley	still taking a P. G. course at Benson
Bob Schlitt	successor to Jack Medica
Charles Lindberg	ace sports commentator
Leo Freeman	owner of a foundry shop
Henry Wiche	announcer for a radio program
Paul McKenna	demonstrating vacuum cleaners from house to house
Sterling Maus	just getting married
John Williamson	a department store Santa Claus
Orville Lamvik	world's heavyweight wrestling champ
Bob McLearn	driving a milk truck
Jack Marsden	looking for a job
Adolphe Mathes	running a grocery store
Art Meger	employed as a window cleaner
Vic Peterson	a successful lawyer
Carl Sandberg	loafing around
Joe Scorcio	running a shoe shine parlor
Bob Sinner	running in the Olympic games
Douglas Sprinkling	also running in the Olympic games
Lou Stangel	captain of an ocean liner
Walt Taylor	real estate agent
Tom Toyota	working for a shipping company
Les Tinker	crooner on the radio
Harry Giselman	singing cowboy songs
Art Yeilding	singing with Giselman

I. Wells

E. Grassley

G. Goldsmith

B. Nielsen

D. Marcille

## EXECUTIVE BOARD

The Executive Board this term has instituted a major reform in the Benson student body set-up. At the instigation of President Irving Wells, the Board put over an amendment to the student body constitution limiting the size of the board to twenty representatives with no distinction as to whether they are technical or vocational. His new amendment is calculated to increase the prestige of the board; the efficiency of the board should also be increased due to its smaller size.

The amendment was drawn up by a committee of student body officers. At the request of the board, the amendment was put before the students at a special election and was passed by an overwhelming majority.

In addition to this work, the Executive

Board, besides its routine work of awarding letters, monograms, electing managers, passing on club constitutions, etc., put on a tag sale which netted between sixty and seventy dollars. The Board is also planning a spring victory dance to be held in the Benson gym May 15.

The Executive Board besides its regular committees has had a sign committee and a clean-up committee working this term. The clean-up committee, headed by Stan Sohler, has done a great deal towards cleaning up the Benson halls and cafeteria by posting signs asking the students to dispose properly of their waste paper, sacks, etc.

On the whole, the board has had a successful term; the turnouts at meetings have been gratifying, and a great amount of business has been transacted.

## TECH PEP STAFF

The Tech Pep, Benson's school publication, came through with flying colors this term. Although the awards were not for papers of this term, but those of last under Rufus Coates, The Tech Pep won Medalist honors in the Columbia Scholastic Press Association contest and All-American Superior Honor Rating in the National Scholastic Press Association contest. Both contests are nationwide and the honors The Tech Pep won were the highest awards in the respective contests.

The award of All-American in the National Press contest was given The Tech Pep for the third consecutive year. Previously papers edited by Robert Lee and Clarence S. Augur had won the award.

Medalist honors given in the Columbia contest were won by the Benson paper for the second consecutive year. Last year Clarence S. Augur's paper won the honors.

Papers this term under Don Marcille as

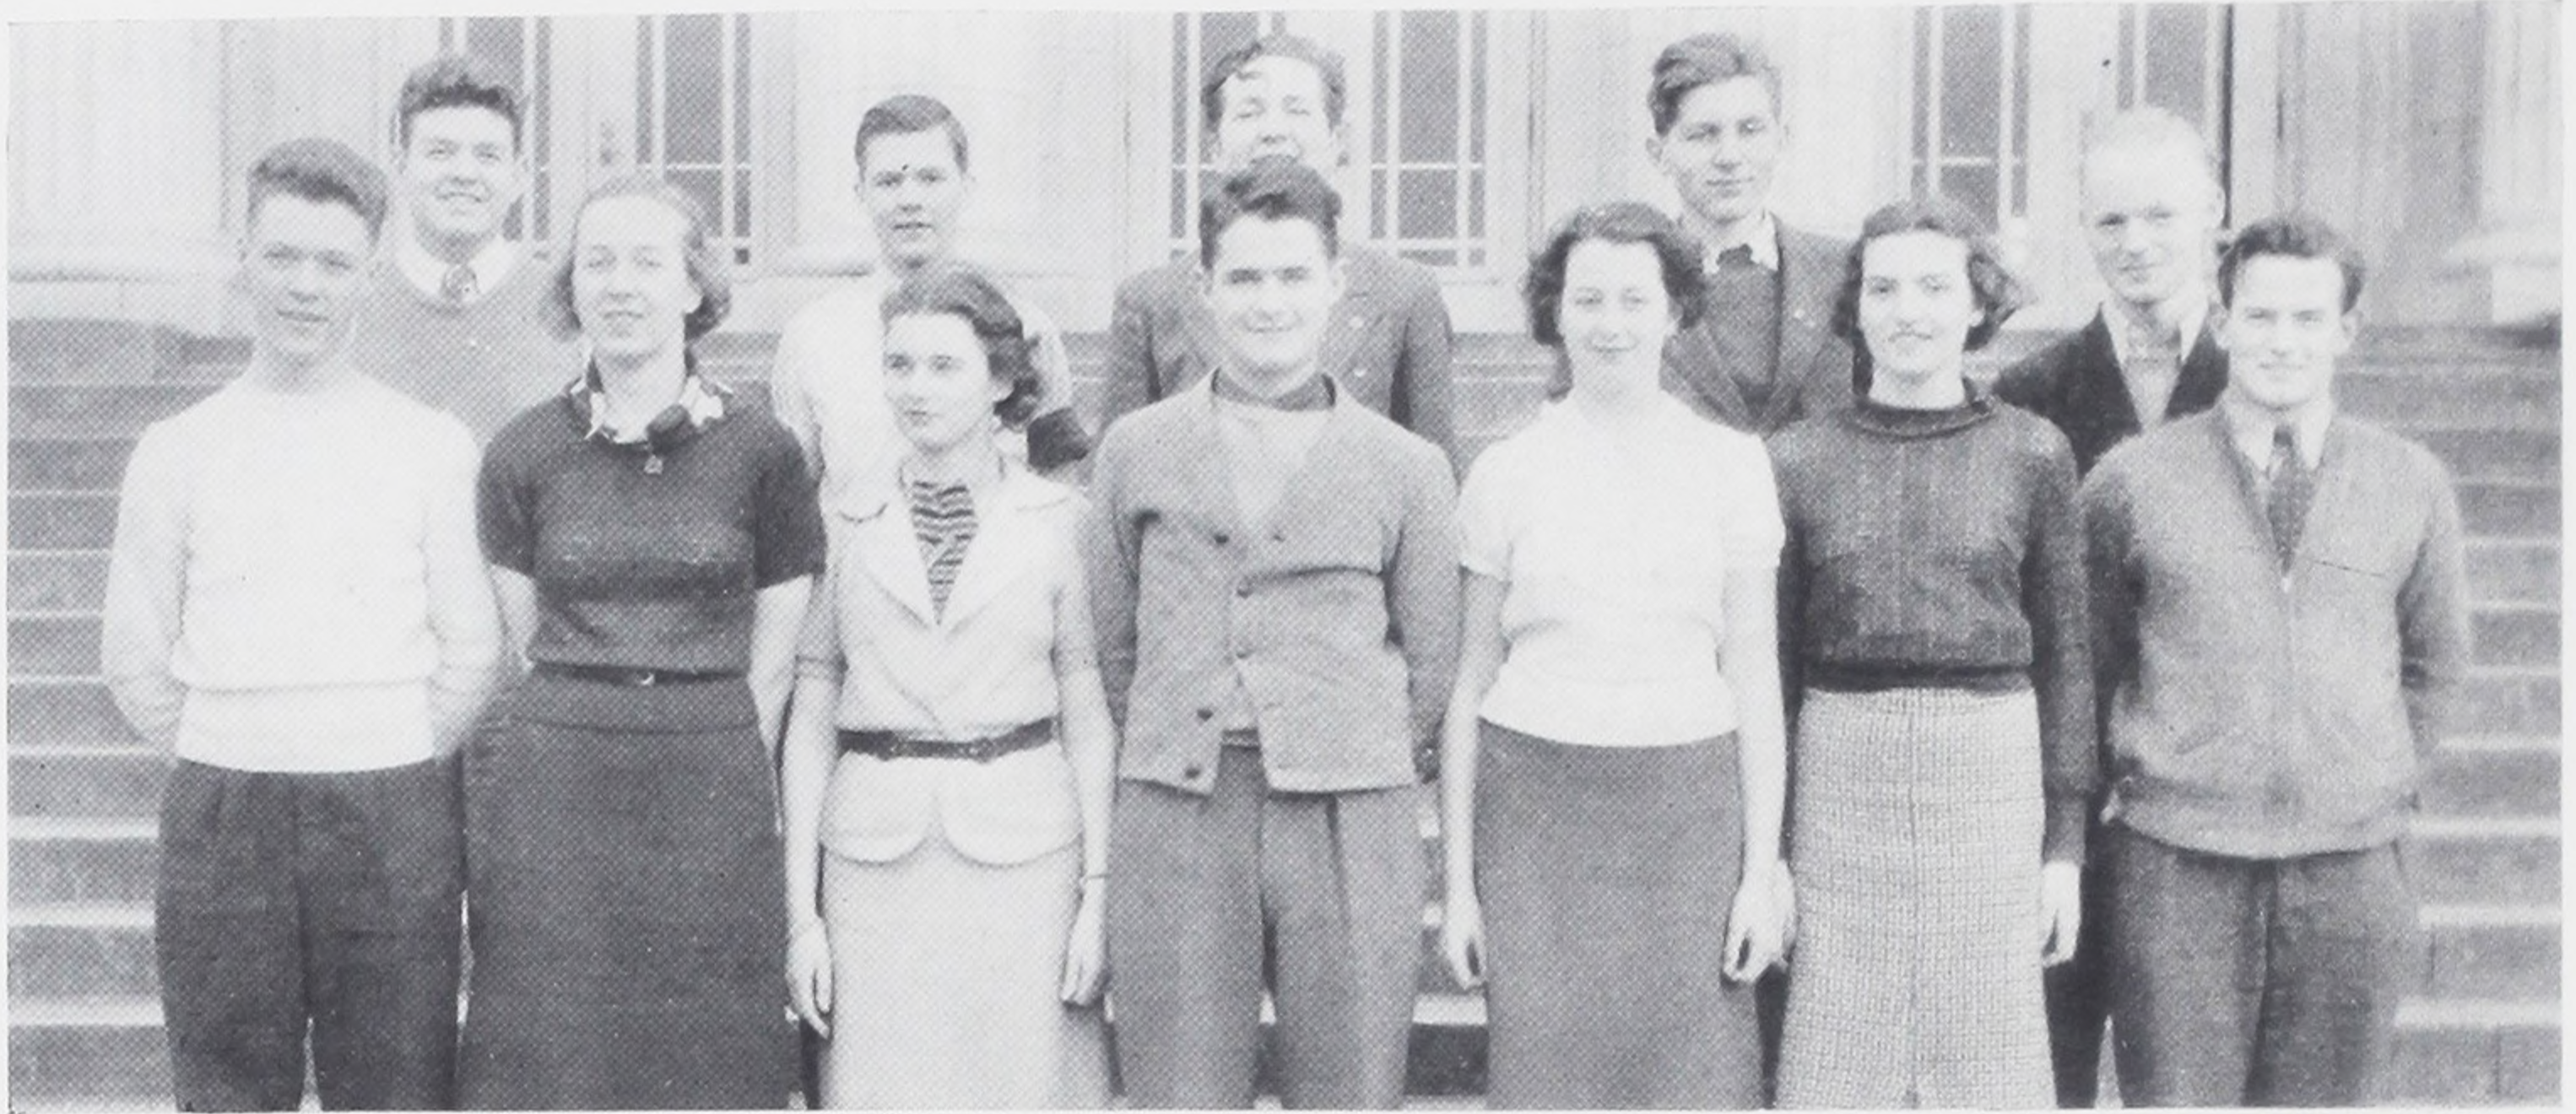

editor, were entered in the Whitman College Press Club contest with Northwest competition, but at the time of this writing, the awards were not given out.

The staff consisting of about thirty students, is divided into four groups, namely: editorial, departmental, sports, and reporting which include students who report for the shops.

Those holding the executive positions in the editorial staff are: Don Marcille, editor; George Schreiber, associate-editor; and Clifford Bryan and Jay McCann, news editors. The sports staff is headed by Darrell Jones.

Although this term's paper has received no awards as yet, it has been entered in the Whitman contest—as mentioned before—and will be entered in the Oregon High School Press Association contest. Awards in these contests will not be made known for some time yet.

Front Row: Murdoch, Boucher, Duggan, Booth, Ryan, Cleveland, Anderson  
Back Row: Waker, Jacobson, Pierce, vHungen-Sheelkman, Olsen

## CLASS PLAY

The June '36 graduates presented "The Wrong Mr. Wright" on the evening of April 24 in the Benson auditorium. The play, a three-act comedy by George H. Broadhurst, was heartily enjoyed by the large crowd attending.

The plot of the play is mistaken identity. Seymour Sites, a wealthy business man, masquerades under an assumed name, "Mr. Wright," in order to trace down a clerk named Bailey who has stolen \$50,000 from him. Bailey, however, also assumes the name "Mr. Wright", in order to escape capture. While tracing the thief, Sites arrives at a hotel where he finds his niece and nephew, Julia and Fred Bond. Not long after, a woman detective named Henrietta Oliver arrives. She suspects Sites to be Bailey, the thief, because of his assumed name. Seymour Sites then meets Miss Oliver, and falls in love with her, not knowing her purpose in being there. Thereafter, he constantly instructs the bellhop, Front, to take flowers to her room.

Meanwhile, Site's niece, Julia Bond, masquerades as her maid, Tillie Bird, and instructs her maid to assume the name of Julia Bond, in order that William Clingstone, an old chum of Sites, and his sister, Arabella Clingstone, will not know her true identity.

Miss Bond, posing as her maid, meets Clingstone's nephew, Captain Crosby, and they fall in love with each other.

Soon after, an English nobleman, Lord Brazenface, falls in love with the maid, who is still posing as Julia Bond.

Not long after, Miss Oliver, assisted by David Clews, a fellow detective, decides to arrest Sites as the thief, Bailey, and instructs two policemen to arrest him. However, Sites is at last truly identified and set free, whereupon he marries the woman detective. Captain Crosby also obtains the hand of the true Julia Bond, and Lord Brazenface acquires the maid's consent.

John Murdoch was cast in the role of Seymour Sites. The part of the woman detective was played by Betty Boucher, and Dorothy Cleveland took the part of Arabella Clingstone. The part of Julia Bond was played by Pat Duggan, and Bernice Ryan was cast as Tillie Bird, the maid. The parts of Lord Brazenface and William Clingstone were carried by Heinz von Weiss and Fred Waker, respectively. The male romantic lead, Captain Crosby, was played by Neil Booth. James Anderson took the part of Fred Bond, and Sumner Olsen the role of the fearless detective. Henry Jacobsen as Front, the bellhop, and Willard Pierce and Carl Johnson as the policemen completed the cast.

Much credit is due Miss Doris Smith, whose splendid coaching insured the success of the play.

## ACTIVITIES

A dull thing, indeed would school be if it were not for some sort of diversion. In Benson, as most schools, the diversion takes the form of activities and organizations, the latter of which are discussed in another portion of this book. The following activities are beneficial not only to the school but the students who participate in them.

lost or stolen. The council consists of the student body president, The Tech Pep editor, the secretary and vice-president of the student body, the Poly Tech editor, the president of the Orange B, and the president of the graduating class, as well as three students chosen at large. Miss Morrison has charge of the council.

### AUDITORIUM STAFF

This group is composed of the ushers, who keep order during assemblies, and see that all students are seated; the stage crew is made up of electricians and property men. The motion picture machine operators run the projections in a professional style by always starting the pictures on time.

### FIRST AID

The students of the first aid classes in Benson consist of about twenty-five chosen from their respective shops by their instructors. The American Red Cross First Aid Text Book is used, and the standard senior course taught. The course, requiring fifteen hours of work, consists of five parts namely: class work, bandaging, oral work tests, and artificial respiration. The boys taking first aid use shop time and receive shop credit as well as a senior first aid certificate upon completion of the course. Mrs. Ethel Smith is the school nurse who has charge of the classes.

### CAFETERIA BOARD

The cafeteria board consists of five boys chosen by the Executive board and the faculty members. The duty of the board is to conduct the affairs of the cafeteria to benefit all the students. At the monthly meetings the report of profits and losses is read and means to help the cafeteria are discussed.

### CANDY STAND

In 1920 the candy stand was started to raise money for athletic equipment and uniforms for the band. The candy stand has continued and contributed much to the treasury, especially helping to finance the noon pictures. The stand is open during both lunch periods and is handled by three students under the advisership of Mr. Holden.

### BAND

The band plays at all school assemblies, home basketball games, and many special programs under the supervision and direction of Mr. Ferris. Usually the forty members practice daily in the music room during the eighth period, and play many times over our own station KBPS.

### LIBRARY COUNCIL

It is the duty of the council to have regular meetings to discuss and plan improvements of the library. This is definitely a beneficial service, as it has reduced considerably the number of books

## FIRE SQUAD

It is the duty of the squad to conduct the weekly fire drills. Due to the able work of this organization the drills have been made as efficient as possible. It is headed by a chief, assistant chief, marshall, and five battalion chiefs. Under the direction of the chiefs are the captains and hosemen. Mr. Benson is the faculty adviser.

## MINUTEMEN

There are always tickets to be sold to those who are interested in school activities, games, class plays, student body. This task falls upon the shoulders of the busiest organization in Benson, the minutemen. Through diligent salesmanship of this group the fund necessary for ordinary needs and athletic equipment is met. The group is made up of students chosen from each first period class. The boys work under the supervision of Miss Craig.

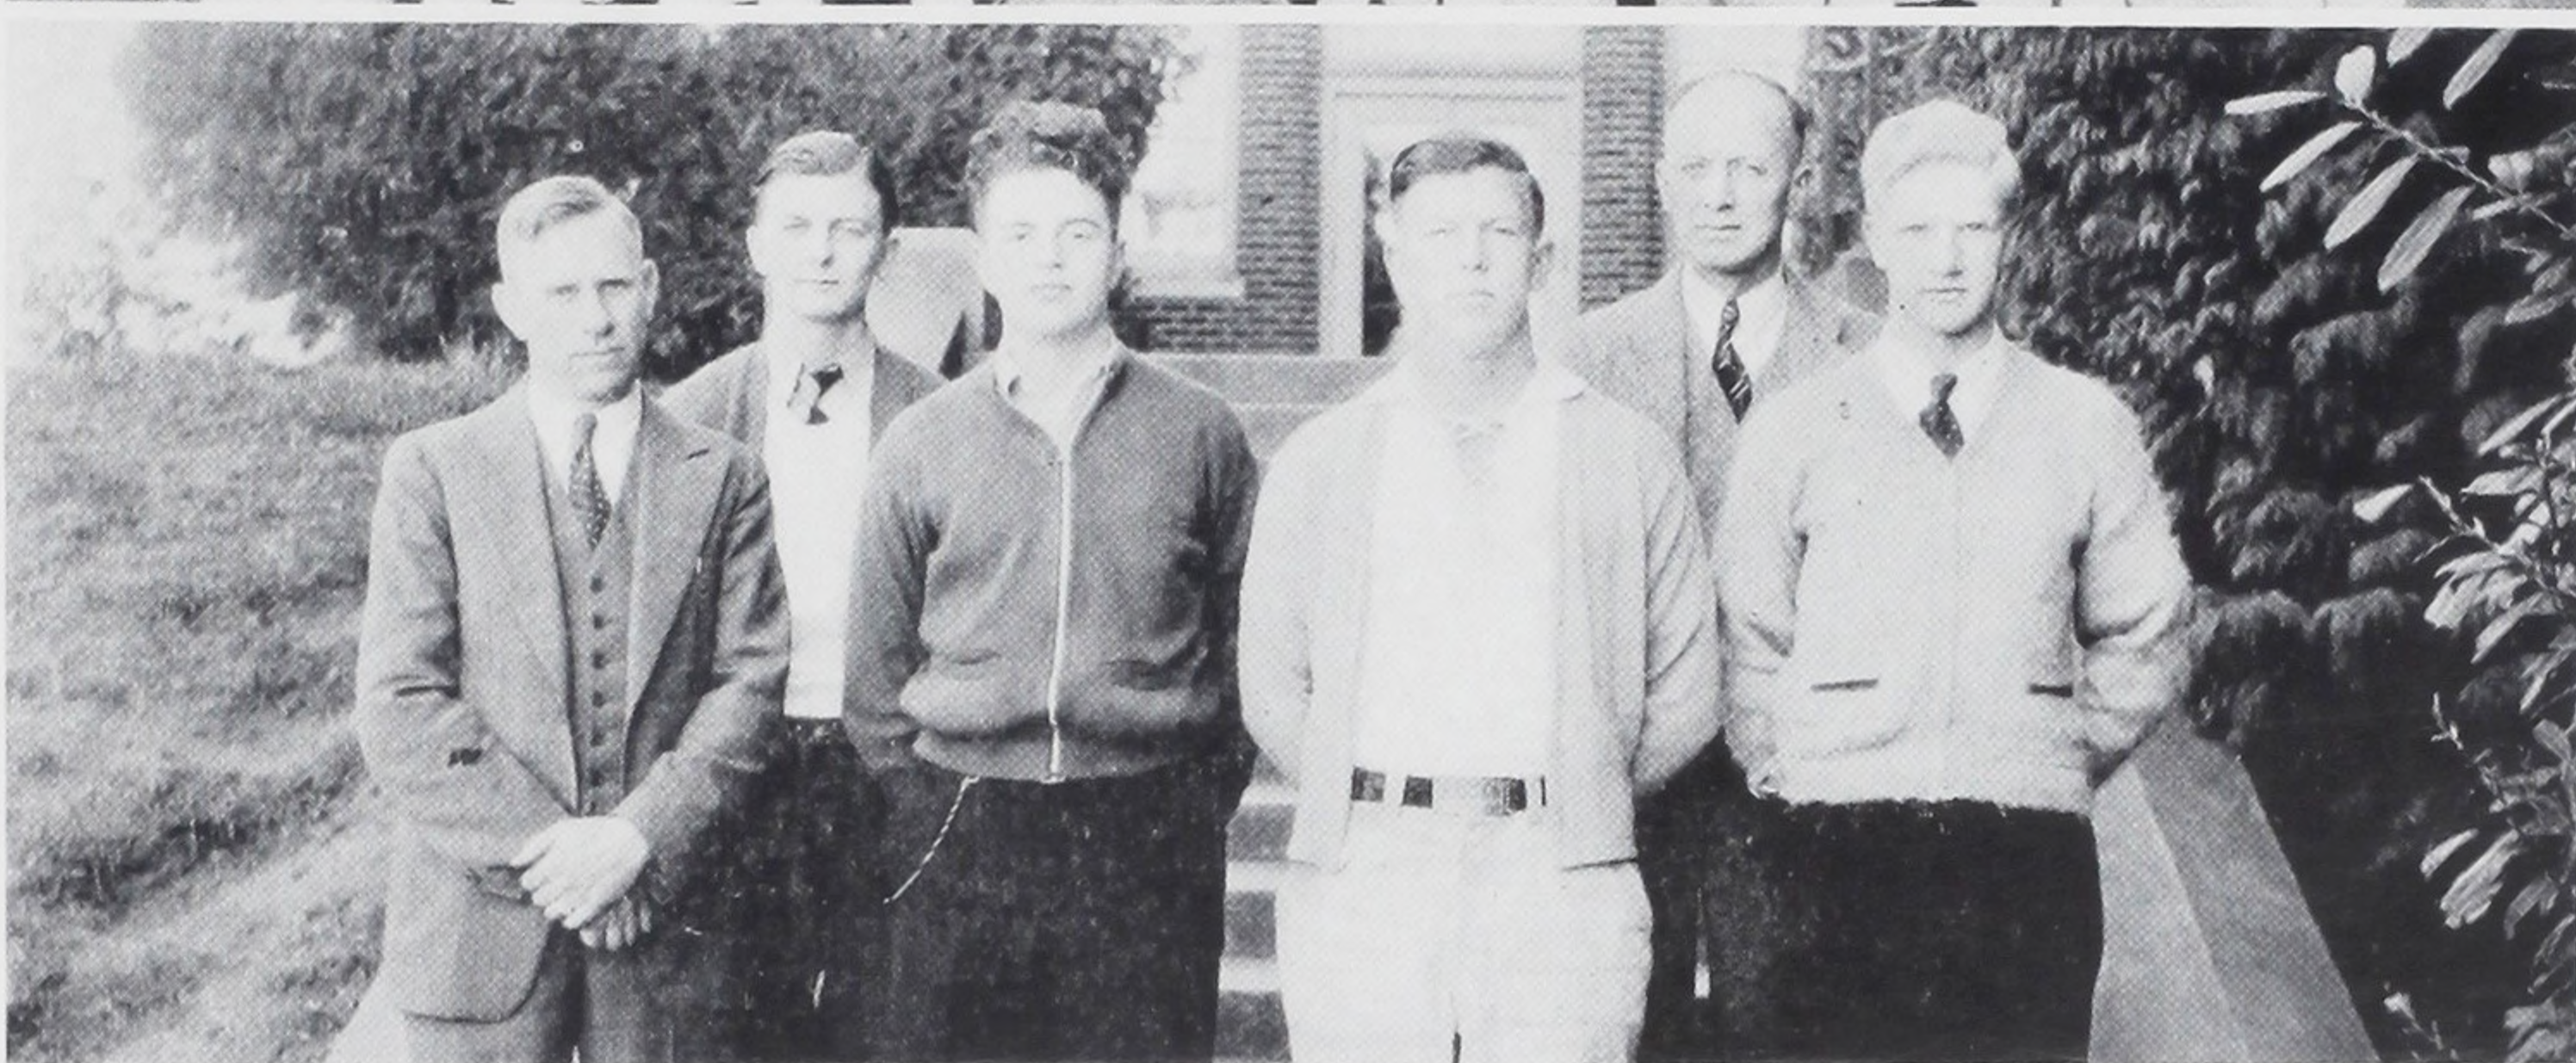

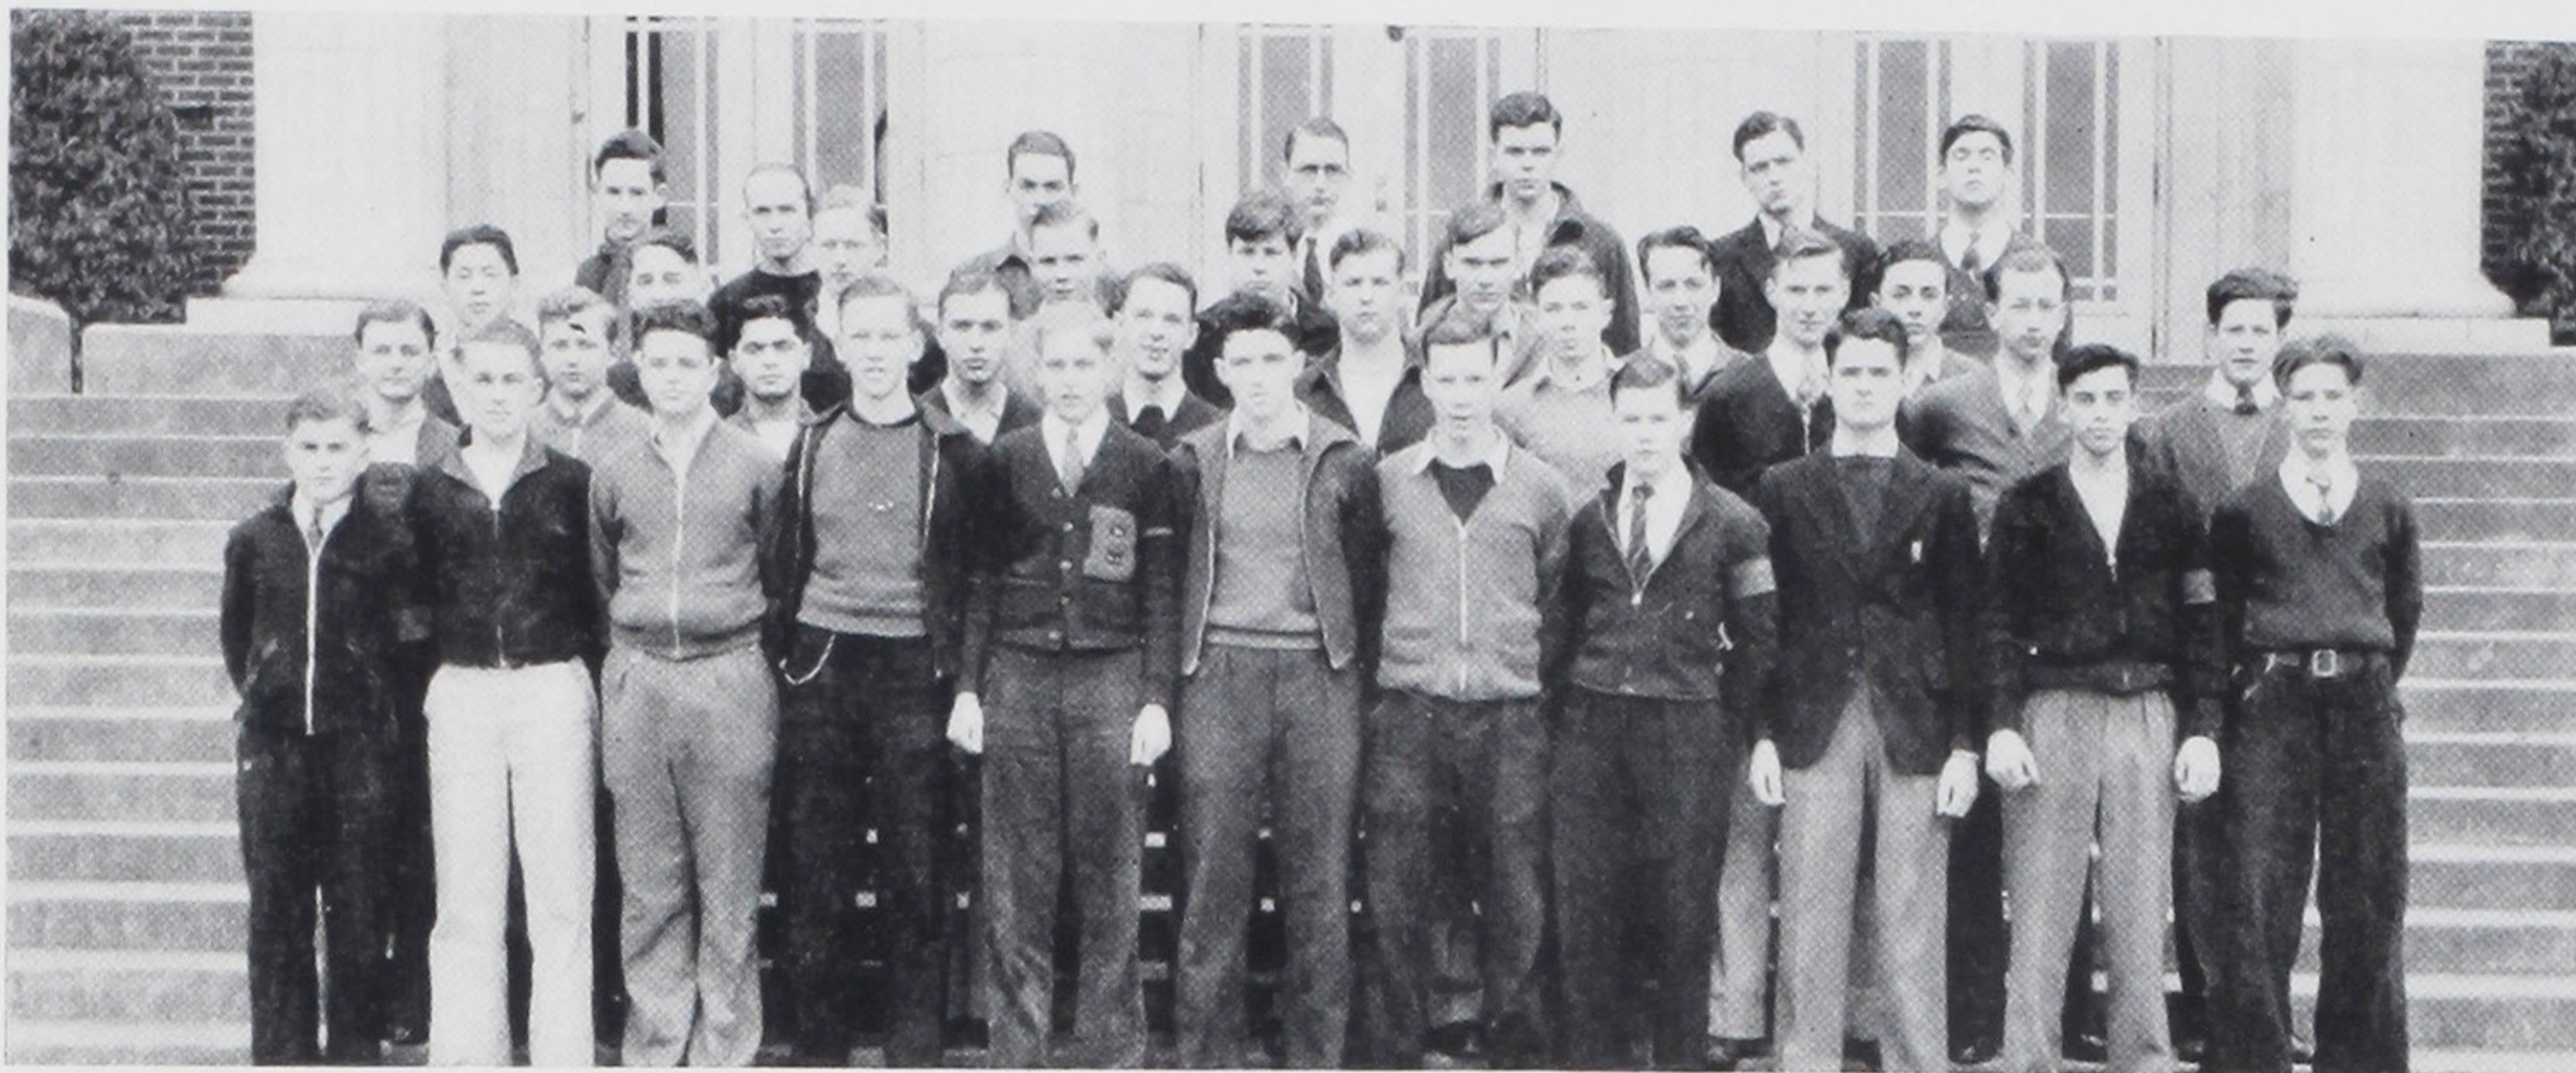

## ORCHESTRA

The music for the class plays, commencement exercises, Tech Shows, as well as other occasions is supplied by the orchestra. They practice daily in the music room the first period under the direction of Mr. Ferris. Many different styles of music such as waltzes, fox-trots, marches, overtures and light symphonies are studied. About twenty-five instruments compose the orchestra.

## TROUBADOURS

This organization has enjoyed a sudden rise in popularity and membership the past two terms. This is due largely to the able direction of Mr. William Robinson Boone. The Troubadours practise each morning during the third period, blending voices in songs new and old. Their activities consist of musical parts of the assemblies, entertaining during the Tech Show, and recitals over station KBPS.

#### AUDITORIUM

Front Row: Bowder, Drynan, Gensman, Turner, Christiansen, Jones, Scott, Jacobson, Booth, Angelus, Serrols

 Last Row: Burch, Fox, Gillispie, Shipp, Schreiber, Cromwell.

## ORGANIZATIONS

A wide range of clubs is offered the student in search of an organization that will suit his fancy. There are clubs that were formed to aid and further educate the student in his particular course, such as the Electric club, Automotive Engineers, Machinists, Type Hi club and others. Then there are clubs that were organized to attract students who have hobbies, such as the Sailing club, Camera, Radio and others of that nature.

For those interested in a club with more academic activity, there are the Order of Pathagoras and Public Speaking clubs. The shop athletics and similar events are sponsored by the Orange B. The Hi-Y organization endeavors to cultivate gentlemanly traits in its members and to help the school in general

### ARCHITECTURAL CLUB

This club, organized by students majoring in architectural drawing, was created to promote interest in this course. To carry out this platform, specifications of a building are submitted to the members each term, and they draw their conception of the building. Prizes are awarded for the best drawings, which are put on display during the Tech Show. The club adviser is Mr. Foulkes.

### AVIATION CLUB

The Aviation club welcomes membership of any students in Benson interested in aeronautics or model building. The models built are exhibited in the Tech Show, and the builders of the best ones are awarded prizes. The club keeps up with the developments of engines, planes, and inventions. Talks assigned to certain members are given at each meeting in an explanatory and educational manner. The faculty adviser, Mr. Bidwell, instructs the club in the study of aerodynamics and construction.

### AUTOMOTIVE ENGINEERS

The Gas Engine shop, is of course, the shop represented and attended by the members of this club. It was organized to present more opportunities and to

further the education of the Gas Engine students. During the Tech Show this club organizes an interesting exhibit of some of the latest models of automobiles. The club is assisted in this exhibit by many of the automobile companies of the city. Mr. Badley is the faculty adviser.

### THE CAMERA CLUB

A very popular club is this, having its full quota of members and usually with some students waiting to get in. In return for their enthusiasm and activity, the members are offered instruction in the taking and development of films. The members are also invited to make use of the excellent club equipment: a dark room, a printing room, and an enlargement room. The meetings are given over to discussion of different causes of faults in developing and picture taking. The club adviser is Mr. Laney.

### ELECTRIC CLUB

The Electric club, composed of boys majoring in the Electric course, gives the student a further knowledge of the principles of electricity than are received in class or in the shop. Their activities consist of the study of X-ray machines, experiments with high voltage and high frequency apparatus, and other things which prove to be a major attraction during the Tech Show. This club, under

the advisorship of Mr. Brereton, has lived to be one of the oldest, most active, and most respected clubs in the school.

### GYM LEADERS

A comparative new club is this, having been organized about a year and a half ago. It has increased in size very rapidly. The purpose of this club is to bring together the boys interested in physical, mental, and moral development. The members participate in an attempt to organize a tumbling and bar-work team under the able instruction of Mr. Bell.

### WE DRIVERS

In spite of being the youngest club in school, this one is probably the largest. This fact is due largely to the manner in which the formation of the club was announced, and to the wide interest felt. The purpose of the club is, of course, to promote safe driving and safety to all. The members are aided in their activities by automobile association officials and state police. Their very able adviser is the popular "Skipper" Badley.

### PUBLIC SPEAKING CLUB

This club serves as a very good substitute for a public speaking course, which Benson does not have. The purpose of this club is to develop the students' abilities in public speaking. Though the club is an activity outside of school time, many of the members have given talks and speeches during the assemblies. During the Tech Show they have given programs which have been not only enjoyable but educational and helpful to the members. Mr. Karnopp is their faculty adviser.

### THE TYPE-HI CLUB

Students of the printing course comprise the membership of this club. Its purpose is to develop a knowledge of advertising among its members. This is the club that

furnishes the advertising for school activities. During the football season they furnish reminders of coming games, and schedules of these games. They also print the "Hello Day" tags each term. The faculty adviser is Mr. Willis.

### THE HI-Y CLUB

Though not a school organization, the Hi-Y is one of the most active clubs in school. Its membership is composed of the more active and prominent students about the school. The club tries to build and maintain a high standard of Christian character throughout the school and community. All school activities and improvements are strongly backed by this organization. They have an outside meeting place, the Central Y. M. C. A. building. The adviser is not a member of the Benson faculty.

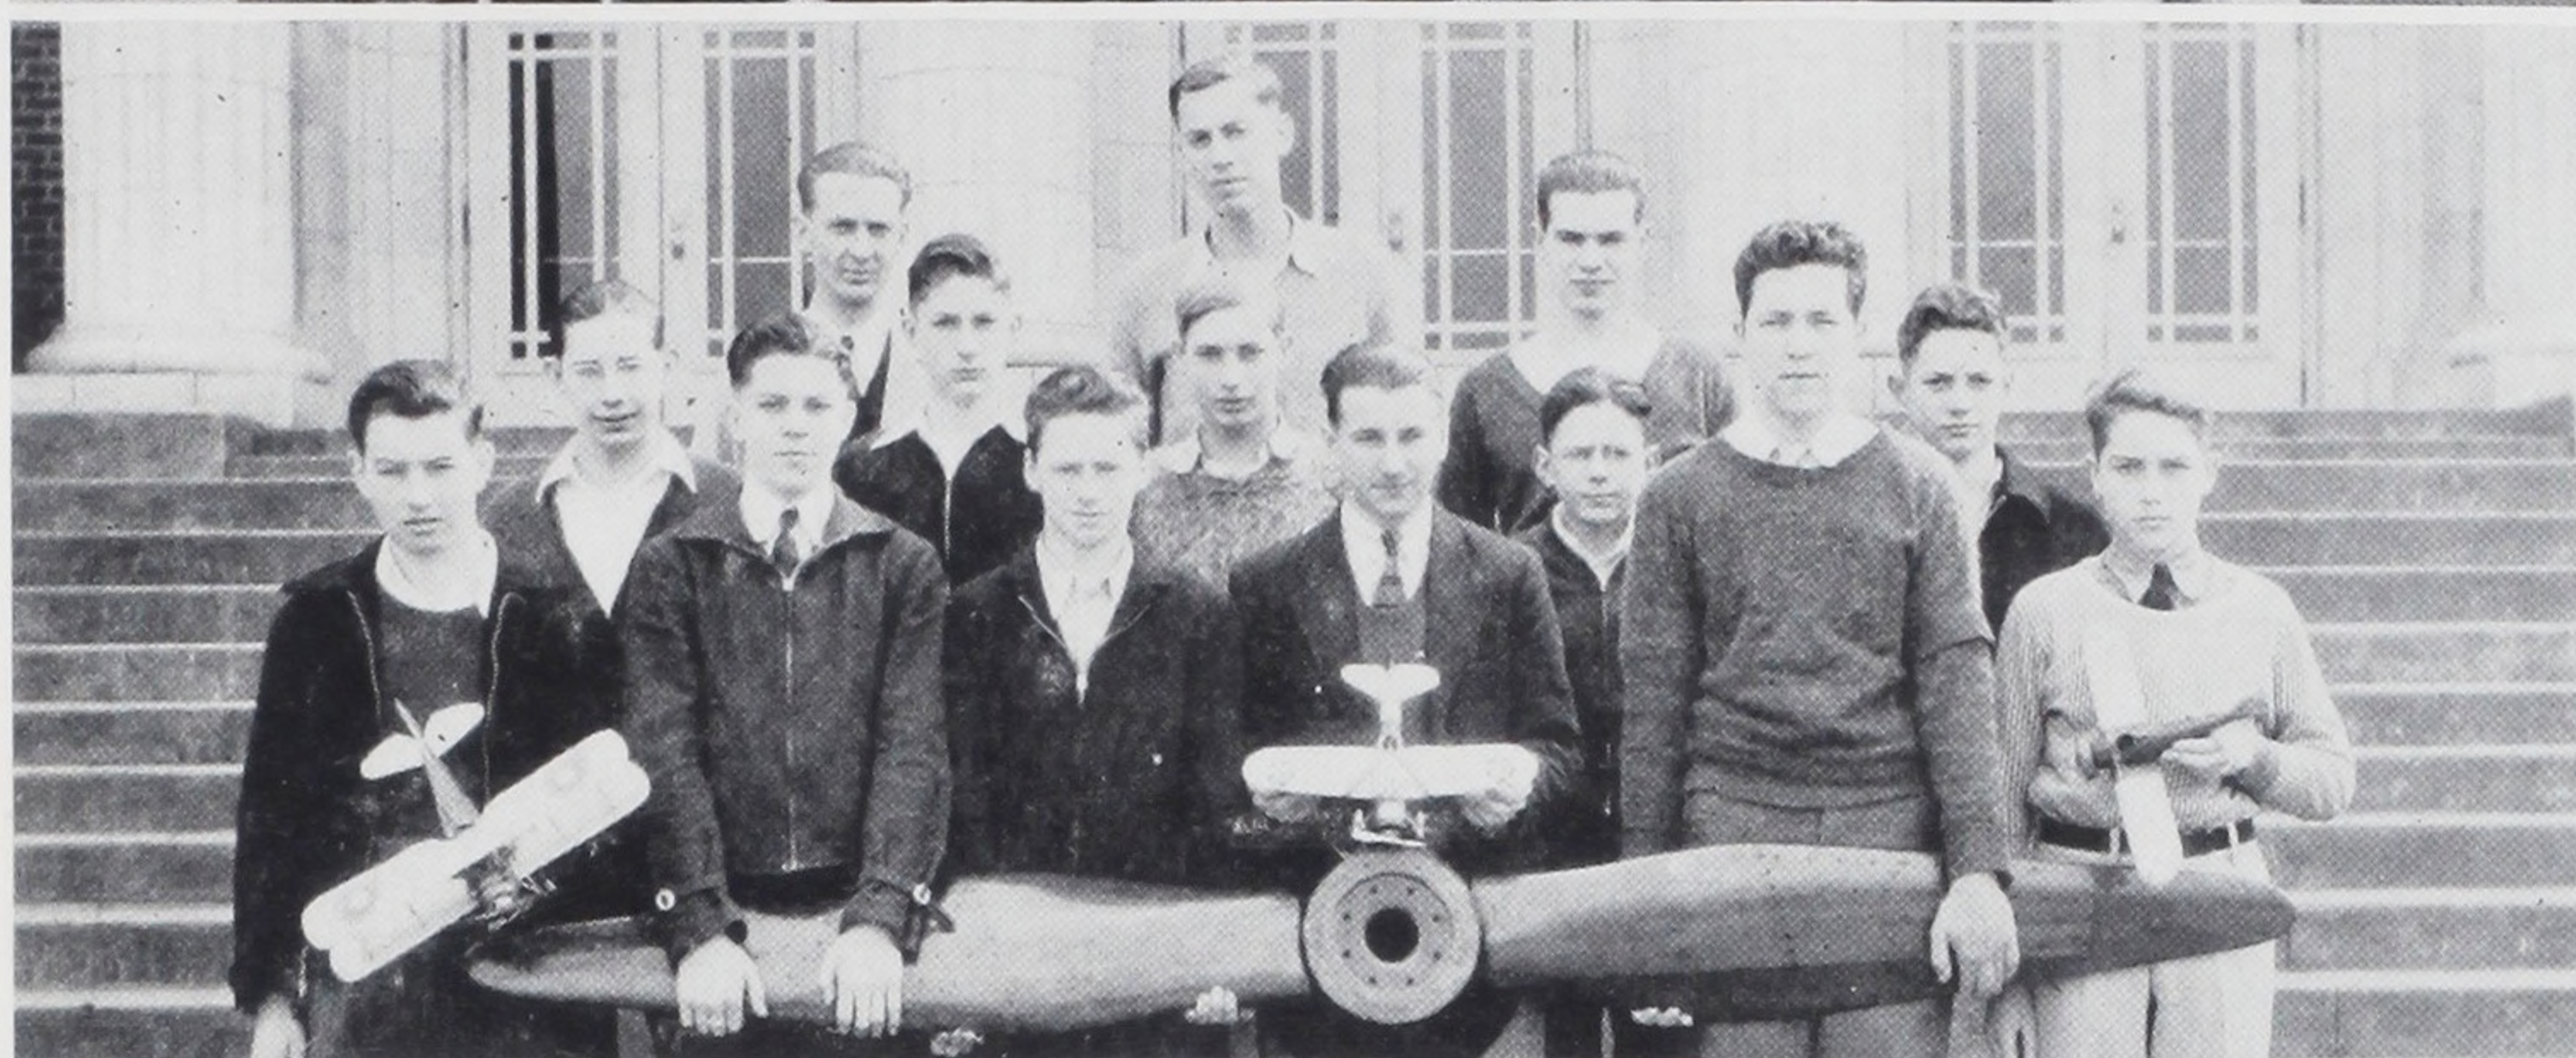

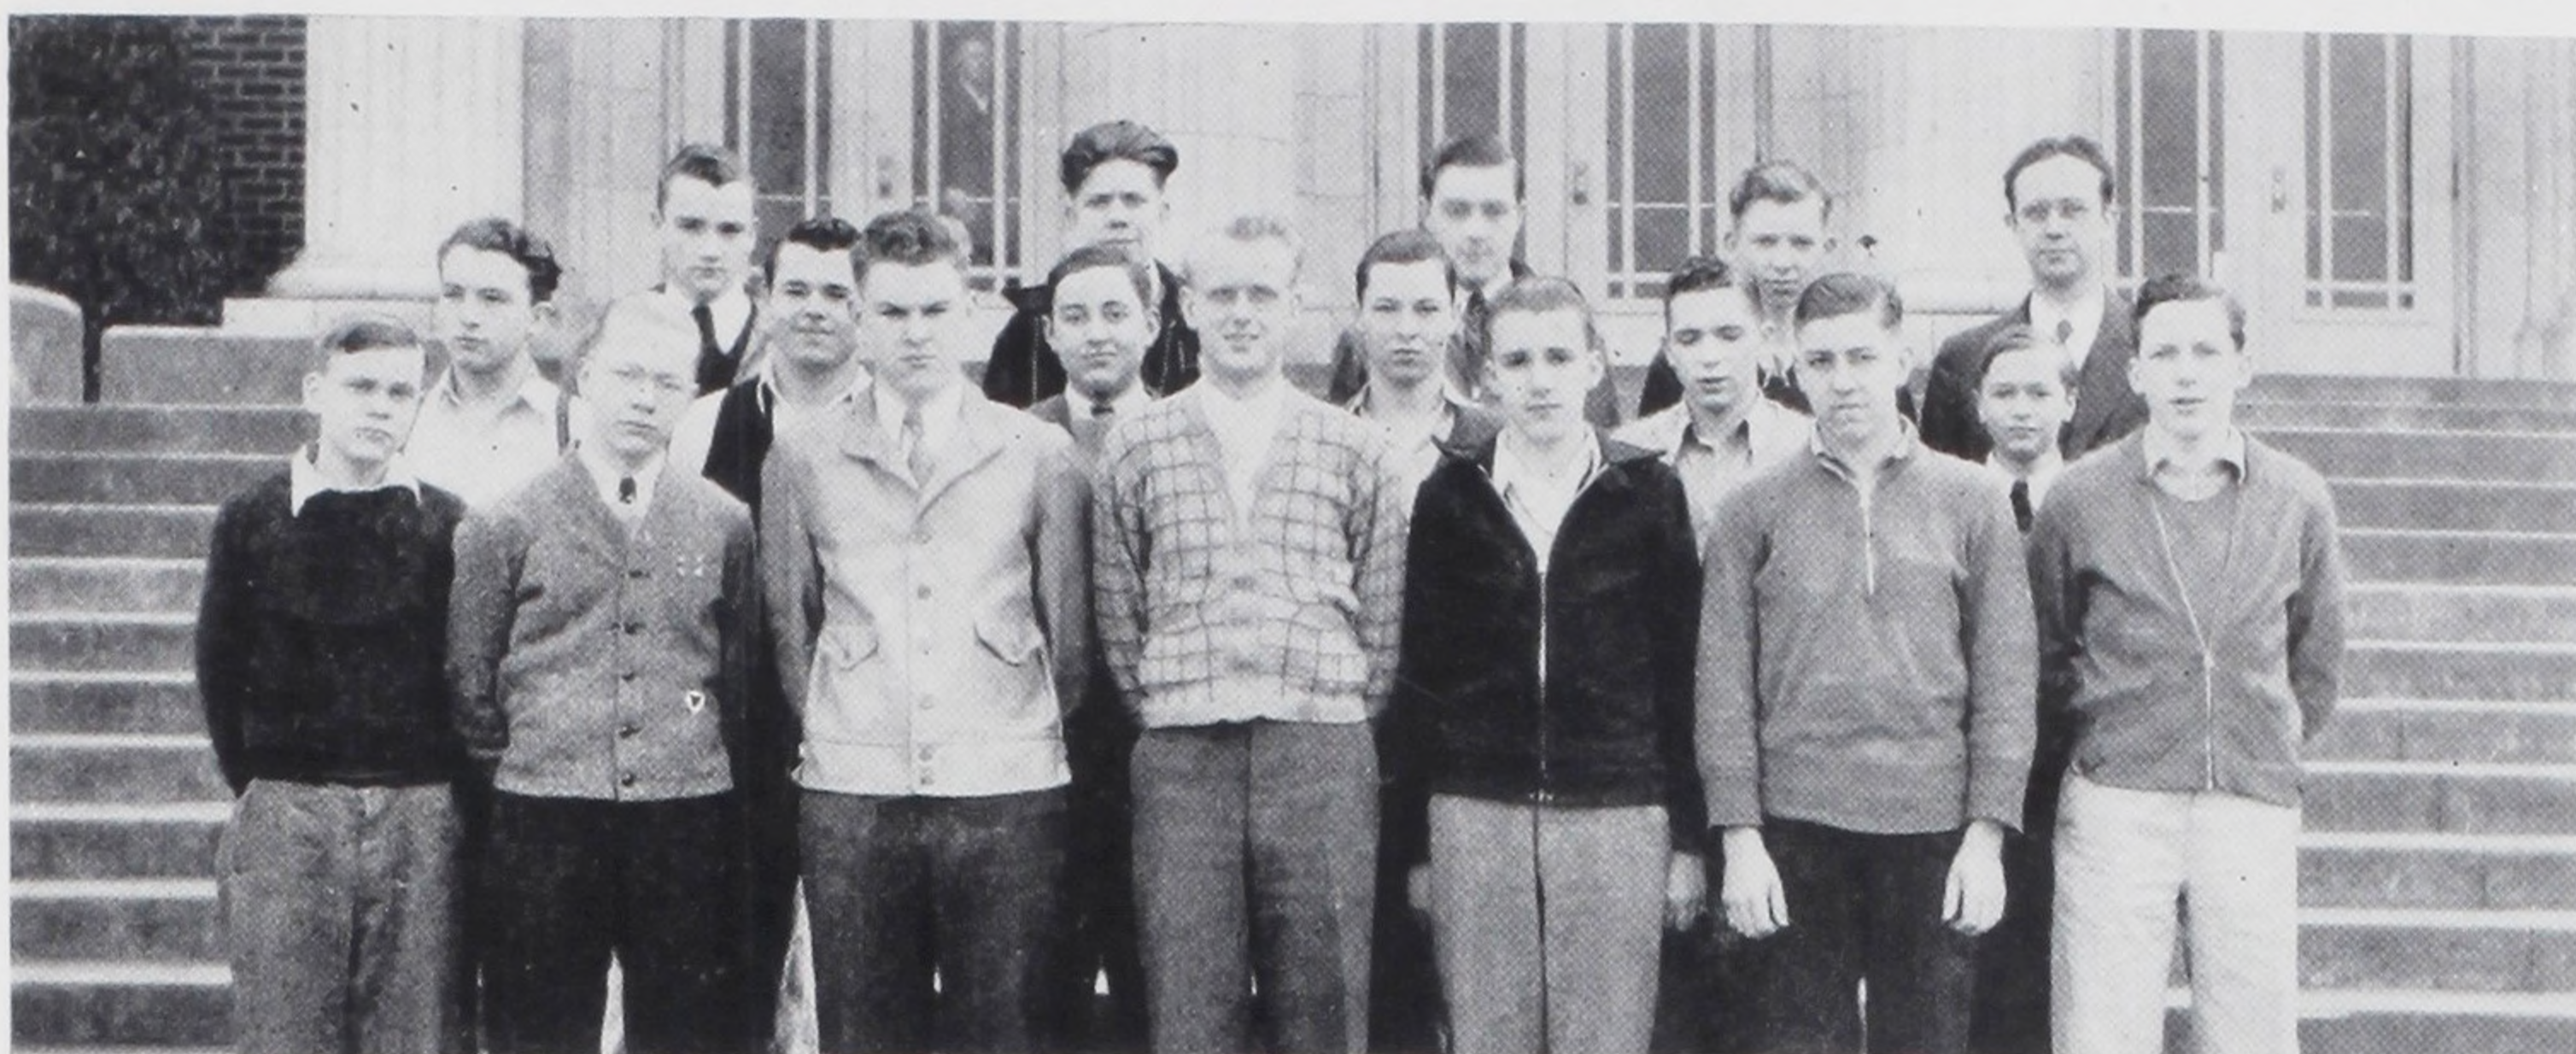

### OYER-UN-GON CLUB

As many students like the outdoors, this club is a popular one. Its purpose is to study Oregon's nature by means of hikes and rides into localities where Oregon's natural beauties abound. Talks and discussions are usually the sole business of the meetings. During the Tech Show a very interesting forestry scene is portrayed with natural material. Samples of different tree leaves and woods are displayed. Mr. Nielsen is the faculty adviser.

### THE ORANGE "B"

The membership of this club is composed of those athletes who have earned a letter in some sport. Intershop sports, such as basketball, baseball and wrestling, were developed by this club. Of course, this is not their only activity, they try to promote school spirit and fellowship in all ways, and also attempt to encourage attendance at athletic contests. Mr. Drynan, soccer coach, is the faculty adviser.

## NEWS FLASHES

Smith, the chewing gum magnate, says the sun never sets on his chewing gum. But almost everyone else does.

The first robin to appear in Portland has been disqualified. Inspectors discovered that he'd been holed up in a city councilman's hat all winter.

Brazil, which has a surplus of coffee, is burning it in locomotives. When they start burning it in airplanes, we'll take the brand that's good to the last drop.

Due to the fact that a Texas cowboy fell out of a bed and broke a collar bone, a movement has been started to make it compulsory to have stirrups on night mares.

## SONG OF THE OPEN ROAD

The highway goes round and round,  
You push the pedals down,  
And the wheels go round and round,  
And finally you come out at a place  
Where it says: "Detour—eight miles—  
Bad Road—Watch out for logging  
Trucks."

## WAR NOTES

Ethiopians should be warned that the Fascist salute of the Italian soldiers in Africa doesn't mean half surrender.

Time staggers on

## HABERDASHERY NOTE

Spats are becoming very popular in Portland. Slogan for men's clothiers: A spat on the foot is worth two in the house.

## POET'S CORNER

### "BEAUTIFUL HANDS"

Last night I held a little hand,  
So dainty and so neat;  
I thought my heart would surely burst  
So wildly did it beat.  
No other hand into my soul  
Could greater gladness bring;  
Than that I held so tight last night,  
Four aces and a king.

## EX-PREXY VISITS

We've just had a visit from I. Wells, our ex-prexy (1936). He is now managing a basketball team of which his grandchildren are the chief players. He reports that the team is very successful as they have won the championship of Hog's Bottom, a stick in the mud town in the country.

## GENERAL NUISANCE SAYS

Gee whiz, we've just found that the "China Clipper" is an airplane, not another name for Japan.

Teacher—When was the revival of learning?  
S. Pace—Just before exams.

Then there's the deaf and dumb husband who wore boxing-gloves to bed so he wouldn't talk in his sleep.

Just because a radio comedian is sponsored by a safety razor manufacturer, it doesn't give him the liberty to pull jokes with whiskers on them.

Hair is such a nuisance. You spend thirty years trying to make it stay combed, and 30 more trying to make it stay.

## HUMOR

"Archimedes," read the school boy aloud, "leaped from his bath shouting, 'Eureka! Eureka!'"

"One moment," interrupted the teacher, "What is the meaning of 'Eureka'?"

"'Eureka' means I have found it," said the boy.

"Very well. What had Archimedes found?"

"The soap, sir."

There is this difference between trout and bathing girls. The speckled beauties never get out of the water, and the freckled beauties never get in.

## BASKETBALL

Winning Benson's second consecutive basketball championship of the Portland Interscholastic League, and also making it two in a row by bringing home the trophy emblematic of the consolation championship of the Oregon State High School Basketball Tournament for the second time in as many years, Benson's 1936 hoop team just completed one of the most successful seasons in the history of Benson casaba teams.

Coached by Vernon "Skippy" Stivers, and including Frank Marchi, Carl Gregg, Bob Woldt, Ed Burns, Bob McKown, Ed Lohr, and John Dudgeon, the fighting Techmen won twenty games and lost five. These totals include pre-season games, those in the tough Portland league, and four at the state tourney.

Strange as it seems, these championship Techs lost their first and last games in the regular schedule of the Portland league, but the way they did "go to town" between those two games was something.

The Techs started their season with

six pre-season games, winning five and losing one. The teams beaten included Milwaukie twice, 26-13, and 28-14, Astoria once, 23-18, McMinnville once, 23-18, and the strong Willamette Frosh once, 30-23. The lone pre-season defeat was at the hands of the Astoria Fishermen by a score of 27-13.

The regular schedule started with a heart-breaking defeat at the hands of the Franklin Quakers by a 23 to 22 score in the gala opening feature of the prep league. In the second game the squad had little trouble in besting the lowly Roosevelt Roughriders 33 to 17, but found unexpected opposition from the Washington Colonials in the next game, and only managed to eke out a 29 to 27 win. The Grant Generals came next on the schedule, and after trailing until the final minute of play, the Techs forged ahead to win 28-23.

The Techs' next opponent, Jefferson, suddenly found their true stride, and rang the gong for a 32 to 27 victory over Benson, but in their next game, Sti-

vers' boys came right back to defeat Commerce 25 to 18, and then, against Lincoln, really found the range and blasted the Railsplitters by a score of 26-12.

The second half of the schedule began with the Mechanics handing the Roosevelt squad a 38 to 20 lacing, and following this with a 31 to 27 "revenge" victory from Washington on the half-pint Colonial floor.

The Jefferson Democrats were next and felt the power of the Tech bombers as they went down to a 21 to 15 defeat and thereby lost their chance of winning one of the coveted trips to the state tourney. Commerce was the next team to take a beating at the hands of the Techs as they went down to a 24 to 16 trouncing, and in the last game of the regular schedule, the Lincoln Cards suddenly got decidedly "hot" and handed the league-leaders a 28 to 21 plastering, thereby making necessary a play-off with the Franklin Quakers who were tied for the hoop lead with Benson. In the play-off, one of the most thrilling of the season, the Mechanics pulled out of the fire a 23 to 21 victory and the resulting undisputed championship of the prep league and the trip to Salem as Portland's Class A entrant.

The toughest defeat of the entire season was suffered at the hands of the defending state champions, the Astoria five in the Mechanics' first game at the state

tournament. When the final gun had gone off the score stood 33 to 29 for the Fishermen after Benson had led until the final minutes of play, when Ted Sarpola, for three years all-state forward, and Parker, a longshot artist, sank a half-dozen baskets in rapid succession to put the game on ice for the tireless Finns from the city of fish.

Ashland was the next opponent on the Techs' schedule, and, by staging a comeback in the closing seconds of play, the Techmen eked out a 27 to 24 win to stay in the running for the consolation title. Mill City fell before the Techmen next, the margin of victory being a mere two points, with the final score showing Benson the victors 27 to 25. The Techs were ahead by a comfortable margin until the final minutes of play in this game, when Bob Woldt, Tech center, was ruled from the game on personal fouls and the lead rapidly dwindled to the final two point margin of victory.

In their last game of the tourney, against the Vikings of Salem high school for the consolation trophy, the Techs led all the way to finally pull through with a 31 to 28 victory after having the fighting Vikings knot the count at 26-all with less than a minute to play.

With this victory the Mechanics of Benson closed the basketball schedule for another year, with the wish that teams of the future may do as well.

## JUNIOR BASKETBALL

Starting the season with two pre-season wins, the Benson junior basketball squad looked good at the start of the regular season. The first pre-season game was with the Bradford juniors and was a one-sided game, the Tech babes winning by a score of 46-13. The second game with the Peninsula Cadets, the Bensonites won by a 19-11 score. The third and last pre-season game the juniors took 24-5. The game was with the Ockley Green team.

Opening the regular season, the Benson juniors duplicated what the varsity team did, and lost to the Franklinites by one point, the score being 17-16. The Benson men trailed 8-2 at the half, but came back in the last half to give the Franklin squad a scare and almost win the game. The Roosevelt juniors were the next victims of the babes and they fell by way of a 23-21 score. Next of the opponents was the Colonial junior squad who lost in a 28-17 fracas.

The next two games were defeats for the Benson juniors. One with Jefferson, by a score of 24-22, and the other with Commerce by way of a 26-22 score. The Techmen held a four point lead at the half in the Commerce game but couldn't

hold it for the remaining half. The juniors finished their first half of the season with a 21-16 win over the Lincoln Cardinal juniors.

Opening the second half, the juniors lost a tough game to the Roosevelt juniors, 17-14. The Franklin juniors duplicated their first one-point win by again taking the Techs to the "cleaners" by one point, this time 16-15. The next game with the Grant men another win by way of a 25-20 score. The Techs led all through the game.

Trailing by 12 points at the half, the Benson babes made up three of these points only to lose at the hands of the Jefferson squad by a score of 24-15 for their worst defeat of the season. With the score standing at 10-all at the half, the Commerce and Benson juniors fought it out in the last half to give the Techs the long end of a 24-20 score. The Washington juniors handed the Techmen a licking in their second game of the season by a six point margin, the score being 29-23.

In the final game of the season, the Tech juniors put on a brilliant finish by "trouncing" the Lincoln babes in a 28-7 game.

## SOCCER

When Coach Gilbert Drynan issued a call for soccer last October, he got what every coach would like to have—nine lettermen of his last season's championship squad. Four of them, picked of last year's city all star choice, and the other five on the second team or honorable mention—responded to the call making Benson's hopes for a championship again strong in the sport that has had only one other school than Benson as champion in the last fifteen years.

After five weeks of practice, the Tech soccer squad opened the season with a scoreless tie with the Roosevelt Teddies. A spectacular save by the Roosevelt goalie ruined the Techmen's chances of winning their initial game. Ineligibility severely handicapped the Benson squad as several of the players did not get their birth certificates in on time and were not allowed to play.

The second tilt of the 1935-1936 season, and the first win for the Benson players, came December 5 when they

played the Commerce Stenogs and came out on the long end of a 2-1 score. The victory pushed Benson into undisputed second place in the league standings. Evans, Giesey, and Kruger were the outstanding men on the Tech team during the game.

On a field more suitable for water polo than soccer, the Benson soccer team annexed another win in a thriller over the Grant Generals by a score of 2-1. The Generals held a 1-0 lead in the first quarter, but two second-quarter thrusts gave the Techmen their second straight victory of the season.

Benson's 1935-1936 soccer squad, well on its way to a second straight city title, closed their first half schedule atop the league standing as virtue of a 1-0 victory over their pennant rivals, Jefferson.

George Beltz, Benson, sent the lone goal through for the Techmen. After losing the toss and having to kick into the wind, the Techs found their chance in the second half with the wind behind

them and sent the ball through the goal posts for the winning point.

The return game with Roosevelt saw the Bensonites make up for the scoreless tie handed them by the Teddies in the opener of the season. Paul Giesey and Clarence Kruger booting the ball through the goal posts enabled the Techs to win by a score of 2-1. At the same time, the Democrats were held scoreless by the Commerce Stenogs.

In a fast, hard-fought game, with no scoring fifteen minutes after the second half had begun, Benson took the measure of the Commerce Stenogs 1-0 on January 7. Joel Mills booted the ball through on a pass from Treblehorn to give the Techmen the one goal of the game. The same day, the Democrats were again held scoreless, this time by Grant, to almost assure Benson of the city crown.

Handicapped by the absence of three men, Benson cinched the city championship by taking the fast and powerful Grant eleven into camp by a 1-0 score on the Benson field, January 9.

The lone goal came during the early part of the game when Mc-Guire, after a series of clever passes on the part of his team-mates, kicked the ball through. Although the field was slippery and the Generals "turned on the heat", Benson managed to stave off the Grant men to keep in the lead until the final whistle blew.

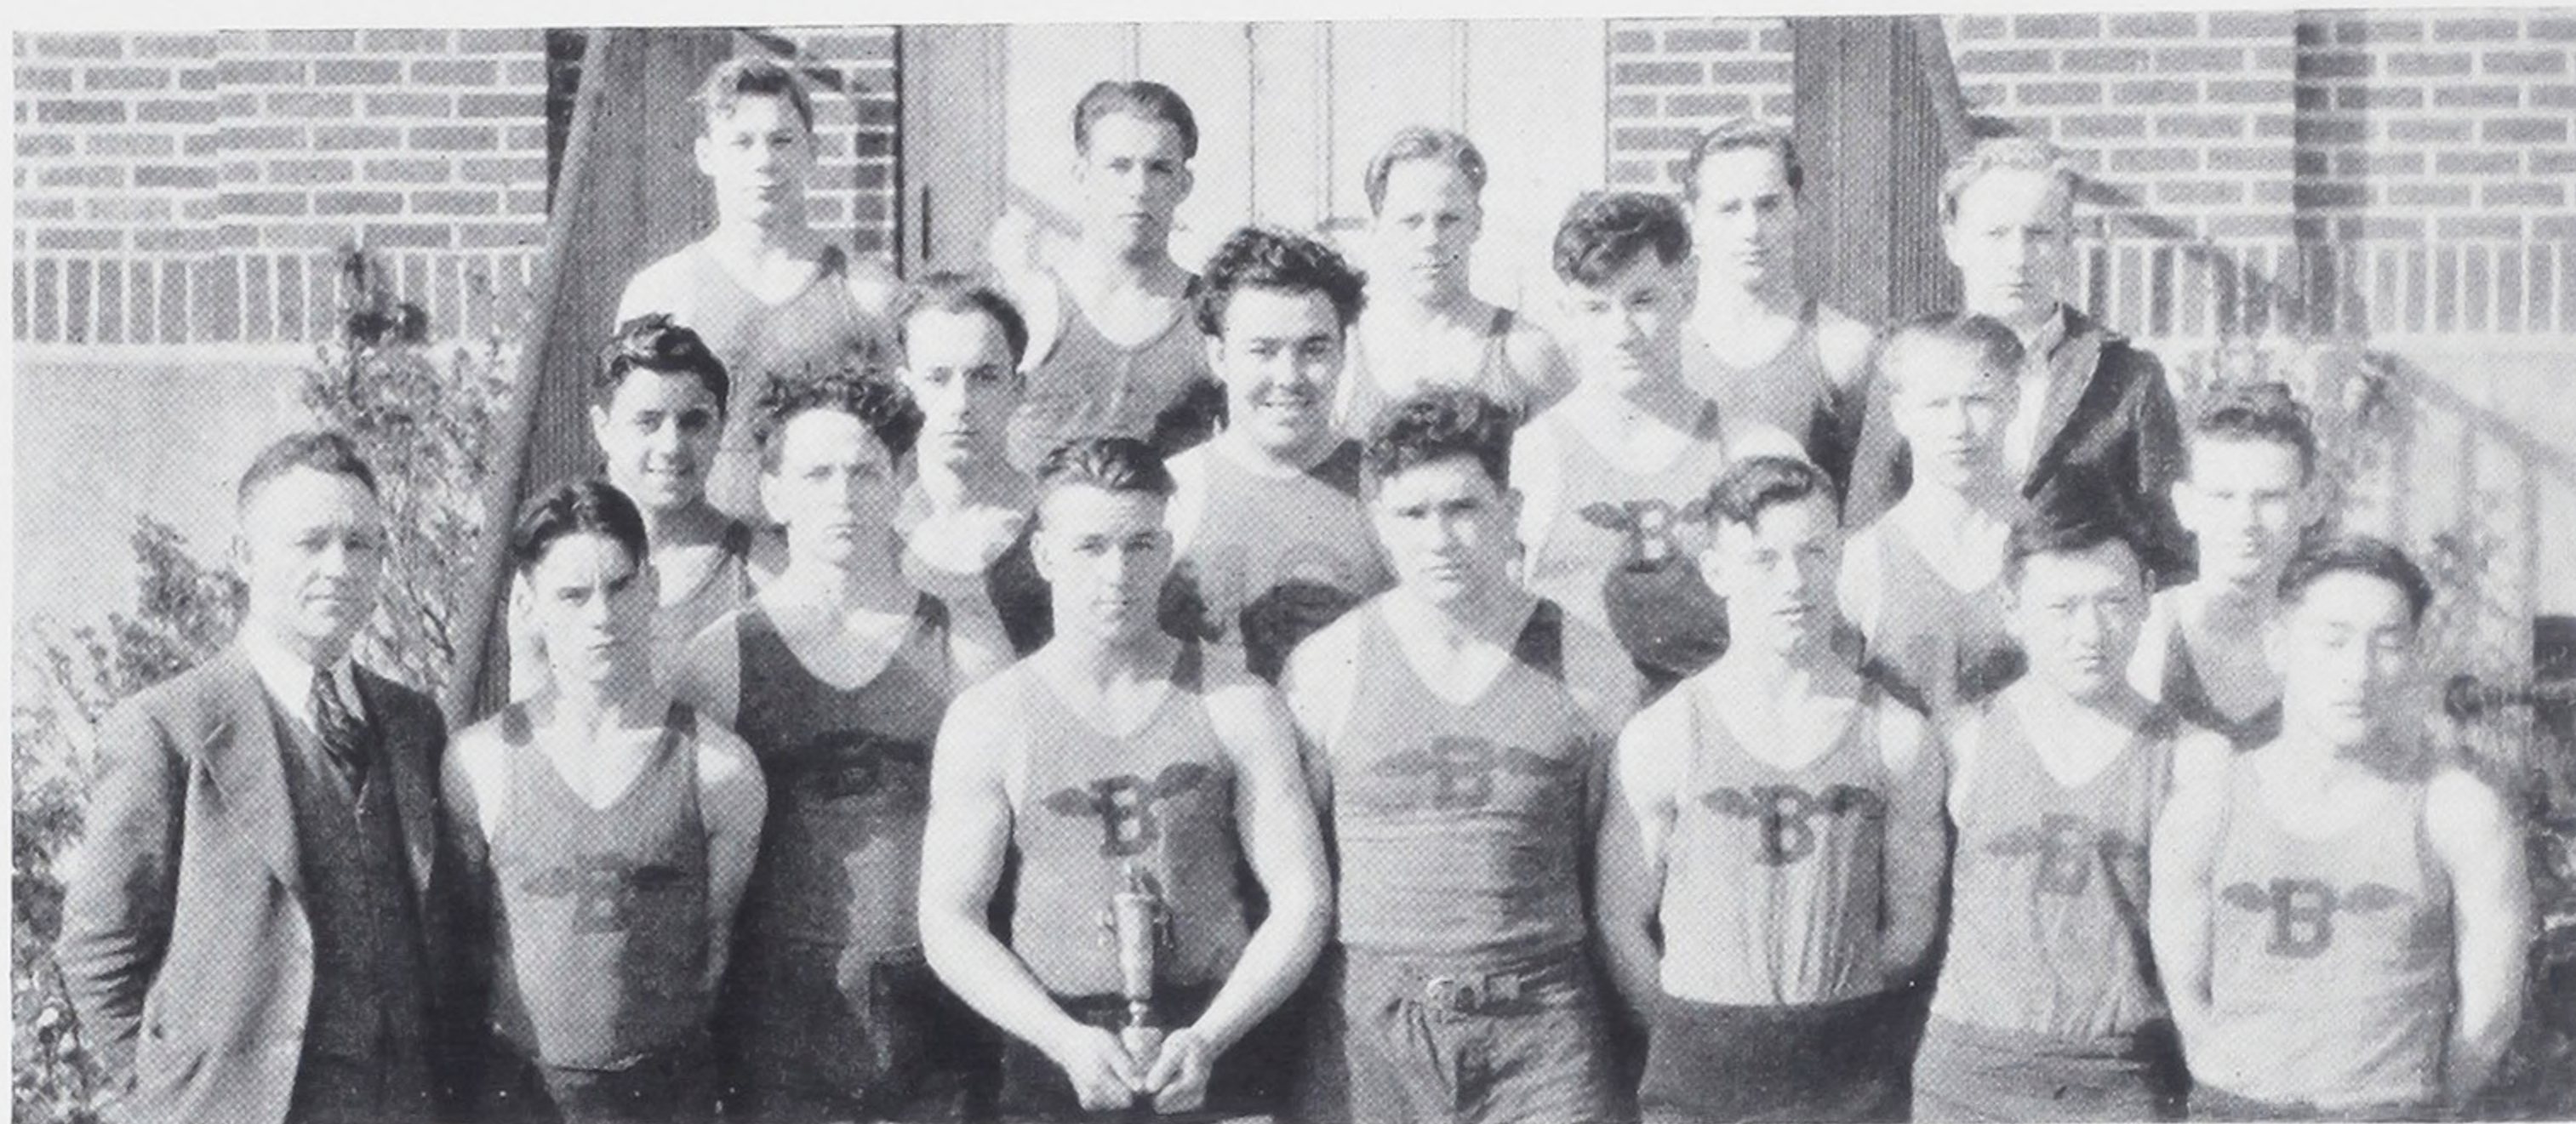

When the referees of the league announced their candidates for the city All-Star soccer team, three men from the Benson squad were named on the first string by them. The Tech All-Stars were: Paul Giesey, center-half; George Beltz, center-full; and Clarence Kruger, inside-right. None of the Benson men selected on the All-Star team will be back to play for Benson next season.

The absence of Clarence Kruger, an All-Star, from the last two games was not a help to the Tech squad. Kruger was injured New Year's eve when a car hit him and broke his knee cap. The accident sent him to the hospital for about six weeks and kept him out of the games for the rest of the season.

As part of the soccer season comes in one term and part in another, mid-term graduation weakened the team. Included in those of the January graduation class were Scott, Giesey, Treblehorn, and Beltz whose services were missed greatly. Giesey and Beltz were named on the All-star.

Next year Coach Drynan will have to build a new team as graduation in June is taking more of his regulars. Coach Drynan has brought home so many championships in his years of coaching soccer that it is being treated lightly now when he annexes another one for Benson which will probably be next year.

Front Row: Mr. A. Gibson, Wallace, Schade, Abrams, Cavegnaro, J. Wallace, Arai, Wishikawa

 Third Row: Lundberg, Ragan, Yeary, Schaeffer, Volstedt (Mgr.)  
 Berglund, Puk, Phillips, and Neilson were not present.

## WRESTLING

Benson's wrestling team got off to a good start in the pre-season work out with a smashing victory over the Central Y. M. C. A. grapplers. On the evening of January 23, the Benson wrestling team defeated the Y. squad by winning eight out of thirteen bouts in the U. M. A.

Tom Abrams of Benson won the feature match from Schunk in two minutes and eighteen seconds. Other Techmen to win their matches were Vollstedt, Jim Wallace, Ingram, Cavagnaro, Gene Gibson, Phillips, and McIntyre.

The Benson grapplers started off their regular season with a meet with Sandy high school in the Benson gym. Sandy always offers strong competition in all weights and is the Tech's oldest rival. The meet was close all the way through with Sandy in the lead twice and things looking pretty bad for the Bensonites in the second round, but the boys were able to pull through with the margin of sixteen points. Jack Wallace, Orville Lamvick, and Virgil Cavagnaro took out their opponents with two straight falls. The rest of the matches were very closely contested, but most noteworthy of all

was the struggle between Dave Phillips of Benson and Larry Guthu. Guthu with a thirteen pound weight advantage won the match.

The Benson wrestling squad traveled to Salem for their next meet, and took the Salem Vikings by a score of 35-29. After dropping the first four matches, the Techmen won the next five—all by falls. Frank Berglund, Benson's mat ace, wrestled Donaldson in the feature match of the evening. Donaldson took an early ten point lead with two body slams and then Berglund clamped on a headlock to win the fall. Cavagnaro, who entered as a heavyweight, took his match with Mum, 210 pounds. Arai, Captain Tom Abrams, and Phillips were the other Benson grapplers to win their matches.

The next meet with Camas at Benson saw Bob Neilson, two year letterman in action. A hip and side injury had previously kept him out of the meets. The Techmen won seven out of eleven matches over Camas. Lamvick of Benson pinned Repman, and "Corky" DeGregorio also won a fall over Repman. Frank Berglund came through with a fall over his opponent. Puls, Tech

featherweight, came out with a decision over his man. Other results were; Schaffer of Benson decisioned Noland, Yearly of Benson decisioned Lewis of Camas, Struznik decisioned Hathoway; and Nishikawa of Benson drew Reynolds.

In the match with Sandy the day after the Camas meet, the Techmen came through with their second consecutive victory over Sandy by winning five out of eight matches and drawing in two more. Lamvik downed Childs of Sandy in the day's feature. Berglund again won his match by a fall. Puls of Benson won two falls. "Swede" Lundberg took two straight decisions on Nolar. The Wallace brothers had to be satisfied with a draw apiece.

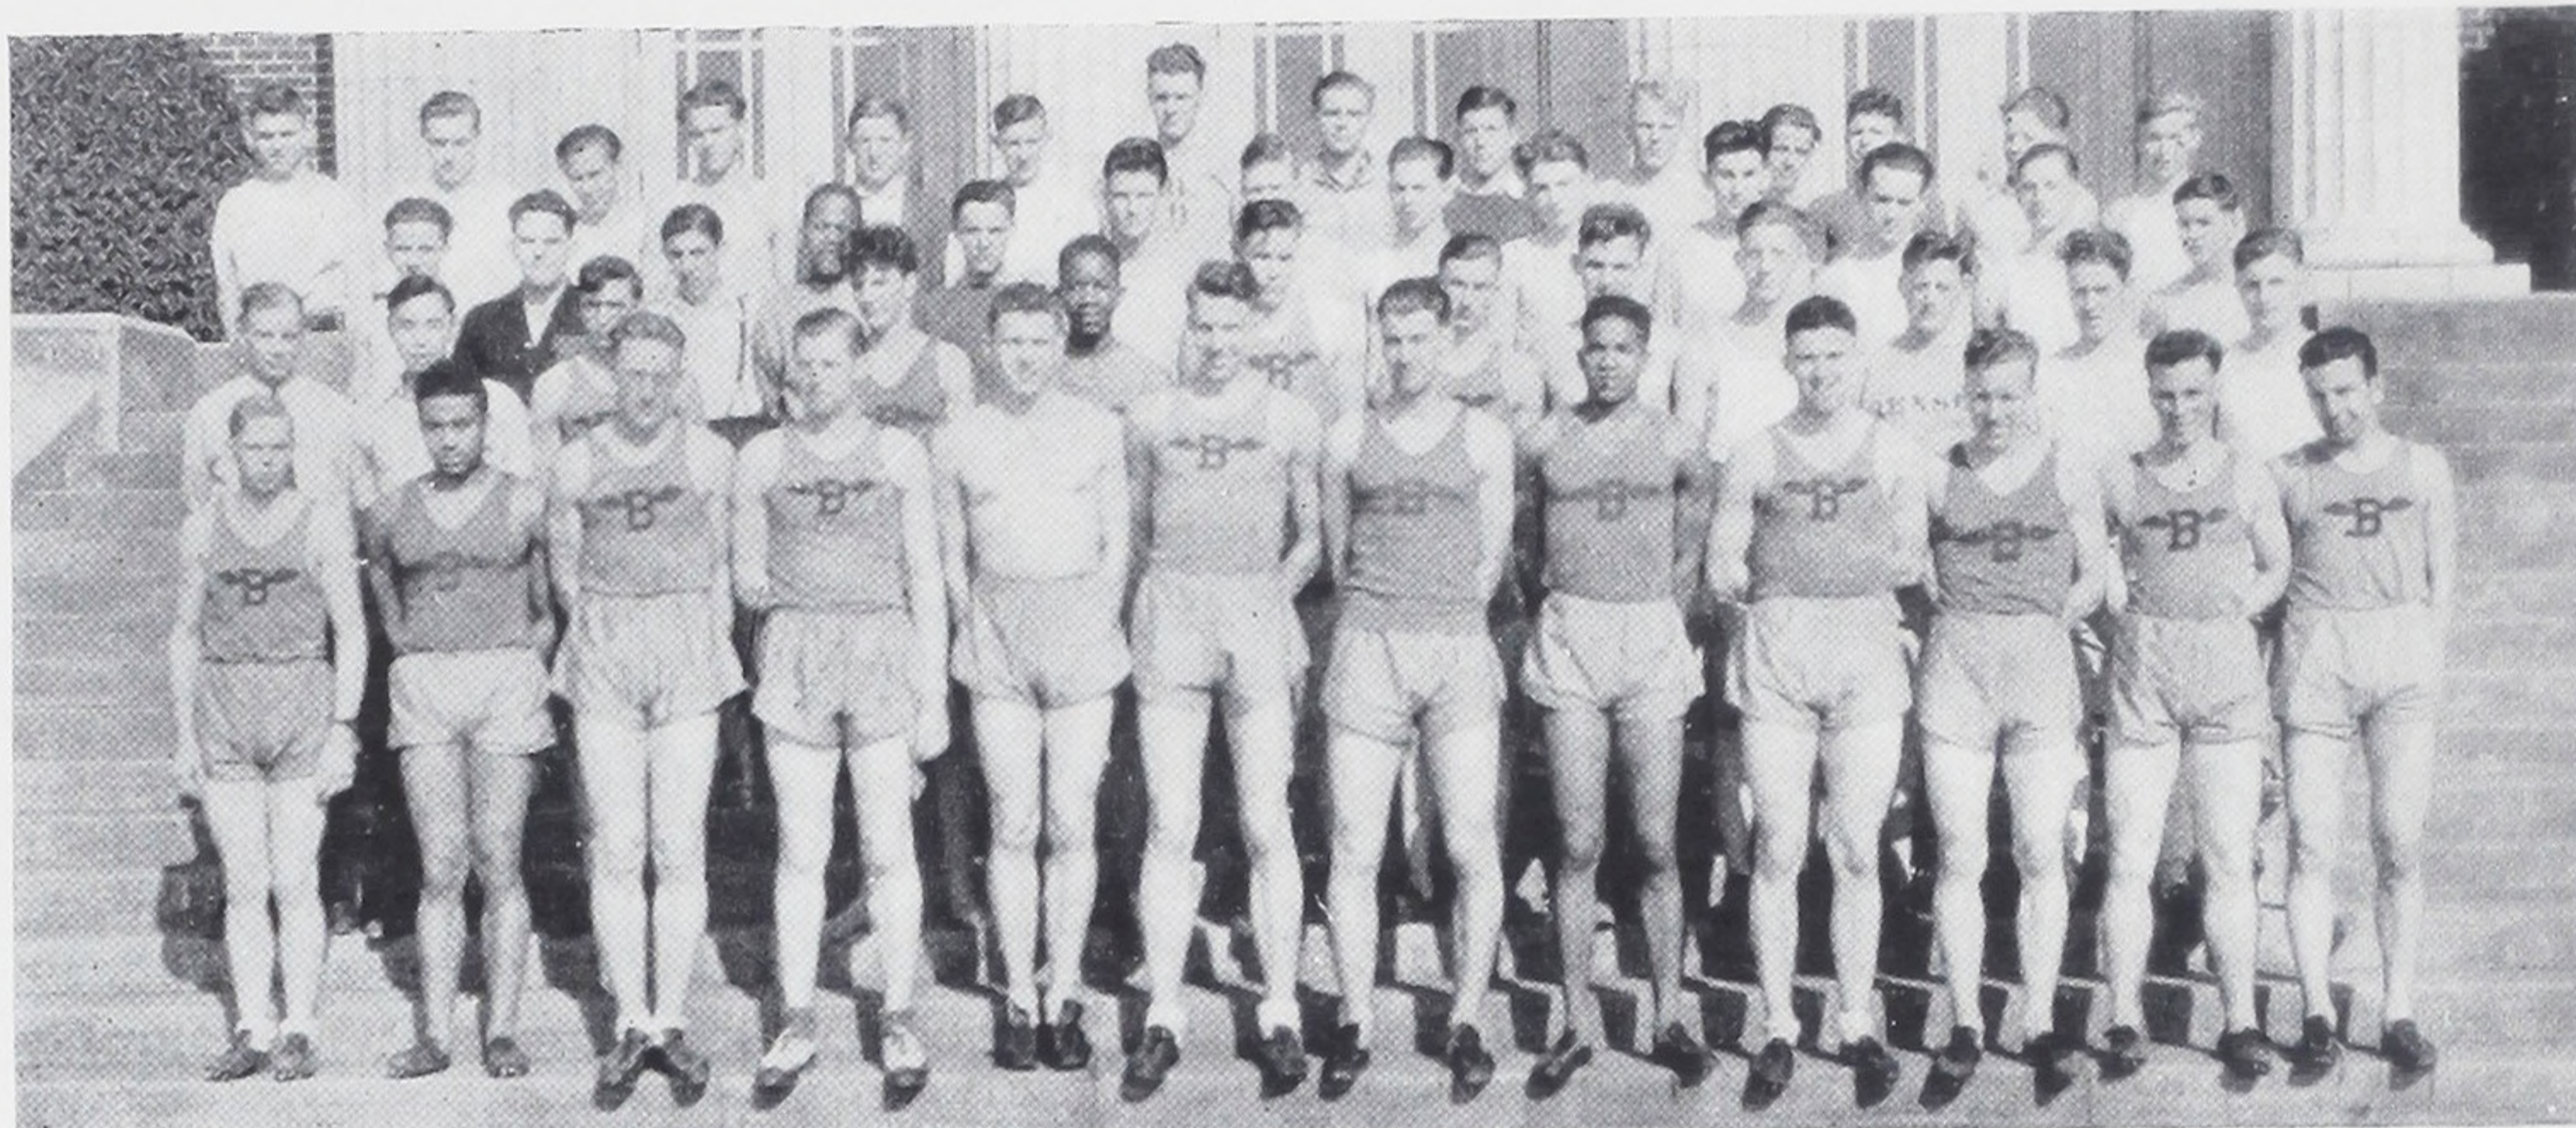

The next meet was with Franklin in the Benson gym with the Portland High School wrestling championship at stake as only Franklin and Benson support wrestling in this city. The Techmen took this meet by winning in seven out of ten matches and drawing in another. Gene Gibson took a hard earned decision over Barrett, and Frank Berglund took his match by the usual two straight falls. Cavagnaro, with a twenty pound weight advantage, easily tossed his man for two straight falls. Dave Phillips also came through by winning two falls. Tom Abrams, Puls, and Jack Wallace won their matches, while Jim Wallace had the only draw match.

In a return meet with Salem, the Techmen won by the close score of 32-35. The Techs and Vikings split eight weights, but the Benson squad had a total of five decisions to four for Salem. Berglund had a hard time to stop Cotton of Salem, but finally took it on a decision. The two Wallace brothers won their matches. Lamvik was thrown by Thompson, state titalist, in the surprise of the day. Tam Abrams won over Raymond by straight falls.

In the state championship matches at Salem, the Techs won five titles and were awarded the state placque permanently, having won it three times in a row. Jack Wallace won the title for his weight, 114, when he defeated his team mate, Nishikawa, in the finals. The other half of the family, Jim, defeated Nichols of Salem for the 120 pound class. Frank Berglund became the second grappler in the history of the state to win a state crown three times when he took the 147 pound title again. Abrams walked away with the 157 pound title with a win over Dalivens of Sandy. The fifth Benson state titler was Dave Phillips who in his first year, won the 175 pound class.

Space does not permit putting a synopsis of the Northwest Meet which Benson won, but it will be sufficient to say that four Bensonites: Bob Neilsen, Gene Gibson, Frank Berglund, Tom Abrams, and Dave Phillips won the Northwest titles in their respective weights.

## TRACK

Opening one of their best track seasons since the season of 1928, when they last took both the City and State cinder titles, the Benson Tech tracksters smashed their way to a thrilling victory in the Annual Hill Military Academy relays held on the academy indoor bowl. Kirman Storli, Ted Burns, Howard Carlson, and Lawrence Alberty made up the team that broke the Metropolitan sprint medley record with a new time of 3:05.1 minutes. Burns fell twice but got up and went on to win. The feature run of the evening was the mile ran by Glen Cunningham, rated as the number one man of the track in the United States. It was witnessed by a crowd of 4500.

Some three weeks later the Techmen breezed to their easiest victory yet this season by scoring six firsts in a quadrangular meet in which Vancouver, Washington and Hill Military also competed. The Benson juniors placed third, which is considered very good because they had only been organized by Head Coach Harry H. Hargreaves a few days before.

Franklin played havoc in their track

meets against Benson, and upset the dope bucket twice by edging out the Techs in two straight meets. Benson won the City of Portland relay crown during the latter part of April only by edging out the Quackers by one point, 18-17. Going into the last event, the mile relay, the Techmen were one point behind. In fact they only won the meet by placing first in this last event, Franklin getting second. Like in many of the other meets, Benson scored almost twice as many firsts as any other school but failed to get in enough seconds.

Entering the City track meet preliminaries Thursday, May 7, the Techmen placed every entry except one, and as a result were billed as top favorites. In the nip and tuck finals on the next day the Benson Team went through the meet and with one point behind entered the last event, the mile relay. Benson's runners started slow, and although they had the fastest sprinter in the city running their anchor he couldn't close the gap between himself and the Franklin man. The whole meet hinged on this last event, and as a result of winning the Quakers

edged out the first track title ever taken by a maroon team. Winners in the various events were: Lawrence Alberty, colored flash who easily took the broad jump with a leap of 20 feet four and one-half inches and placed fourth in the 220-yard dash; Howard Carlson, leading point-winner in the city, won both high and low hurdles; Kirman Storli, captain and four-year letterman took the half-mile without any competition. Second place winners include: Irwin in the 100 and third in the 220 and relay while running anchor for Churchill, Plumber, and Storli; Chambers, Woldt, and Kari who all tied for second in the high jump. Other point winners were: Chambers, second in the discus, and Marlow, third. Tovia Kari, fourth, in the javelin, and Domenico, third in the mile. Benson placed in every event except the 440 and pole vault, one event that Coach Harry

Hargreaves did not have a suitable man outside of a junior.

A team led by Howard Carlson, Kirman Storli, Charles Chambers, Ray Marlow, Wally Irvin, Tovia Kari, John Churchill, Plumber, Lawrence Alberty, and Bob Woldt went to the Oregon State Interscholastic track meet held this year at Corvallis to compete for state track crown.

Howard Carlson was Benson's only state title winner at the state track meet this year. Carlson kept his title in the 120 yd. hurdles, but lost the 220 yd. low hurdle title to Ellis of Salem by a scant fraction of an inch. The Techmen scored 28 points to Franklin's 26 to win the state meet as a school.

Kirman Storli lost his 880 title to Dick Menderson of Albany in a close race.

Front Row: Mr. Hovde, Criswell, Dudgeon, Grassley, Perryman, Logan

## BASEBALL

When "Skipper" Stivers tendered his resignation this spring, it left this year's baseball team in a muddle as no coach was named to replace him till about two weeks before the season opened. Joe Hovde, press room instructor and once a baseball player for the Minneapolis city league, was named by Principal Cleveland to succeed Stivers. Hovde was Benson's baseball coach until 1932 when Howard Hobson succeeded him.

In the opener with Washington, the Benson nine lost to Washington by a score of 9-2. The game was even during the first four innings but errors on the part of the Benson squad cost them eight runs. Washington made four runs in the last to cinch the game. Criswell scored for Benson after a walk and a safe hit by Wittke. The other Tech run came about by Dudgeon's three-bagger in the fifth.

After a thrilling two run rally, the Benson baseball team watched their second contest slip away when the Jefferson outfielder broke up a tie by a sensational steal of home in the seventh

inning. John Dudgeon hit his second three-bagger of the season and sent Staatz home in the seventh for the Tech's first run of the game. The second run came when Patterson hit a one-bagger and drove Burns home from third. Final score was 3-2, Jefferson.

One big rally staged in their half of the fifth inning proved sufficient for the Benson team to chalk up their first league victory in a 9-4 rout over Commerce despite the fact that they made seven misplays. John Dudgeon's long triple in the fifth bringing in three runs capped the scoring spree of the Techs. Pitcher Lloyd Purcell pitched stellar ball throughout the seven cantos for the Benson team and only passed one man in the fourth when Commerce made all their runs.

Ed Grassley and John Dudgeon were Benson's hitting stars, each getting a pair.

The Techs lost their next battle to Franklin by a 9-5 score. The Quaker squad "went to town" in the third by scoring six runs. Benson scored two in

their half of the third and the other three in the sixth.

Committing six errors in two innings, the Benson varsity booted away another game to the Grant Generals by a score of 11-1. Purcell pitched for the Techs and, although he pitched a good game, he had poor support behind him.

The third and fourth innings cost the Techmen another game, this time at the hands of the Roosevelt Teddies by 11-6. Bruce Bobelle, new member of the Benson pitching crew, pitched his first league and only walked three men.

Benson's baseball team threw a scare into a league by playing the Lincoln Cardinals to a 2-1 score. Up until the last half of the sixth, it looked dark for the Cards as the score stood 1-1, but the Cards got the winning run in the seventh.

Lee Sitton was sent in in the seventh to save the game, and he held the Techs scoreless. A double by Walker in the last half of the seventh with two men on gave the Cardinals their one run win,

In their first game of the second half, the Benson team went deeper into the prep cellar by losing a loosely-played tilt to Jefferson by a score of 8-3. Lloyd Purcell started on the mound for the Techs, and despite a wobbly perform-

ance, managed to last until the first of the seventh when he was relieved by Bobelle. Bobelle, going into the game with the bases loaded and nobody out, promptly struck out the first two batters. The next hitter singled cleanly to center scoring two runs, but the damage was already done and more runs didn't change the outcome of the game.

Behind the three-hit pitching of Bruce Bobelle, the Benson crew breezed through their second victory of the season by staving off Commerce Hi's last inning rally when Commerce had men on first and second and only one out.

Benson scored their first run in the second on two hits and an error. Win Wittche started the ball rolling with a clean hit through the infield. Saatze, getting only his third hit of the season, sent Wittche to second. Wittche scored from second on Isberg's lazy fly that a Commerce man dropped. The Tech's other score came in the sixth on bingles by Staatz and Isberg.

This is as far as the season progressed when this article was written. At the end of the ninth game, Benson won two and lost seven, putting them in a tie for last place with Commerce.

First Row: Heiniman, King, Parsons, Booth, Drlica  
Second Row: Frey, Mr. Messing, Gunst

## GOLF

The Benson golf squad started off the 1936 season with a bang when they trounced the Commerce golfers  $8\frac{1}{2}$  to  $3\frac{1}{2}$  on the Eastmoreland golf course. The hard-playing Mechanics grabbed the lead early in the matches and never relinquished it. Chuck Waddell, playing number two position for the Techs, was medalist of the day with a card of 76 for the eighteen holes.

Al Mills was the Stenog ace when he bested Norman Parsons, Benson's number one man, taking two of the three points. In their first matches in prep league competition, Reuben Gunst and Jack King took  $2\frac{1}{2}$  points and 2 points respectively from their opponents.

The second matches of the season were with the Jefferson squad. The Jeffersonians took the Techmen  $8\frac{1}{2}$  to  $3\frac{1}{2}$ . Norman Parsons accounted for 2 of the  $3\frac{1}{2}$  points for Benson.

The Tech machine played excellent golf in their next matches and outclassed the Lincoln Cardinals on the Eastmoreland course by a score of  $11\frac{1}{2}$  to  $\frac{1}{2}$ . Carlson replaced King in the Benson team and fared well in the competition.

Grant was the next school in line for

the Techs. The Grant Generals handed the Bensonites their second loss of the season by defeating them  $8\frac{1}{2}$  to  $3\frac{1}{2}$ .

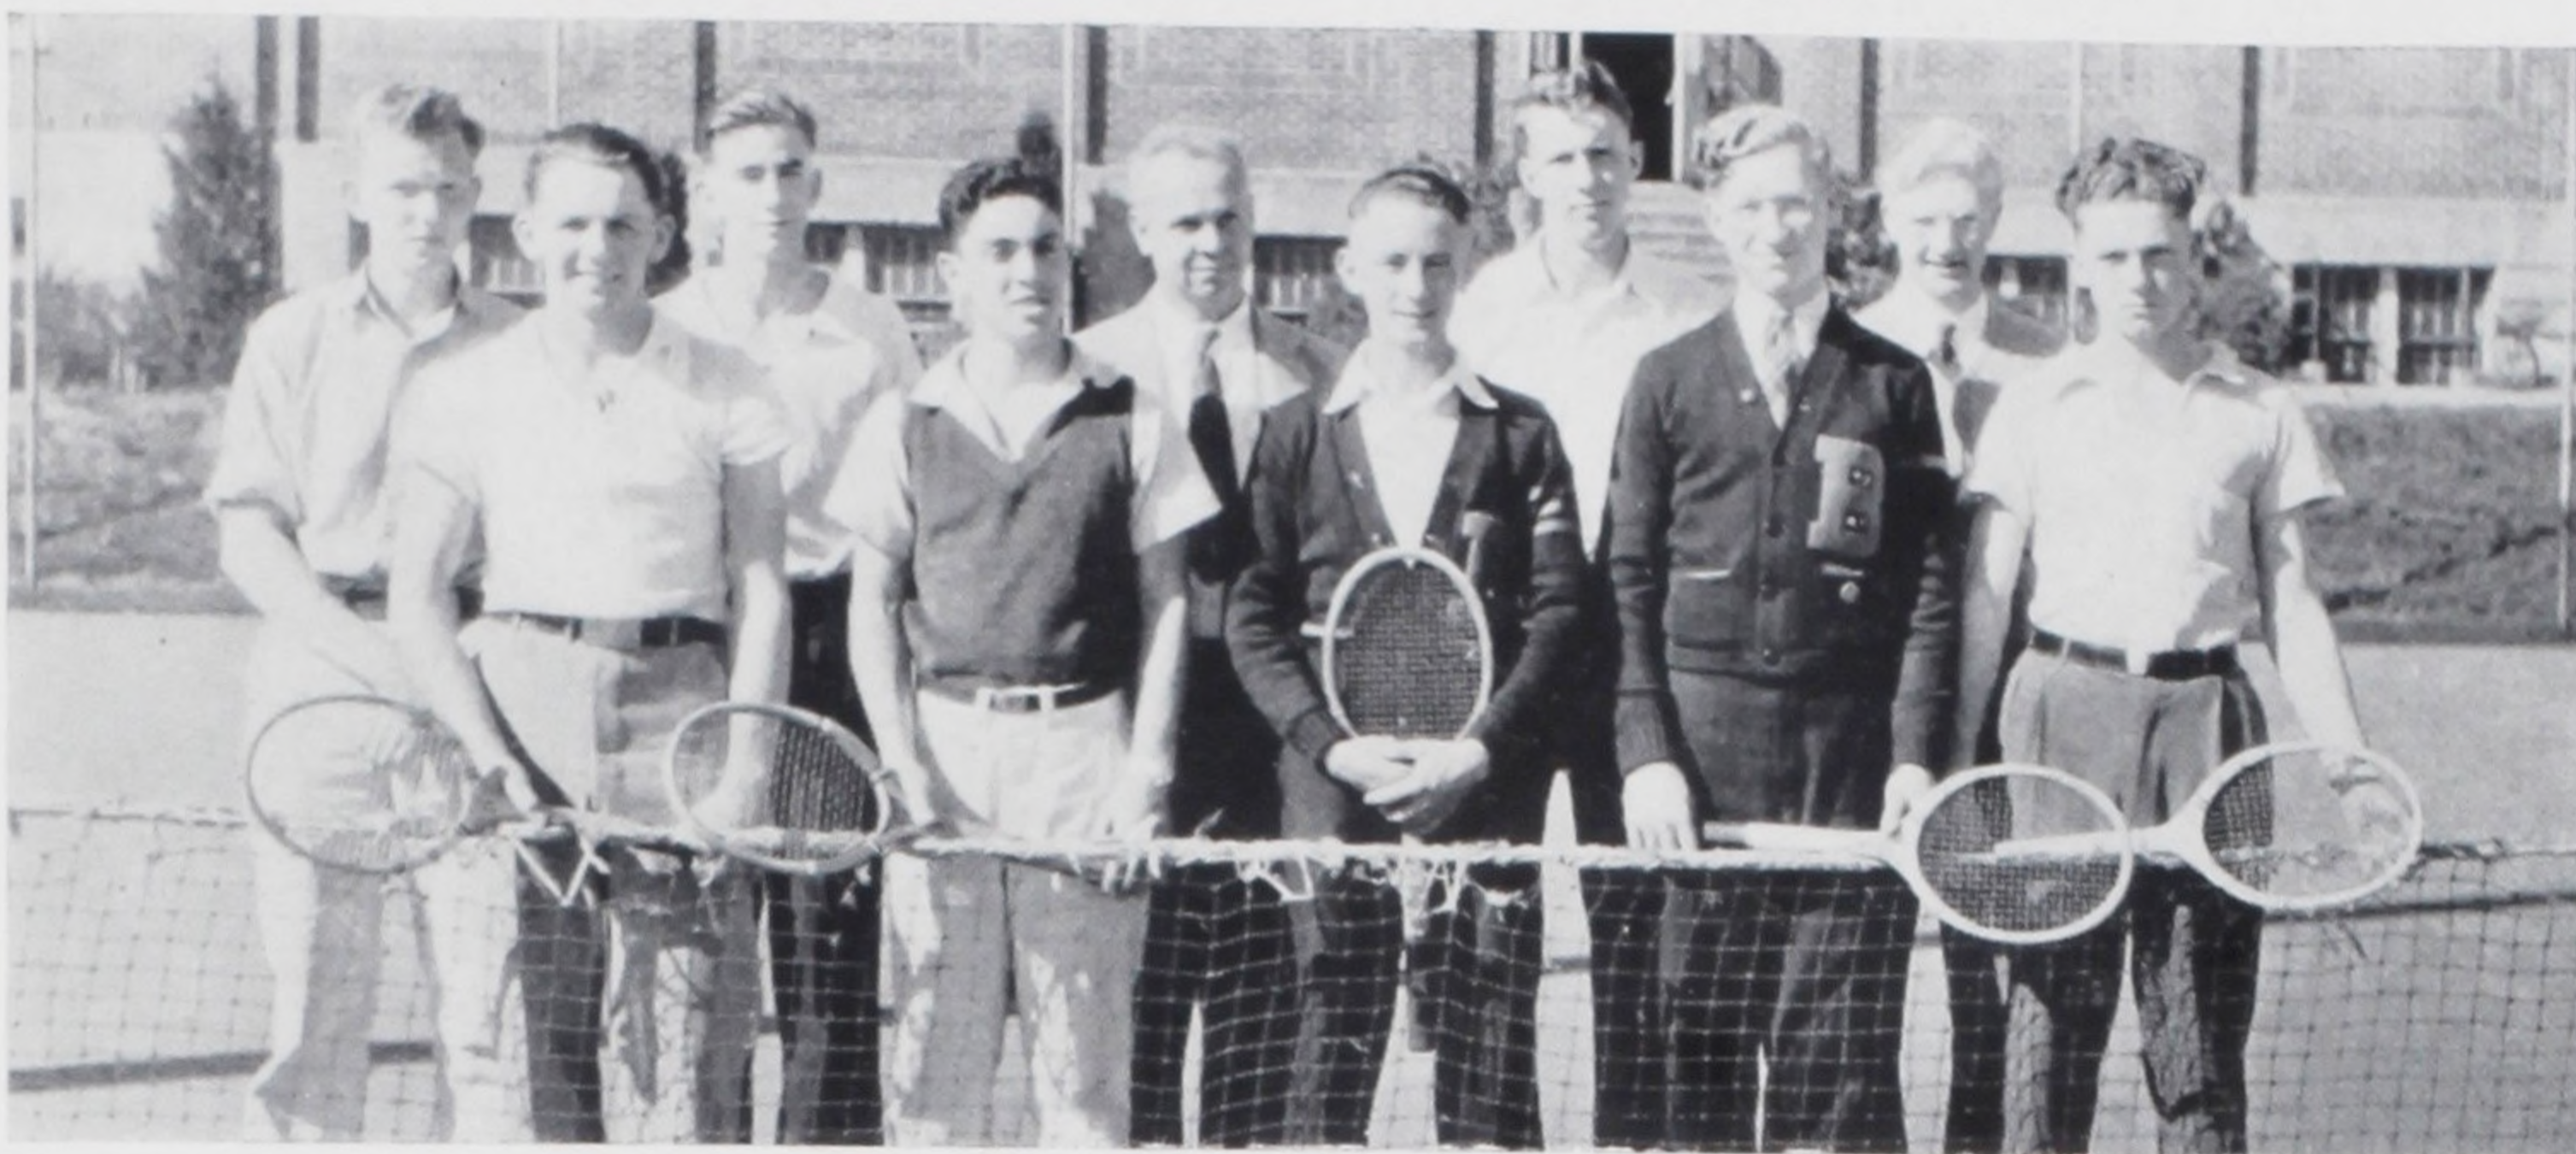

Closing the season with an  $8\frac{1}{2}$  to  $3\frac{1}{2}$  loss at the hands of the Washington Colonials, the Benson golf squad slipped into fourth place standings in the prep league. Norman Parsons turned in a brilliant 75 to win medalist honors for the day. Parson's low score was only three over par for the eighteen holes. Chuck Waddell, Reuben Gunst and Jack King all went down by way of an eighteenth hole jinx.

The loss still left the Benson team in fourth place. Jefferson, Grant, and Washington all tied for first place honors with a standing of four wins and one loss each.

After the season was finished, Mr. Messing, Benson's golf coach, picked what he thought were the best men of the 1936 season. Only one Techman, **N**orman Parsons, received rating.

Benson should have a good golf team next year according to Coach Messing, as only one letterman, Chuck Waddell, will graduate.

Front Row: Sohler, Osipovich, Lloyd, Bartel, White  
Back Row: Presley, Buschman, Mr. Oldright (Adv.), Woldt, Drlica

## TENNIS

Tennis, a minor sport in Benson, seems as if it will go some place this year. Although only two lettermen are returning, one, the captain of this year's squad, Bob Lloyd, is playing tennis for his fourth year for Benson, and the other, Walter Bartel, is a strong singles player of no mean ability. Both Lloyd and Bartel are playing in the singles this year, being Benson's number one and two men respectively.

Because of no returning tennis lettermen in the doubles rank, the doubles team this year was chosen from a tournament and then a challenge round. In the challenge round some really flashy tennis was produced, with the lanky Bob Woldt and Taylor White upsetting all pre-dope predictions by defeating their opponents, thereby taking the Benson doubles crown and giving themselves the position of number one doubles team on this year's Tech squad.

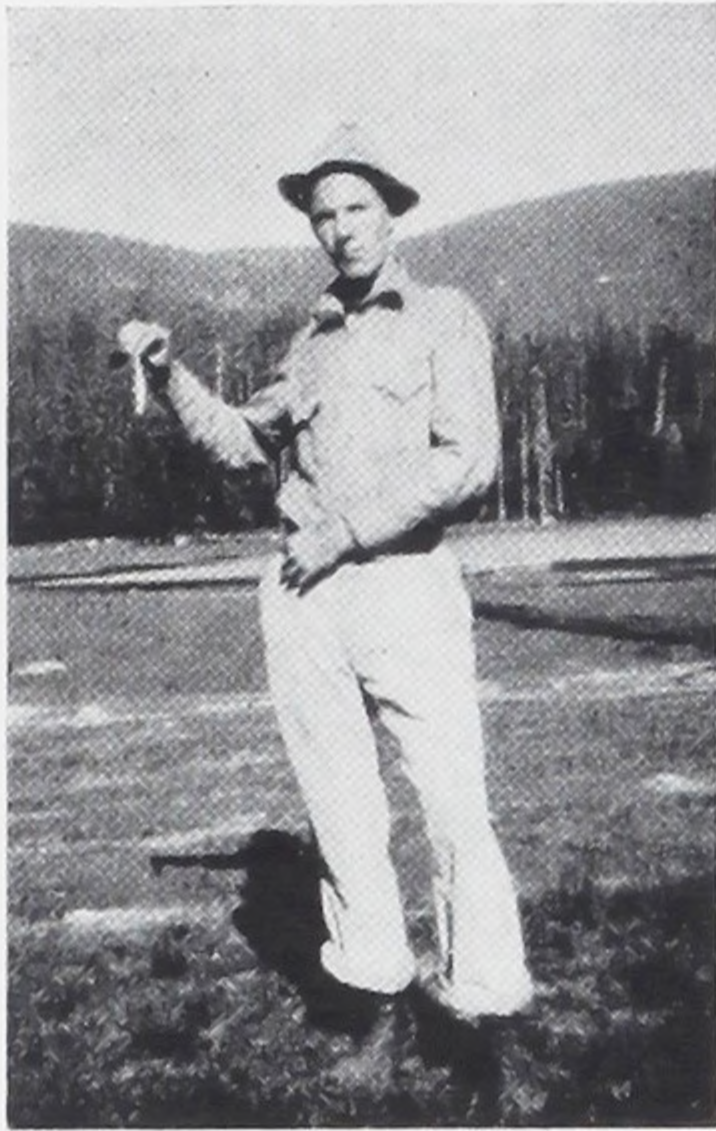

Without losing a match, Woldt and White swept through the combinations of Buschman-Fleming, Sohler-Elmgren, and Presley-Osipovich. The last team, Presley and Osipovich, was set up as the prime favorite at the start of the elimination to take the title without opposition, but they were taken in stride by the fast-coming duo of Woldt and White, who stopped them in three hotly-contested sets, 4-6, 6-2, 6-2. In their other

matches they encountered fairly smooth sledding, defeating in turn Sohler and Elmgren by the score of 6-3, 1-6, and 8-6 in a fast match, and the Buschman-Fleming team to the tune of straight sets, 7-5, 7-5. Because of the torrid weather the latter match produced the only sluggish, mediocre tennis of the rounds.

Presley and Osipovich, by virtue of their wins over Buschman-Fleming and Sohler-Elmgren, established themselves as the Number Two doubles team and will alternate with Woldt and White against the various prep squads. The Sohler-Elmgren duo breezed into the third place position when they put the anchor on the Buschman-Fleming team. The fact that the four teams forming the challenge round were the four teams seeded in the first tourney shows the expert care with which the three-year veteran southpaw star, Bob Lloyd, and the coach, cagey Leo Oldright, selected the four top teams. With such a talented doubles team, and the two outstanding singles stars of the city in Lloyd and Bartell, plus capable reserves, Oldright has the makings of a championship racket squad.

Because of the early date at which the copy was written, it is impossible to give the results of any matches in this year's tennis season.

The colonel touring Europe did not believe in forgetting those he left behind. To his son in college he wrote:

"I am now standing on the cliff from which Spartans used to throw their defective children. Wish you were here."

"This suit I am wearing is a wonder."

"It looks like a hand-me-down to me."

"But the wool was grown in Australia, the cloth was woven in New Jersey, the thread was made in England, the suit was made in Rochester, and the dealer I brought it from lives in Cincinnati."

"Nothing unusual about that."

"No, but it's a wonder that so many people make a living out of something I have never paid for."

Newly wed—Did you make these biscuits with your own little hands?

Bride—Why, yes, darling.

Newly wed—Well, who in heck helped you lift them out of the oven?

Uncle—Engaged to four girls at once! How do you explain such shameless conduct?

Nephew—I don't know, unless Cupid shot me with a machine gun.

"My dear, listen to this," gasped an elderly English woman who was traveling with her husband for the first time in one of our Southern states. "On this bill of fare it says, 'Baked Indian Pudding.' Can such things be possible in a country which claims to be civilized?"

"Say young man, how long does the next train stop at this station?" the old lady asked the ticket agent.

"Two to two to two two," replied the man.

"Well, I declare," exclaimed the old lady. "Be you the whistle?"

Litchford, Iwanick, Bushman, and Kildahl are going to erect a barber pole four and a half miles the other side of Oregon City, because they had a close shave there.

### TIT FOR TAT

An Englishman and an Irishman lived in a coast town. Both owned boats.

One day the Englishman decided to christen his, and on the stern painted: "Henry the Eighth."

"An' wot the divvle will I name mine?" mused the Irishman. Rejecting the suggestion of the others that he call his "George the Fifth," he became suddenly inspired, took out brush and paint and inscribed the legend: "March t' Seventeenth."

Football coach—What experience have you had?

Hopeful—Well, last summer I was hit by two autos and a truck.

### POEM

Coroner—Mr. Riley was shot with a .38 revolver at close range by his wife.

"Detective" Hallock—Gee, there must have been powder marks on his coat.

Coroner—Yes, that's why she shot him.

The reporter was sent to write up a charity ball. Next day the editor called him to the desk.

"Look here, what do you mean by this? 'Among the most beautiful girls was Horatio Lucian Dingley. Why, you crazy idiot! Old Dingley isn't a girl, and besides he's one of our principal stockholders.'"

"I can't help that," returned the realistic reporter, "that's where he was."

Office Boy (nervously)—“Please sir, I think you’re wanted on the phone.”

Employer—“You think! What’s the good of thinking?”

Office Boy—“Well sir, the voice at the other end said ‘Hello, is that you, you old idiot?’”

Manager (pointing to cigarette end on floor)—“Smith, is that yours?”

Smith (pleasantly)—“Not at all, sir, you saw it first.”

Mother—“What did your father say when you smashed the new car?”

Son—“Shall I leave out the swear words?”

Mother—“Yes, of course.”

Son—“He didn’t say a word.”

The president of a local light company was making a stirring address.

“Think of the good the light company has done,” he cried. “If I were permitted a pun I should say ‘Honor the Light Brigade’”.

And a customer immediately shouted, “Oh, what a charge they made.”

“Don’t waste your time loafing,” admonished the professor, noting that 10 boys were congregating in the corner of the room, talking.

“We’re not loafing, sir,” spoke up one of the group. “There are only ten of us here, and it takes leaven to make a loaf.”

## THE MASTER ENGRAVERS

15 S. W. Fourth Avenue

An Englishman was touring Scotland on a lecturing campaign. One night he gave a fiery address. "I was born an Englishman," he said. "I am today an Englishman, and I shall die an Englishman."

A voice rose with an unmistakable accent from the rear of the room. "Goot night, mon. Ha' ye no ambition?"

Voice (on the telephone)—Zander! Zander! Z! Z! No, not C. ABCDEFGHIJKLMNOPQRSTUVWXYZ.

"I 'aven't 'ad a bite for days," said a tramp to the landlady of the 'George and Dragon.' "D'yer think you could spare me one?"

"Certainly not," replied the landlady.

"Thank yer," said the tramp, and slouched off; but a few minutes later he was back.

"What d'yer want now?" asked the landlady.

"Could I 'ave a few words with George?" queried the tramp.

Math Teacher—"Now we find X is equal to zero."

Scorcio—"Gee! All that work for nothing."

George Adams (at a basketball game)—See that fellow down there? Well, in a few weeks he'll be our best man.

The gal—Oh, George. This is so sudden.

Early to bed

And early to rise

Keeps the kid brother

From wearing one's ties.

To get rid of storing and hauling charges, an auctioneer was trying to auction off some old automobiles.

Auctioneer—How much am I bid for this car?

Geo. Litchford—Nothing.

Auctioneer—Sold!

Geo. Litchford—But I don't want it. I was only joking.

Auctioneer—Take it away or I'll sue you. You made a bid.

Teacher—Tommy, what does the prefix 'mag' mean?

Tommy—Large.

Teacher—Give an illustration.

Tommy—I like magpies.

"Do you know what Paul Revere said after he made his famous ride?"

"No, what did he say?"

"Whoa."

John, aged six, was told that he had to go to the hospital to have his tonsils removed, and his mother was bolstering up his morale. "I'll be brave and do just what you tell me, mother," he promised, "but I betcha one thing, they don't palm off no crying baby on me, like they did on you when you were in the hospital."

Mistress—"Help! Your master's drawer has been rifled."

Servant—"I didn't do it. None of my keys fit it."

Askit—What was all the fuss about in front of the movie theater?

Tellit—Two Scotchmen were trying to get in on the same ticket on the grounds that they were half-brothers.

*Meier & Frank Co.*  
“PORTLAND’S OWN STORE”

B. Woldt—In the Italo-Ethiopian war, you know those machines, what do you call them, that run on a caterpillar track and tear down barbwire fences?

E. Burnes—Tanks.

B. Woldt—You’re welcome.

Serg.-at-Arms (Howard Carlson)—Order, order.

Art Mendenhall—Two hamburgers, French fried spuds, coffee, and two sinkers.

Mr. Urquhart—Haddan, don’t you know you can’t sleep in my class?

Haddan—I could if you wouldn’t talk so much.

Halfback (siding up to football ref.)—Say, can I be penalized for something I didn’t do?

Referee—Of course not.

Halfback—Well I just wanted to be sure, I forgot to report.

“Laugh that off,” said the fat man’s wife as she sewed his vest button on with wire.”

What is Scotland Yard?

Answer—Two feet eleven inches.

Customer—"Have you the book called 'Man, the Ruler'?"

Salesgirl—"Fiction department, on the first floor, sir."

Officer—I don't know why the men should grumble. This soup is really excellent.

Sergeant—They wouldn't grumble, sir, if the cook would admit it was soup. But he insists that it is coffee.

The primary grade teacher had been telling the children all about the wind—its power, its effects, etc. On Friday afternoon she thought she would see how much they remembered about the subject. So she assumed her most enthusiastic manner and said: "Children, as I came to school today in the trolley car, the door opened and something came in and softly kissed me on the cheek. What do you think it was?"

The children gleefully answered in one voice: "The conductor!"

Caller—"Can your little dog do any tricks?"

Hostess—"Yes, if you will whistle three times, he will bring you your hat."

The mechanic's lesson was in progress at the university, and the professor was demonstrating a piece of apparatus. "You will have noticed," he spouted, "that this machine is operated by a crank." Then he wondered why the students laughed.

Mike O'Shaw obtained a position at an observatory and spent most of the time watching the professors at the telescopes.

One night a professor walked in, went to a telescope, and began to make an observation. Just then a star fell. Mike gasped.

"Begorra, that was a foine shot, sir," he said with great admiration. "Why ye hardly had time to take aim at it."

Mistress—"Help! Your master's drawer has been rifled."

Servant—"I didn't do it. None of my keys fit it."

Then there's the deaf and dumb husband who wore boxing-gloves to bed so he wouldn't talk in his sleep.

Professor (to unruly freshman)—"Tell me, sir, what has become of your ethics?"

Freshman—"Oh, sir. I traded it in long ago for a Hudson."

The people in our part of town are watching the result of a very interesting conflict.

What is it?

An irresistible blonde just met an immovable bachelor.

1st CCC-ite—"I think that new cook we have just got must be an old baseball umpire."

2nd Ditto—"What makes you think so?"

1st Ditto—"Didn't you just see him dust off that plate with a whisk broom?"

Australian, entering hospital:

"Ullow, Bill."

"Ullow, Steve."

"Come in to die?"

"No, yesterdy."
