Looking back...

What Am I Trading?

As I sit here cleaning my room I come across memories, objects which just last week seemed of little importance, yet now I miss them even though they are right in front of me. It is of little week of school, and the senior activates bring us to the inevitable that we are about to part from our friends. We talk about our futures and sign our pictures "Keep in touch!" as if to make it easier for us because we all know we won't. I thought it would take forever to get here, and now I am wondering where my last four years went. It seems like just yesterday I was a freshman trying to make a name for myself, and now I am a senior asking my self if who I became is really want to be. I have my share of freshman crushes and "accidental" brushings in the hall to make me a giddy school for weeks, but sophomore year was different. I independence and a job along with it. I was stepping forward in a different way. I had a bittersweet taste. Love and heartbreak, I guess it's a package deal. My last year, it is finally here. I kept myself busy with school and church. Being Drum Major takes a lot of attention, but the joy it brings is great. Just yesterday I was a little freshman, and now I'm going to into the real world in just a few short days.

I took my time for granted and didn't realize jus how fast this time was summing. I wished that I had stopped to smell the roses along the way. Graduation. Fro a moment all the fears wash away to let in some excitement and joy. I am exchanging the day for the rest of my life. I can waste if or use it, but when tomorrow comes, today is gong forever leaving me with what I have traded it for. This time is for gain, not loss, for good, not evil, for right, not wrong, for success, not failure. Today is my day to use if for the best that is in me so that I will never regret that price that I have paid for this day.

Graduation

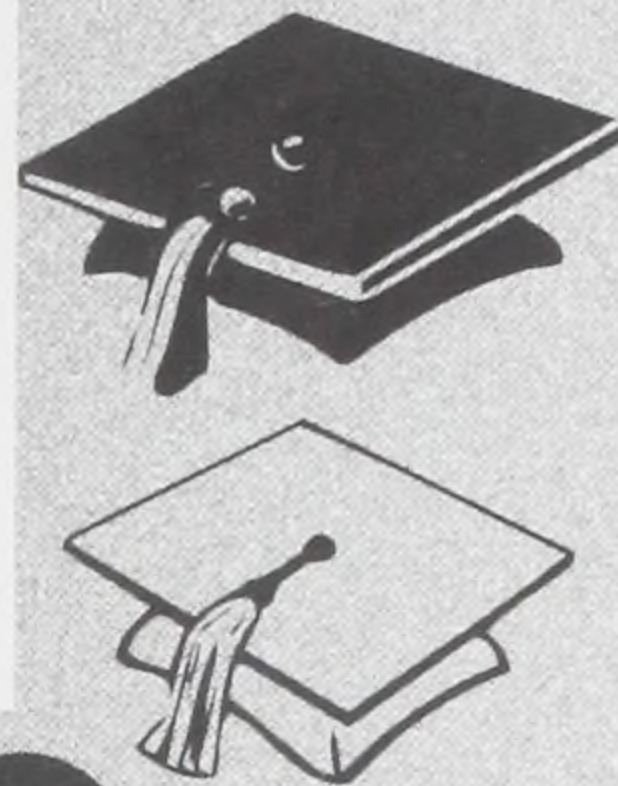

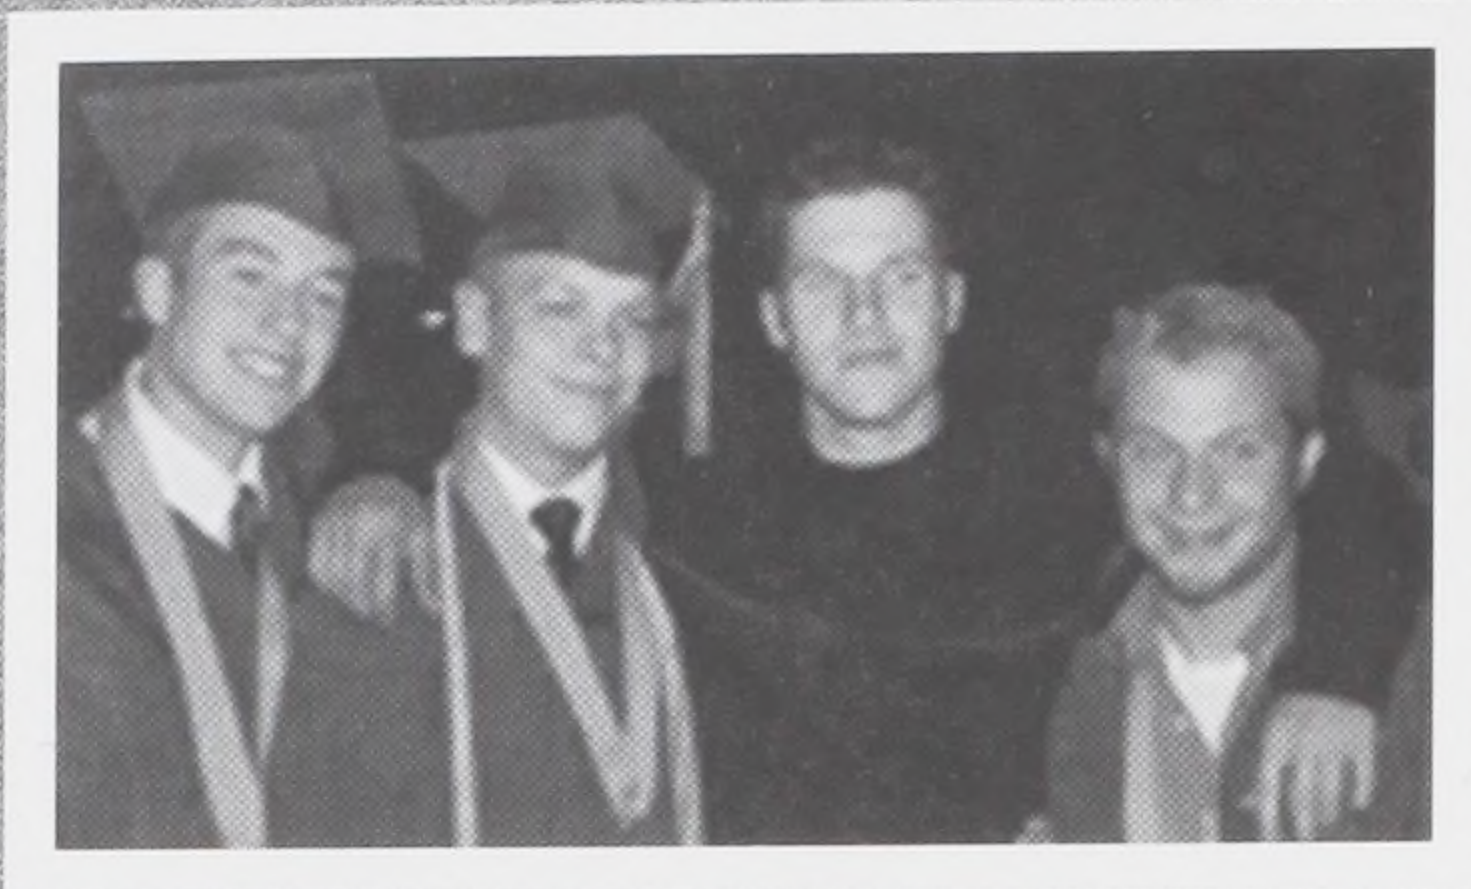

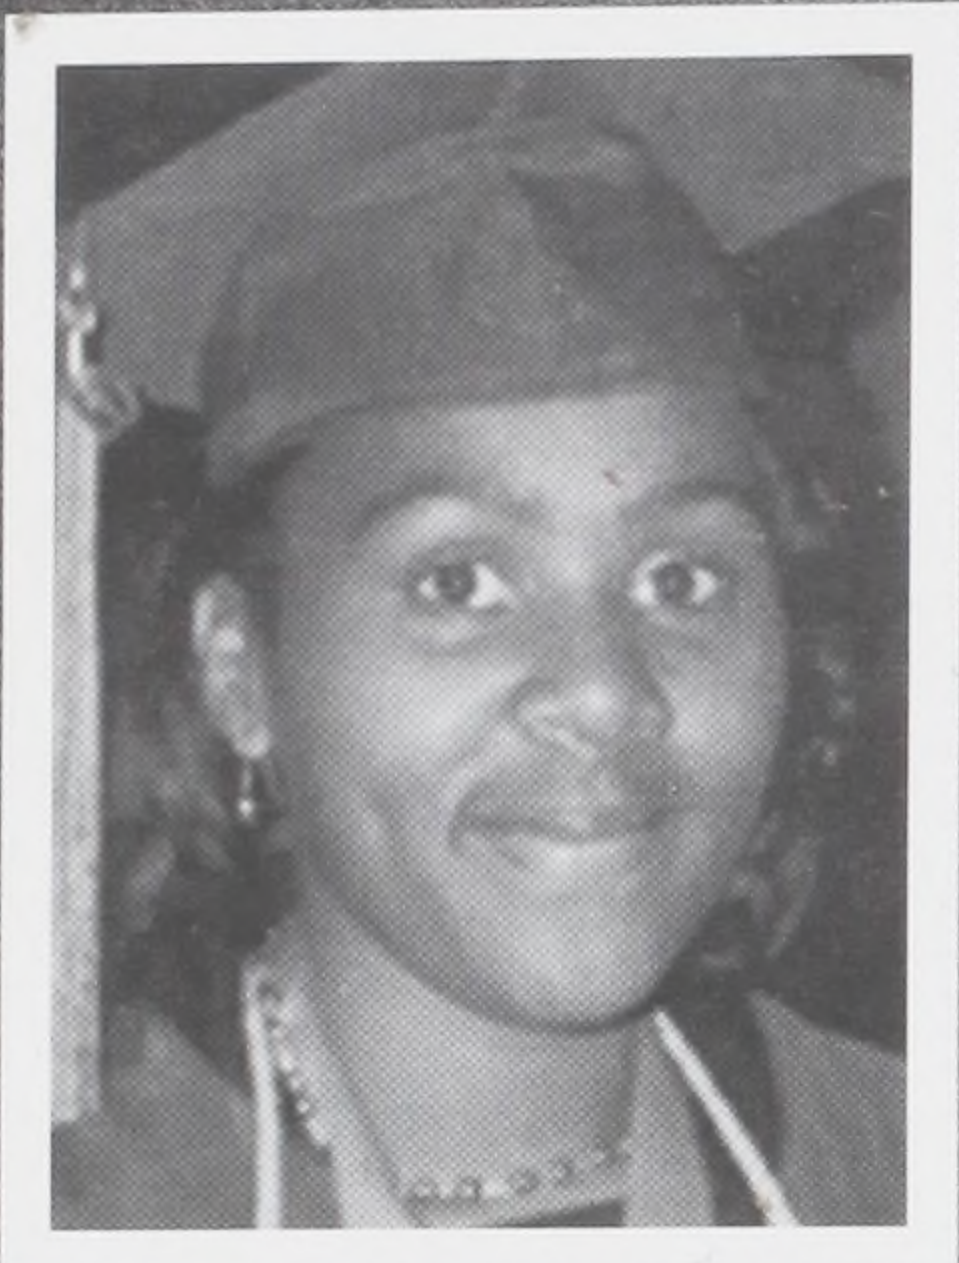

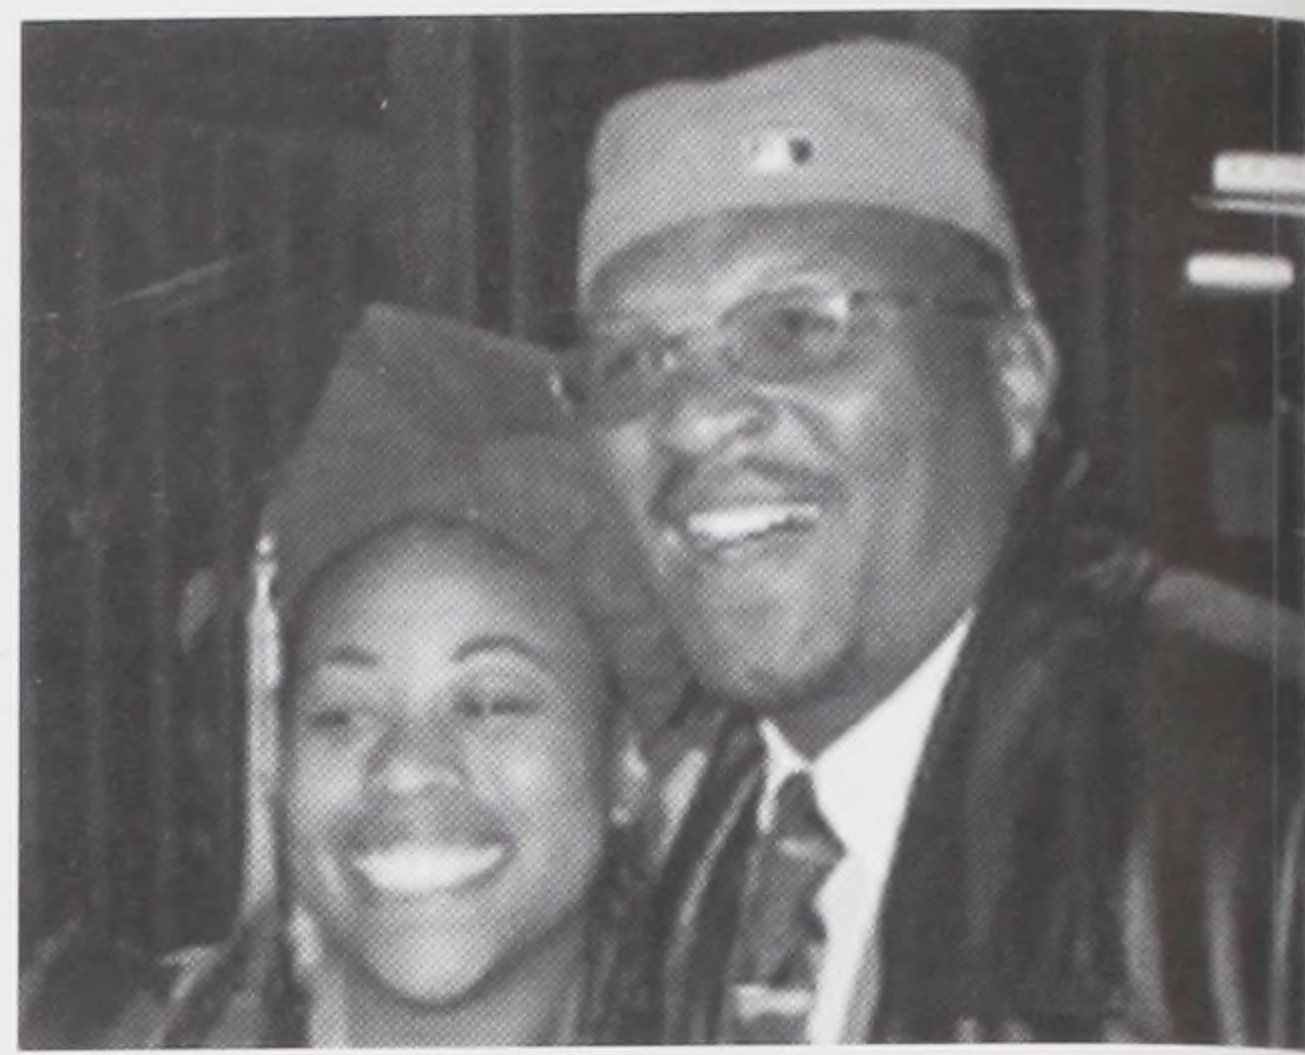

As I sit here with two days left before school is out and eight days before graduation, I have realized how much this all means to me. It seems like just yesterday, towards the end of my junior year when I was sitting in my counselors office with my mother discussing if I was going to graduate in time or not. My counselor told me that she didn't think I could make it, but if it meant a lot to me I could give it a try. If she would have told me that during my sophomore year I probably would have just given up, but it was the end of junior year and I saw every one of my friends and classmates around me getting excited about our last year and being seniors together. Sitting on the side of the gym that we as seniors have waited to do four years and the thought of graduation together brought tears to my eyes. Right then and there I realized that I wanted to be happy right along with the rest of the class of 2001.

Now there I am, two days until the last day until the last school day FOREVER, and eight days until I get to walk across that same stage that each one of my classmates are walking across to receive our High School diplomas. I may not have been the best student, but I sure did try my hardest to get me where I am today.

A Mid-summer

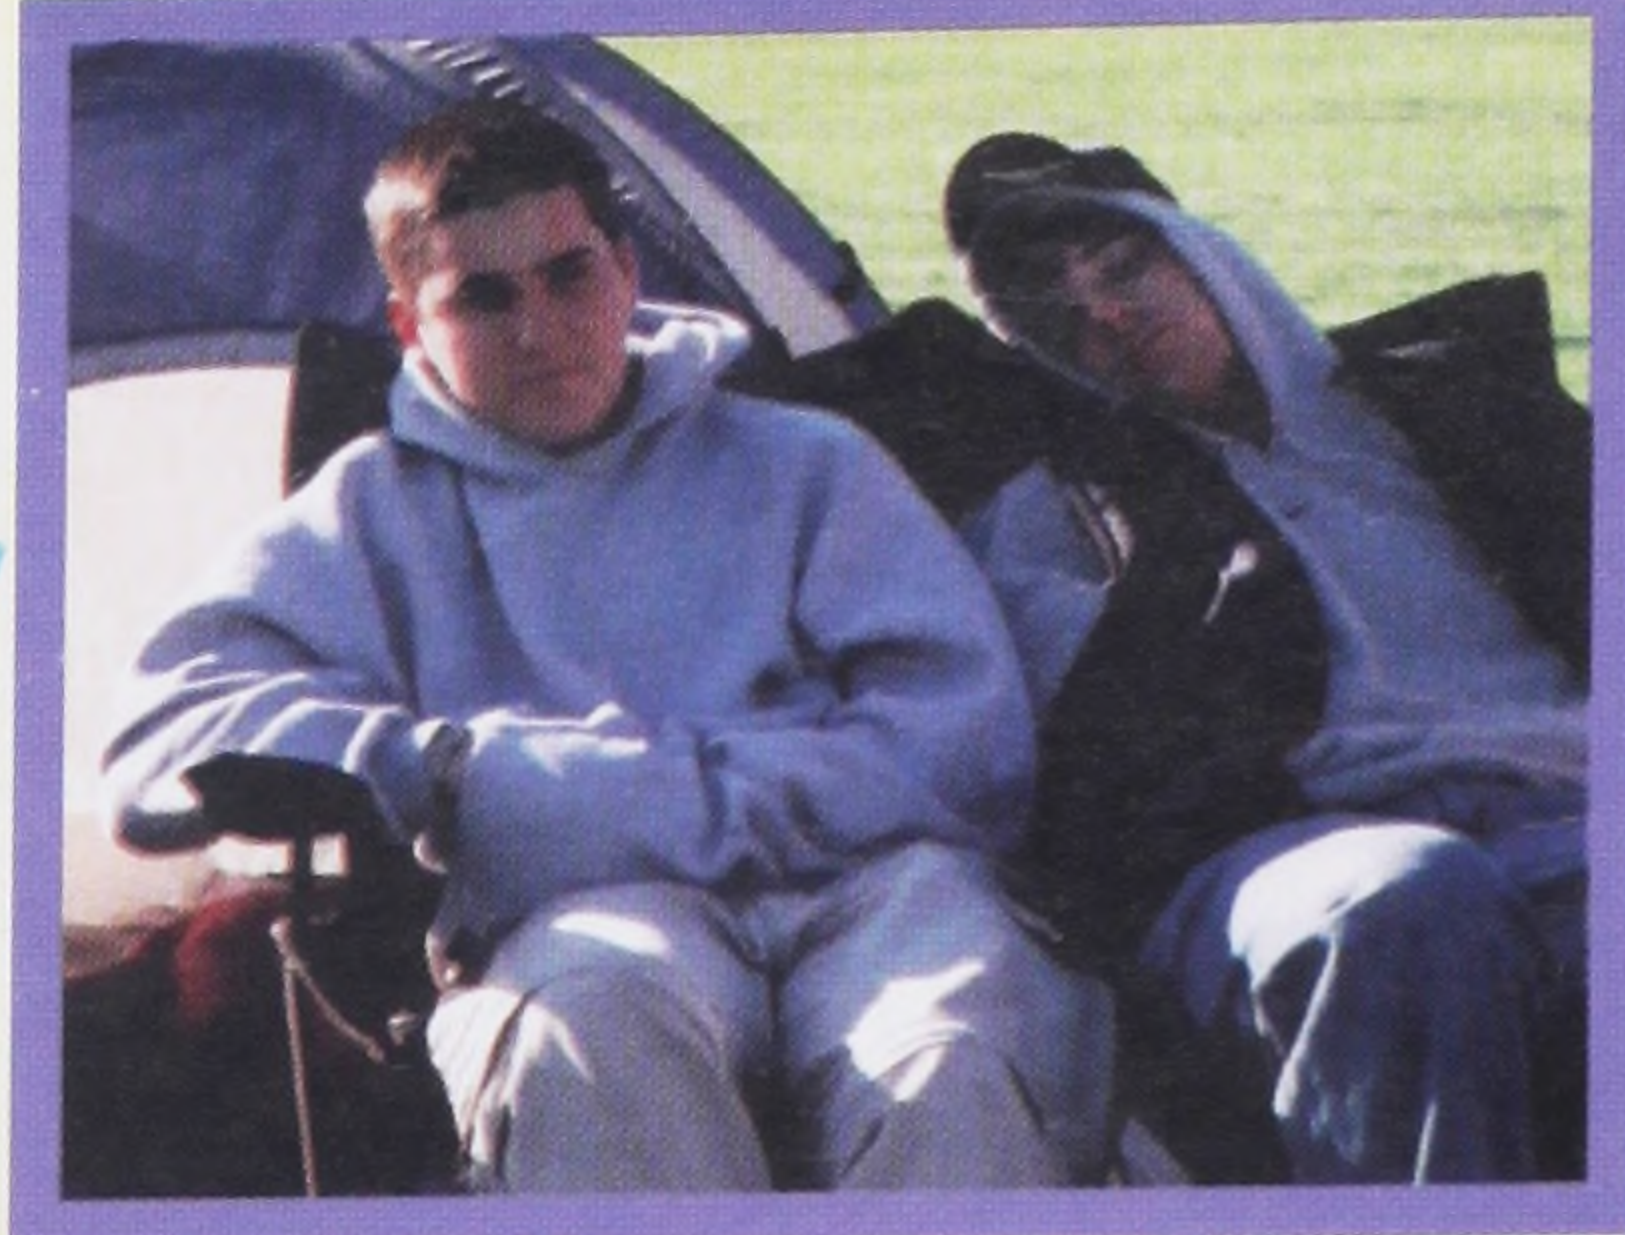

The night was filled with dreams to come true and memories to be made. The prom celebrated this year at the Portland Art Museum was truly a night to remember. The guys were dressed in their finest and the ladies looked beautiful in their gorgeous gowns and delightful dresses. The theme this year was A Mid-Summer Night's Dream and it fit in well with the garden like decorations and twinkling lights hanging from the ceiling. The night couldn't have been better and was topped off with Jeremy Wyatt and LaToya Kamara as our king and queen. On that May evening, the seniors of Benson High School took away with them memories they will never forget.

A Farewell

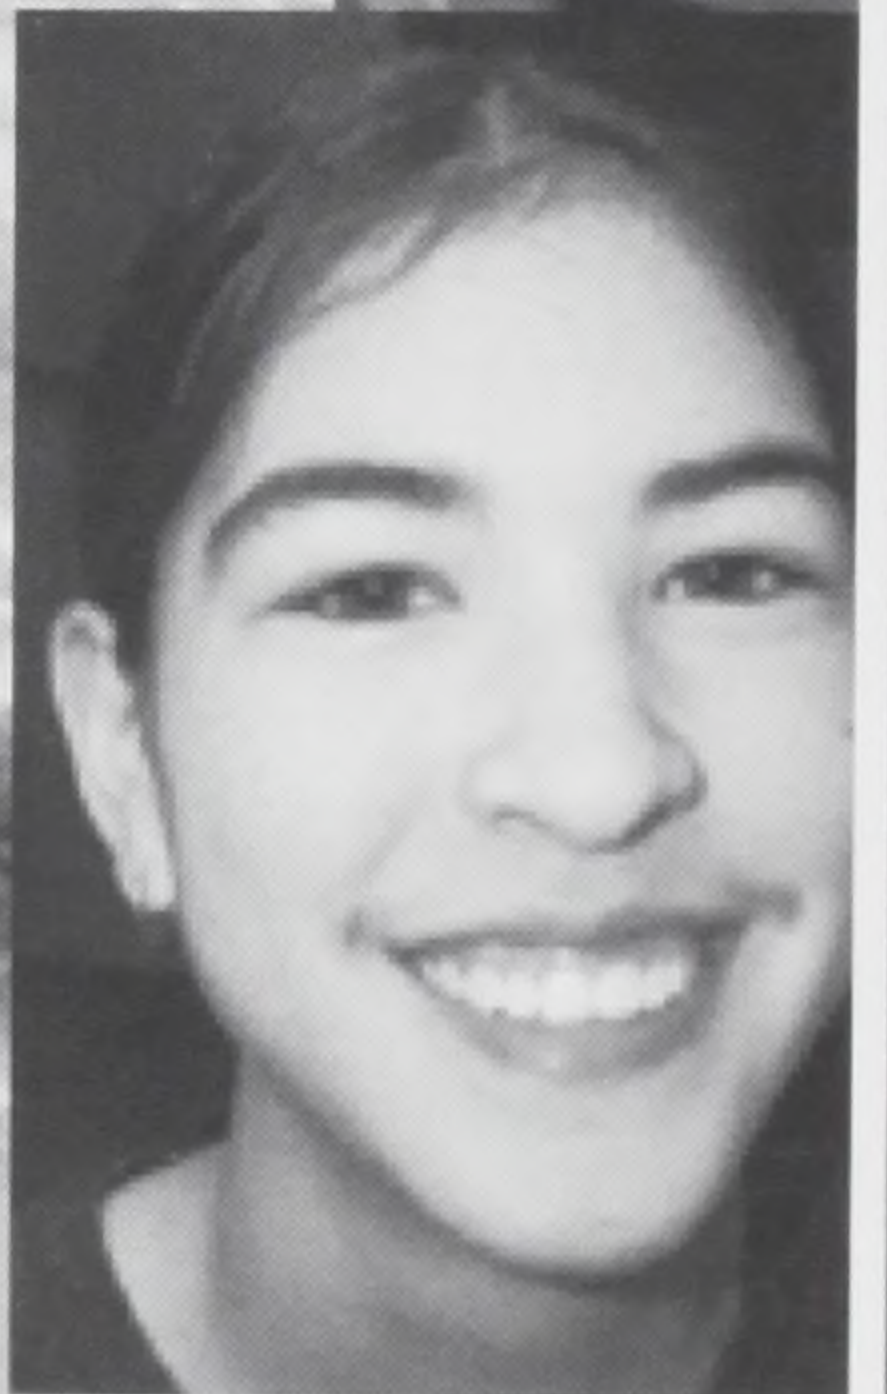

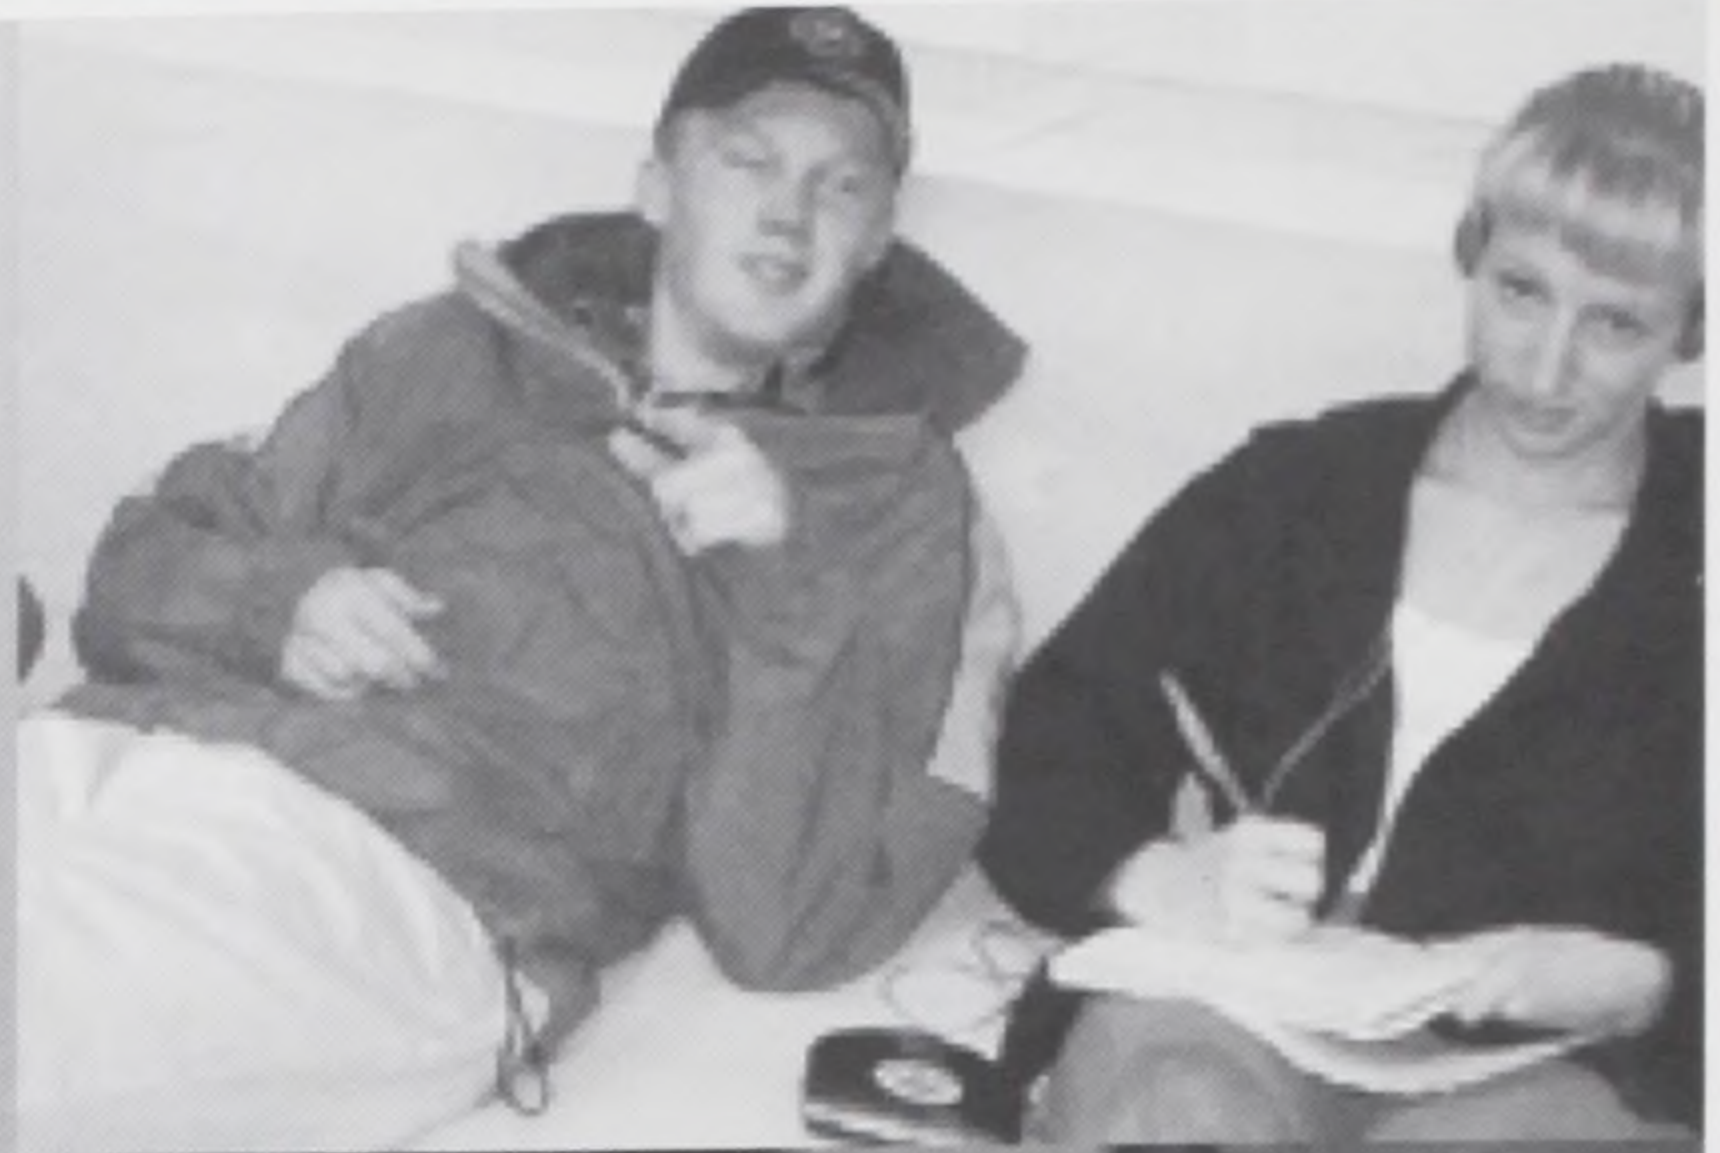

Four years have already gone by
As you said your last good-bye
Coming to Benson this year
I realize that you're no longer here
How cruel fate has been
For me to lose such a good friend
You have come, and you have gone
Graduating with the class of 2001
Spreading you wings
You have started to fly
Leaving me here at Benson High
You must explore the world that awaits you
And I'll soon explore it too
I watched you fly away
On your graduation day
And I couldn't believe you were leaving me behind
But I guess all I could do was miss you
And all I could say was
Good-bye

This winter, Benson had its very first bowling team. After school on Tuesdays and Thursdays, you could go to Hollywood Bowl and hear the pins crash down. There were three men's teams and one women's team. In February, all teams competed in districts only to fall short of going to state. All in all, it was a good first season.

Ah, the smell of grass, chip trails, and about fifty sweaty teenagers. It's that wonderful fragrance of Cross-country. Cross-country is a challenging sports that requires both mental and physical strength. It is long-distance running on grassy fields and chip trails. As easy as that may sound, it takes hard work, dedication, and will power.

This season both the men and women had a young team full of talent. Mike Wilson lead the way for the boys, finishing 6th at Districts and running exceptionally well at the state meet. Although the Boys' team will be losing three seniors (Mike Downing, Jim Sandberg, and Mike Wilson), they are talented and energetic team awaiting another season. The girls struggled with an incomplete team for the majority of the season, but that didn't hold them back. Front runner Amy King the won the dual meet against Wilson finishing 9th at Districts. While the Girls' team lack depth, there is a lot of talent that is waiting to explode next season.

Despite a low turnout this season, the Techmen and Techsters are eagerly awaiting another season to use their gifts.

This season the Techsters were unstoppable. The phrases for the season "Together we will" and this year "Together we did!" These hard working ladies kicked butt and had lots of fun in the process. This season they were the P.I.L. Champions and represented Benson at the state tournament, where our team had an unfortunate loss to St. Mary's and North Medford. But we all know the Techsters will return next year and go all the way. This year was very exciting; so don't hesitate supporting women's sports. At all the levels you might be surprised at how good they are and how much fun they are to watch.

Madison Ceasar, Wiley King Jr., Josh Young, and JR Waller. After the Homecoming vs Cleveland. We won 31-0

We had a good season, we didn't finish like we wanted to but we still made good progress. Most of our offensive and defensive leaders were seniors but we still have underclassmen that have show leadership, which will be very helpful to them next year. Many on our seniors are going to college and prolonging their football careers, I look forward to seeing them succeed. Thank you for the Benson Football experience.

Good luck in the coming years!

Womens

For the first time in the history of Benson women's soccer, the hope of making the state playoffs was real. Despite numerous injuries and the odds against us, we ended up just one point shy of making it to the playoffs. This year we were the only team to give Grant a run for their undefeated spot in the league and beat Cleveland, the defending PIL champions. With confidence on our side, we upset the league standings.

Our coach Kelli Wedin took the honorable award of Coach of the Year, while our teammate Mori Onick, broke ground becoming the first person to make first team All City from Benson. This year's team was full of veterans and will suffer a great loss when 10 seniors graduate. We hope that the underclassmen will step up and take in stride our success.

In addition we would like to thank our faithful supporters who came out rain or shine with total confidence in Benson women's soccer. A special thanks to Bob Bauer for sticking it out with us for four long years, Coach Kelli for never giving up on us and Mr. Wong for always being supportive. We appreciate all of you for your time and effort.

Personal growth was the main focus of the swim season this year. It is easy to say the phases 'personal growth' and 'self-improvement', but the actual implementation of them is rather complex. Under the direction of our new swim coach; we worked on comradely, and dedication to the sport of swimming. Lillebo was dedicated; he often would get into the pool and swam with us (Speedo and all). This direct coaching style was an unexpected change, which in turn drove the entire team to care about swimming. The captains Karen Hattig and Lilamrta Logue were an essential Conner stone of coach-bo's master plan to a successful season. In the end, we were not the most athletically apt team in P.I.L, but rather the most dedicated to the sport of swimming. Our victories were by a unified team, who were all dedicated and focus to a common goal preserving an excellent standard of academics and giving a darn good try at athletics.

BENSON BLOWS UP

THE DEMO DYNASTY

March 9th the moon was full, the crowd was alive and the Benson Techmen beat the Jefferson Democrats the most exhilarating, heart pounding, and jaw dropping game of the season. In the past two years of the PIL basketball season our Techmen had lost to the number one ranked Democrats including two previous losses this year. The Techmen dominated the game winning 82-73 in front of 7,688 fans in the Memorial Coliseum proving that nothing is important till March.

Junior Varsity

The Techster's season was very successful, finishing SECOND in the PIL. Center Serena Washington, Guard Liddy Poindexter, and Guard Coya Goodman won 1st team all league awards. Even though half of the varsity team was made up of seniors, next years team will pick up from where we left off. Just remember to keep your emotional tanks high, and you will succeed next year and go far!!! Good Luck.

Love your 2001 seniors!

This season was full of memorable moments. One of the greatest moments occurred while on the road, and included a triple victory over Wilson, Jefferson, and Grant! The tremendous support that both the men's and women's teams showed, made for an atmosphere of intense high school spirit.

During practice, the energy of the players and coaching staff made me realize how incredible this year's team really was. They all made coaching this year very enjoyable and the time just flew by. Next years players will have to be ready to work hard on the court and in the classrooms.

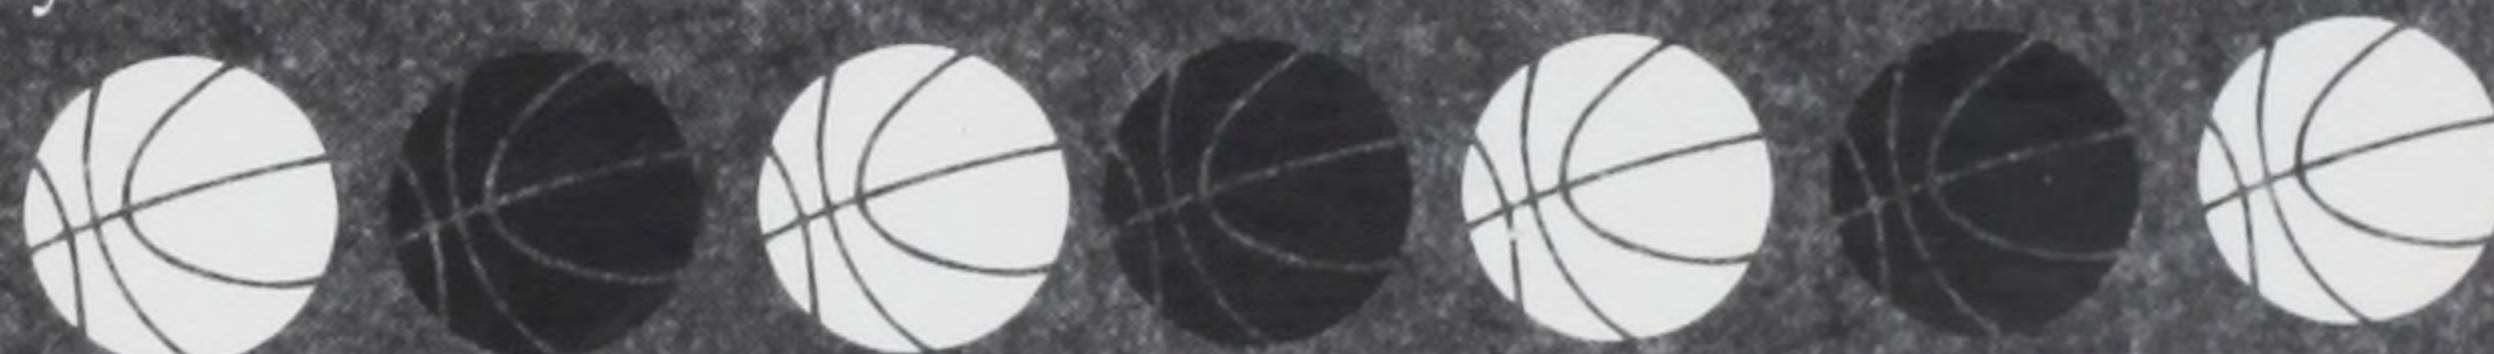

Benson should be proud to have such great Basketball teams! All the players work hard on the court as well as in their classes. This dedication makes for some of the best, well-rounded, students in our school. Good job team! Be ready for more fun next year!

WRESTLING

P.I.L. Duel Meet Champs

Once again Benson has the title of number one. The wrestlers from Benson helped give our school the recognition of being P.I.L. duel meet champions. We beat every team that came up against us. There were a few though that were pretty close. Madison, Grant, and Cleveland were in the hunt, but we had the better balance throughout the lineup. The only thing that kept us from getting first in the District meet, was the fact that Madison received 26 free points from other school forfeits while we obtained a grand total of three. They beat us 258 to 249.

We had ten people that qualified to go to the State tournament. At 103, Hung Nguyen, placed first. At 119, Greg Ciarlante, also placed first. Tim Nieto placed second in the 125 weight class. Scott Chirgwin, at 130, placed third along with Josh Keene, a freshmen, which placed second. Joe Selinger took first at 140. Nate Fear placed fourth at 145. Nelacey Porter took home a second place ribbon at 152. Jeff Walton dominated a tough 171 pound class to place first. And, at 215, we had Mark Moore who took second.

Our freshmen also had a great season. In their District tournament, with only six wrestlers entered, we took fourth. At the 103 pound weight class we had three wrestlers entered in a full bracket of twelve. Nick Landon placed at the third place standing and Kyle Mechling receive sixth. Tony Erhardt had also wrestled but was put out after one win and two losses. Brad Porter, a first year wrestler, was entered at the 112 weight class and took first place and made his brother, Nelacey Porter, his parents, and his teammates proud, but he wasn't the only first placer. Russell Foote at the 171 pound weight class, also a first year wrestler, added Freshmen District Champ to his title, along with, the only Freshmen to play Freshmen, JV, and Varsity Football. A.J. Calderon, another first year wrestler, received a first place ribbon from his 135 lbs. weight class adding to the teams, as well as his own, victory.

There were other events that occurred this season. We were invited to a Floridian tournament down in Jacksonville. There were sixteen teams in that tournament and only two from Oregon, the rest were from Florida. Out of sixteen teams, our boys got second behind Orange Park High School. Although we went there to wrestle, who could resist hitting Disney World on the way back. We spent four out of the eight days relaxing and enjoying the Wonderful World of Disney.

In the State Championship, Benson had two placers out of the five that placed from the P.I.L. Hung Nguyen took fifth with four wins and two loss at 103. Then we had Joe Selinger take seventh with five wins and two losses. The rest of those that went to state fought bravely in the hard tournament but were unfortunate and did not place, but this does not take away from the wins they gave Benson.

After a great season, we are ready to sit around and wait for next year and salute those who spent there four years here contributing to the glory of Benson's wrestling team. Since we are giving up these tremendously skilled wrestlers and a few others, we ask that any one that wants to learn more about our sport should sign up for wrestling. Contact Coach Mechling. We need all the strength that we can find to win next years District tournament.

The baseball season was incredibly disappointing! With the lack of commitment, lack of dedication, lack of enthusiasm and lack of talent we had no real hope of success. Danny Buche won MVP in 42 of our 96 innings. A great effort. Sid Ong was most improved. I truly enjoyed having Sid on the team- a true team player. Mike Miller led the team with a .319 batting average. These three guys put forth an effort- the only effort. P.S. I have resigned as Head baseball coach after 10 years.

We had only a fair year this year, Led by our seniors Tien Le, Trieu Nguyen, Charles Parker, Deepesh Patel and Tyler Stewart. Our record this year was 3-5 in the P.I.L. My surprise was in the district doubles qualifying tournament. My unseeded double team of Tyler Stewart and Deepesh Patel defeated the 5th seeded Franklin team to reach the quarterfinals. The teams voted MVP were Tien Le and Tyler Stewart, Most Improved Deepesh Patel and Most inspirational Mazuki El.

CHEERLEADING

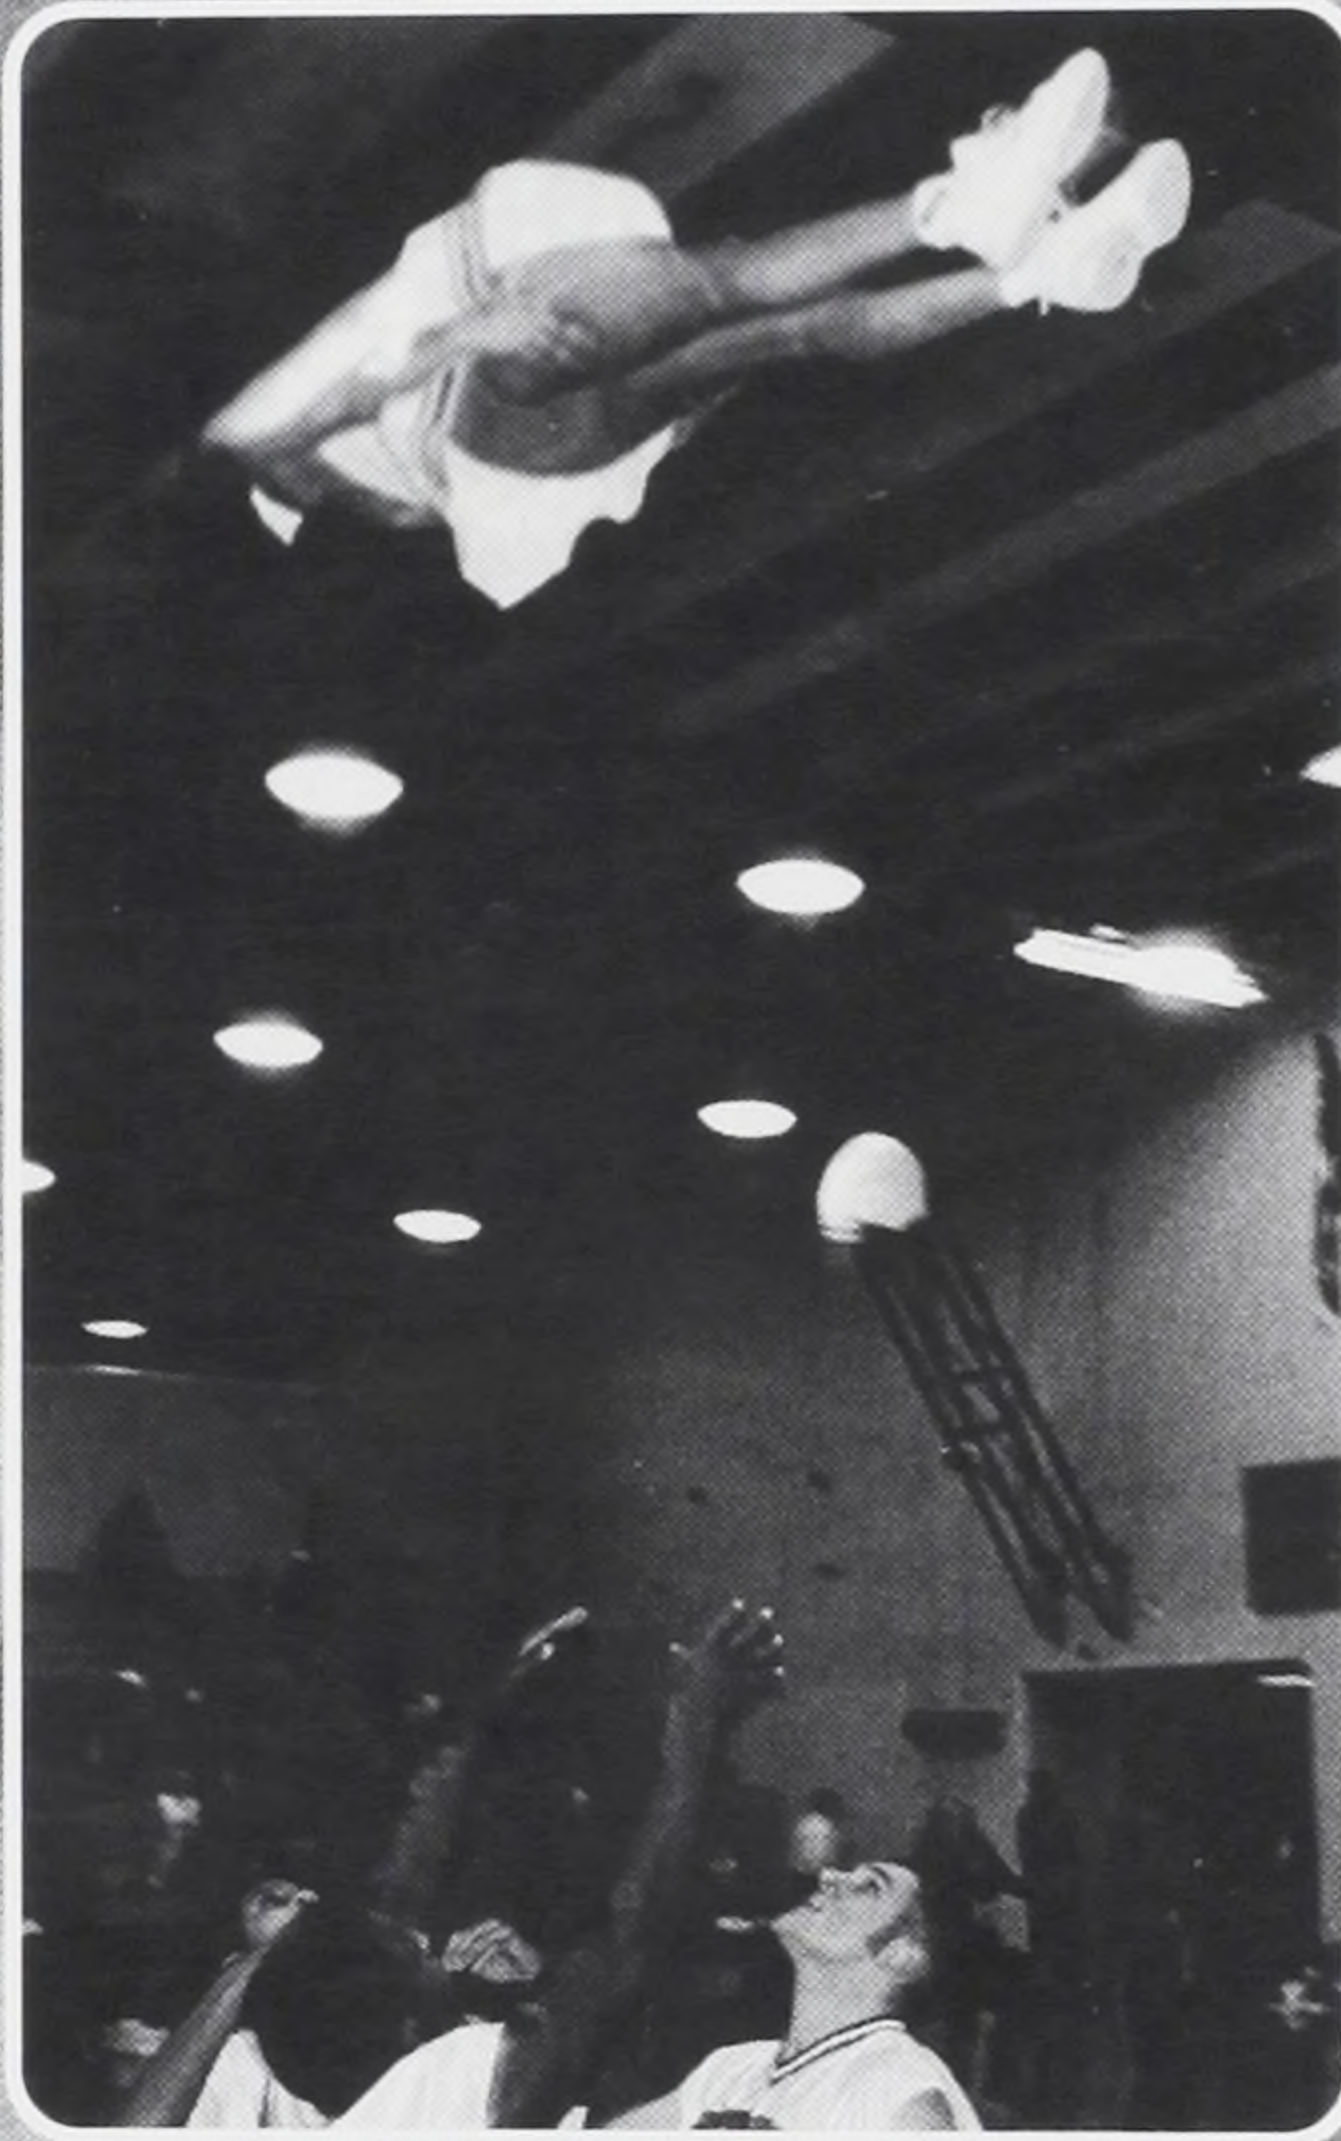

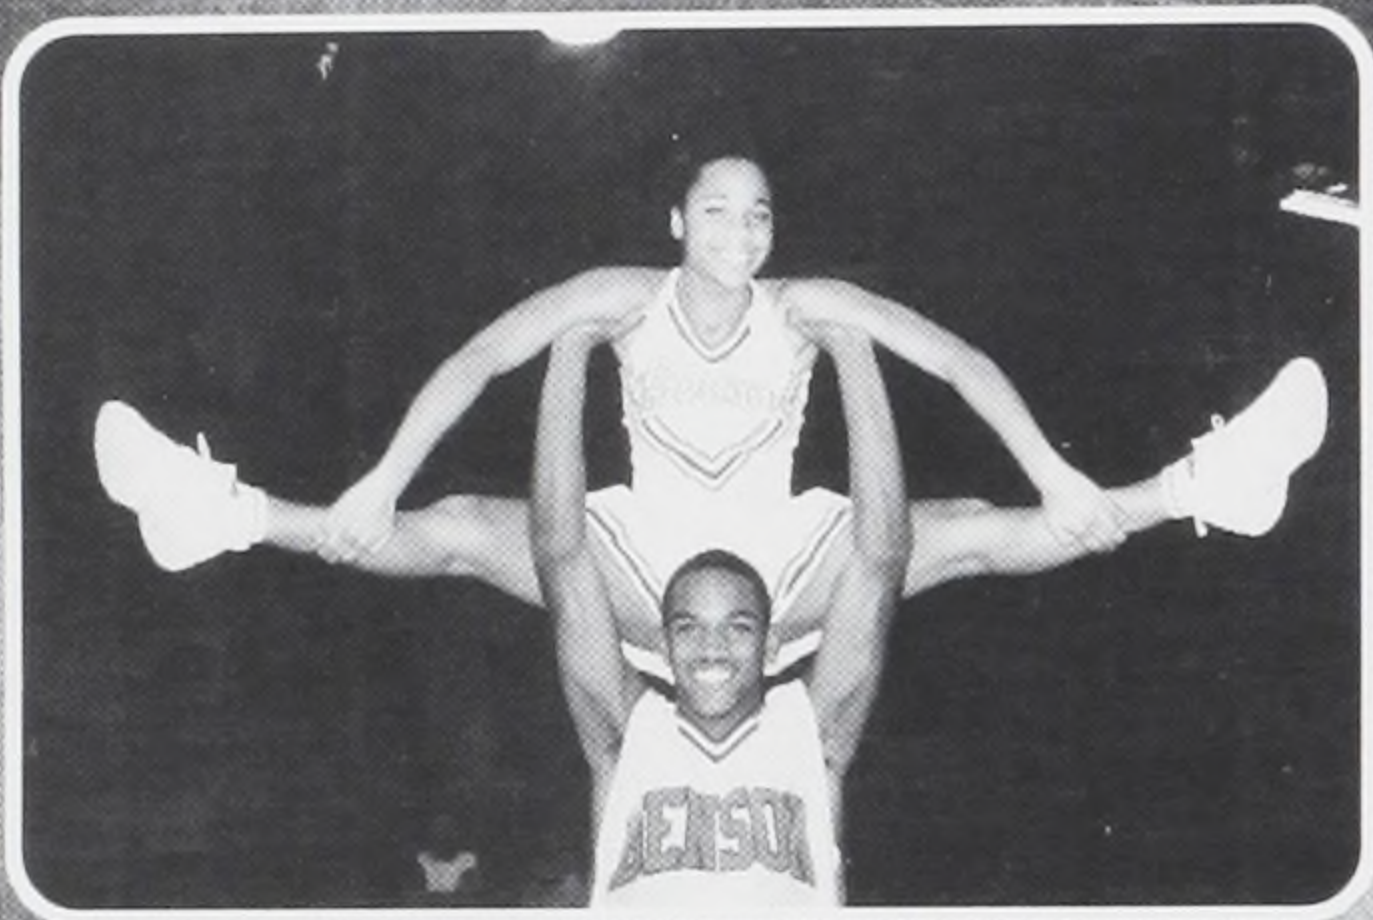

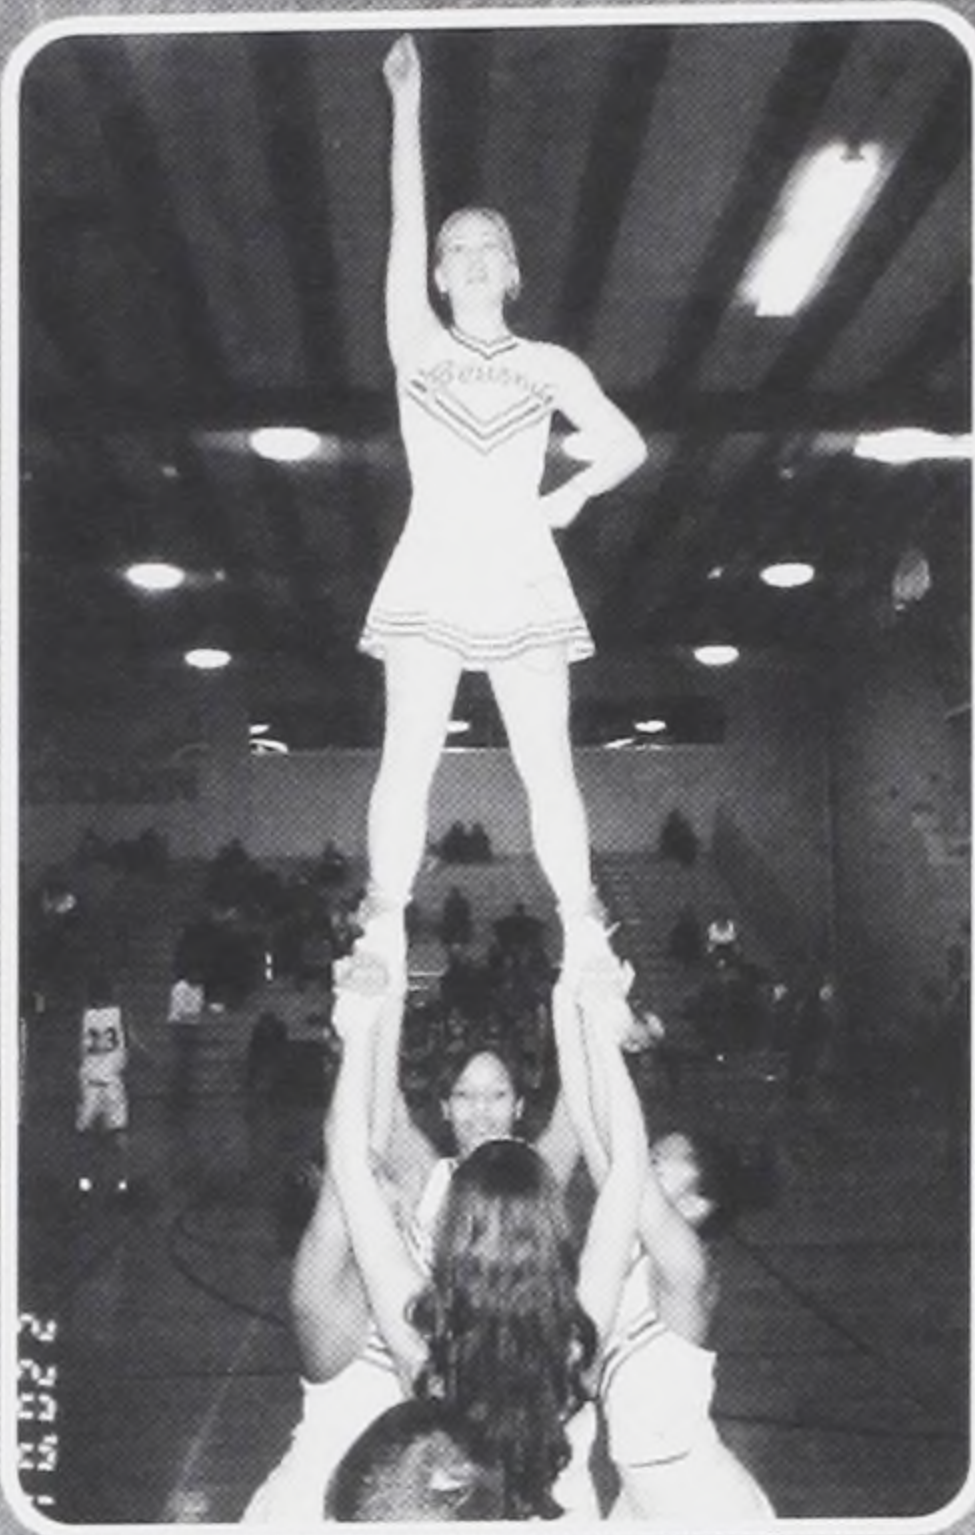

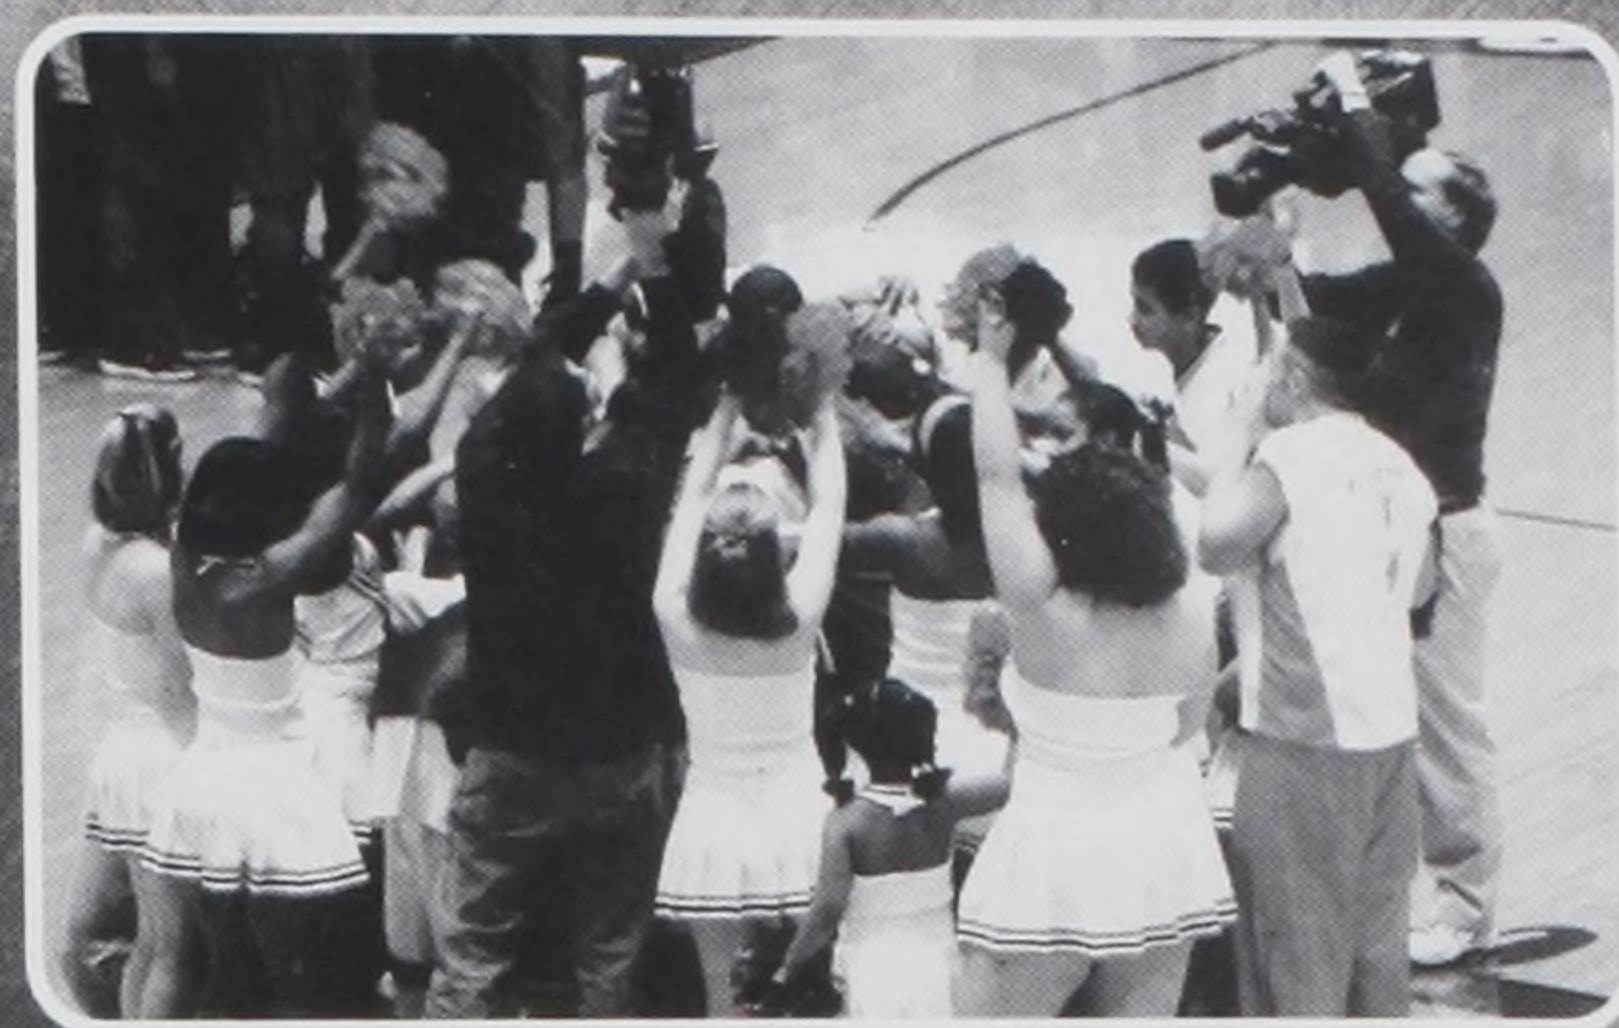

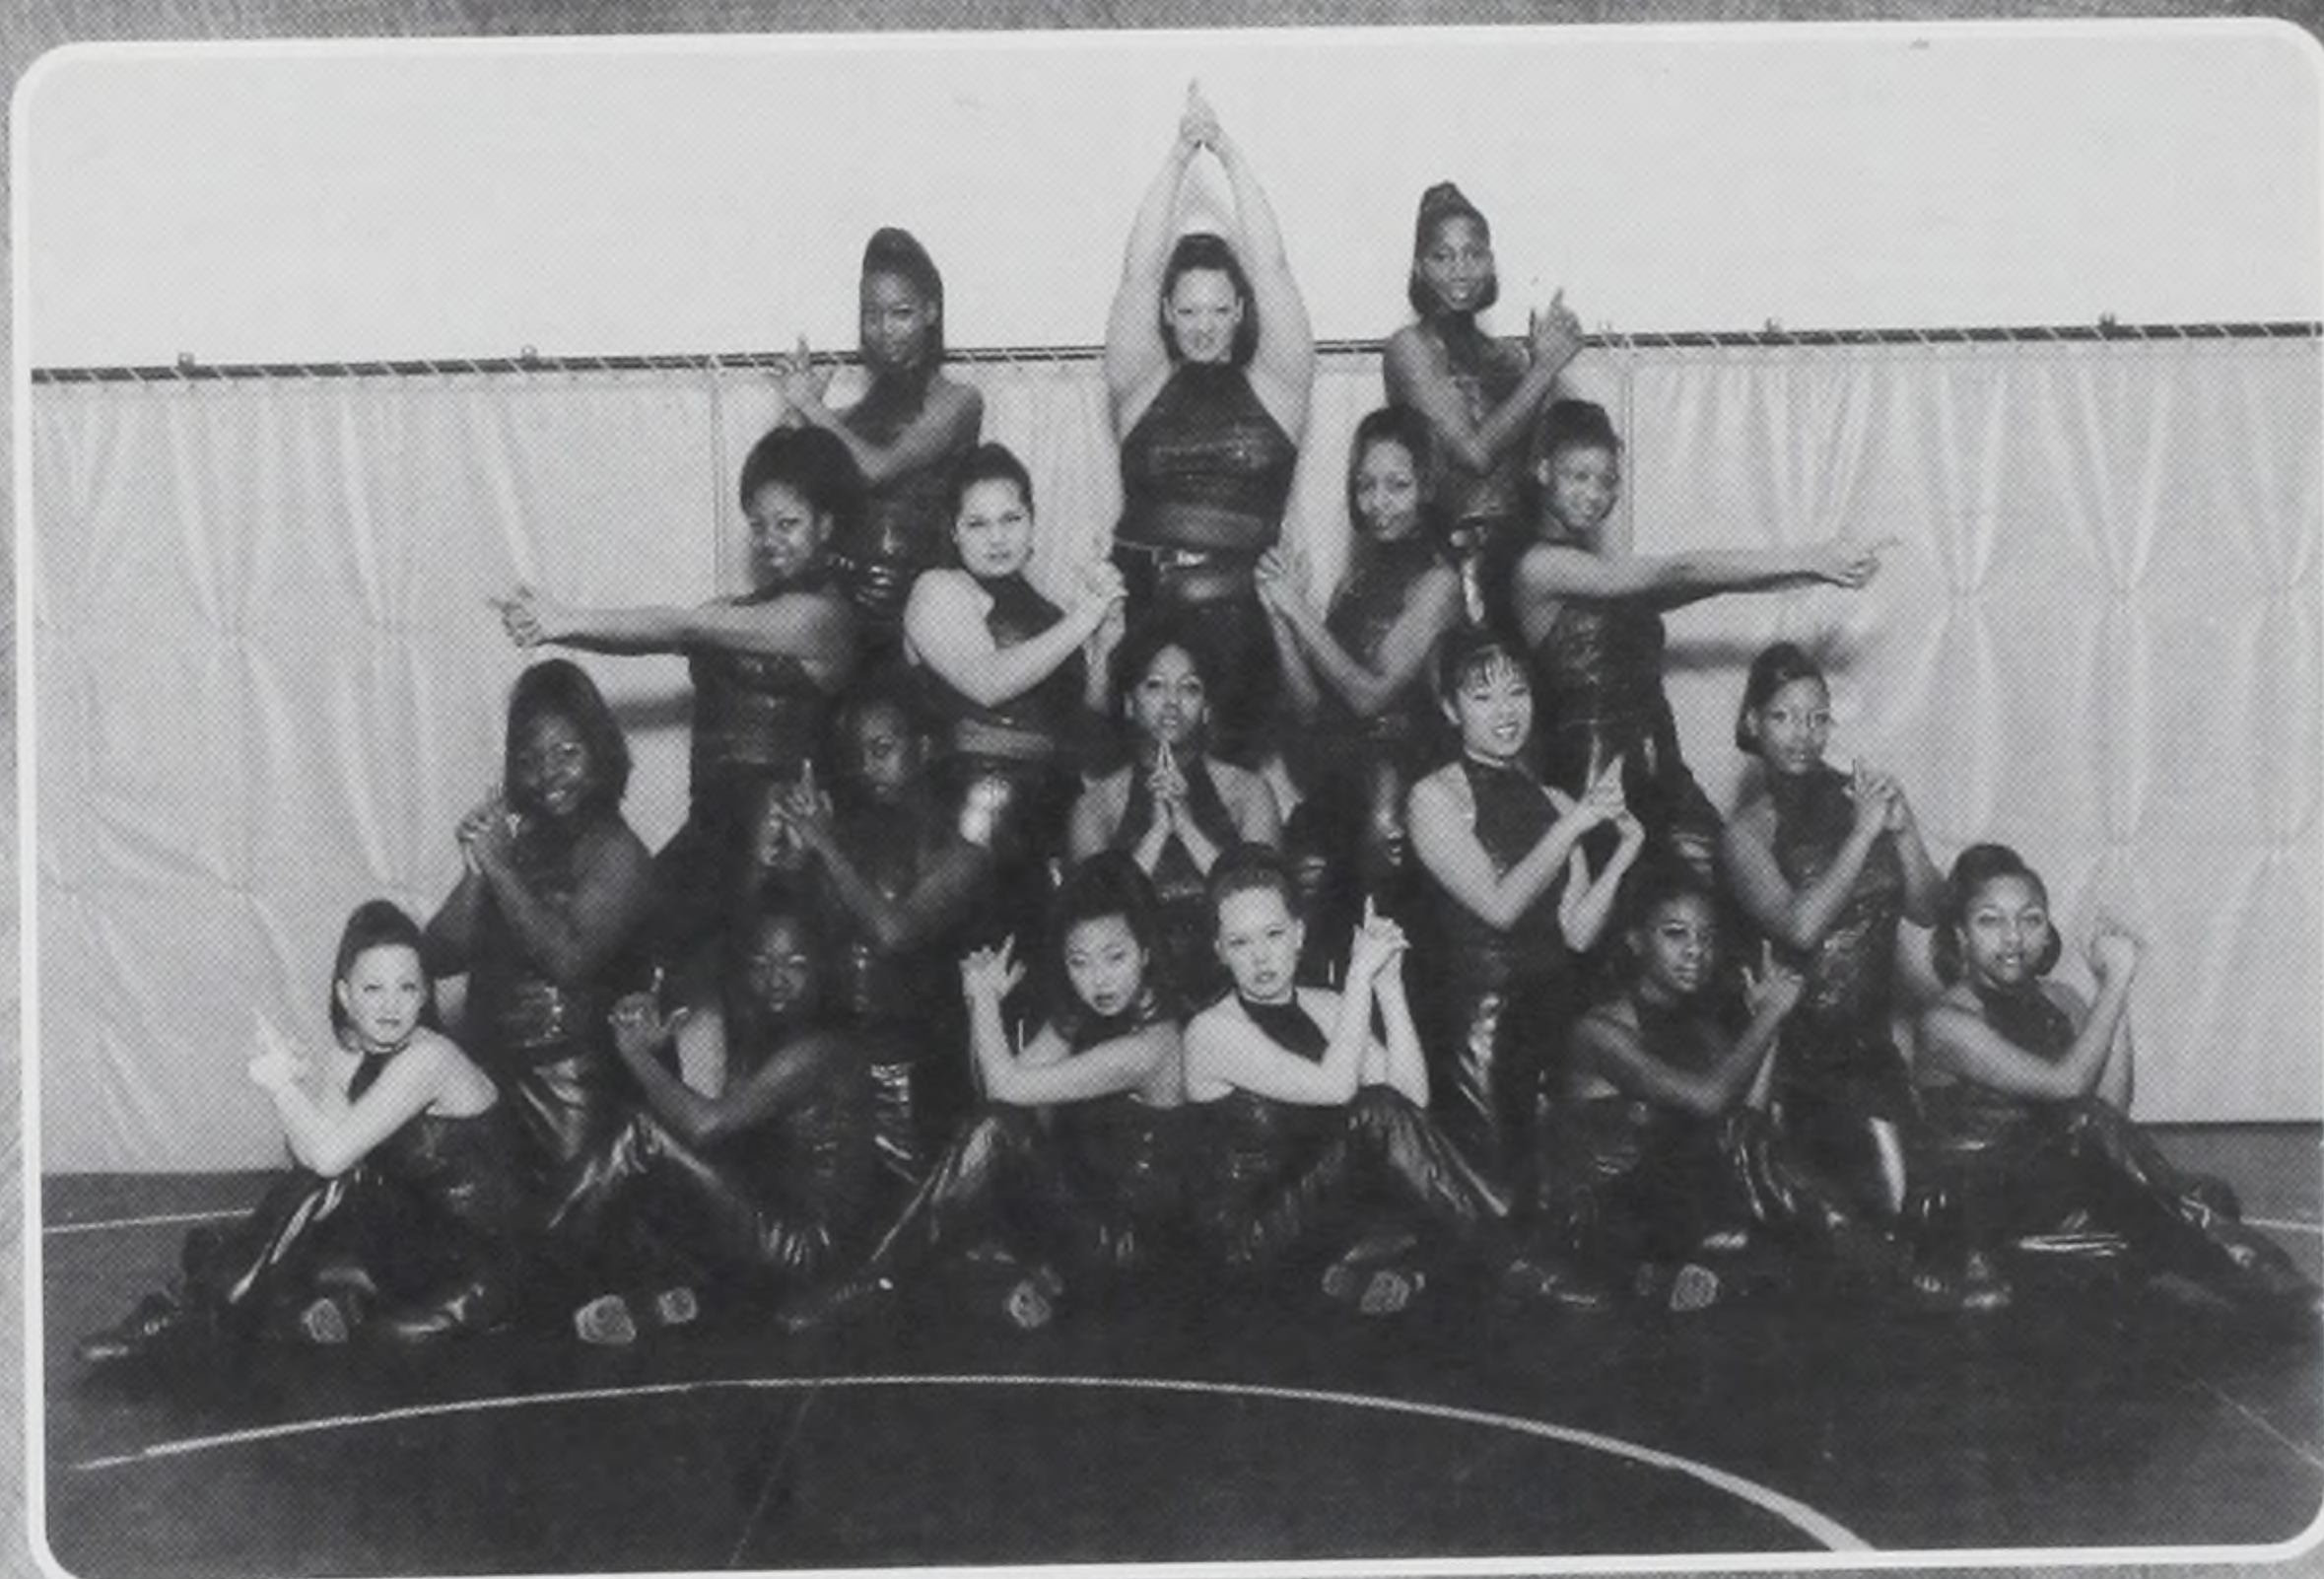

Photo by: Aleah Wilson

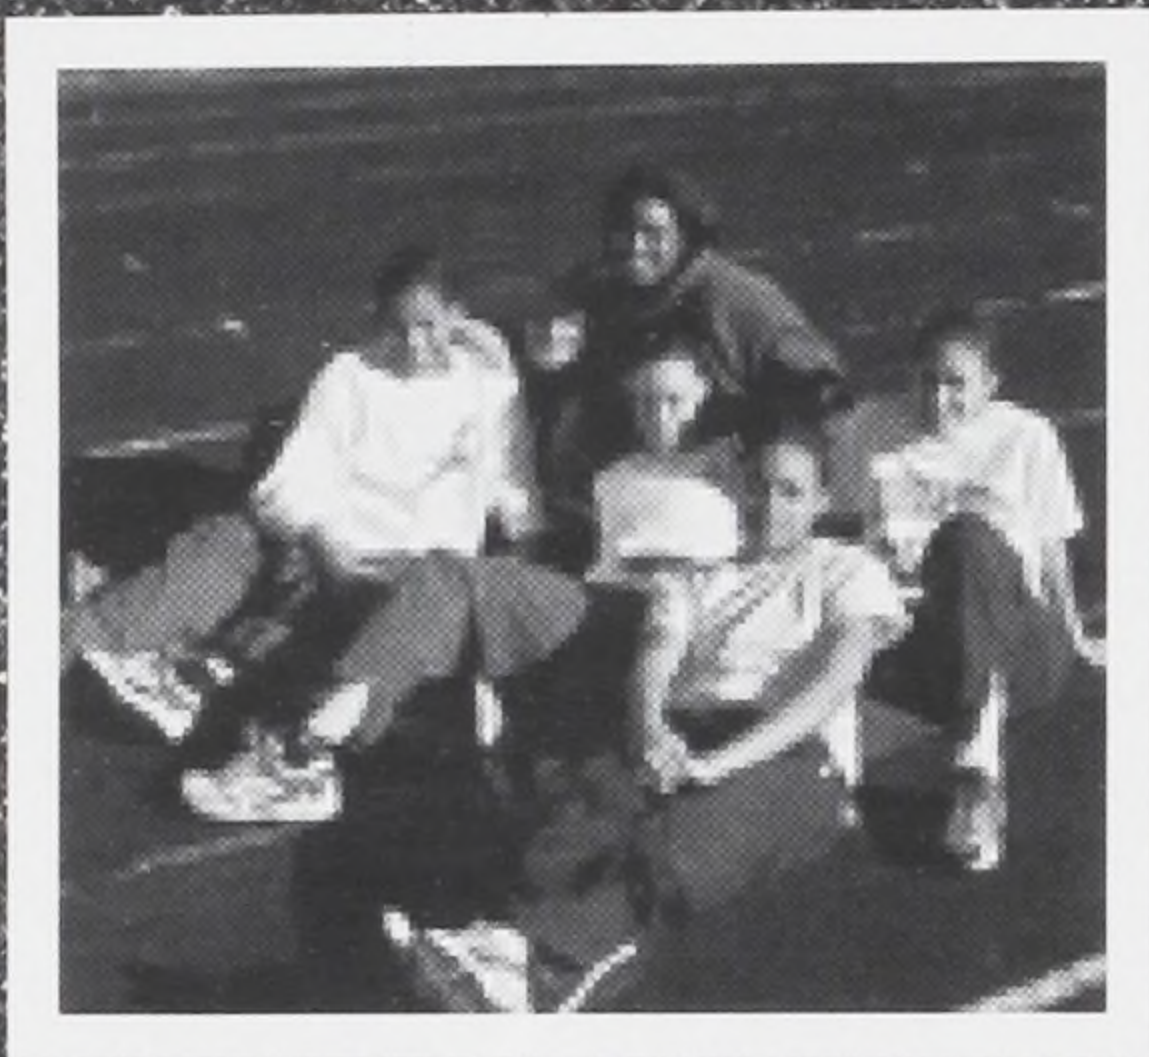

This years cheerleading was a huge success. The spirit of the girls and guys always stayed high and brought spirit to the athletics of Benson High. The guys and girls also added a new twist to this year. They competed in state and did a great job. After state, the cheer team traveled up to Seattle and had a first time opportunity to participate in Nationals. Great Job to all of the support you gave us this year.

This year turned out great! With our top spots filled with returning seniors, Haley Lovett, Jessica Bauer, and Kennedy Wohler. The season started rocky, losing to Madison and Roosevelt. After that we were expected to take 7th in districts. But with a great coach, Bob Bauer, and hard work we stunned everyone pulling out a 4th place win, beating Madison and Roosevelt. This year's MVP was given to Haley Lovett, Most improved to Denetia Carline, Most dedicated to Ruthie Dreger and Jessica Bauer.

Friendship

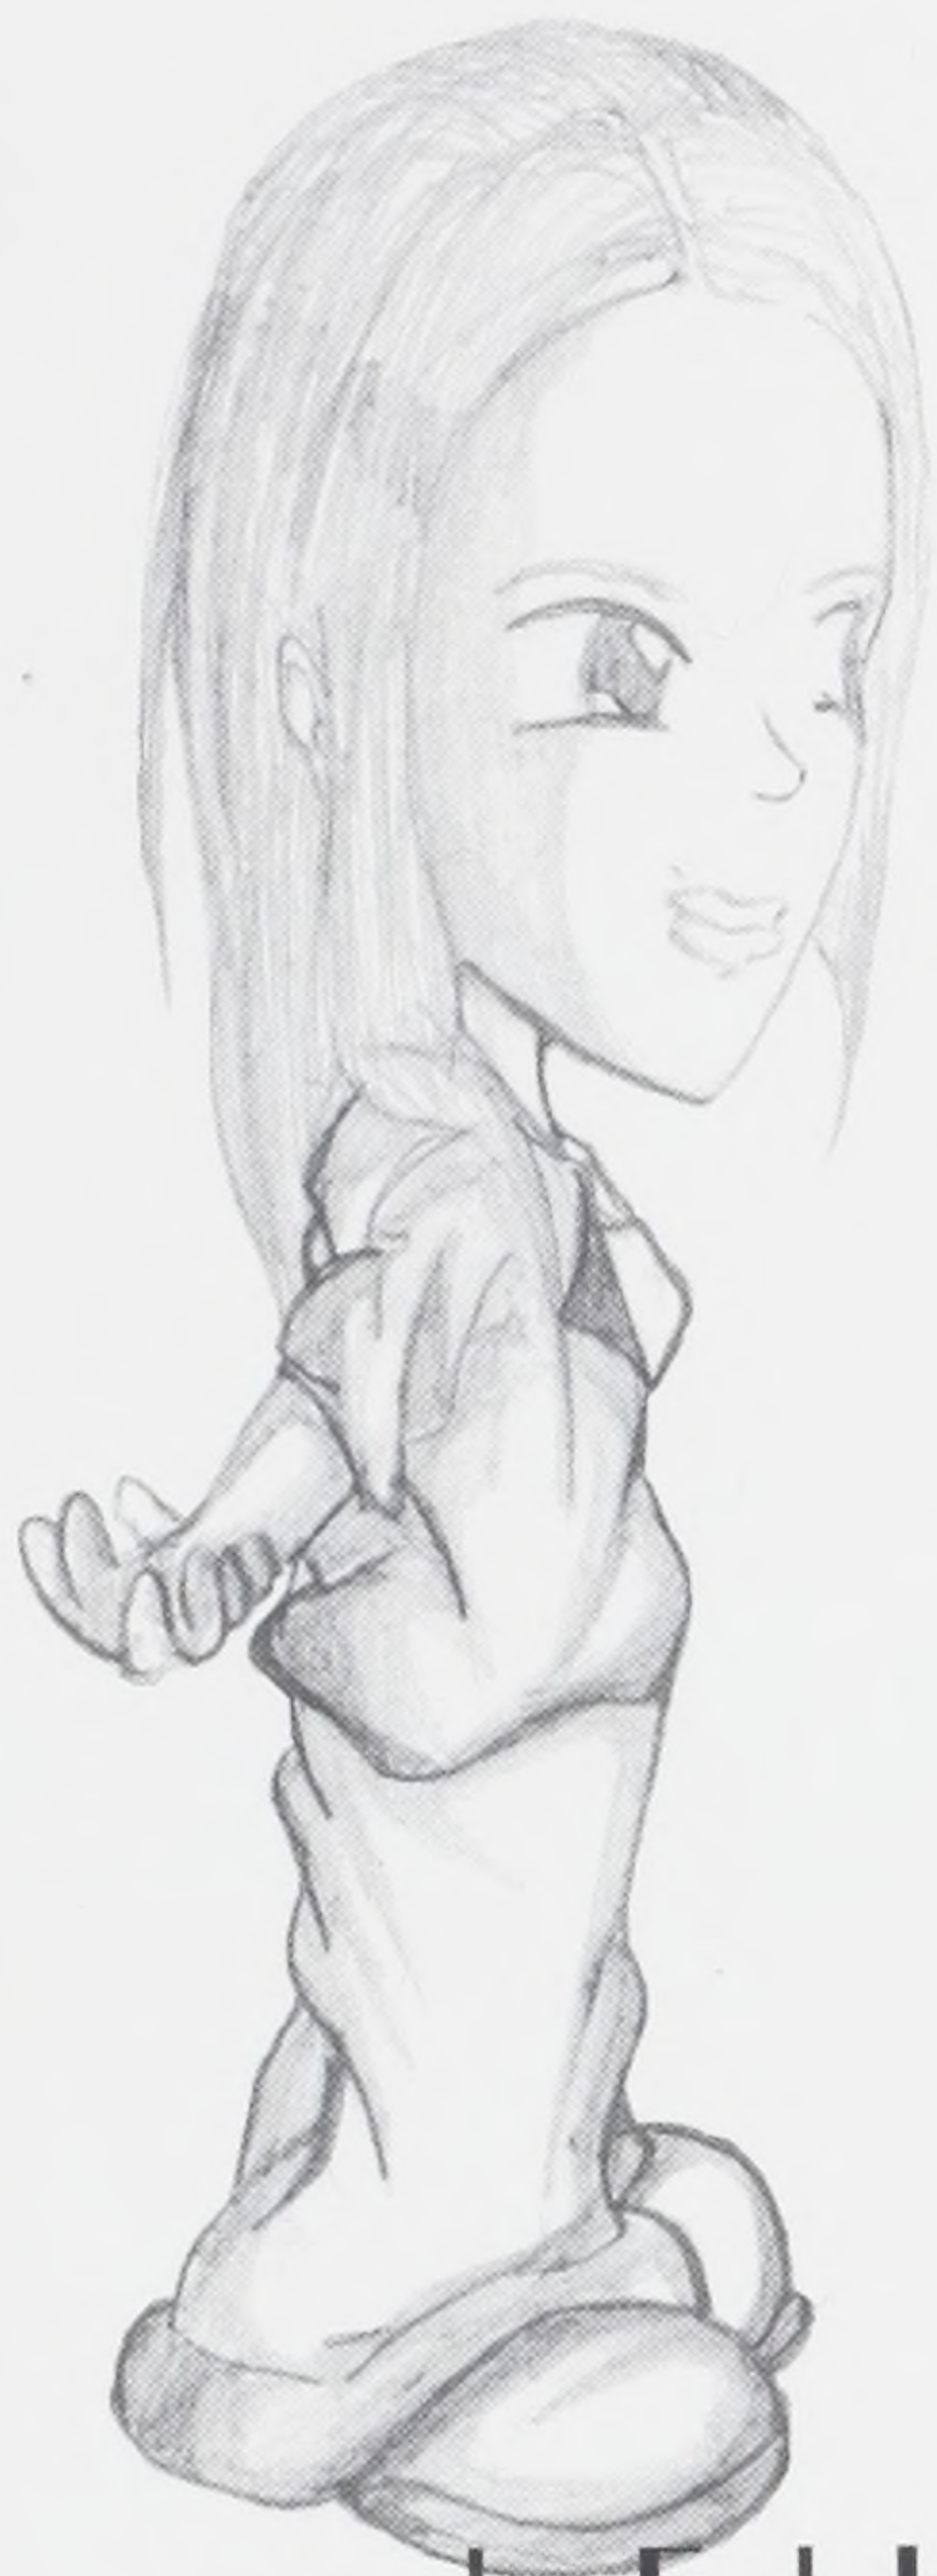

We find ourselves telling each other the
Deepest details of our lives... things we
Don't ever share with our families. But
What is a friend? A confidant? A lover?
A shoulder to cry on? An ear to listen?
A heart to feel? A friend is all of these
Things and more. No matter where we
Meet, no matter how long we've been
Together... I call you a friend, A
Word so small, yet so large in feeling,
A word filled with emotion, a word
Overflowing with LOVE. Truly great
Things come in small packages. Once
The package of friendship has been
Opened, it can never be closed. It is
A constant book always waiting...
Waiting to be read... and enjoyed.
We may have our disagreements... we
May argue... we may concern one
Another... friendship is a unique
Bond that lasts through all tribulations.
A part of each of us goes into our
Friendship... our humor... our
Experiences... our tears. Friendships
Are foundations... necessary for
Life... and love.

Because I...

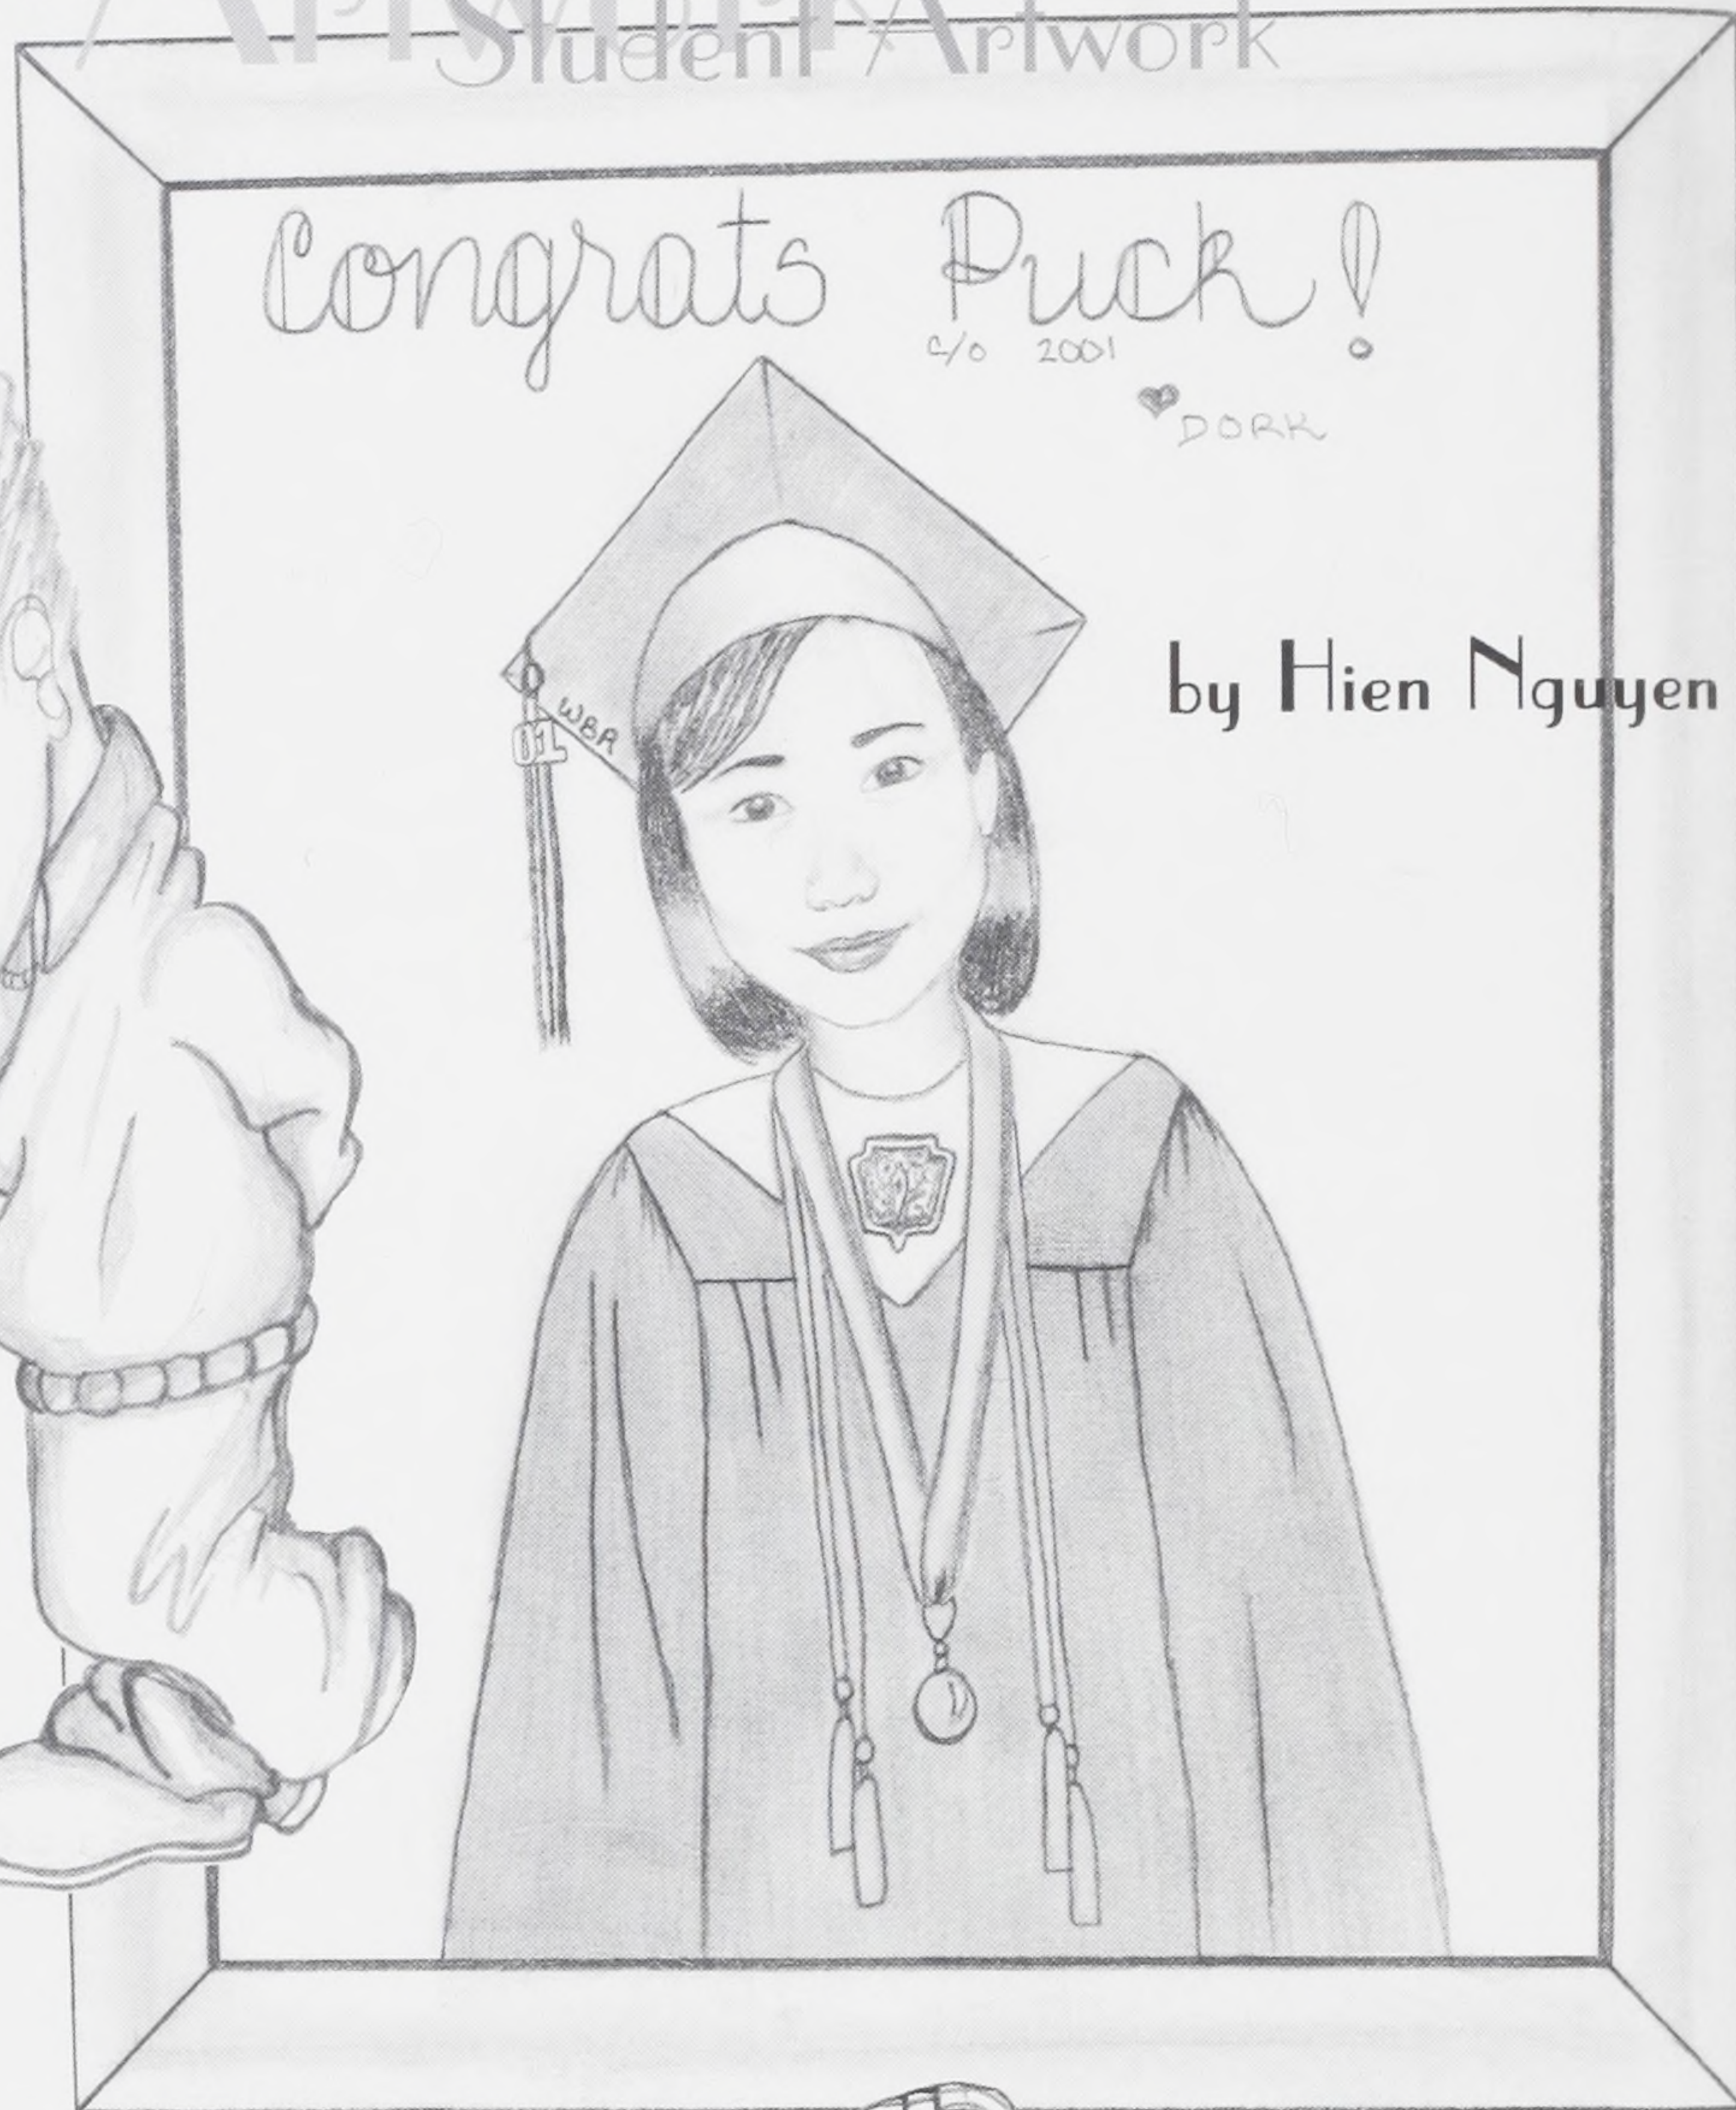

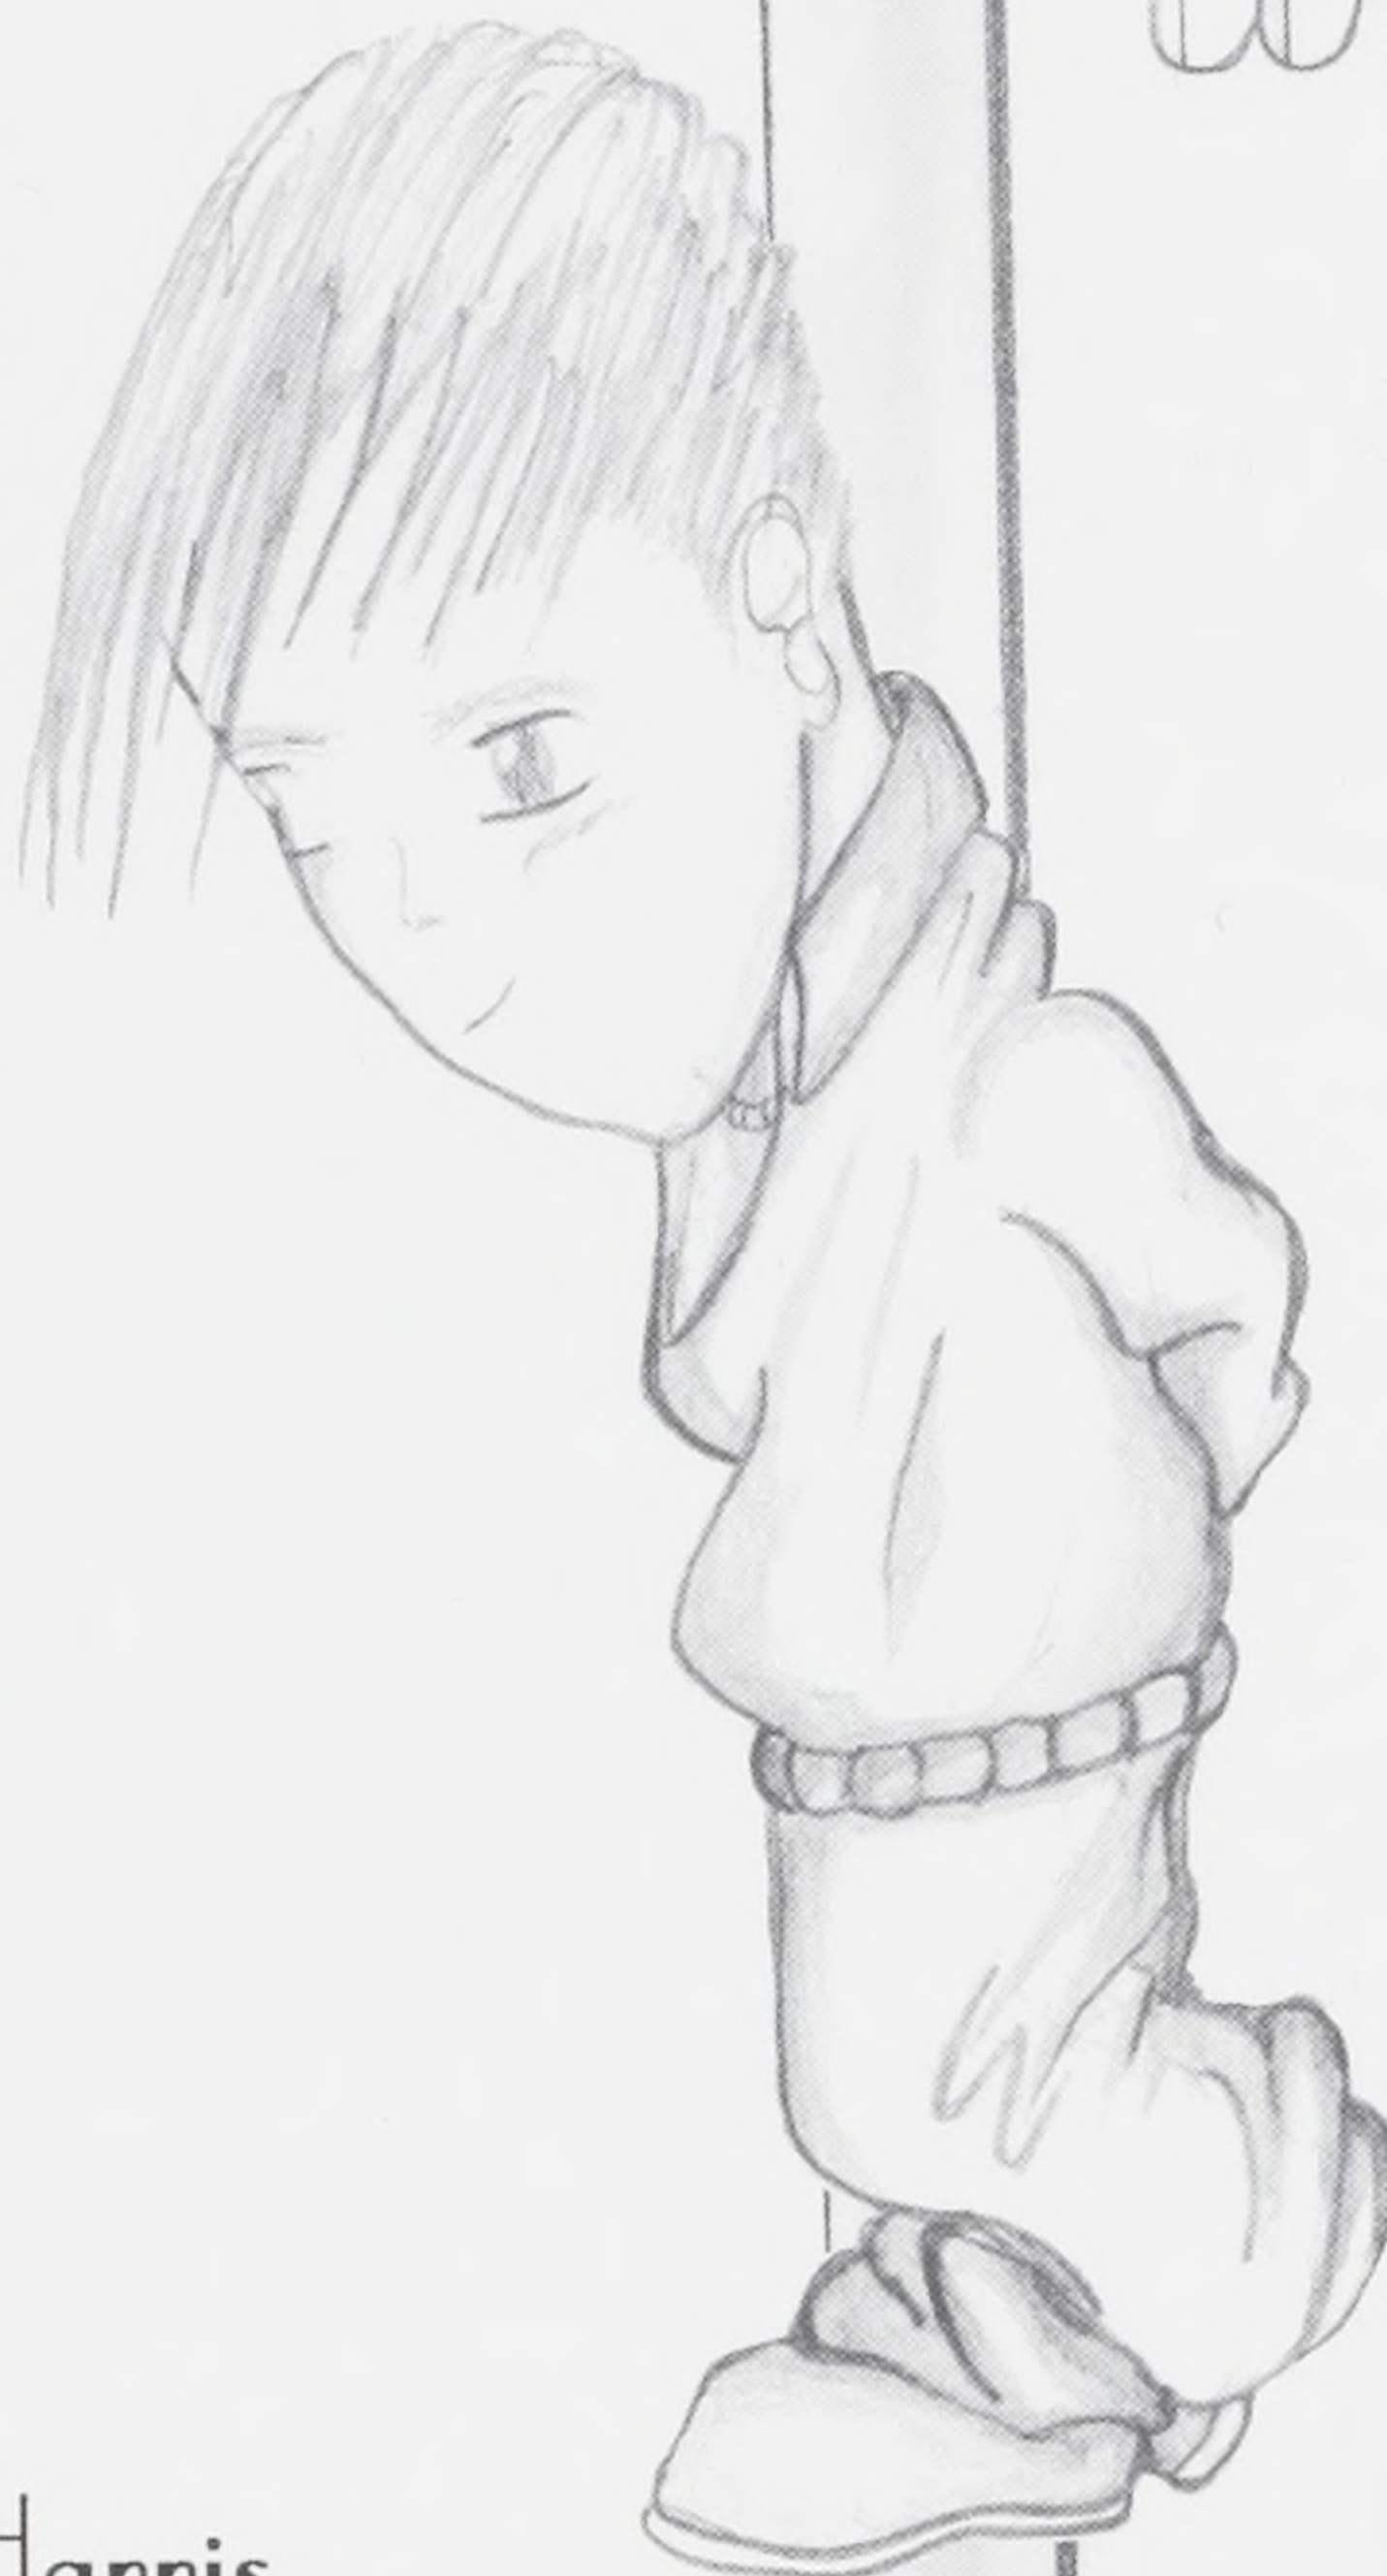

I walk through the hall and hear a comment from
behind me.
As some fool walks by, he reads the back of my shirt
aloud:
"Girls don't just play, they play harder"
and says to me,
"Shirts like that make me sick!"
I think to myself, what do I say?
I don't want him getting away with that.
But I let him go by.
In my head, I say I should have
Done something.
I wanted to pound him for being
So dumb,
Shove a ball into his hands and say,
"Let's go".
He didn't know me,
He's got no right to judge.
Be he did anyway.
I'm a girl so I can't do anything myself...
YEARIGHT!
I work twice as hard as the
People around me,
And why...
Because I can,
Because I should,
Because I want to,
Or is it just to prove them wrong?

The BEST

Once again Benson had another successful Tech Show this year. The halls were full of excitement and fun with soon to be freshman, parents and neighbors as they joined the Benson High School staff and students while they show off their many talents and give Portland a good idea of what wonderful things Benson has to offer.

Homecoming was a week filled with school spirit events. Techman and Techsters were in their pajamas strolling down the halls, making school seem like home. On other days, students expressed their school spirit by having funky hair-dos and mis-match clothing.

Finally, it was Friday, students and teachers in orange and blue entered the gym. The environment was chaotic, yet filled with a certain kind of bonding between everyone. The cheers and laughter echoed the wall as the activities preceded. A sudden silence overcame the gym as everyone waited for the Homecoming court to be announced. Once the names were called, the room erupted with cheers.

As the assembly came to an end, people left with energy and excitement for the big night. With the support of the school, the football team put on a vigorous fight. The result was a rewarding victory.

This years national competition was the first one I had ever attended. SkillsUSA Nationals is unlike anything I had ever seen. There are thousands of contestants from all over the United States. Everyone has these state pins that you can trade with other states and they are always asking you if you want to trade. The Opening ceremony was really exciting. They had lights and music and states carrying their banners and walking around in the pit of the arena. There were so many people to meet and most everyone was really friendly. It was definitely an experience I wouldn't have wanted to miss out on. They even had the owner of Harley Davidson ride in on a new Harley! It was hilarious. Another great perk of going to nationals is your free ticket to worlds of fun! WOF is the coolest theme park. The whole place is shut down and only SkillsUSA Vica kids are allowed in. The rides are scary and SO MUCH FUN! One bit of advice I'd give anyone wanting to go to nationals or someone who just wants to get involved in VICA is start studying early and don't forget to have a little fun. Try your best and don't get down if you don't win. Thanks to everyone who made it possible for us to go to Nationals.

For those of us artistic Techmen and Techsters Communications is the perfect major. In all three parts of communications,

Desktop Publishing, Screen Printing and Design and also Photo/Video we are allowed to use our creative talents in many different ways. In

Screen Printing and Design we learn about the silk screening industry, we created signs, shirts and anything else you can imagine that can be done with the silk screening process. In Desktop Publishing we learn about the industry of graphic design using printing presses creating everything from Memo pads to business cards. In Photo/Video we learn to capture precious moments, create impact, and initiate thinking in a single photograph or through the power of video.

KBPS

TALKING”

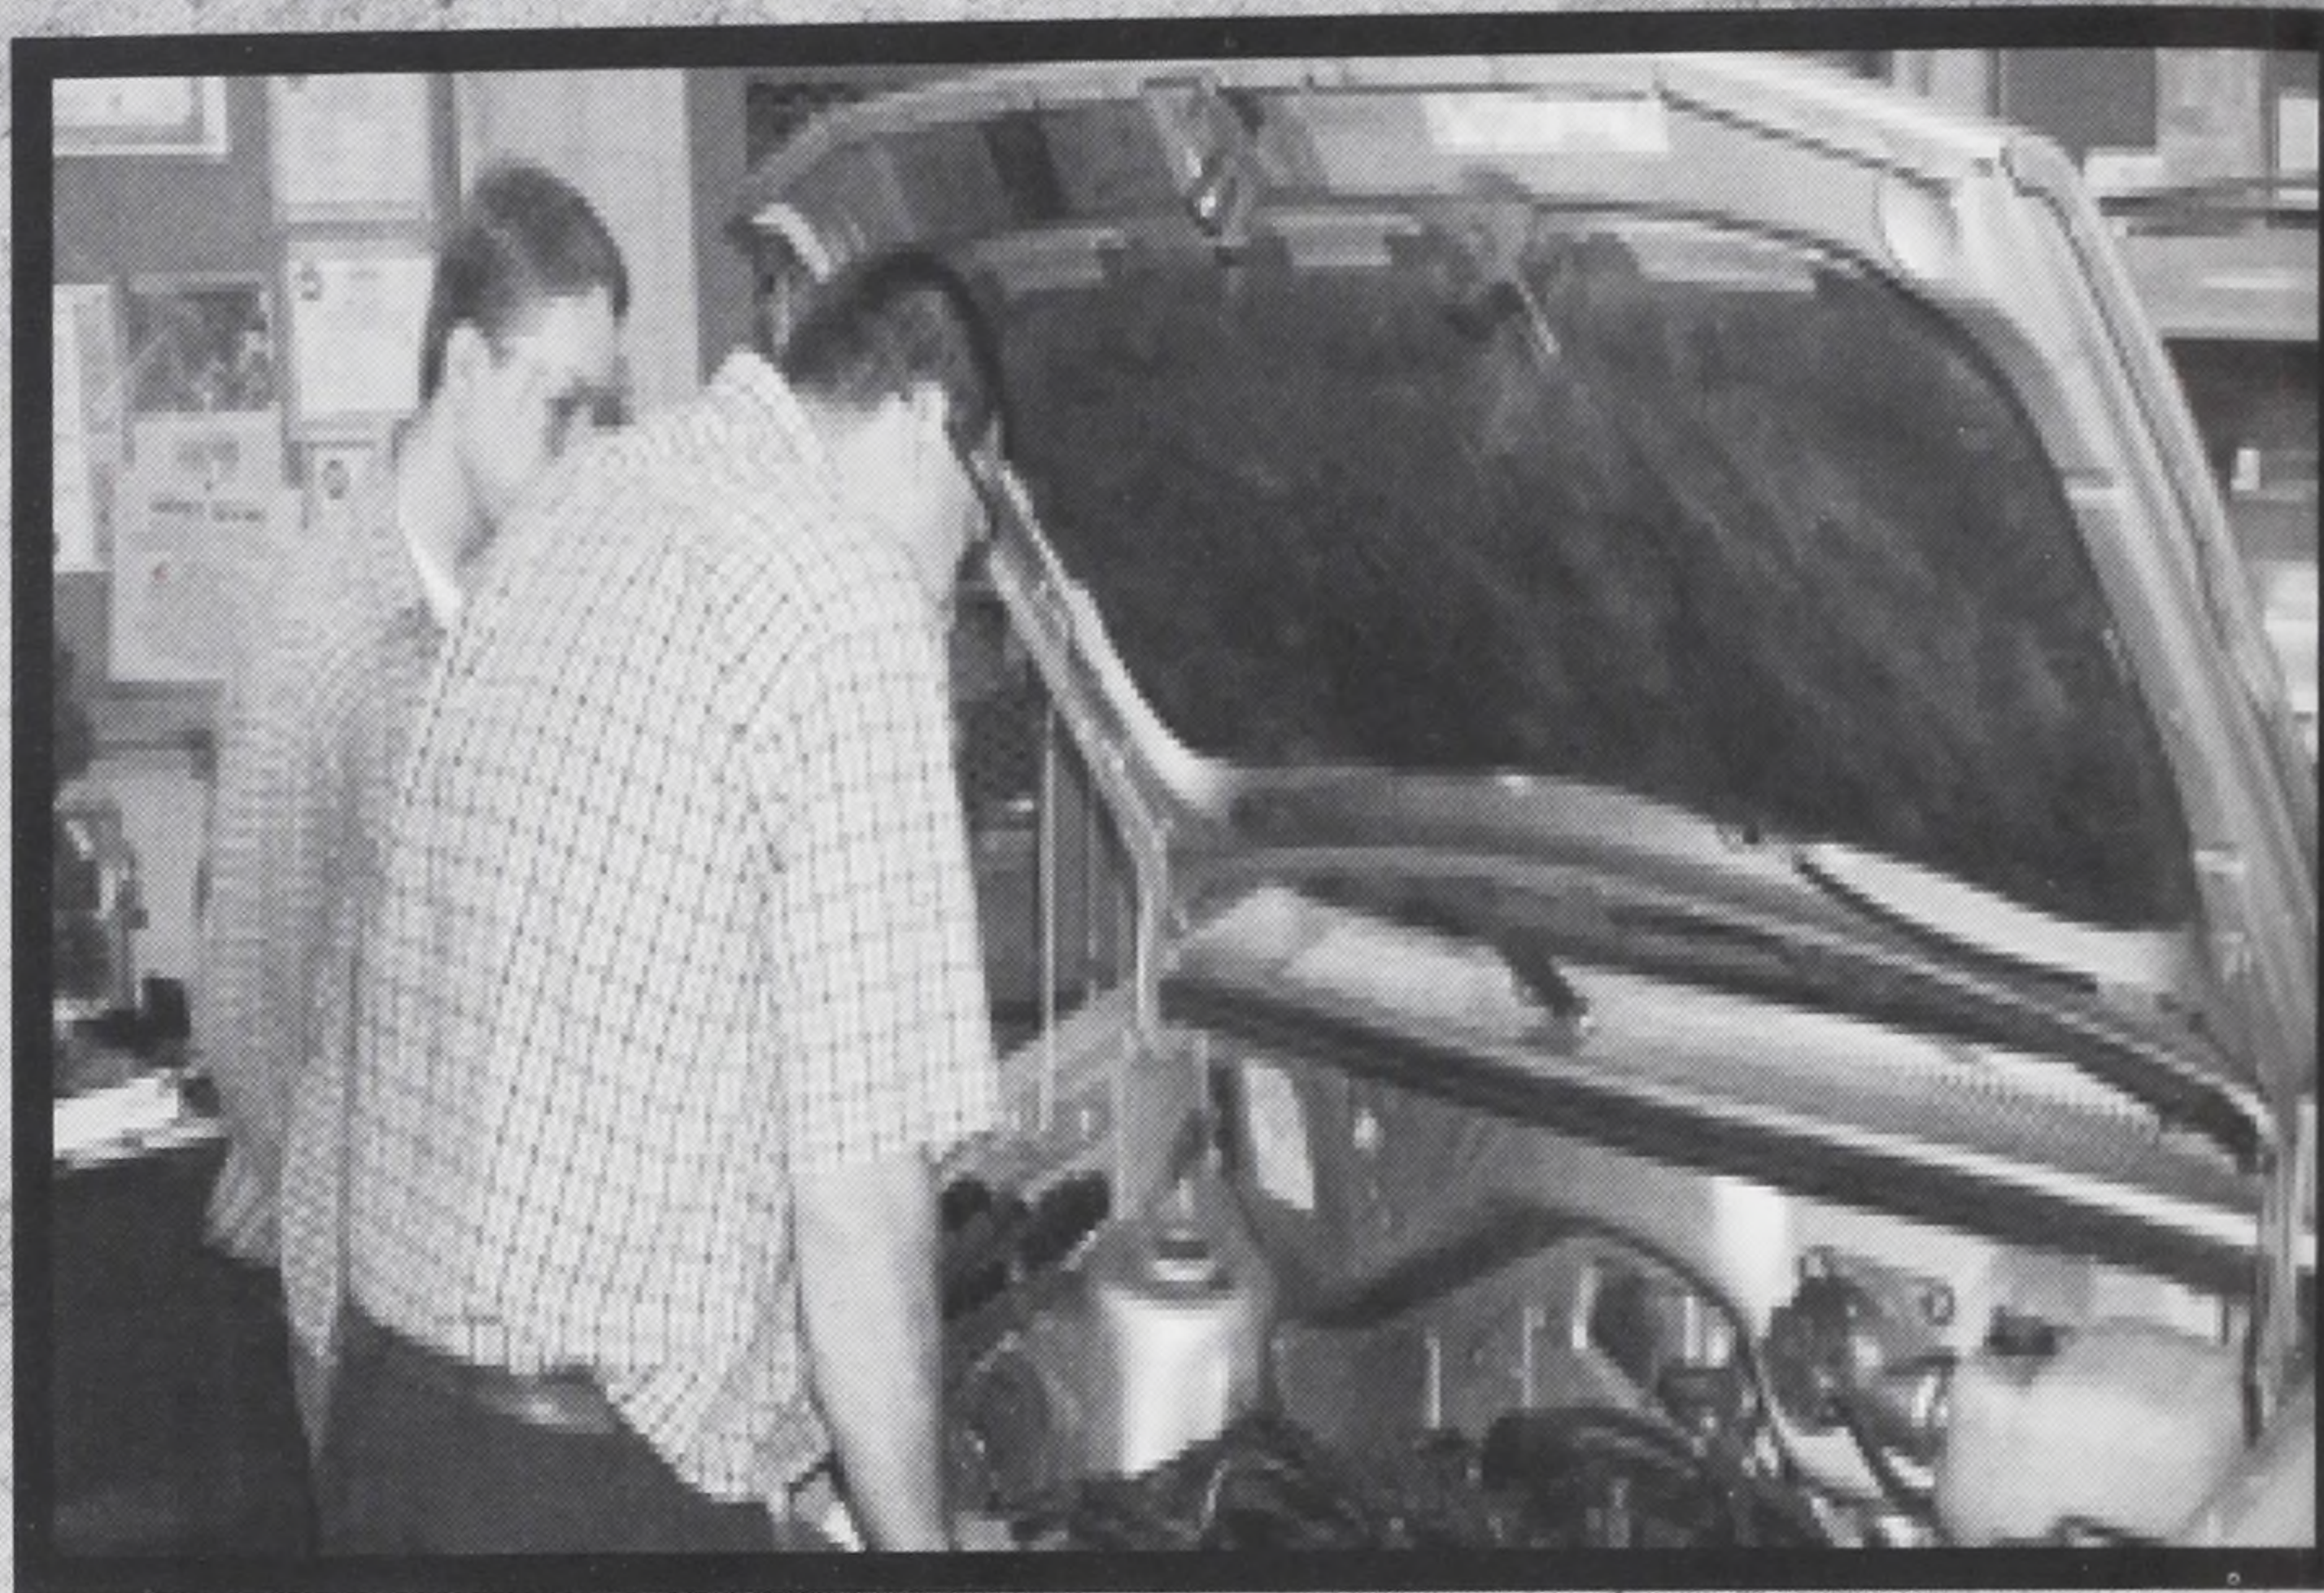

KBPS is the coolest major Benson has to offer. If communicating is your best ability you want to enroll in this major. You are able to learn all about how radio works and if you become really good at it you can have a prosperous career. I guarantee that you will enjoy your instructor and that you will go away with valuable information on radio and the power of communication.

We all remember when we were sophomores and had to wash cars. These sophomores look like they are having a blast and don't they look cute in those goggles??

Benson's automotive program improves every year. The program is headed up by senior teachers Jim Fleming and Brad Anderson, both having many years of valuable automotive experience. The program provides the students hands on experience and allows students to make their own choices on repairing cars. This year Benson's AAA trouble shooting teams took 5th and 6th place at state. Students in the major also competed in this years high school drags. Names of students who participated include: Stewart McPeak, Josh Wagner, Chris Gruel, Rob Gaskell, Jeff Carpenter, and Josh Meyers.

Building Construction

instructions
not included

The senior building construction class is the most knowledgeable class Benson has to offer.

The class is divided into two parts; one is building the house while the other is inside the classroom.

Benson students with the help of two instructors, Tony Franciscone, and Bruce Fleming build the Benson house. By these two guys and this program they have taught me everything I need to know. They have taught me everything from how to build houses to how to succeed in life. We build almost everything it takes to put a house together except electrical, plumbing, heating and drywall. It takes two to two and a half years to put a house together.

In this shop class we are able to make whatever we want, right after some of the required projects like making cabinets for the house were you learn the different joints of wood making. You can make Adirondack chairs, birdhouses, picture frames, cutting boards, desks, night stands, etc....

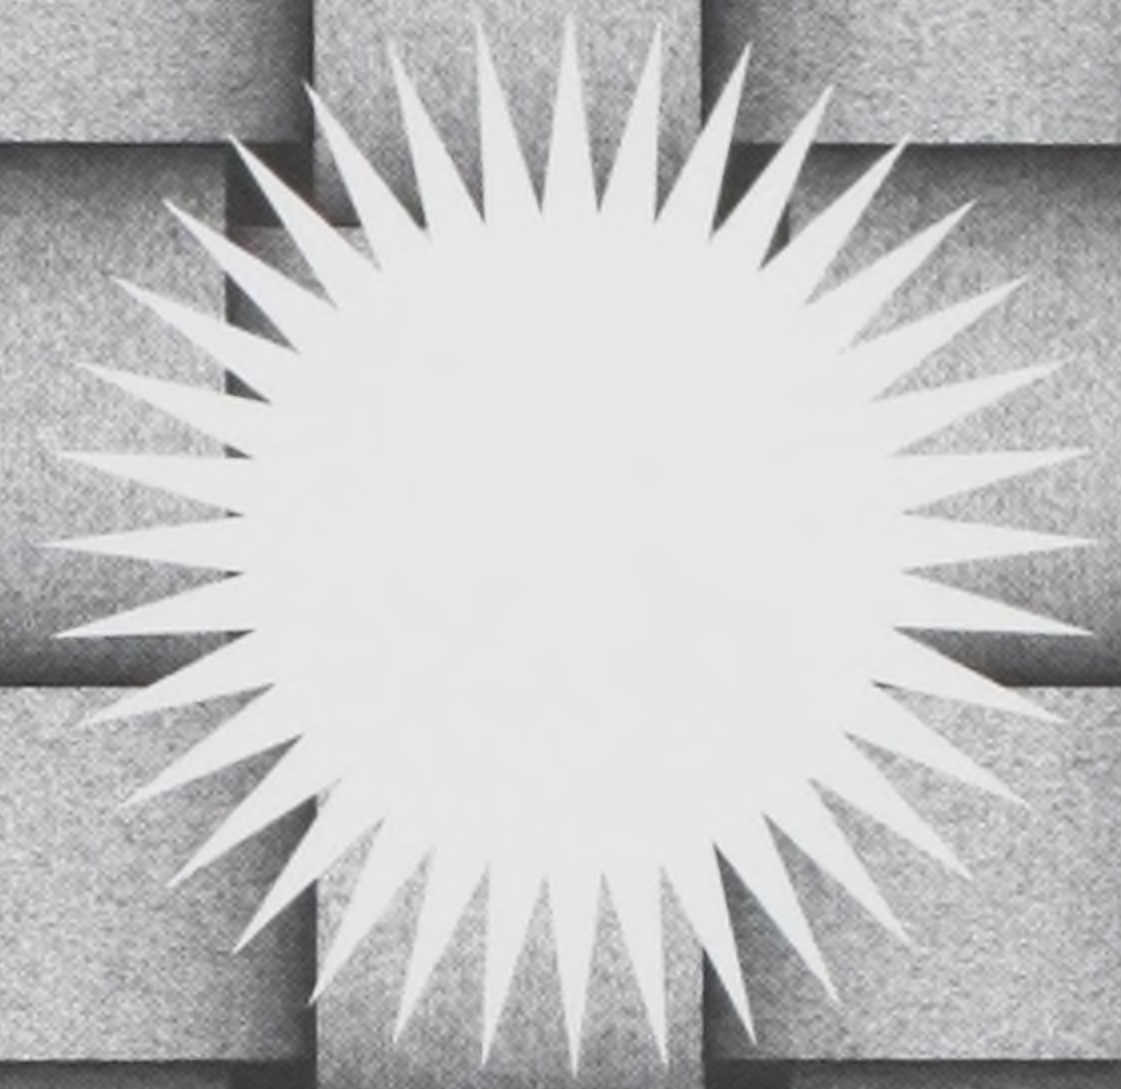

I think that younger students should look into the building construction program because it offers so much knowledge and experience that everybody should know, because you will need construction in your life sooner or later.

Drafting Engineering

If you happen to stumble upon a classroom filled with students struggling to draw a box with holes and slots in it, chances are you've walked into drafting engineering class. Drafting engineering is a challenging major that requires visualization and determination. This major prepares students for continued education and employment, as well as teaching them how to help others.

The main focus is on reverse engineering. Reverse engineering is a drafting method where you draw a pre-made object using its measurements. It may seem simple, but it takes skill, patience and intuition. During this major, you start out with simple drawings and work your way up until you are able to reverse engineer an object with four moveable parts for your senior project. As useless as this major may seem, the designers of the future are created in drafting engineering.

Computer programming is a challenging field, which pushes your will to learn to the very limit. The environment is similar to a work environment, which encourages rather than getting answers from others. As the time progresses throughout the years, your skills in the C++ programming language dramatically, as you're nightly sleep decreases. By the end of your second year you are way to a life of high paying jobs and high caffeine intake.

Varsity Team(left to right)David Ross, Krishna Ersson, Mark Donovan, Sid Ong, Joe Howard

The Benson Chess Team is a member of the PIL/Metro chess league. The team practices daily during the winter season and competes daily during the winter season and competes in matches weekly.

During the 2000/2001 season, highest honors went to Frazer Case, who received All-State recognition as Benson's Varsity First Board and Team Captain. Returning varsity players Sid Ong, Krishna Ersson, and David Ross brought experience to this year's team. Newcomers Win Li, Joe Howard, and Mark Donovan picked up many of the key wins that won matches for Benson. Mr. Kniser was this year's Advisor and Coach.

Science Bowl

Science Bowl was very successful this year with one of their teams including Katie Weighant, Michael Wilson, Shearden Hurd, Hien Le, and Benjamin Cramer winning in the regional title also competing at nationals in Washington D.C.

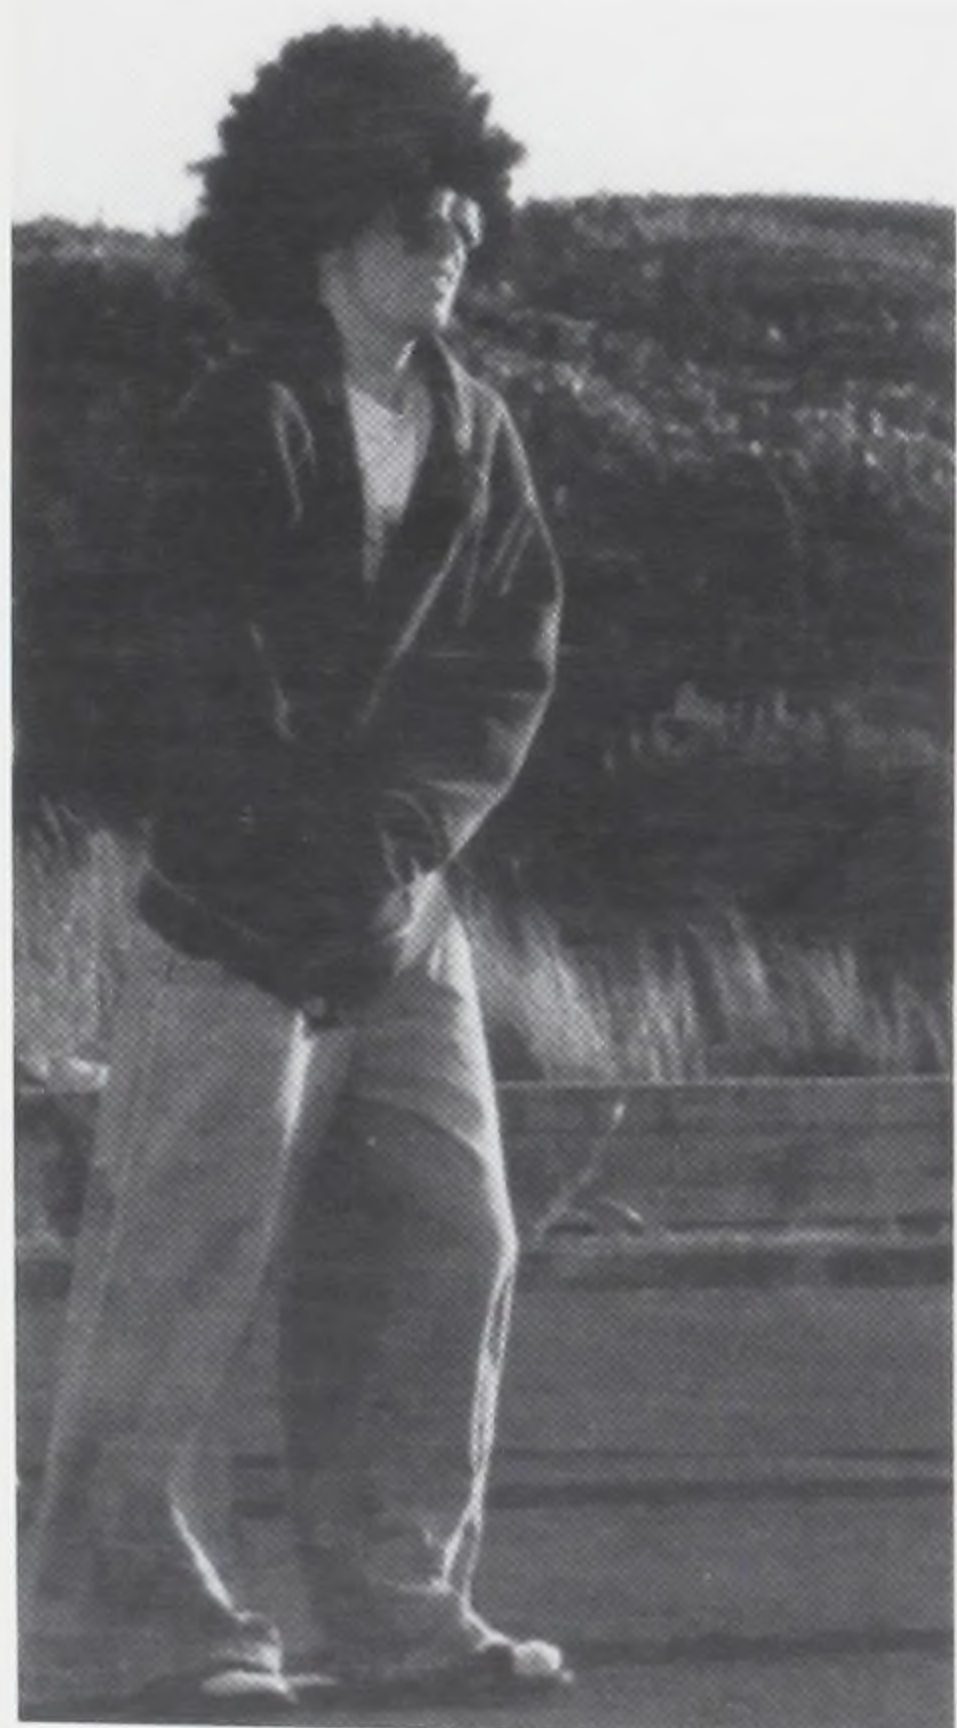

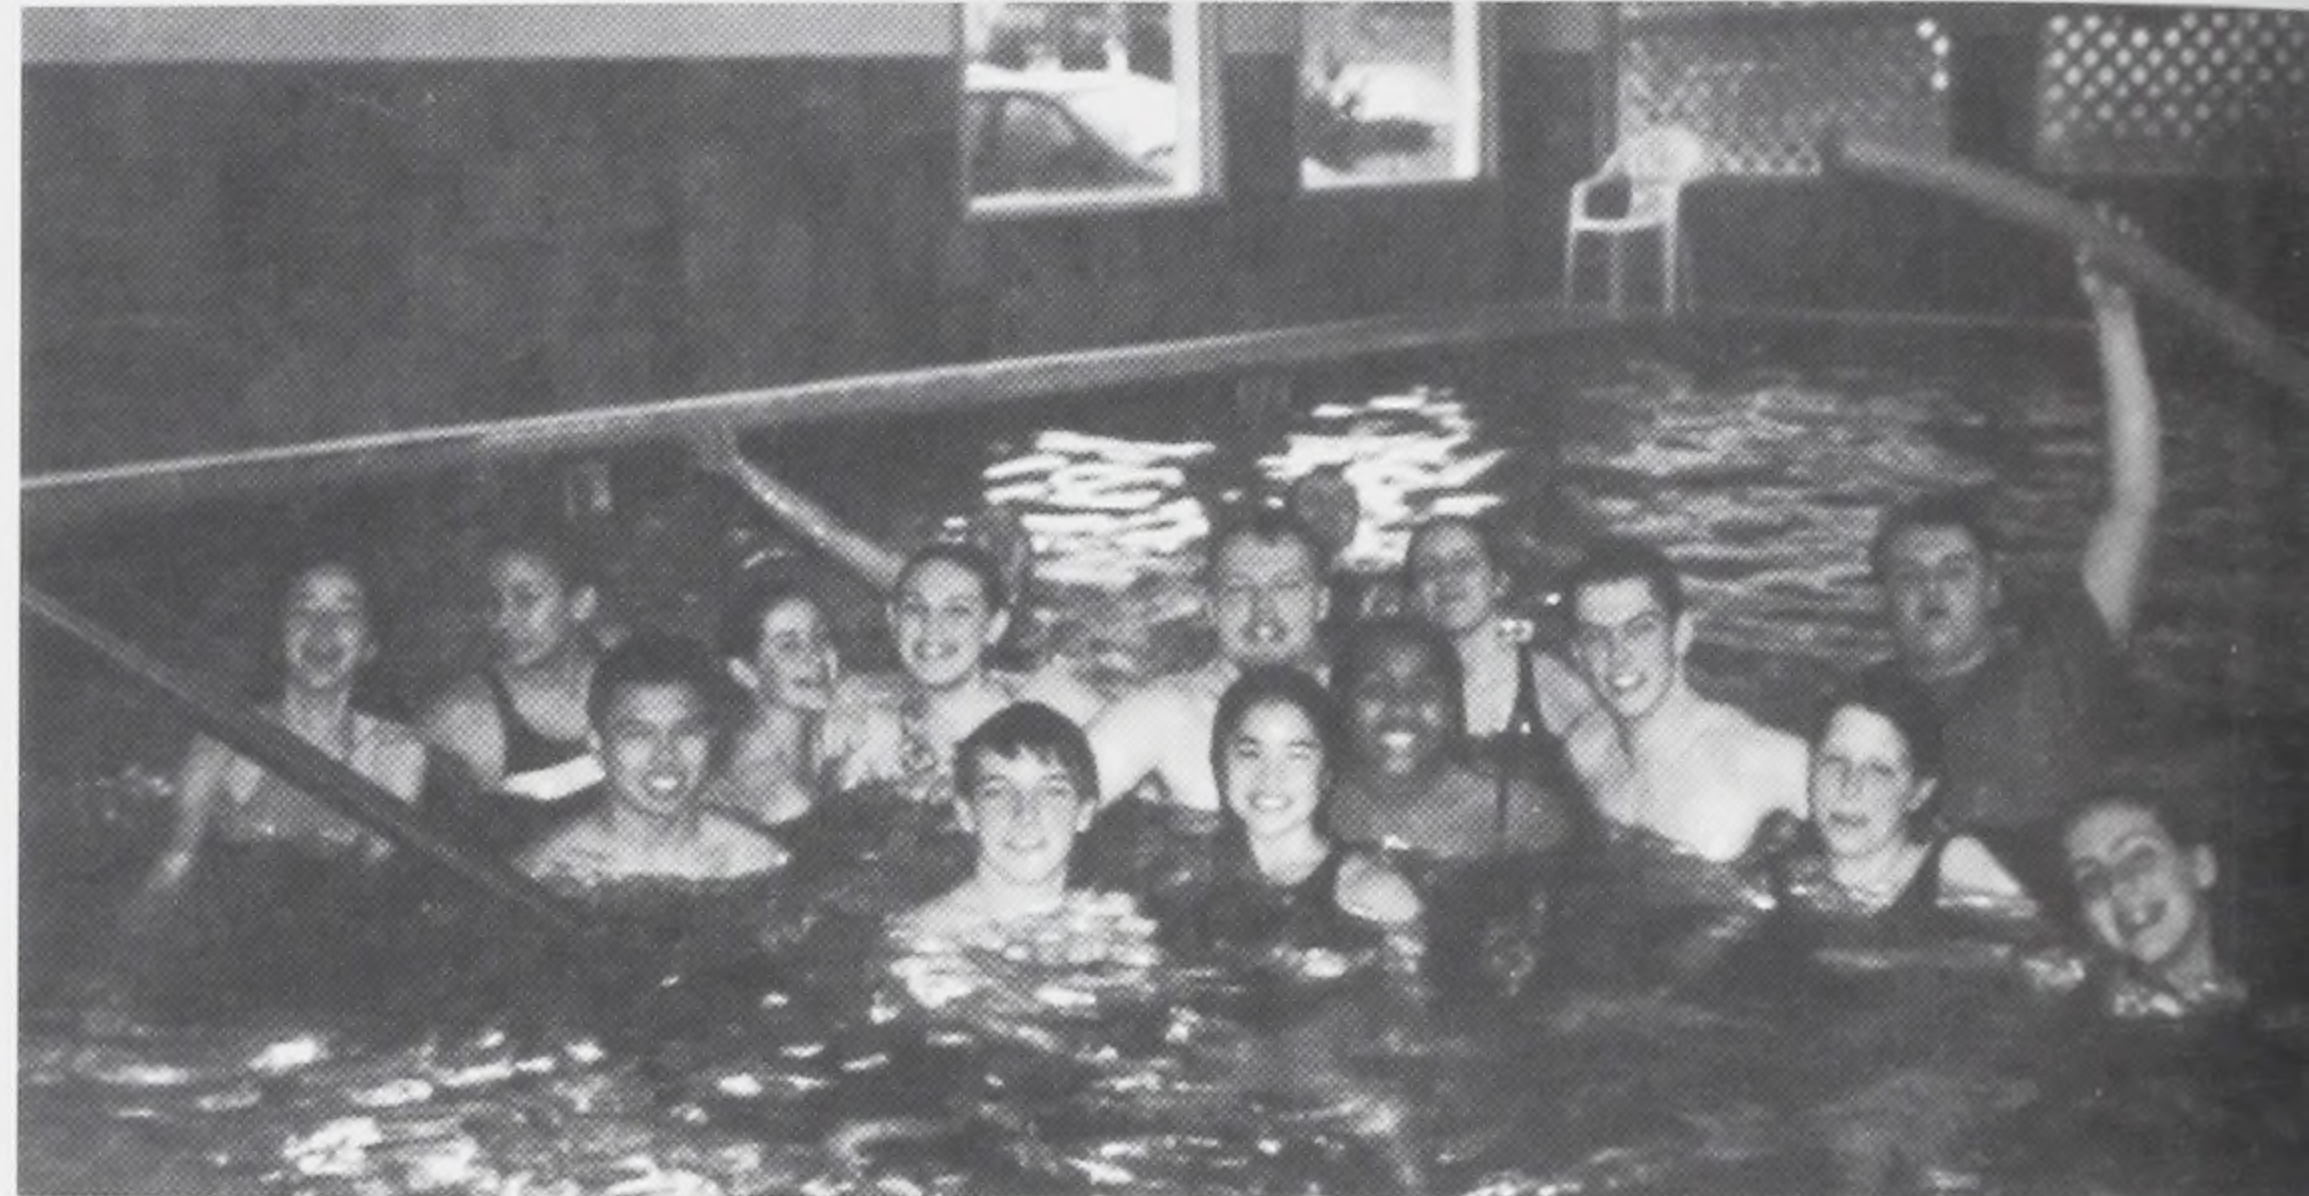

Flag Team

Flag team did really well this year. They were a good group of girls that were very dedicated and eager to learn. Holly was our MVP. She knew the whole routine really well and was able to do any position we asked her to do. Becky was our rookie of the year. She came onto guard in the middle of our season and learned Evil ways quickly. When she heard about going to Newport she was even more determined to learn Gladiator. I told her that if she really wanted to march in the parade at Newport, then she would have to learn Gladiator over the weekend. When Monday came, she knew the whole routine. The whole group was really a team. We all had fun this year.

2001 RETIREES

Dear Kathy Otto,

Thank you for greeting us every day with a smile and a sincere "Good Morning". We will miss your honest care and the support you have given all of us. Best wishes in your retirement. You are the greatest!

Sincerely,
The Benson Staff and Student Body

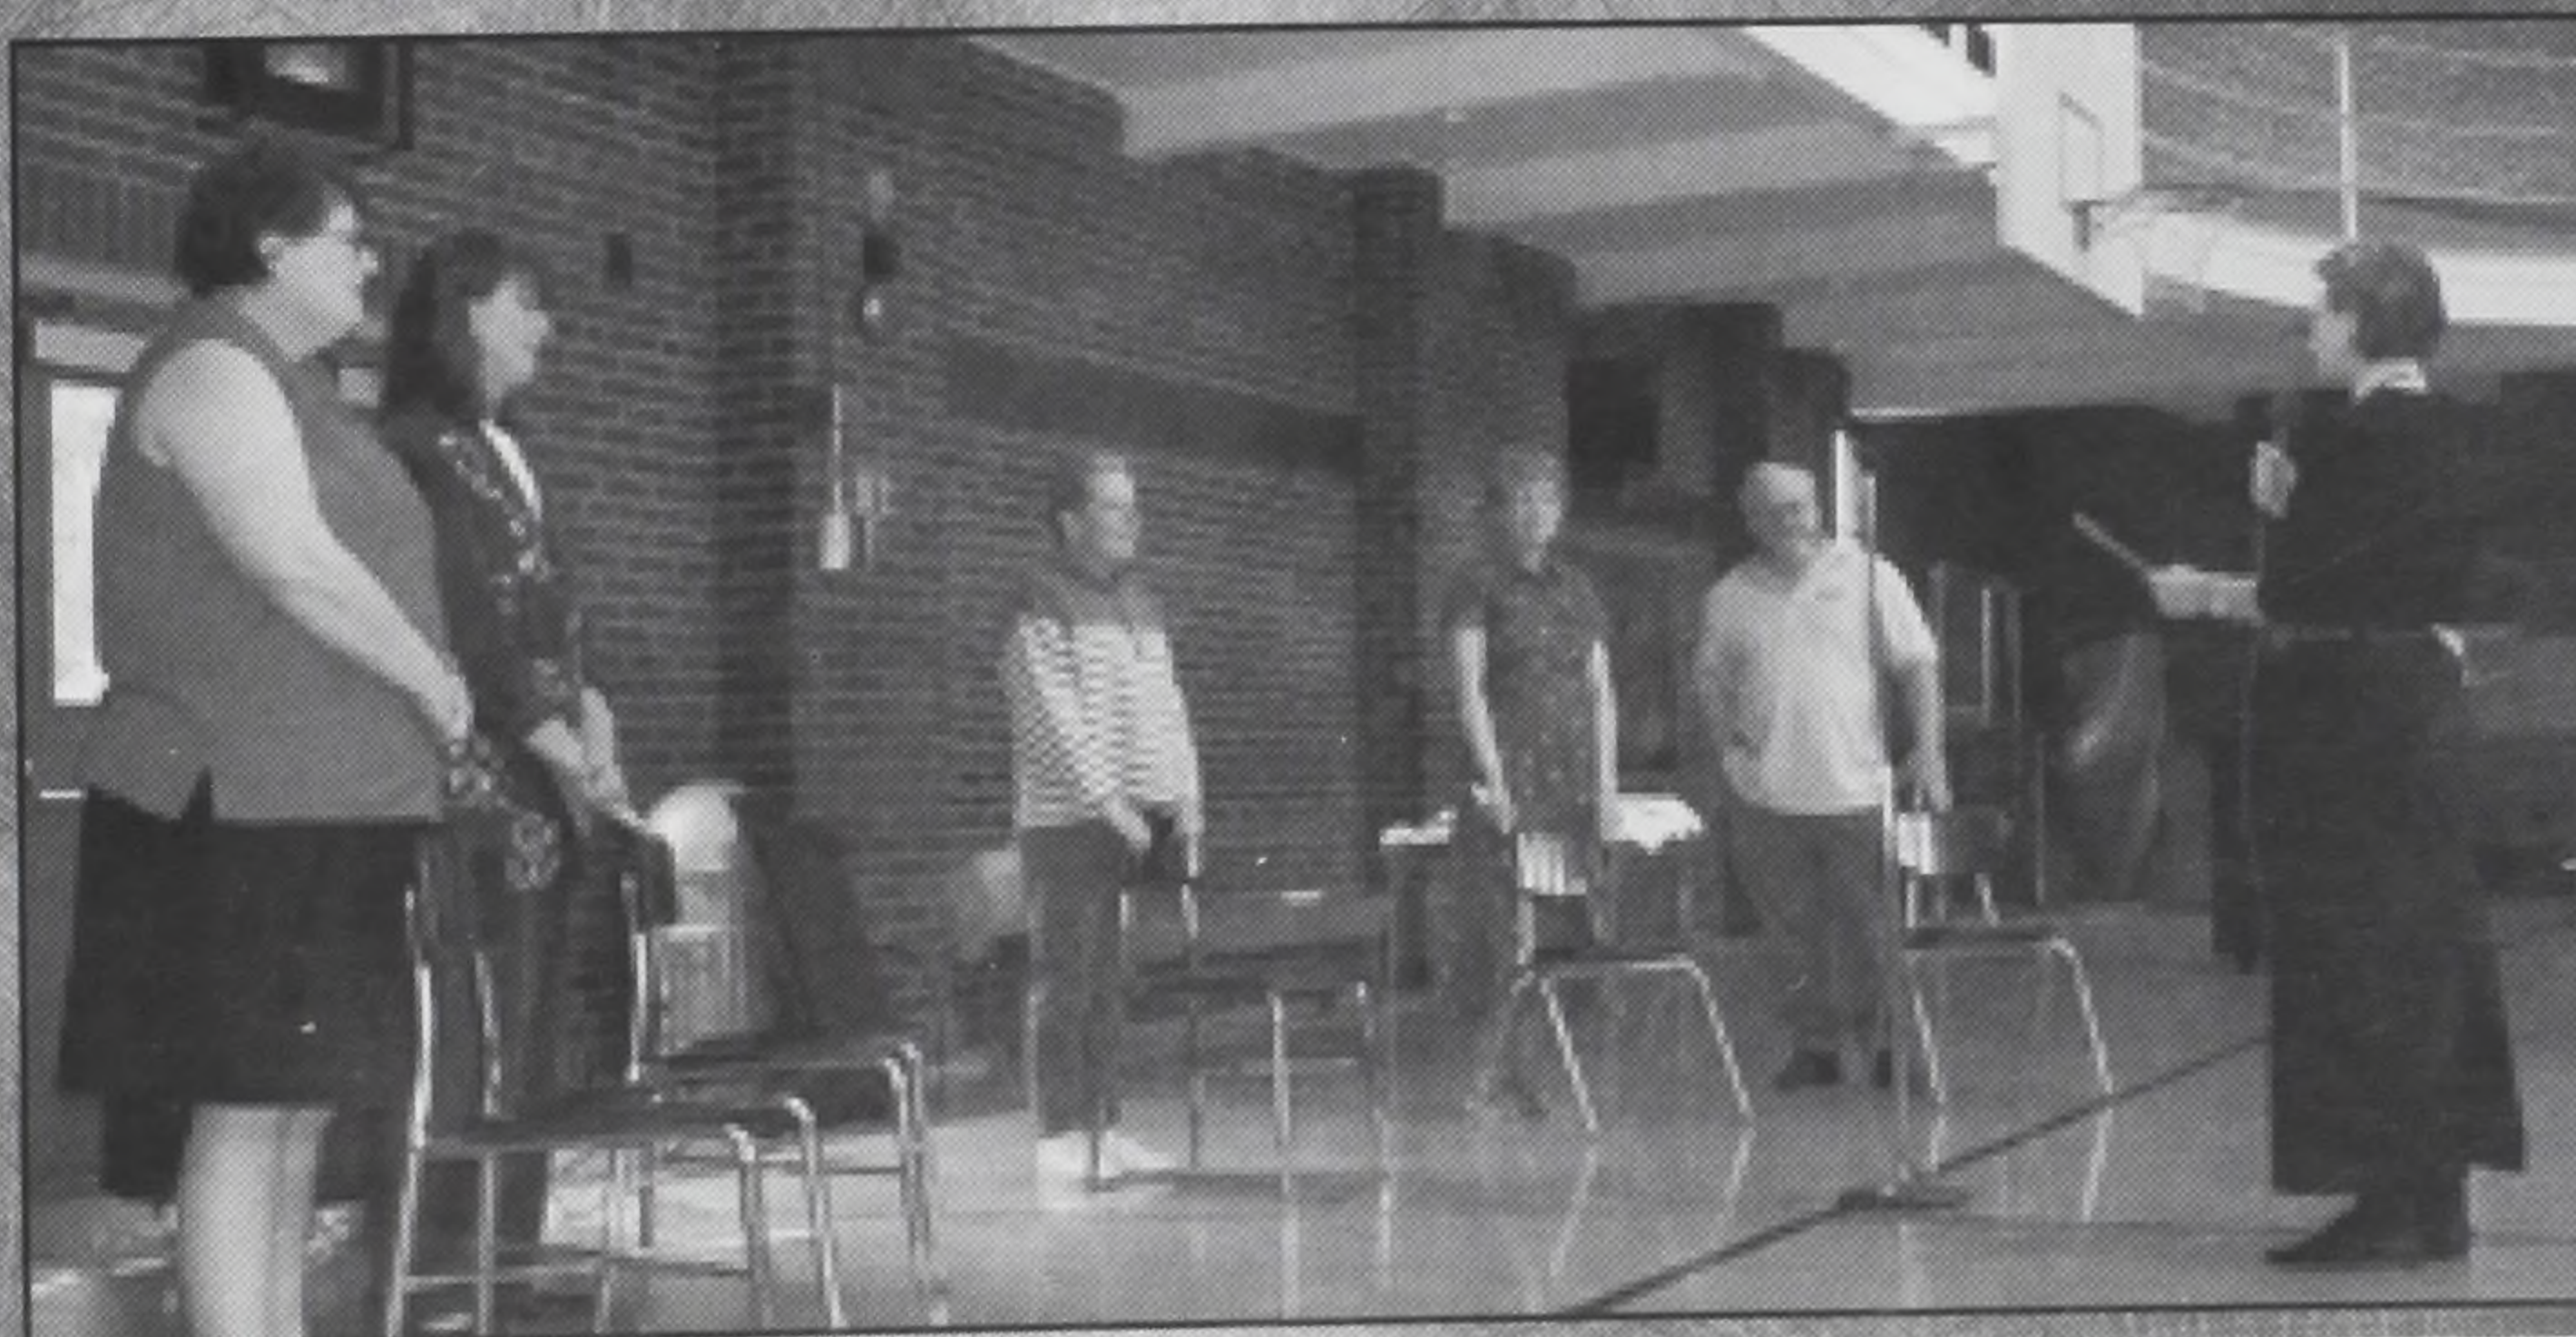

Heidi Anderson

I was a sophomore when I took geometry with Ms. Anderson. After taking two years of algebra I was not excited about her class, but Ms. Anderson greeted me with a smile that first day I walked in her classroom and that never changed throughout my remaining years here at Benson. Every morning when I saw her she smiled at me and called me by name, that always amazed me after all those years she knew exactly who I was and still took the time to say hello. You don't find many teachers like that any more and your presence will be missed Ms. Anderson. Thank you for the warm welcome. Wilhelmina Proby c/o 2001

Drama

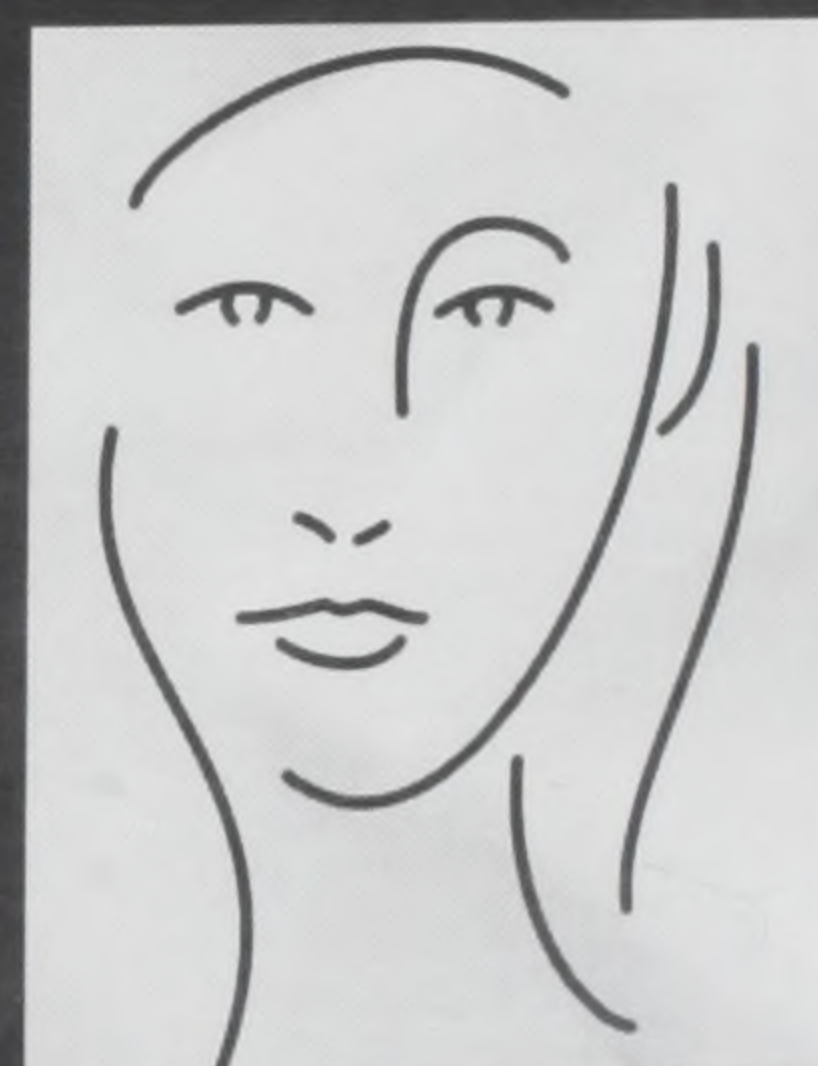

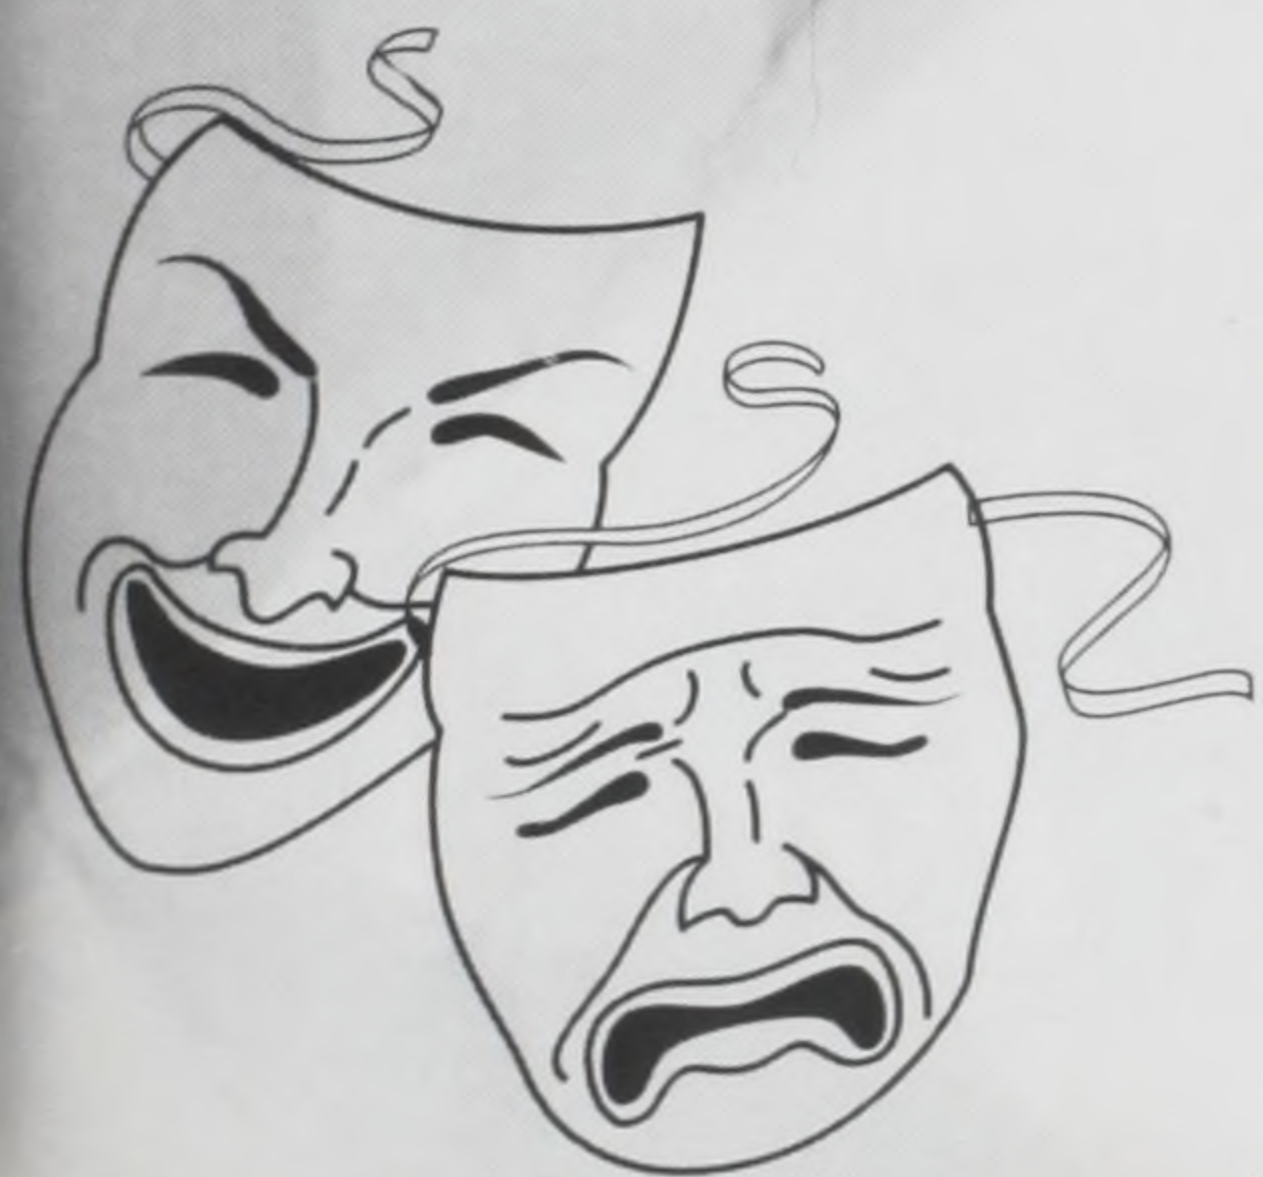

Faces

Benson is known for its great technical and medical classes but Benson also has a surprisingly great drama program that does not get the recognition it deserves. The Benson drama cast is hand picked and lead by their fearless leader Mr. Owens. During the fall season we started off with "Cages" and "Bang Bang Your Dead" and in the spring we came out with "Something Funny Happened On The Way To The Forum." This was Benson's first musical and a great success. The musical pit for the production was filled with some of Bensons finest band students while the stage was filled with wonderfully gifted actors. "Something Funny Happened On The Way To The Forum" was a Benson first and a drama triumph that will go down in history.

Code names to nicknames, sayings only you and I understand. This is what
Best friends are for. Hoping to marry 2 guys who are best friends also and
praying that someday our children will grow up together. These are some of
our many dreams. Praying for each other and letting God be the judge and guide
for the things we do, and the center of our friendship that has made us into
who we are today. Wendee you are my sister, My unidentical twin. My God-
given Best Friend. I pray that high school will not be the end of our everlasting
memories, Doggy! Thank you for understanding me, listening to me, caring
about me, seeing through me and being there when I don't need anyone else
but you. You are more than a best friend, you are my blessing!

I love you!

Gene's presence touched everyone's lives. He was a great friend who made people laugh and he was always there to comfort if you were in need. Whether it was his grin, the jokes he told, or the shoulder he lent, he was always giving in special ways. His love, his concern for others, and his ability to assist will always be embedded in our hearts. We miss you deeply.
