Volume 86

Welcome...

Ms. Plinski
Principal

Welcome to the life and energy behind Benson Polytechnic High School! Within these pages you will see glimpses of the most exciting and relevant education available to Portland Public School students. The academic opportunities at Benson Polytechnic High School provide both the fundamentals and the excellence our students need to succeed. We are very proud of both our teaching staff and our student body. Our teachers are dedicated, outstanding educators who are supportive of student learning- both inside and out of the classroom. Our students are motivated to succeed on the playing fields, the stage, the classroom and in life. Our school motto perhaps says it the best, "Unite in Spirit, Bonded by Name."

We are a group of human beings who have chosen to invest ourselves in the best education has to offer. Benson Polytechnic High School. Thanks to the entire student body and their staff for their energy and commitment and to the staff of Benson Yearbook for capturing and staff for their energy and bringing it to life with these pages.

It was an absolute honor for me to be asked to join the administrative team at Benson High School last July. I had heard so many wonderful things about the school and its programs, I could not wait for the opportunity. Day by day I am more impressed with this place- it is truly one of a kind.

In a year with so many distractions, trials and tribulations, the district, the state and our nation has faced this year, I have been most impressed with the vigor and focus that has remained on our students' opportunities and ultimate success. At Benson, we keep on keepin' on— and it is great to be a Techman!

Mr. Otoupal
Vice-Principal

Yennie Quach

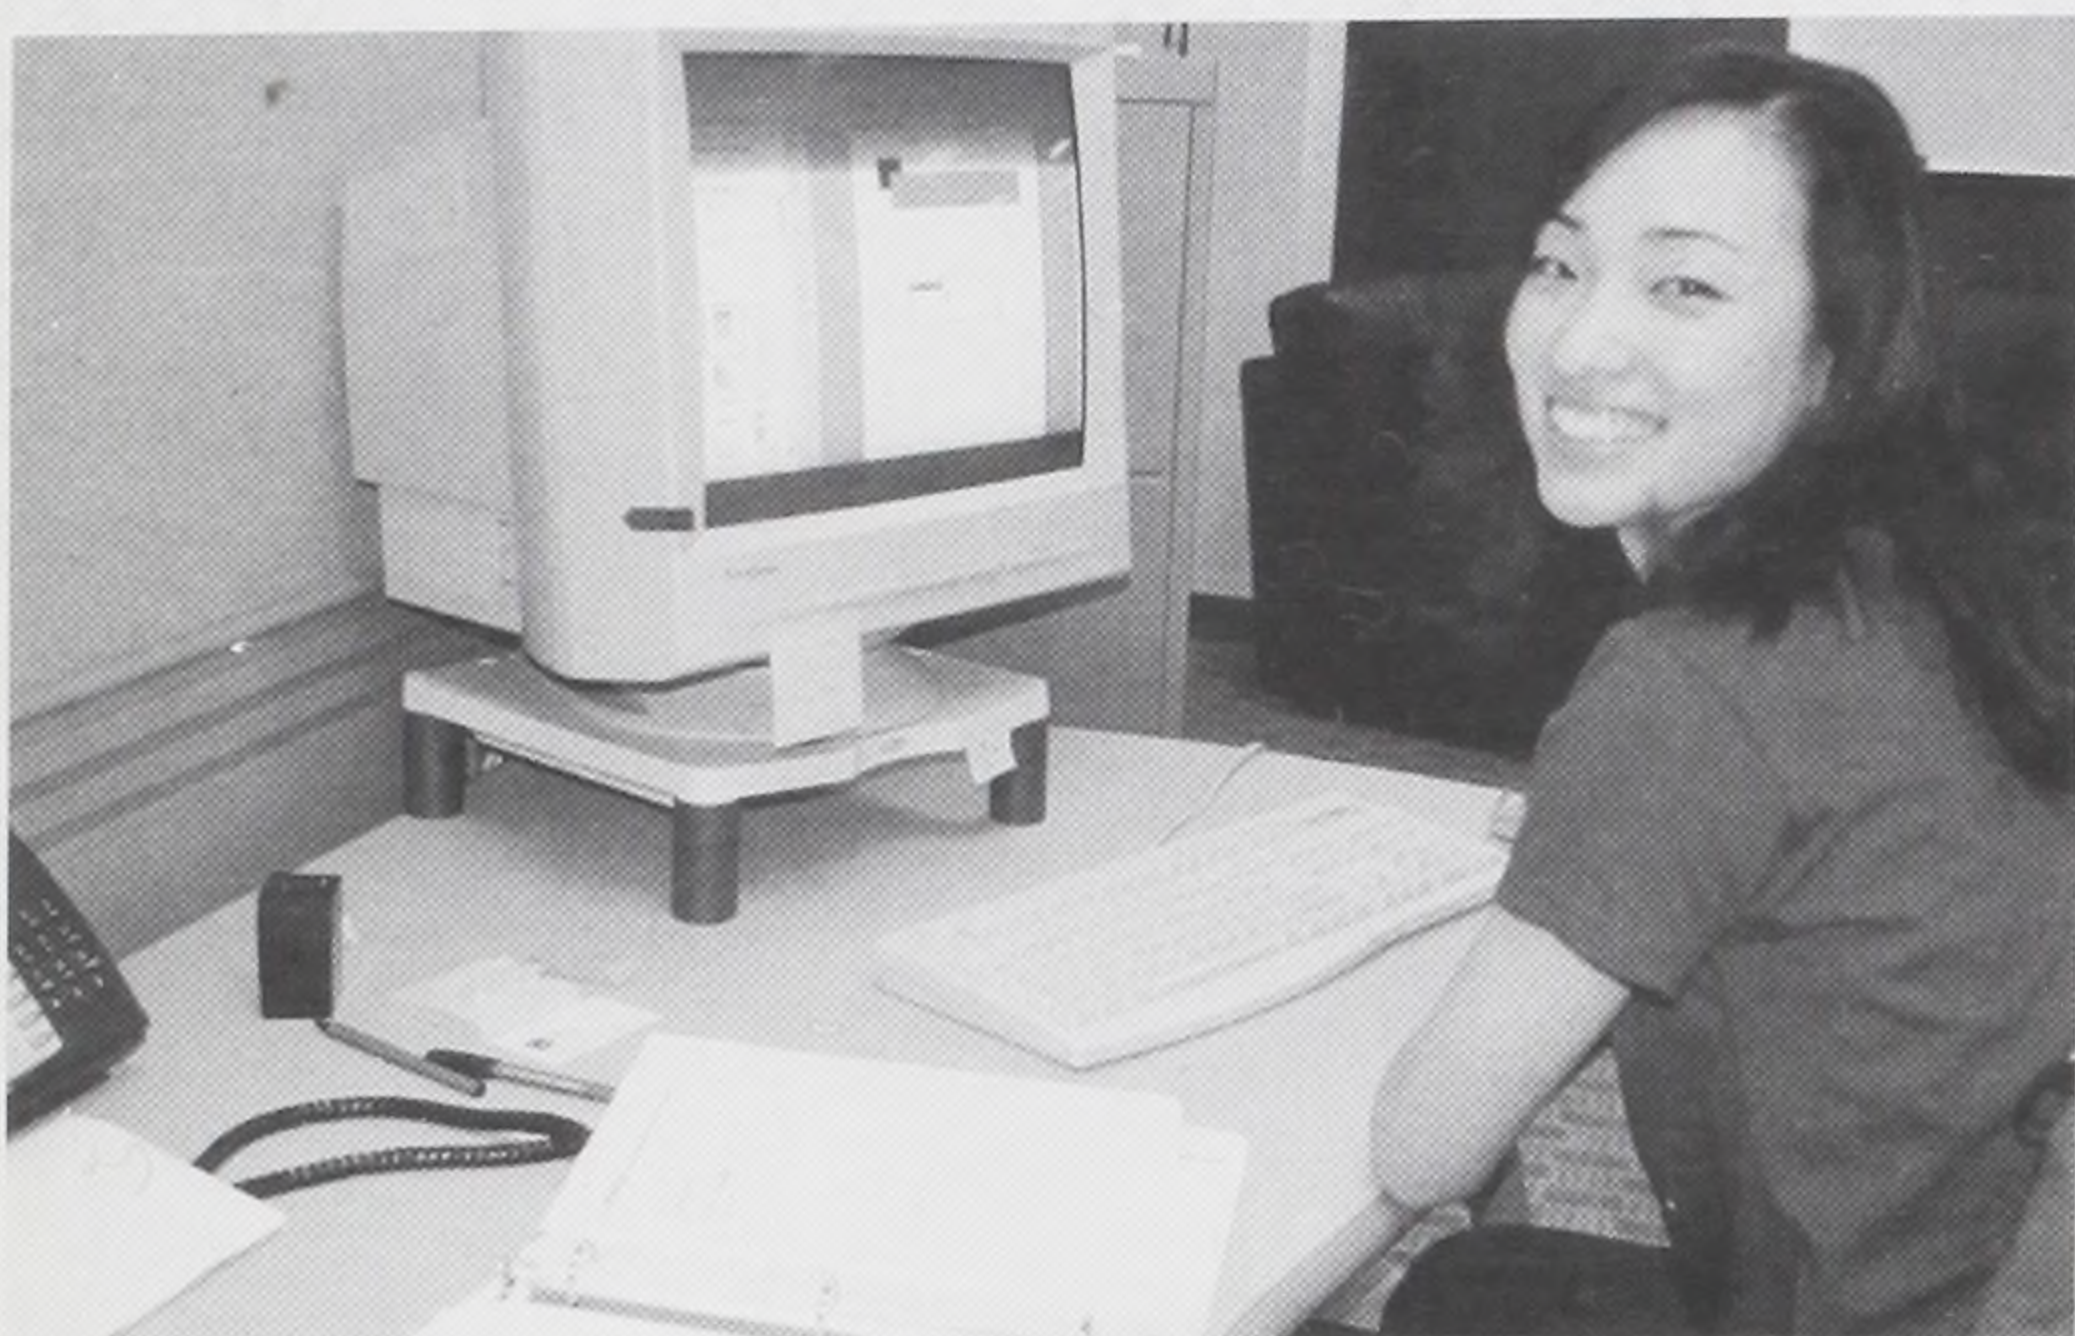

Twelve Portland Public School Representatives got together to spearhead a student committee to save Portland Interscholarlastic League. They were able to fundraise more than \$100,000 through local corporations and communities. They were able to accomplish their goals through sponsors, holding press conferences though local T.V. Stations, Radison Stations, and News Paper, and holding donation booths *at local groceries stores.*

Fall... in love with Benson

Lines, lines and more lines...

Picking up thier books for their first high school classes, freshman Michael Baranski and Kyle Devlin leave the library to find thier lockers- Hopefully.

Juniors Holly Rule and Yorda Arevelo sit in lovely long line to take thier beautiful student body card photo-which we all love so much.

"I'm Still NOT Awake!"

-Rick Fuller, '03

Registration...already?

For some, summer was not long enough and for others too short. But it doesn't matter now...school is here again and in full swing. Good luck, have fun and learn lots because before you know it, it all will be over again!

**no
regrets**

"It's really exciting to be here, but really nerve racking"

-Gloria Gong, freshman

*we're in this
together*

The top left, clockwise: Bethany Smith paying fees, Andy Goshorn and Pookie Moore take a break from the lines to say hi, Irving Casa pays his fees and Nathaniel Clanton and Lucas Danielson wait to take ID photos.

"It's really good to see everybody, but not to be back."

-Candice Redmond, '04

"Everyones grown but me!"

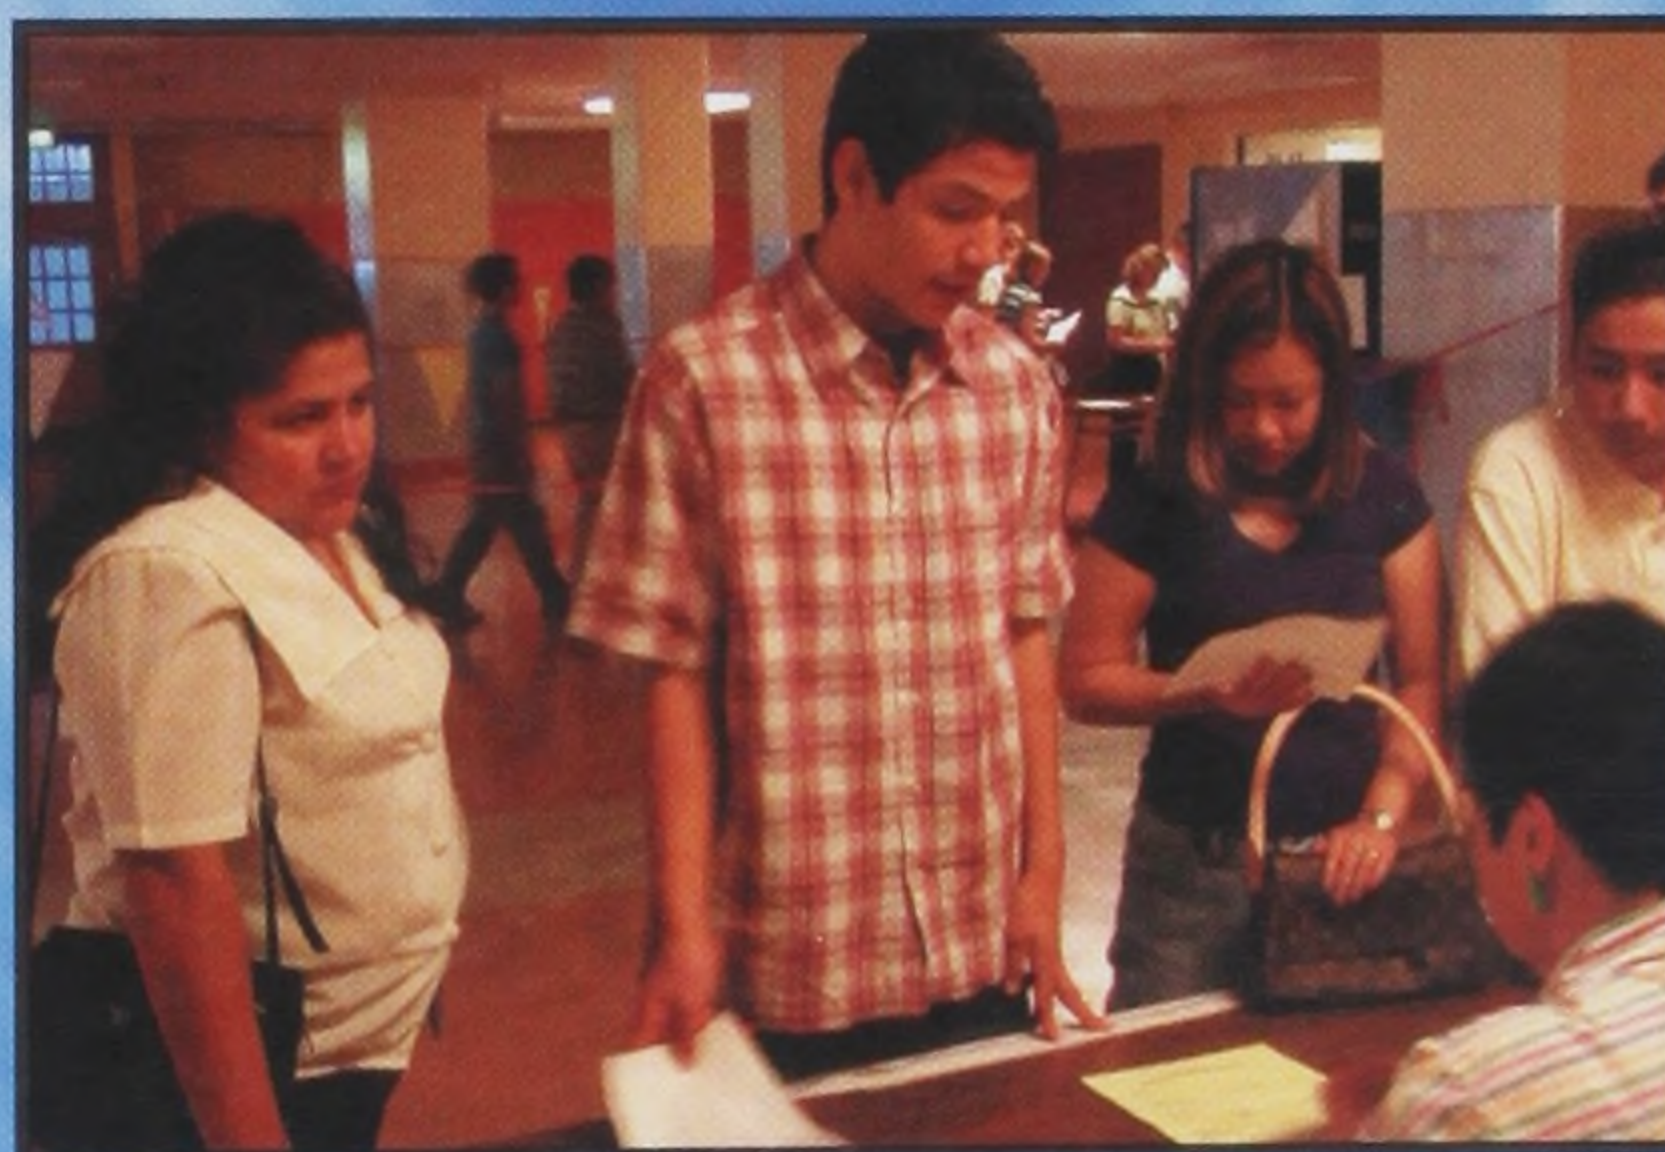

-Shawna Muller, '05

"It's good to be back-to-relax because I worked real hard all summer."

-Matt Kitchin, '04

"Go 2003!"

-Joey Barber '03

Freshman Nathaniel Clanton (sitting to the left) comments "This looks like the start of 4 very long yet very short 4 years!"

Homecoming Spirit Week

If you have school spirit, this is the week to show it!

To the right we have Andy Goshorn and Joakine Mode holding it up for this year's Homecoming king and queen. Good Job!

This year the Youth for Christ Group supponsored a hamburger grill for the school after the Pep assembly. It was great, thanks!

Seniors: Micki Shepard and Bobby Vongkhankhan are represnting the class of '03 for their Prince and Princess this year.

Juniors: Here Sean Brannon and Patrice Hardy recieve the title of Prince and Princess for the class of '04. Good job!

Sophmores: Nick Crawford and Sara Esterbrook appear happy as can be because they just won the prince and princess titles for their class of '05.

Freshmans: Even though they might be immature and odd, the class of '06 has some good ones- as in Tanita Ross and Alex Green who represent the princess and prince for this class.

To the left is the sophomore version of "the Rock", Hawaiian Spaulding and then some girls at the Homecoming dance shaking the night away.

Above: Mr. Levine and some of his students are decked out for the tropics on Hawaiian day. Below: Maybe staying in her pj's all day was not a good idea for this girl!

Spirit Week

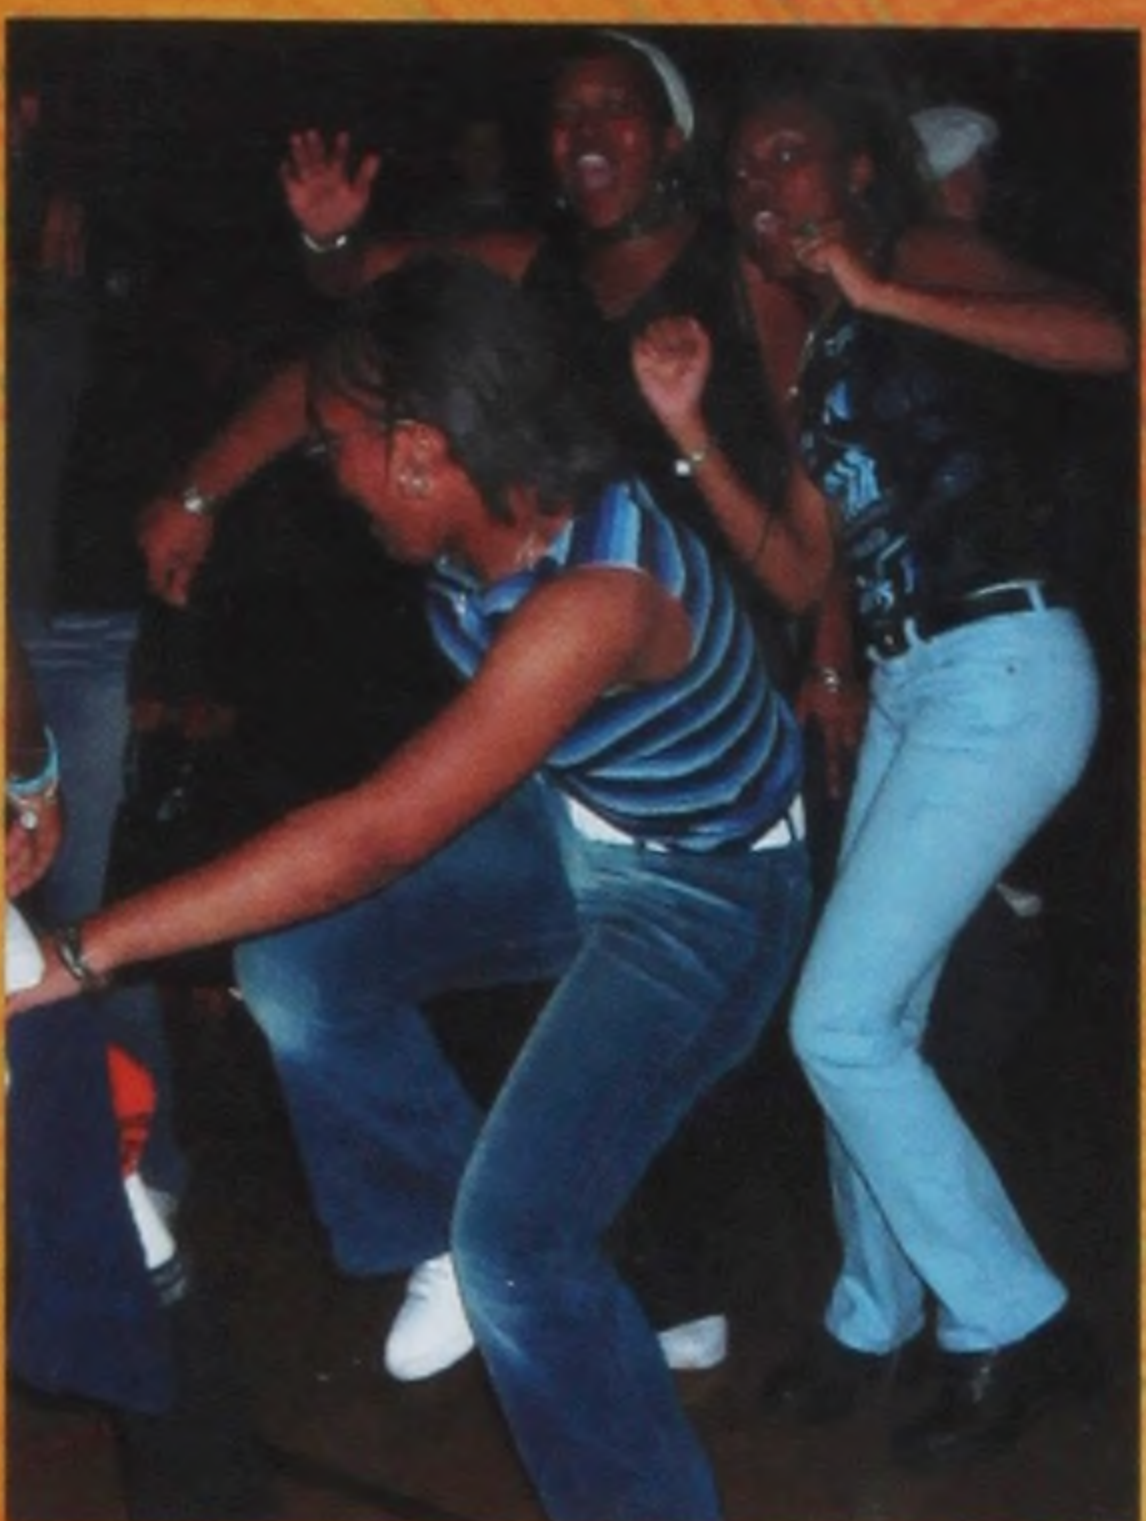

Favorite Day: Blue and Orange/P.J. Day

Least Fave: Toga Day

Thought of those who dressed up: Really cool!

Those who didn't: Loser!

Did the Rally excite you: OH YEAH!!

"It could've been better-but yes, it made me feel tingly all over!"

- A.J. Calderon, '04
(commenting on Spirit Week)

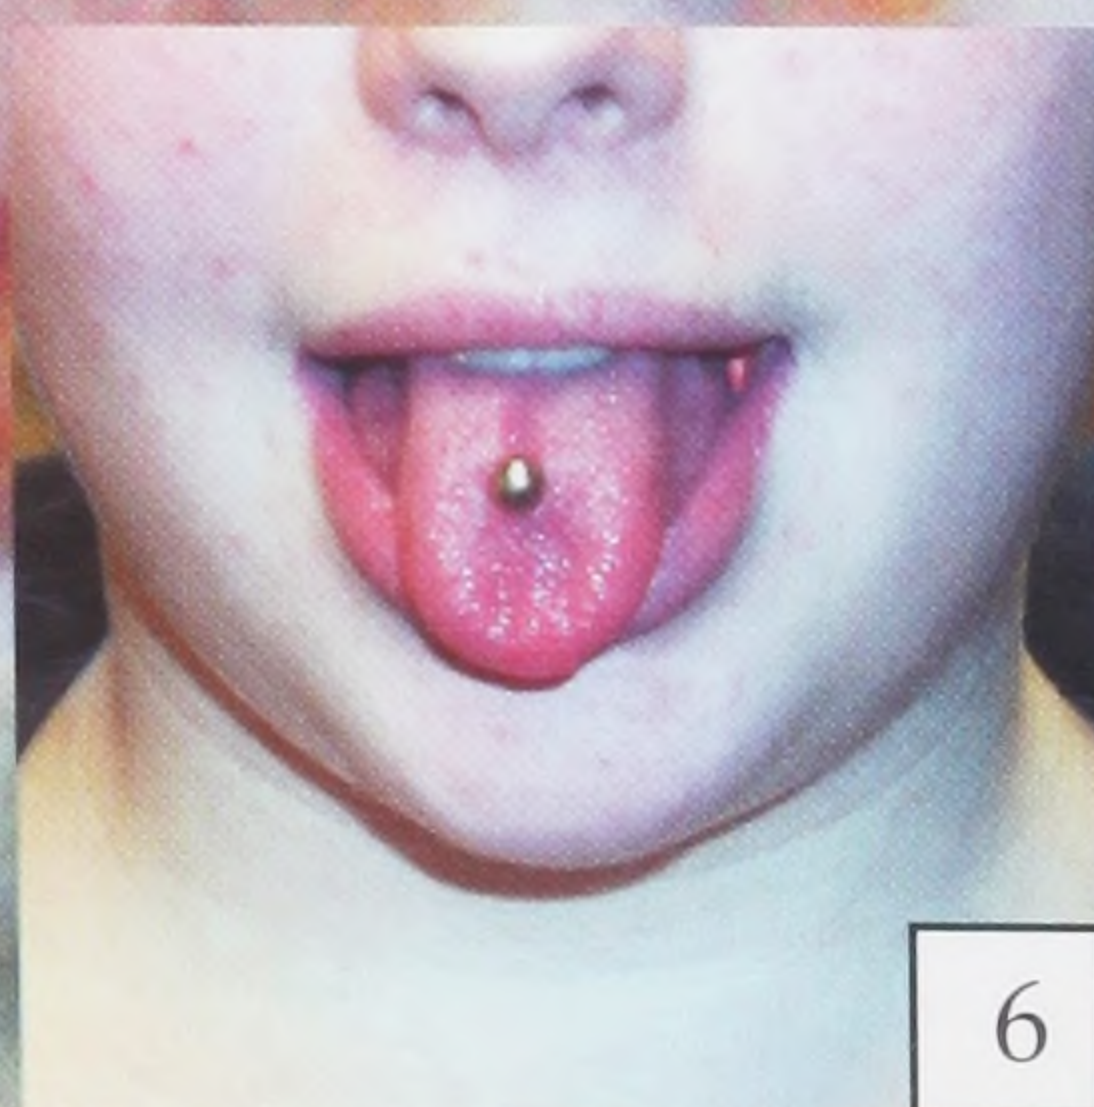

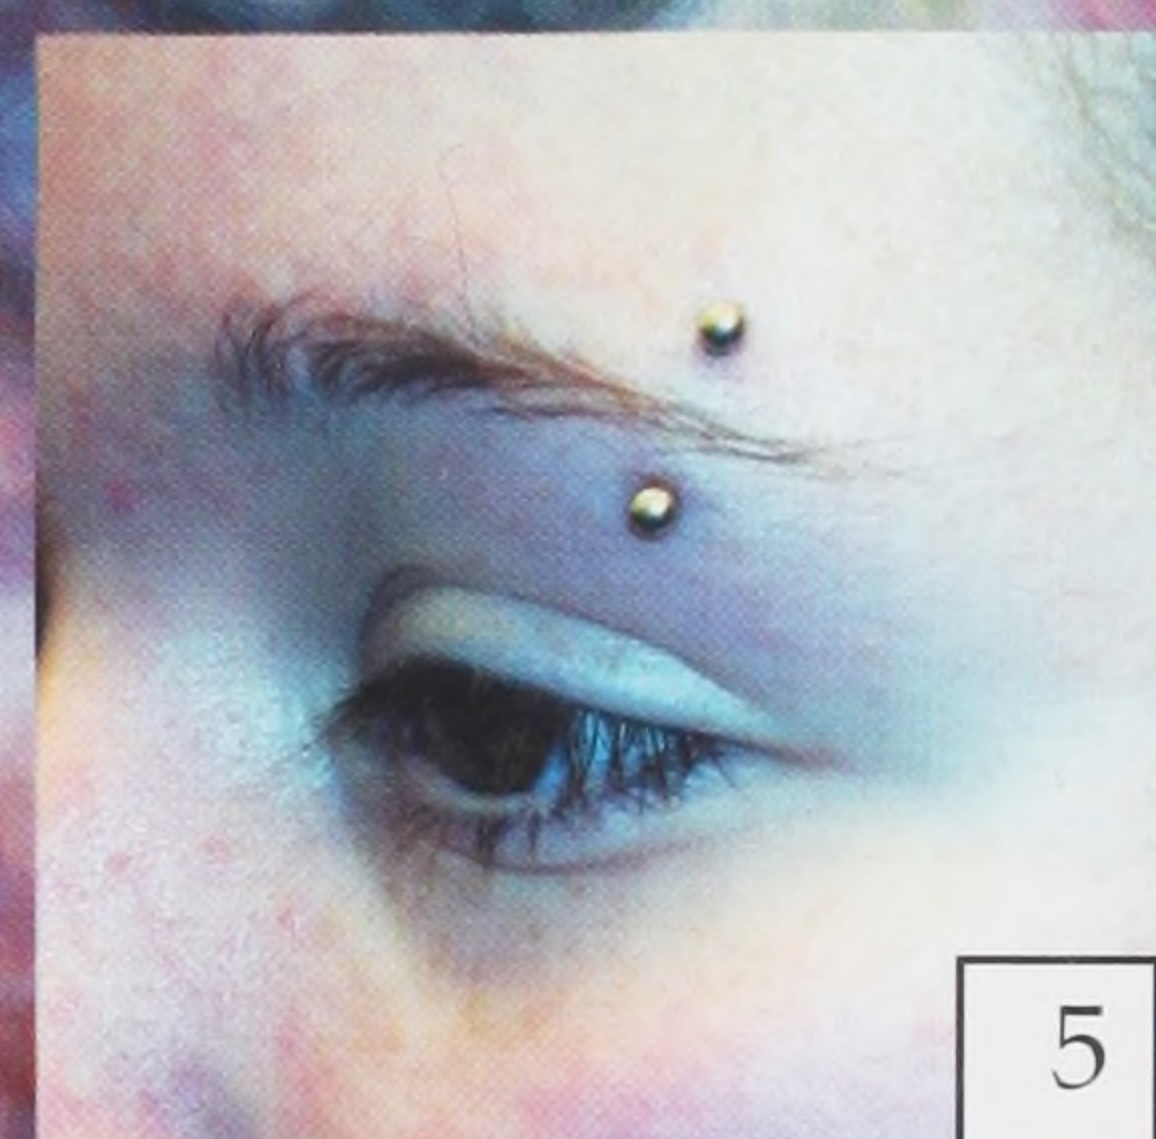

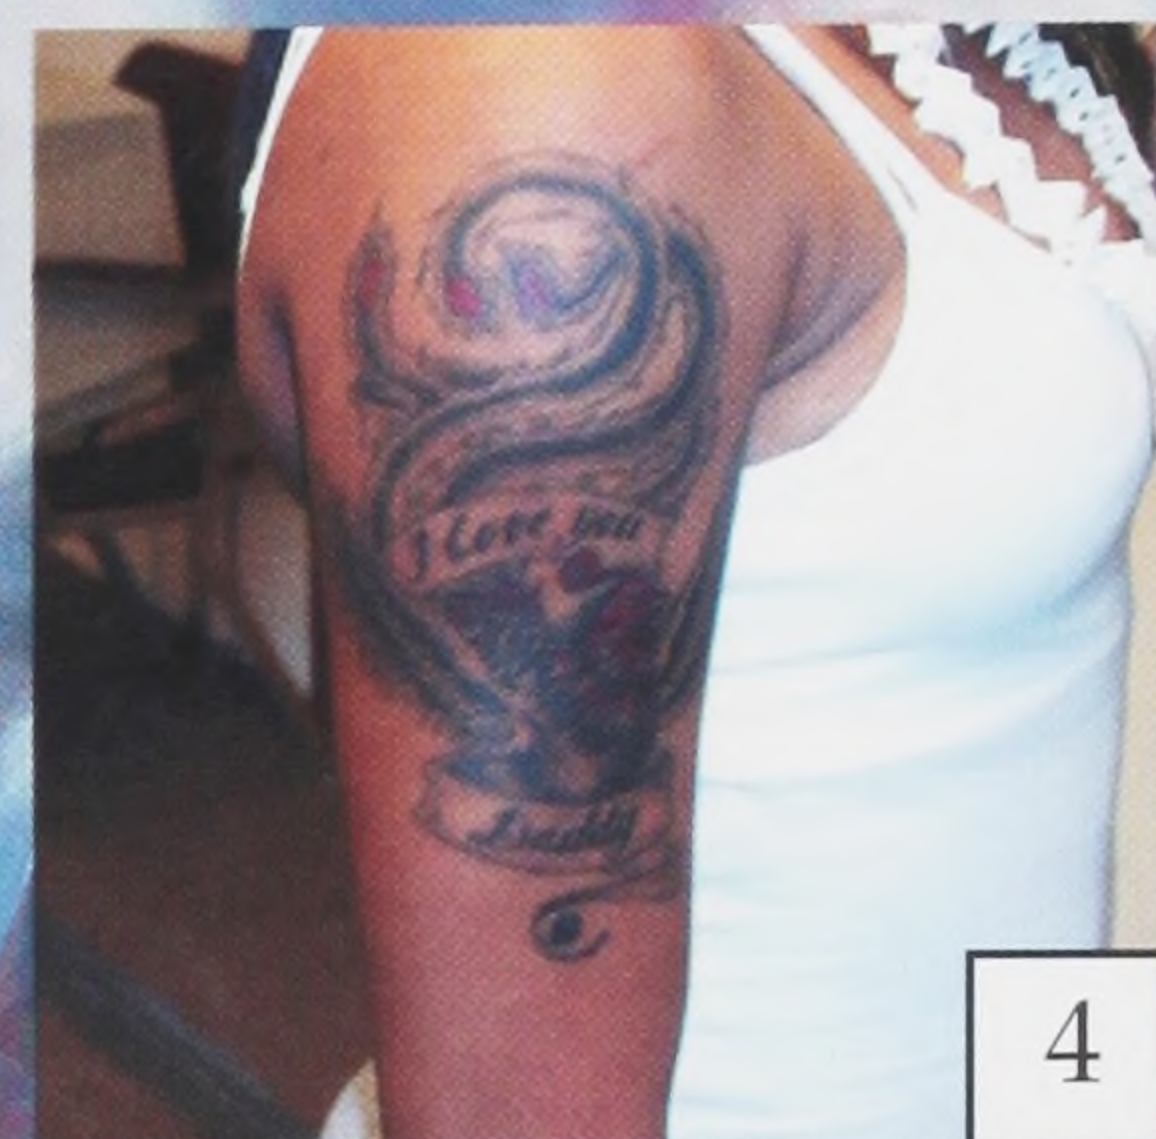

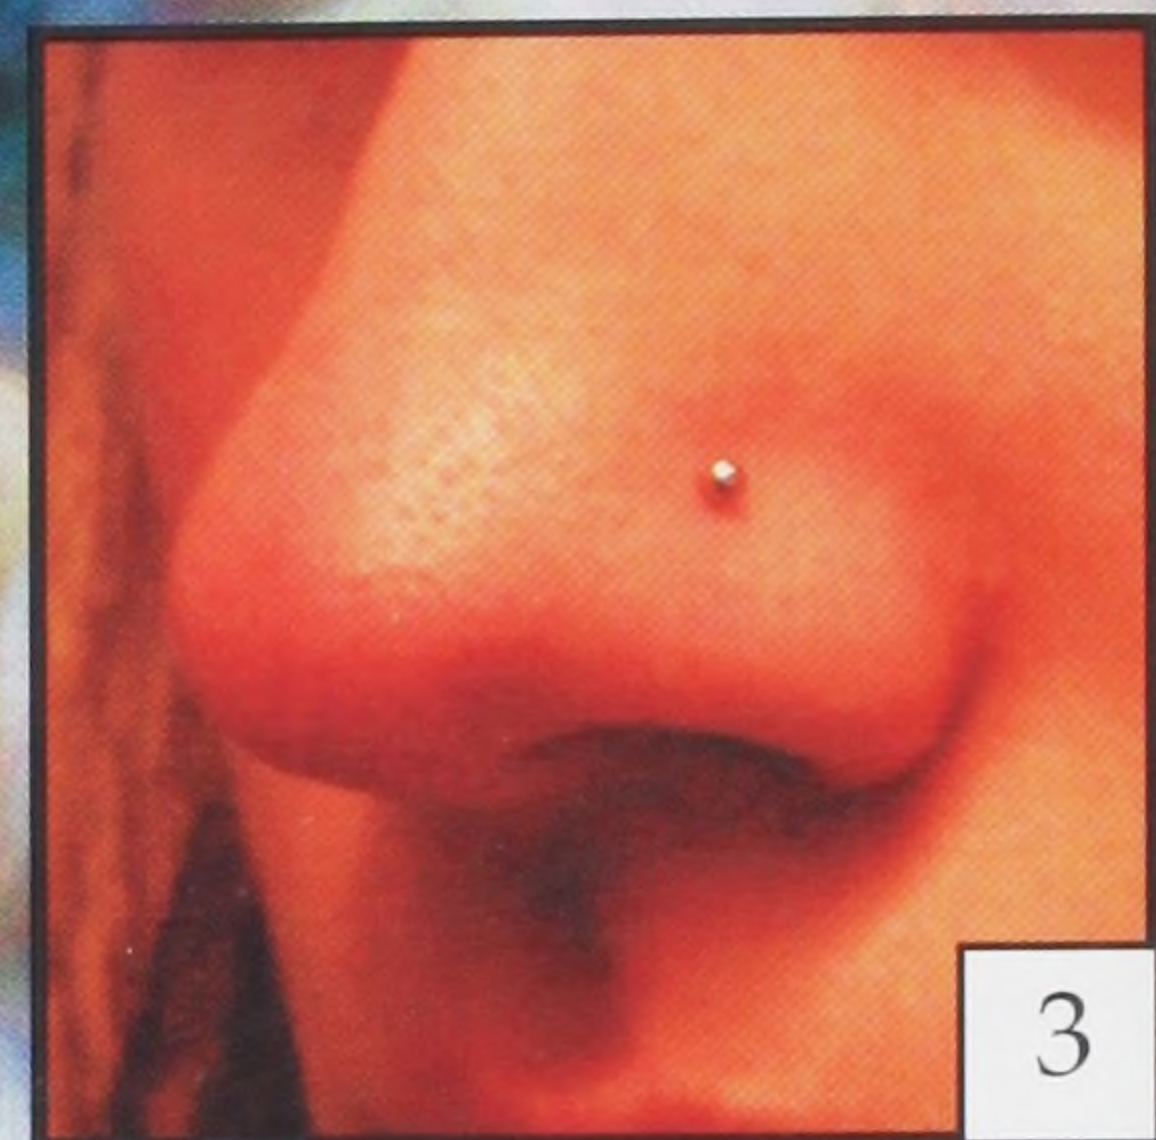

Above left to right: Brooke and My ngoc for hawaiian day, in the band room is Melissa, Laura, Tamari, Joey and Emily are part of the small group that dressed up for Toga day and the studly Olu in his Blue and Orange.

Far left: This is a group pajamma jammers rock'n their J's, then there is the greatest cheerleader Benson has ever seen-Andy. Above is sophomores Rohna, Cole, Cassie, Ernae and Danielle at the dance, and then the tech dancers showing some school pride and skill at the assembly.

Tattoo's and Piercings...

How expressive are you? Well, many students here at Benson are very expressive, and some choose to do it this way: Body Art.

Can you guess Who?

The Varsity Season in review:

At the beginning of the season this year, no one knew what to expect. There were only four returning varsity players, the rest newcomers. We put all our talent together and went to work. With our hard efforts and teamwork we went undefeated in the P.I.L. and received an automatic berth to the OSAA State Play-offs. Overall the season was a great success and we'll all cherish the memories we shared this year. Congratulations to our team and good luck to next years team. - Suzanne Hanson

What can I say about the season 2003? Well this: We have Martin Romero-Clark who runs under 16:00 minutes (5k). We also have Aimee Dodge who is 18th in the PIL, and many other talented girls who can run (5k) 23:00 minutes and under. There is also Seniors Joey Barber, Thomas Emery, and Cindy Algora, you've left a legacy for others to follow. What can I say about the 2003 Season? Awesome job, men and ladies!

Brain Bowl

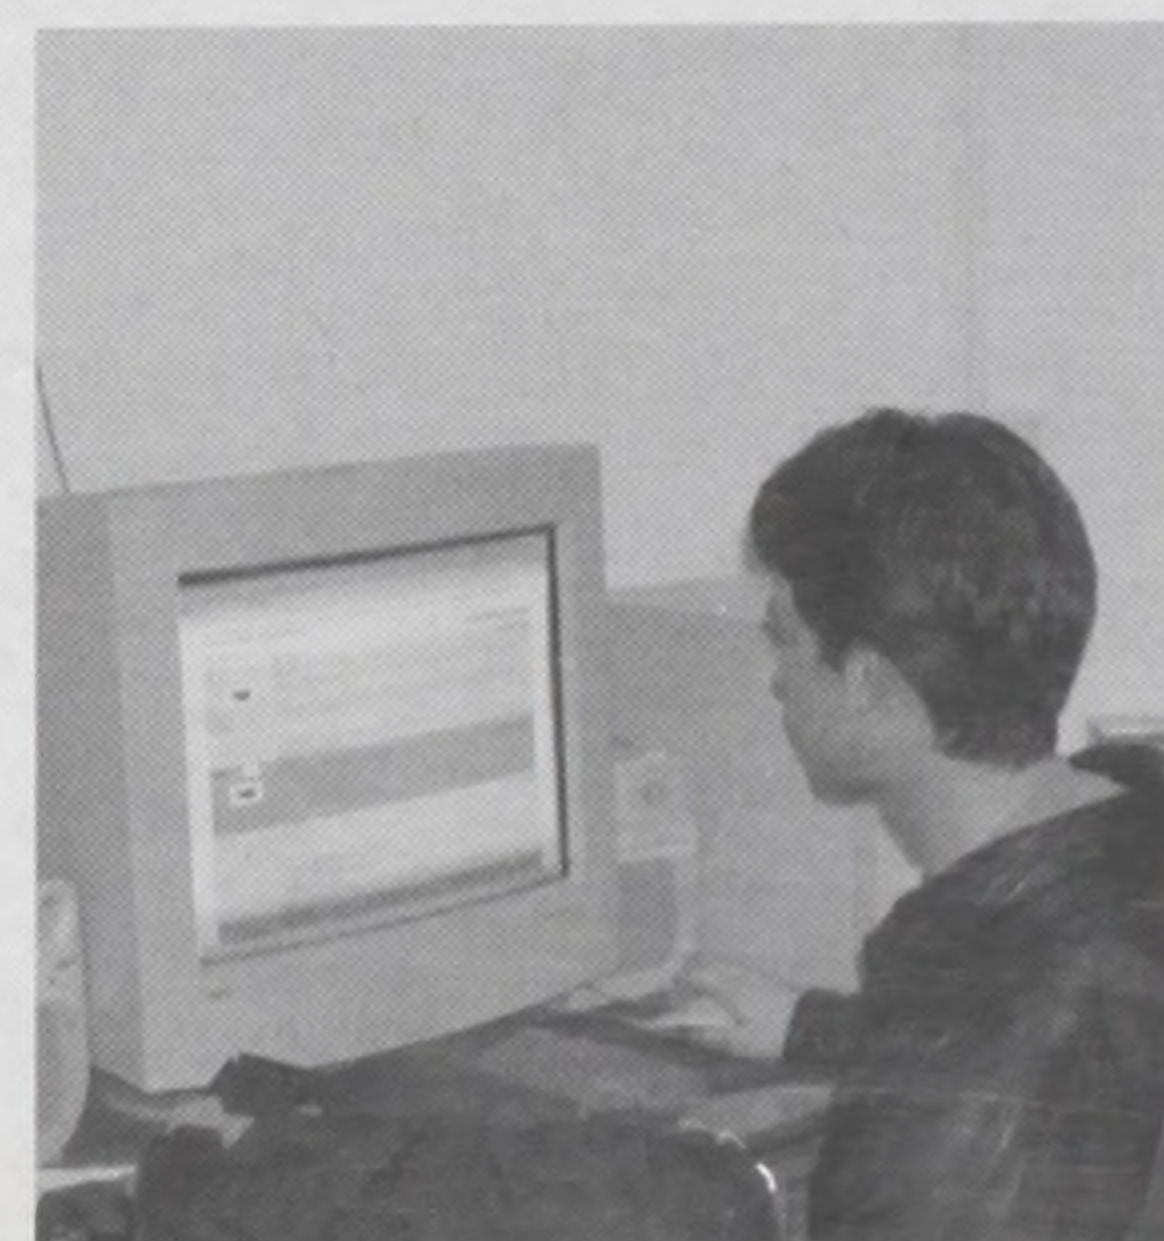

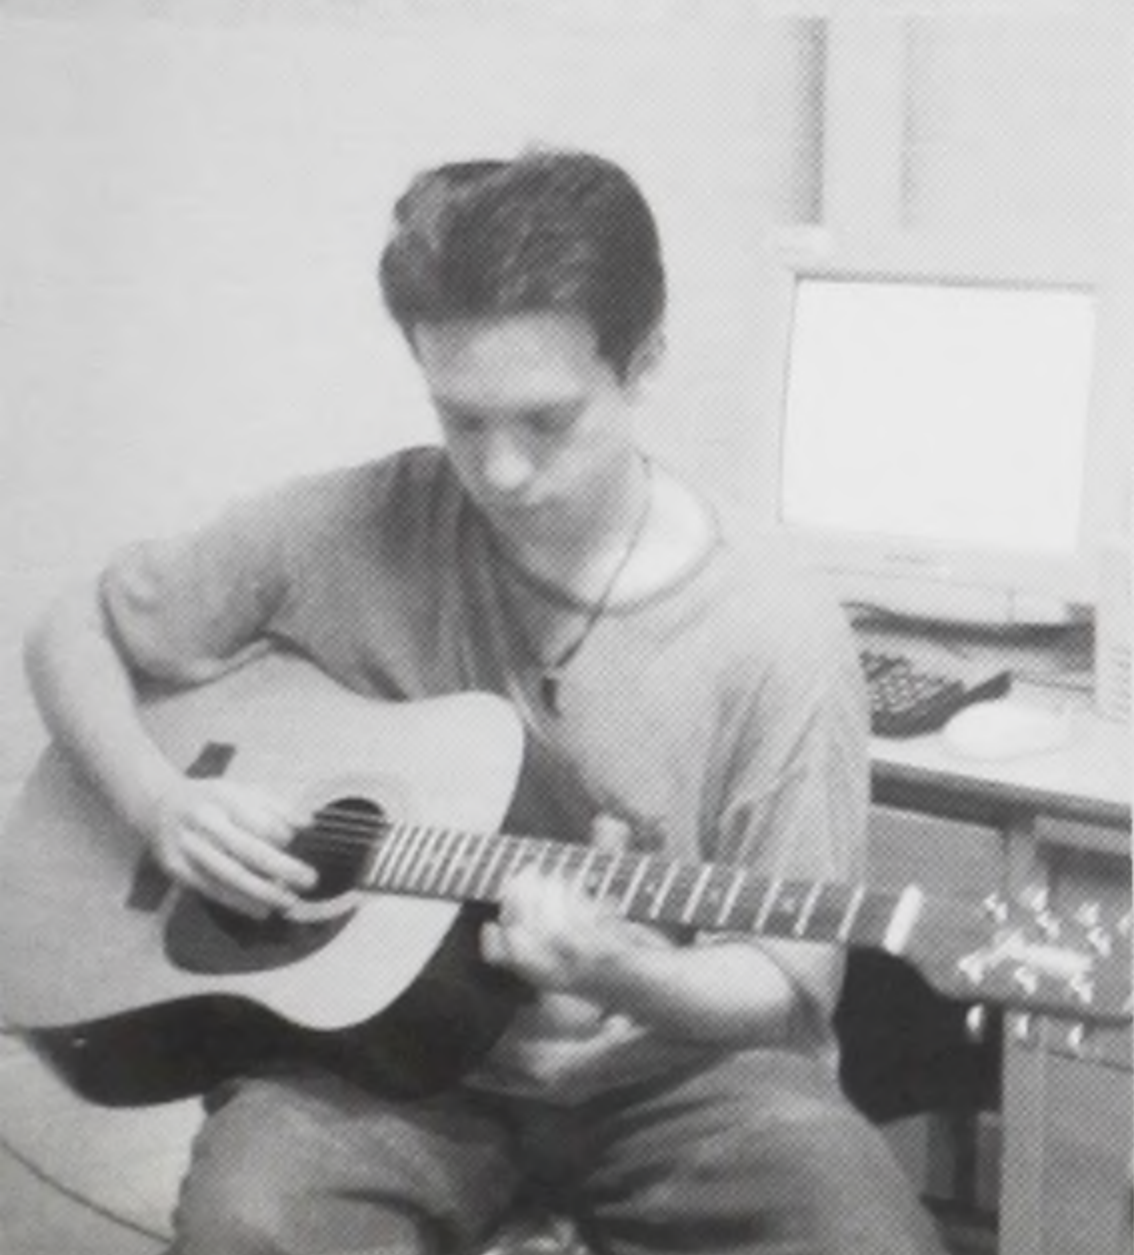

Web team is a relatively new organization at Benson. As such it is not a perfect organization, but one that is growing, changing, and learning. The actual coding of the pages is not the most glorious part of the job or even the most enjoyable. It is the interaction with the community of Benson: the theater productions or the sports games, that we have gone to and reported on. This made the web page come to life and was my favorite part of web team. This is something that we need to do more of, and I hope next year's team will build on what we have started. It is the extra things, not the plain facts that make the web page interesting. As a team we found this out, continuing to use this knowledge is essential.

The group of FCA members meet in Mr. Bennet's room faithfully every Wednesday morning at 7:30am. They use this time to act as a bible study and prayer group. When

asked, they describe themselves as a "peer group of similar religious levels for support and to raise each other's moral."

Club Members:

Hallee Gill, Torrey Hager, Jennifer Johnson, Stephen Kolibaba, Renee Lovejoy, Jazmine Lybrand, Lanita Martin, Alison Moyer, Diego Ocejio, Lani Theoharris and an occasional visit from alumni Karl Ernsburger.

Benson Chess Team

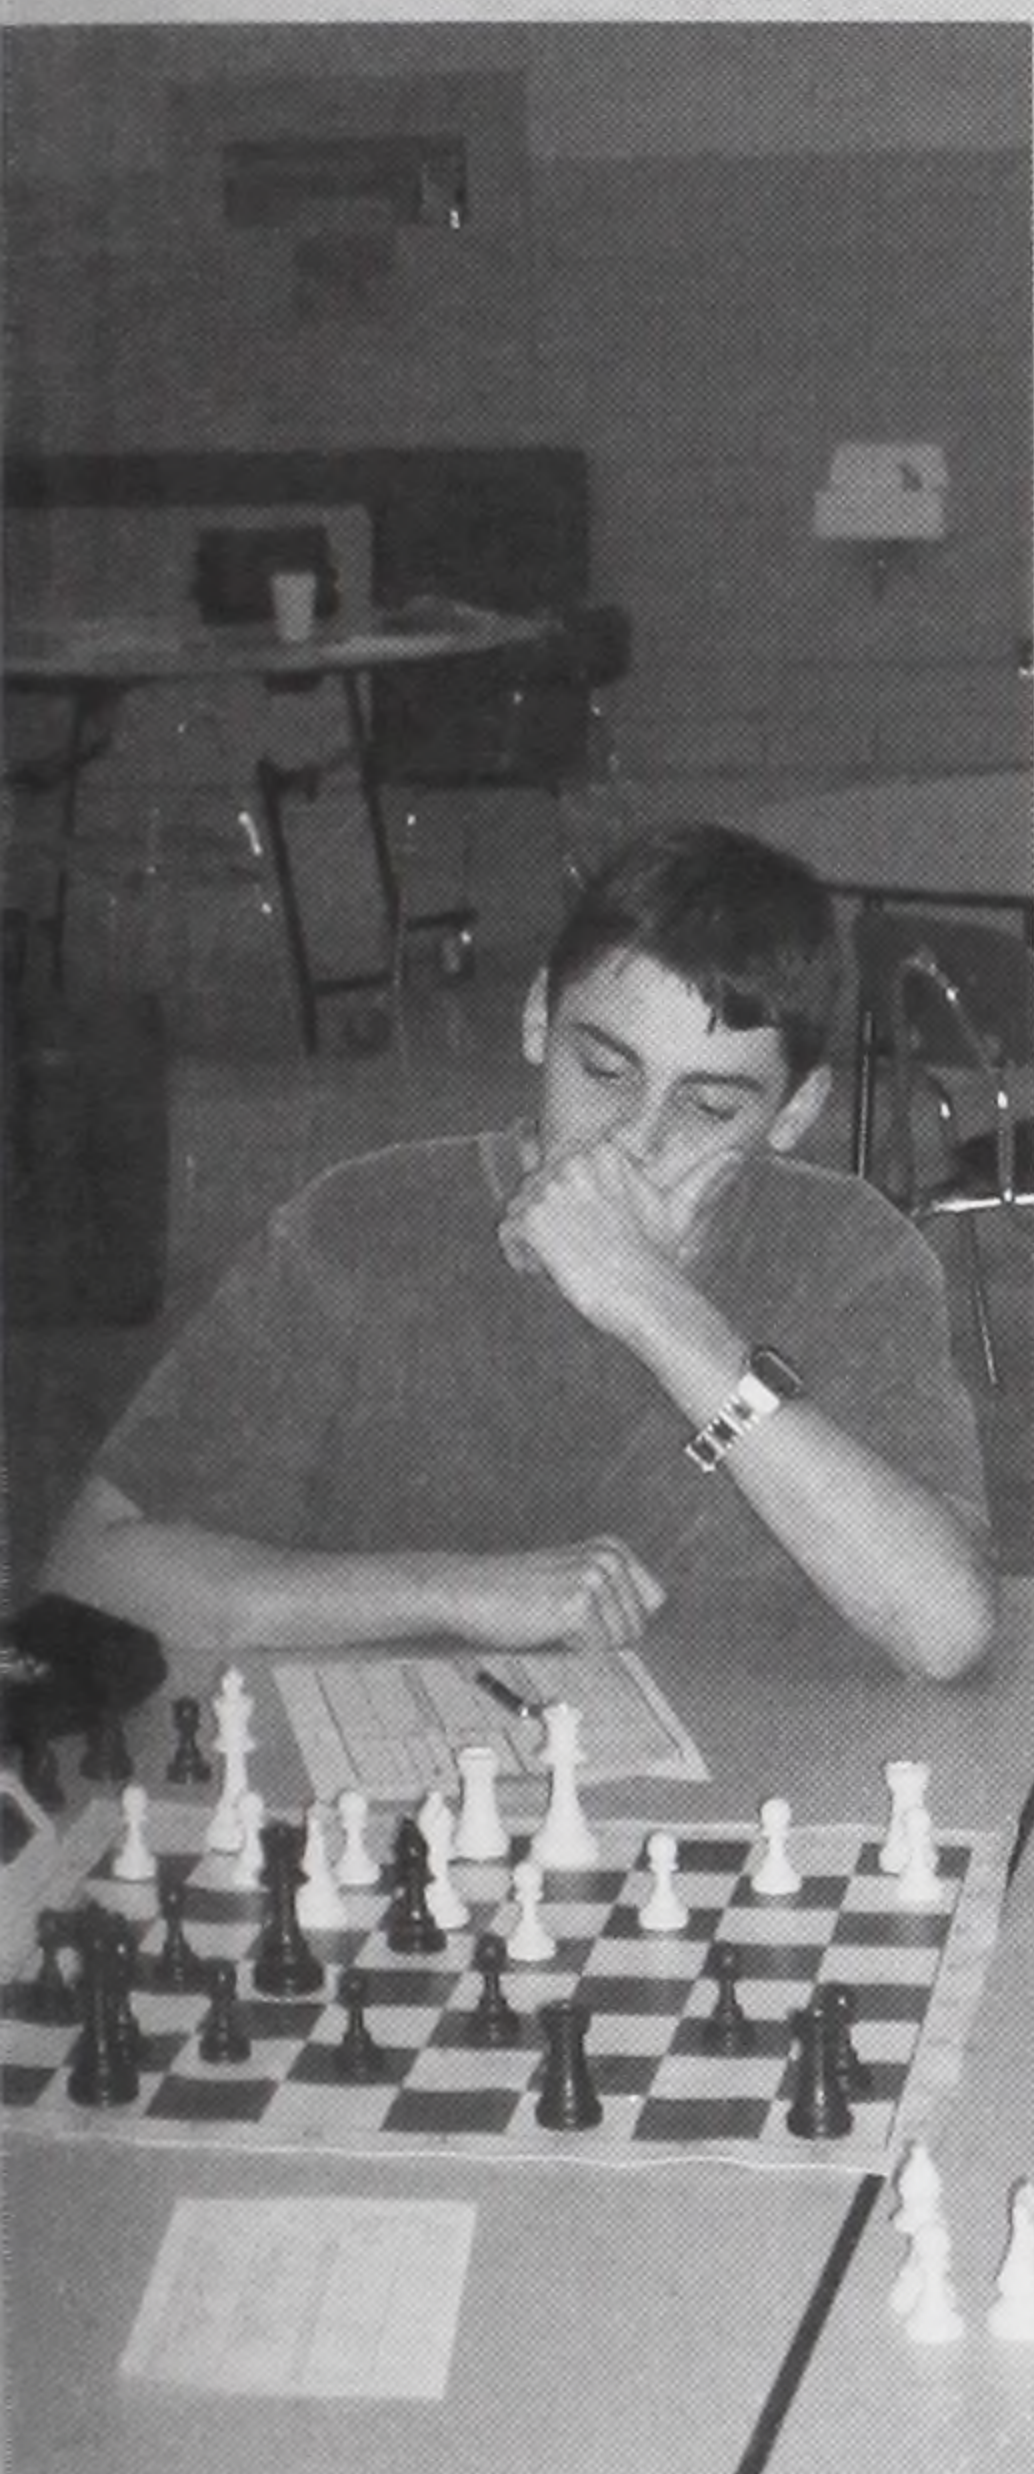

... 'Check' out our Moves

For the first time, the Benson chess team had enough participation to create a second team. Although their team records were not outstanding, the dedication and motivation of the teams exhibited were. People say that chess isn't a sport, but anyone who has played a three-hour game without rest, knows that it is. It's much more than a game.

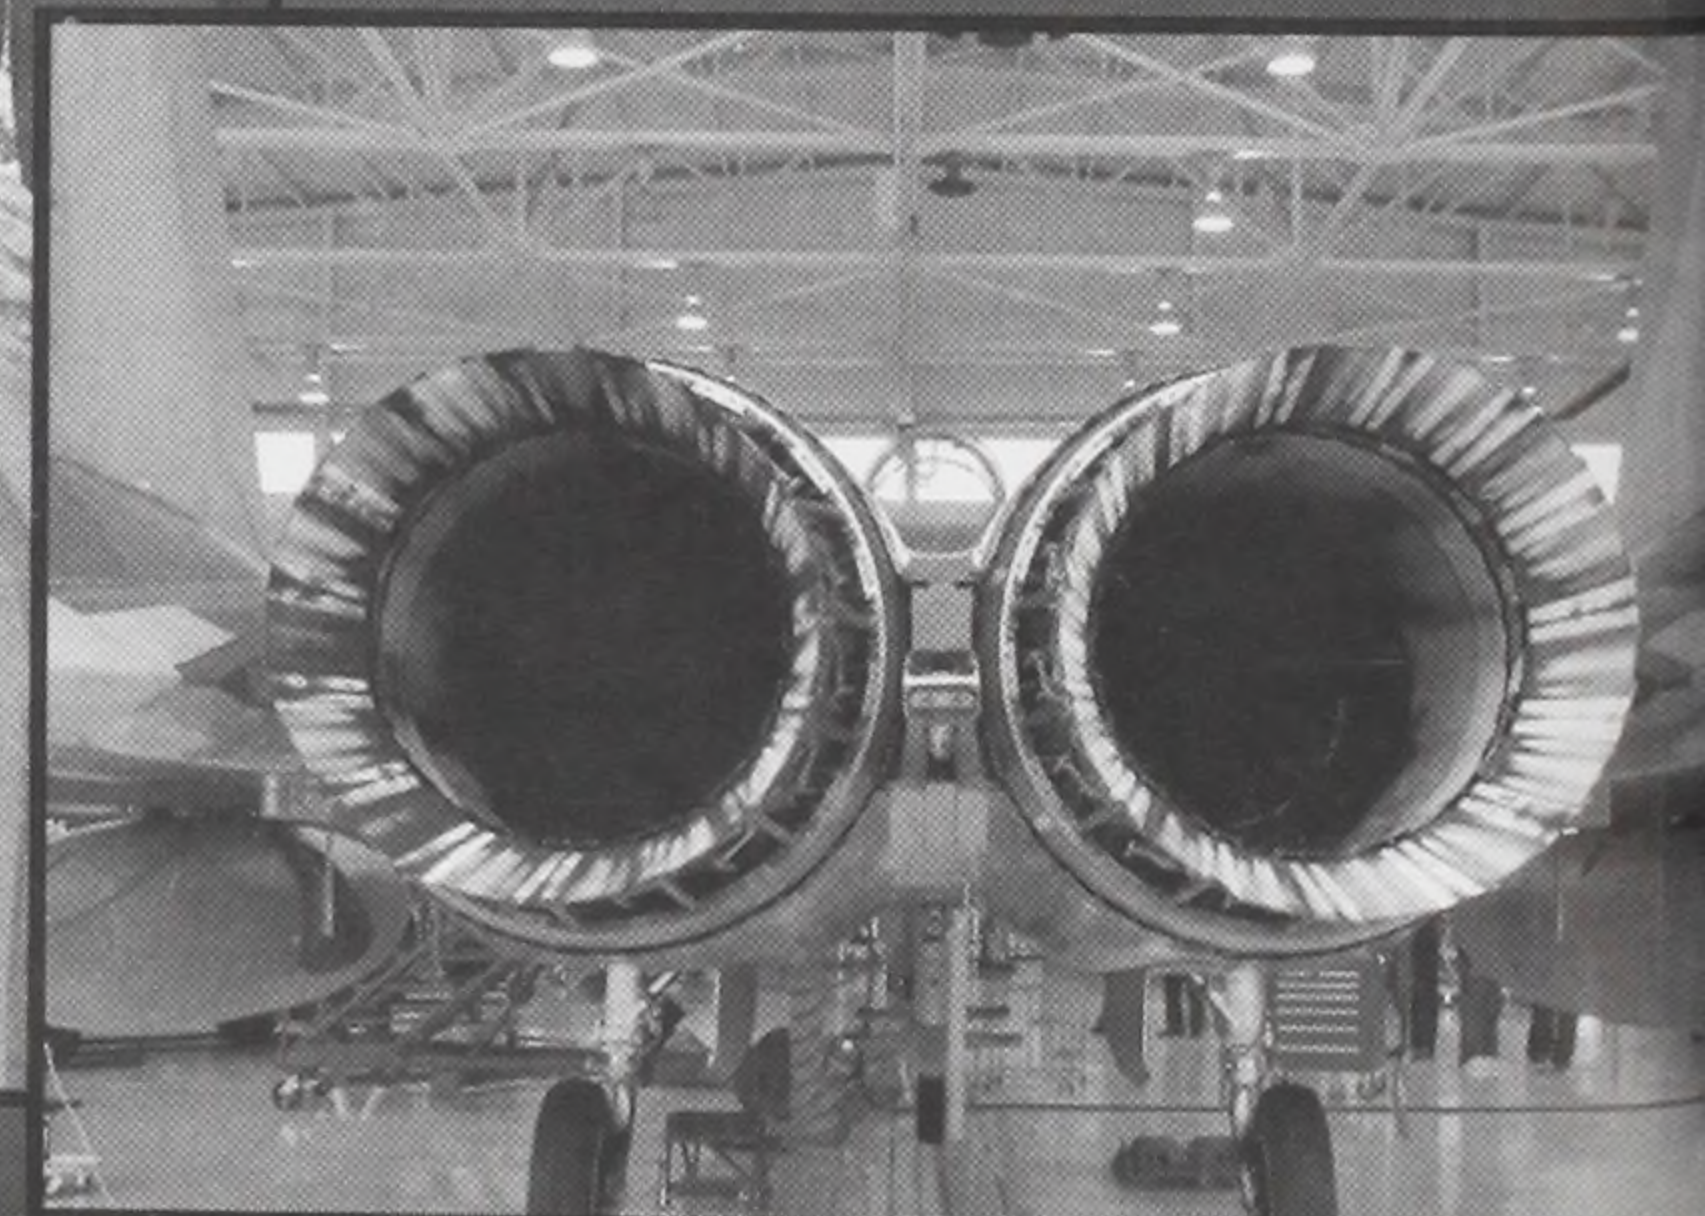

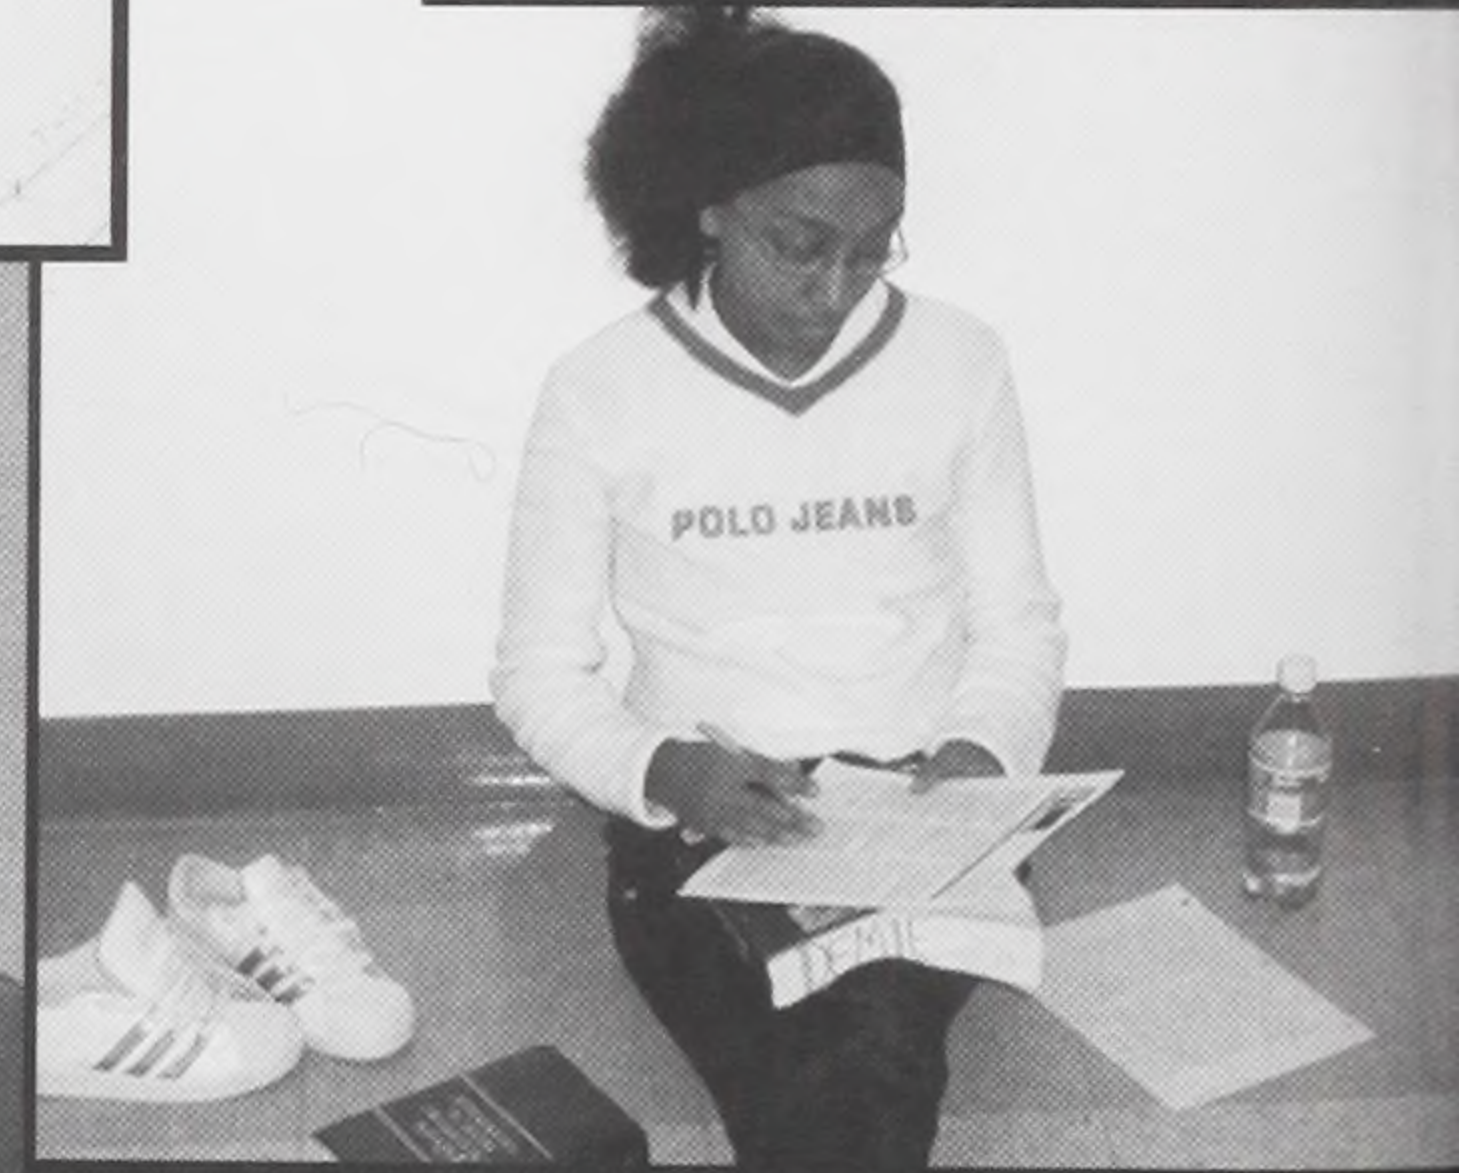

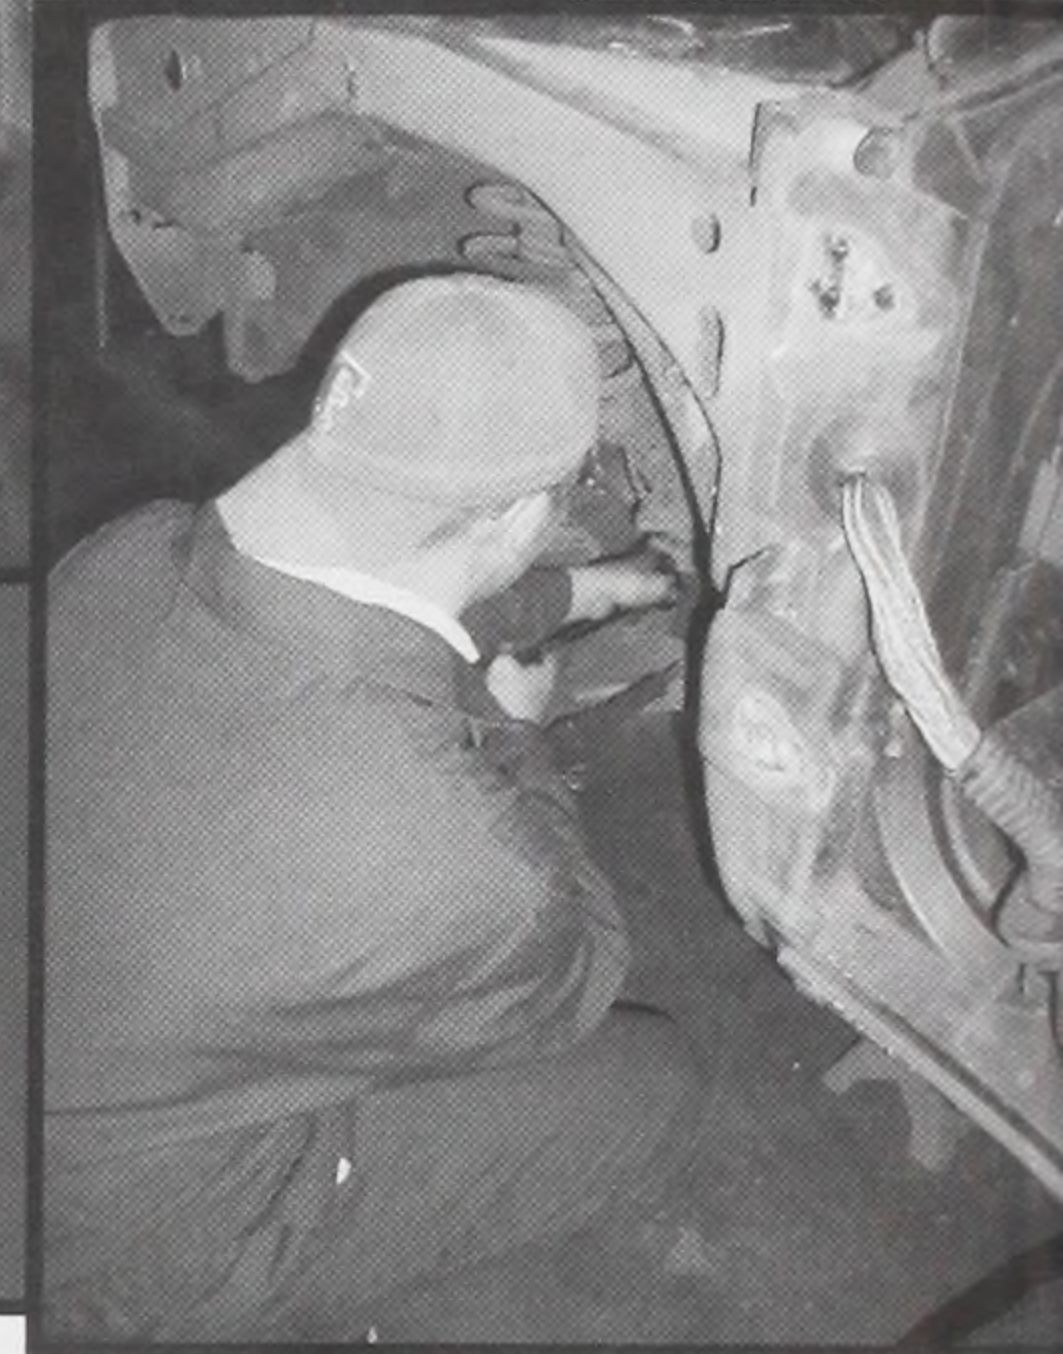

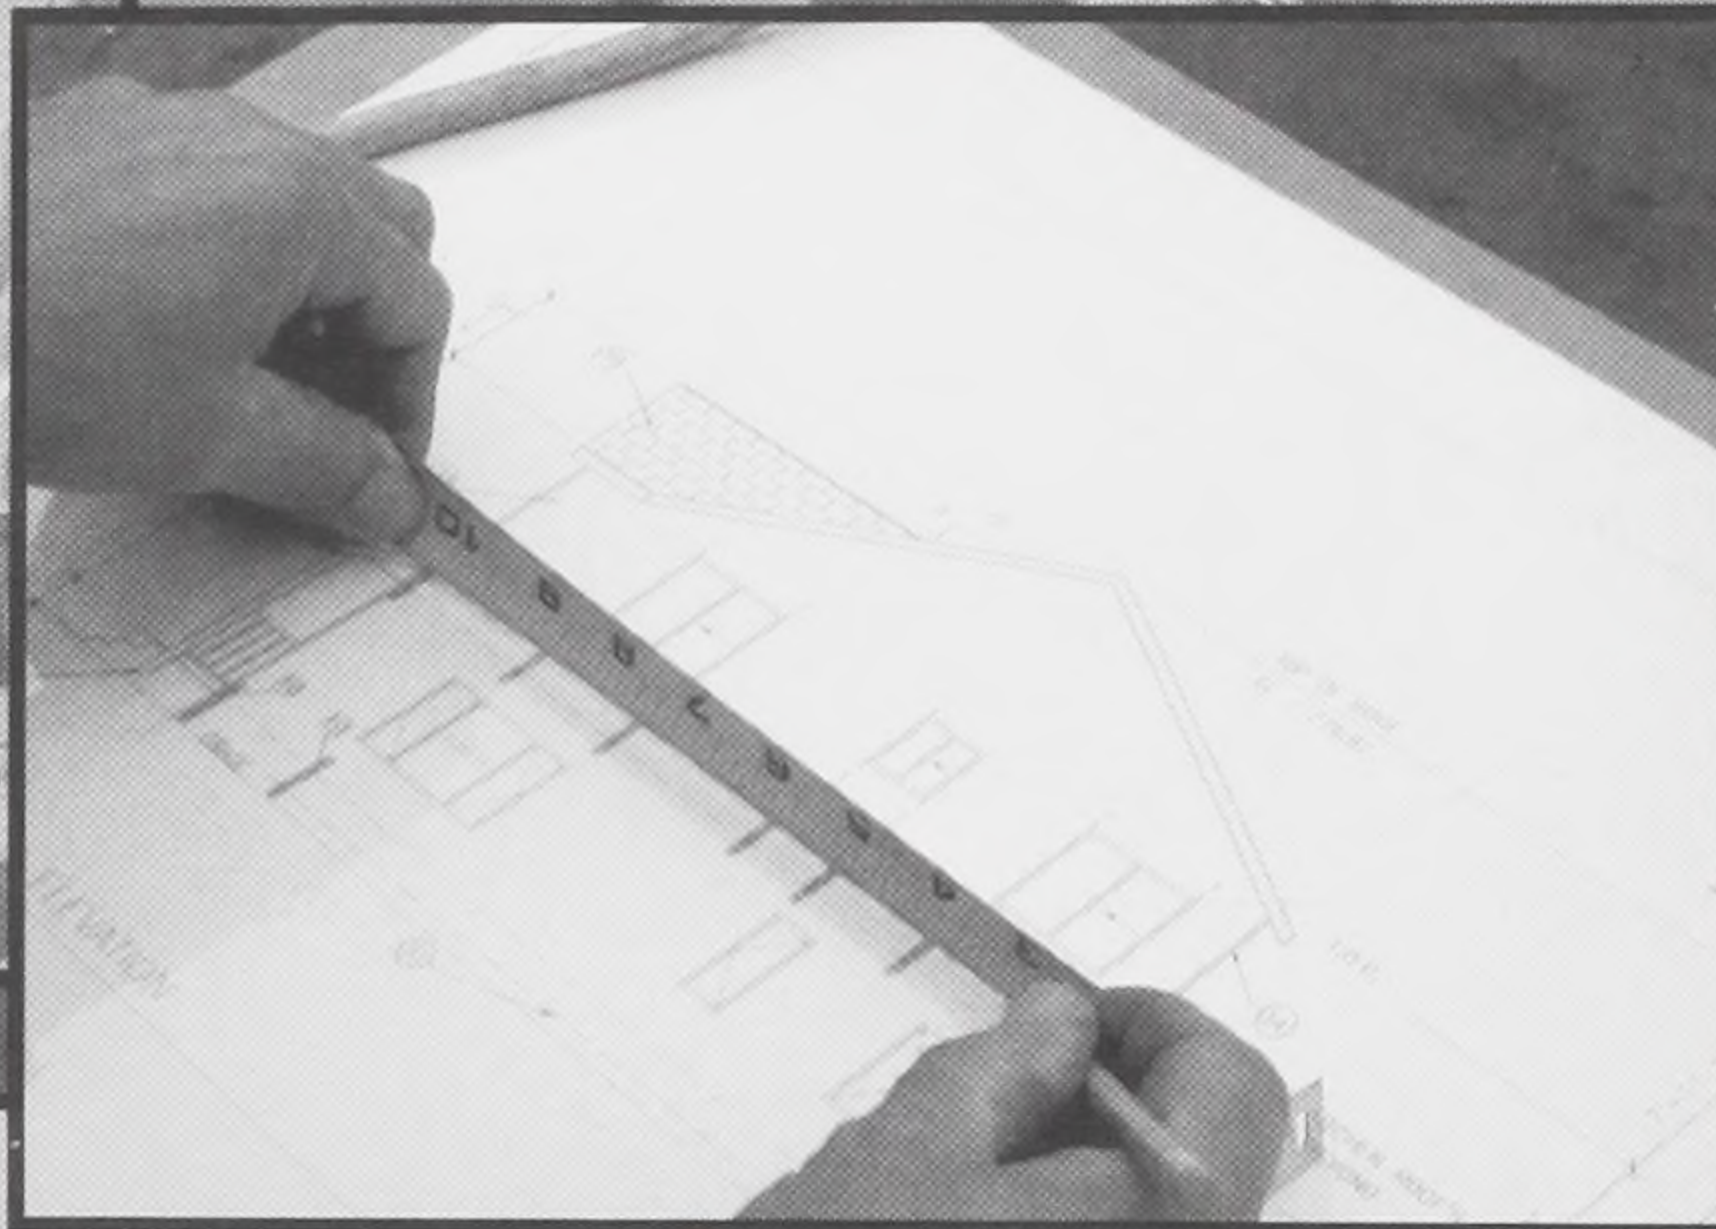

(Top Left): Sam Ward and Phillip Mcneil ponder their moves. (Top Right): The three new additions to the Benson Chess Team refine thier skills. (Bottom Left and Right): David Ross and Holden Sweeden battle it out in the weekly chess tournament at Lincoln.

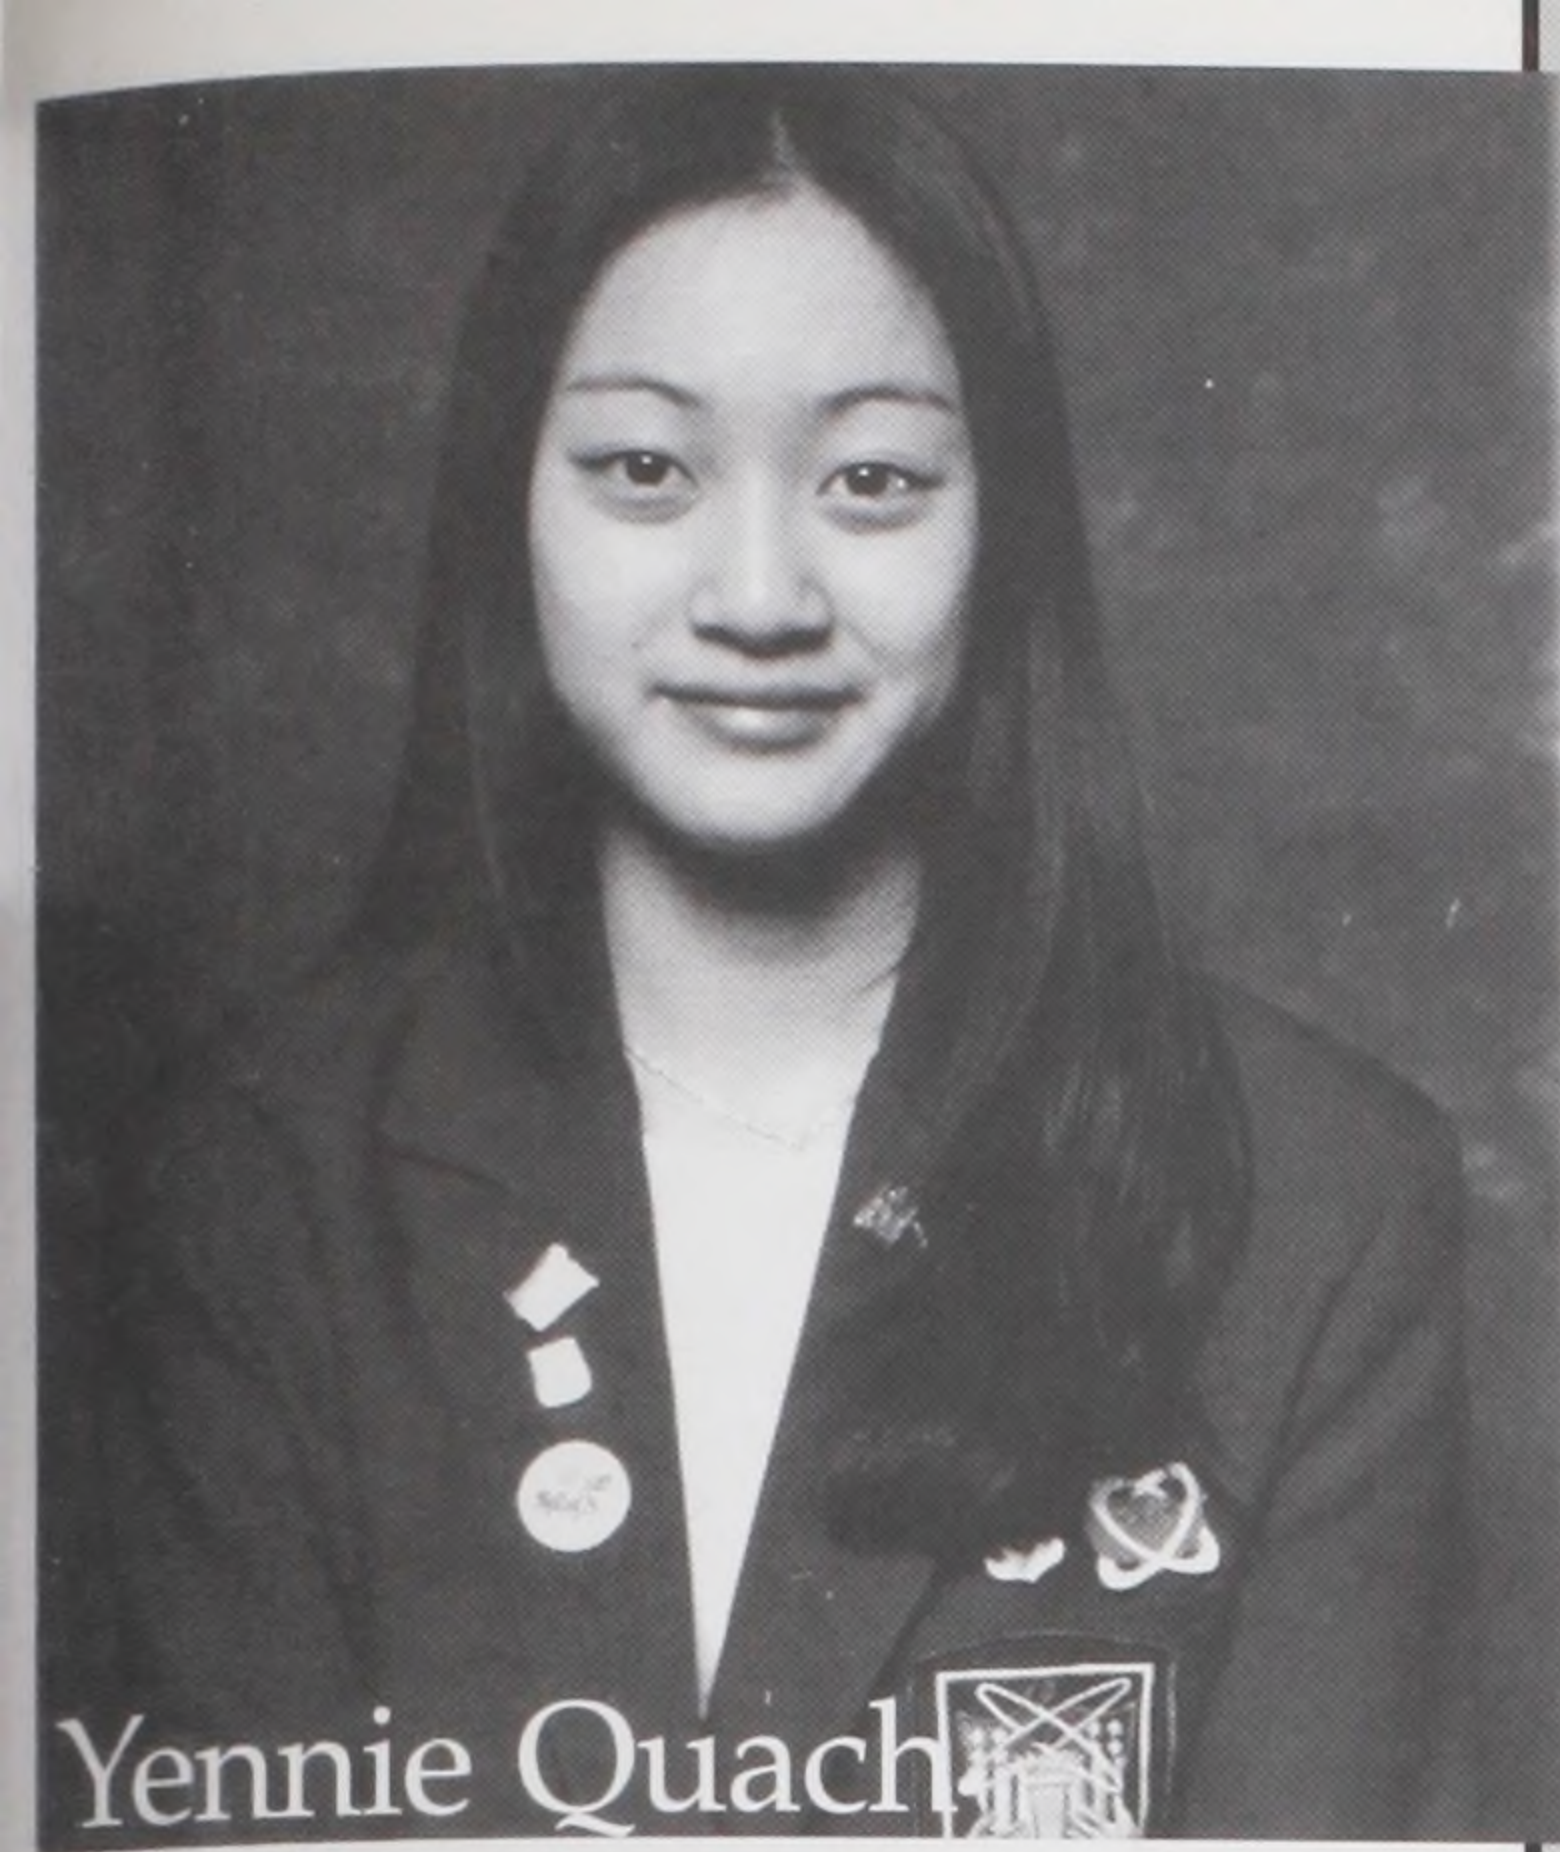

Sean Larking contemplates his next move.

Drafting Engineering

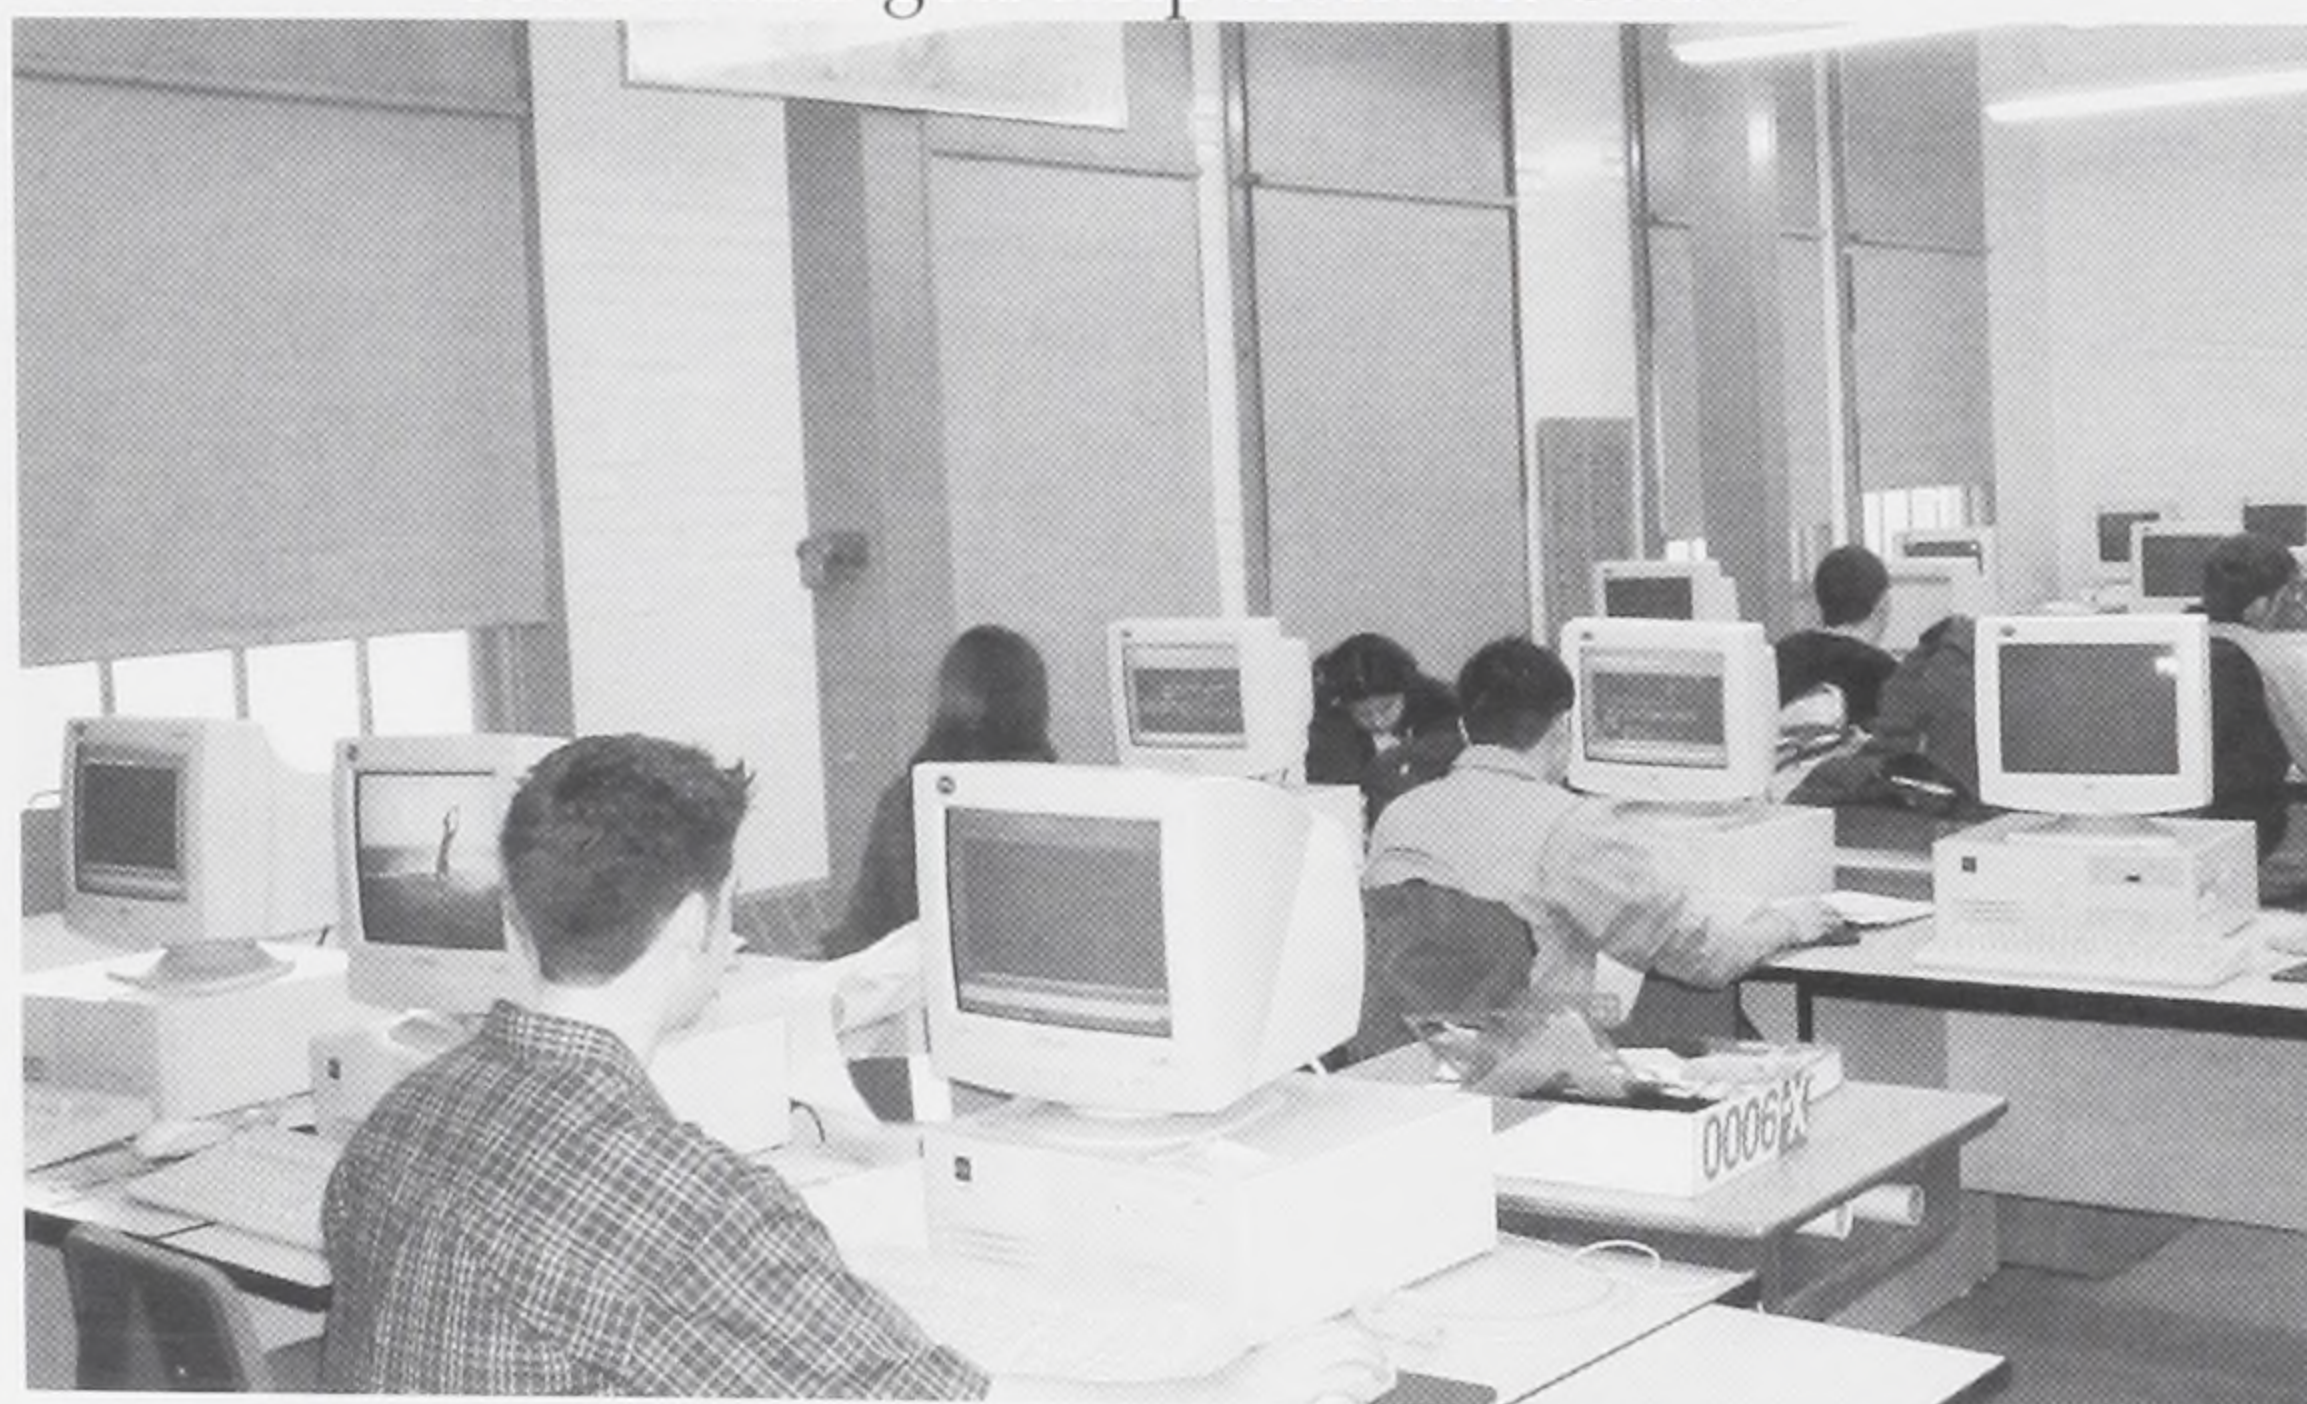

Engineering Students worked alongside Architecture students this year on the school courtyard. While architecture designed the space and utilities, engineering made sure that the ideas were practical and safe.

Bowling

This year was one of the best for Benson's bowling team. After school on Tuesdays and Fridays you could go to Hollywood Bowl and see them practicing hard. Many kids came out and there were enough to form 4 men's teams and 3 women's teams. By hard work and determination one of boys teams made it to state and won 9th by 7 pins. Although they worked hard, the other teams competed in the districts at Cascade Lanes well, but fell a little short of going to state.

Team Names: Tiffany Bauer, Brittany OLaughin, Chystal Moore , Chantel Schelske, Jen Kenison, Katie Kenison, Lydia Mayfield , Jonathan Jwayad, Jon Johnson, Robert Moore, Jacob Patterson, Mathew Post, Aaron Cohen, Kory Klure , Ryan McFallo, Huy Nguyen, Skylarr Thomas, Thomas Brown, Dan Dean, Abraham Haskins-Murphy, Ryan O'Laughin, Hien Nguyen, Joey Barber, Covell Coleman, Thomas Emery, Jason Panian, Ty Reynolds, Nathan Wilkerson, Layanna Feller, Lindsay Walker and Kristina Alexander.

An Amazing Season!

The season brought some surprises producing 5 players who scored over 200 for the season (a team record) and 2 players over 200 rebounds. There were 15 players that were 3.0 or better students who received "Academic Achievement Awards".

The girls played hard every game and did an outstanding job representing Benson. I was proud to be their coach and would like to give a big thank you to our dedicated coaching staff.

HEALTH

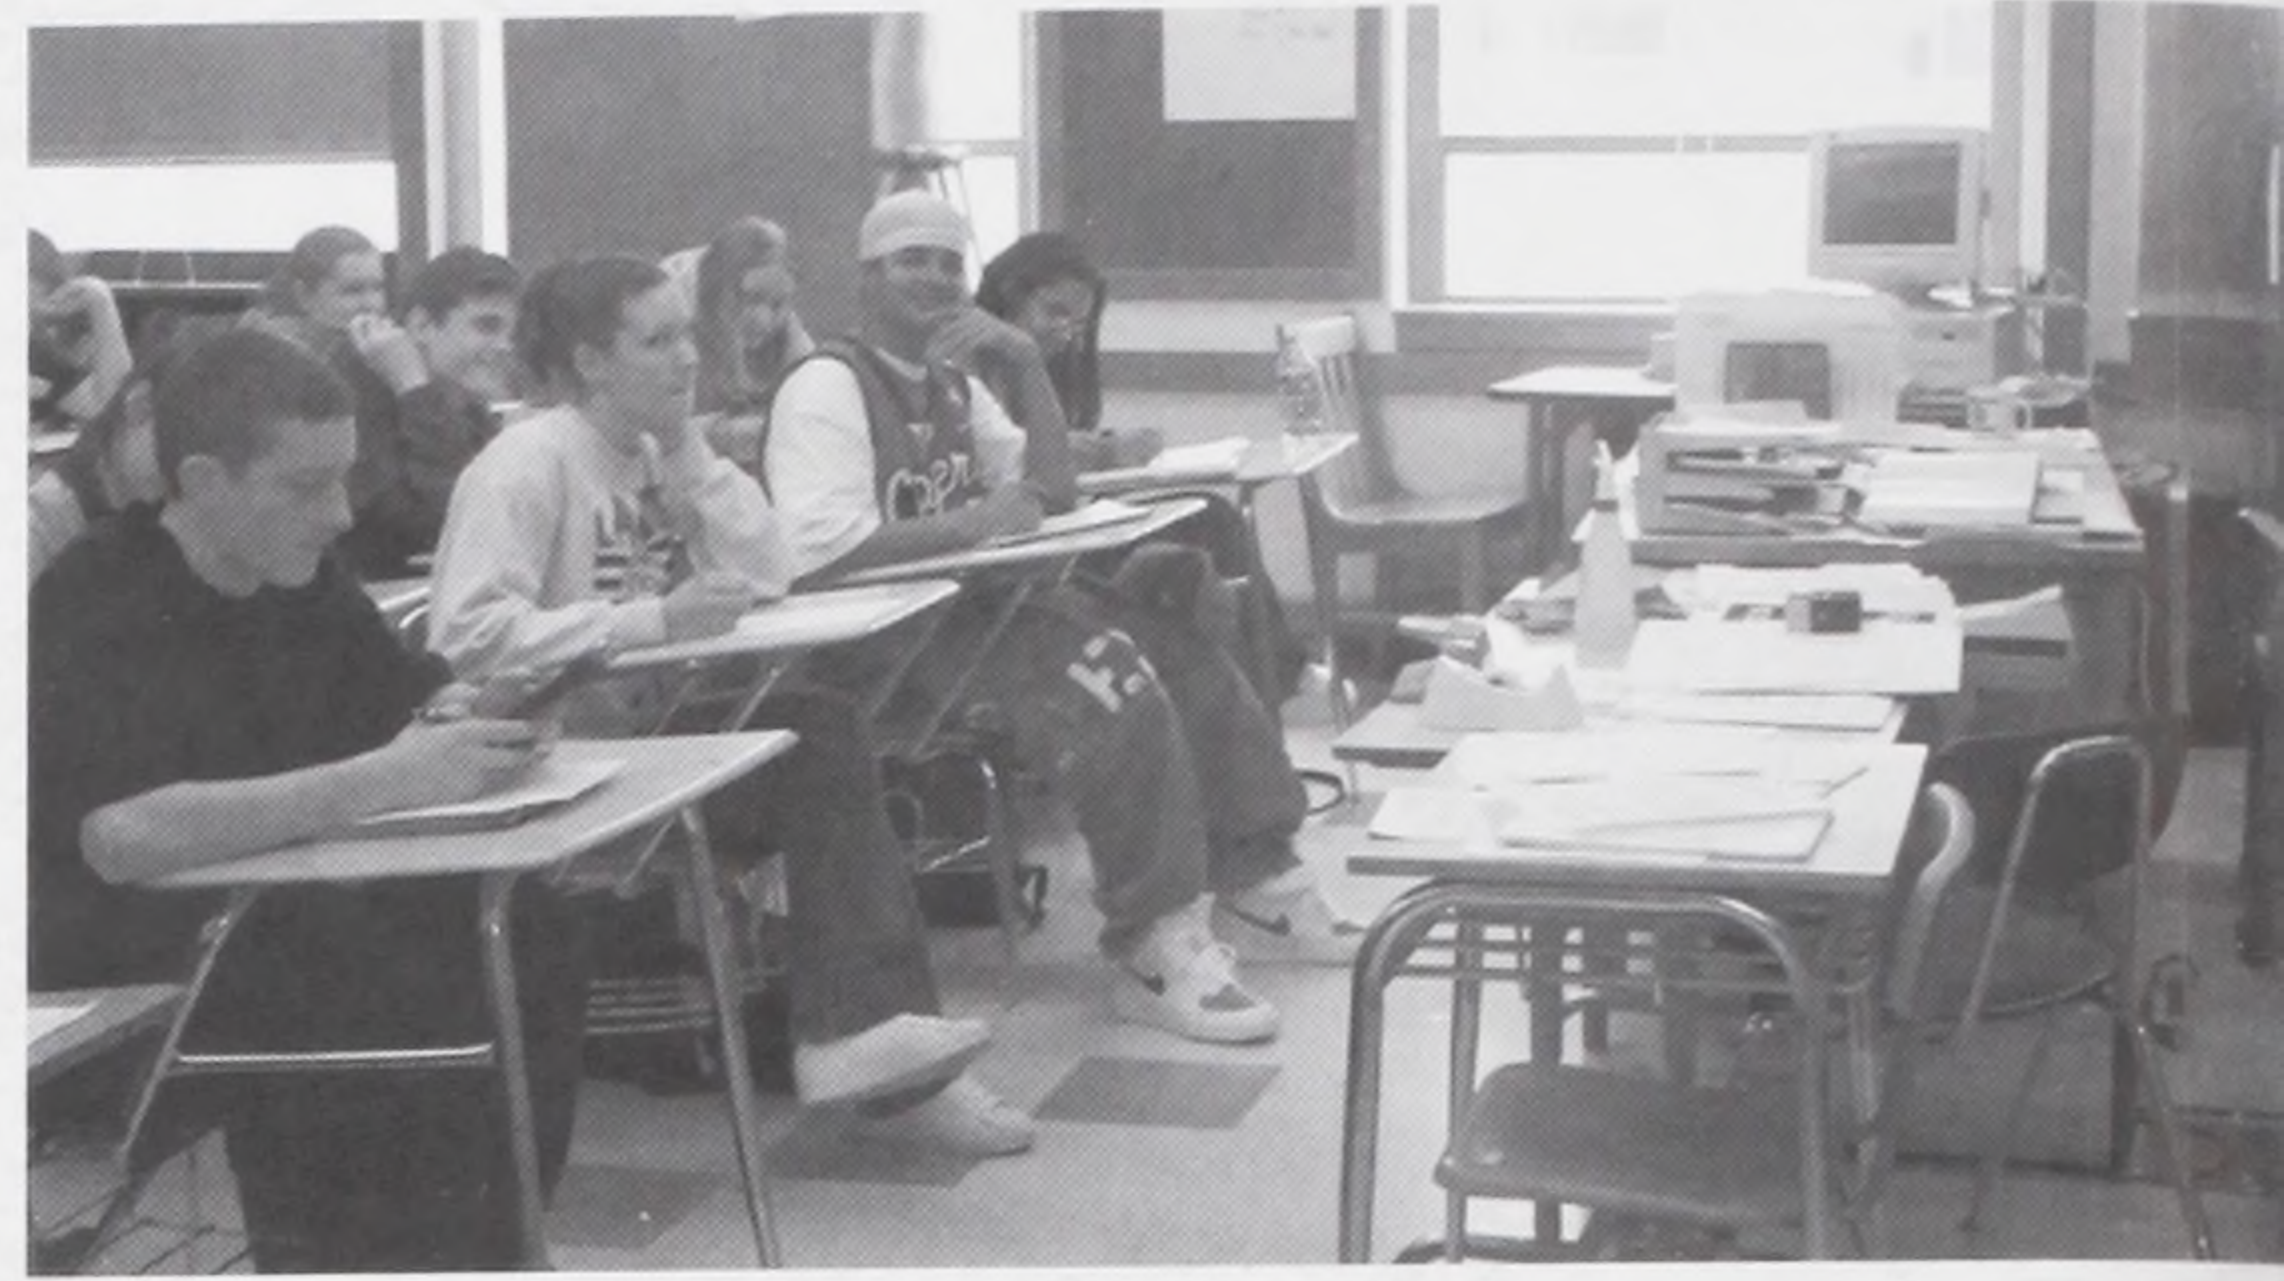

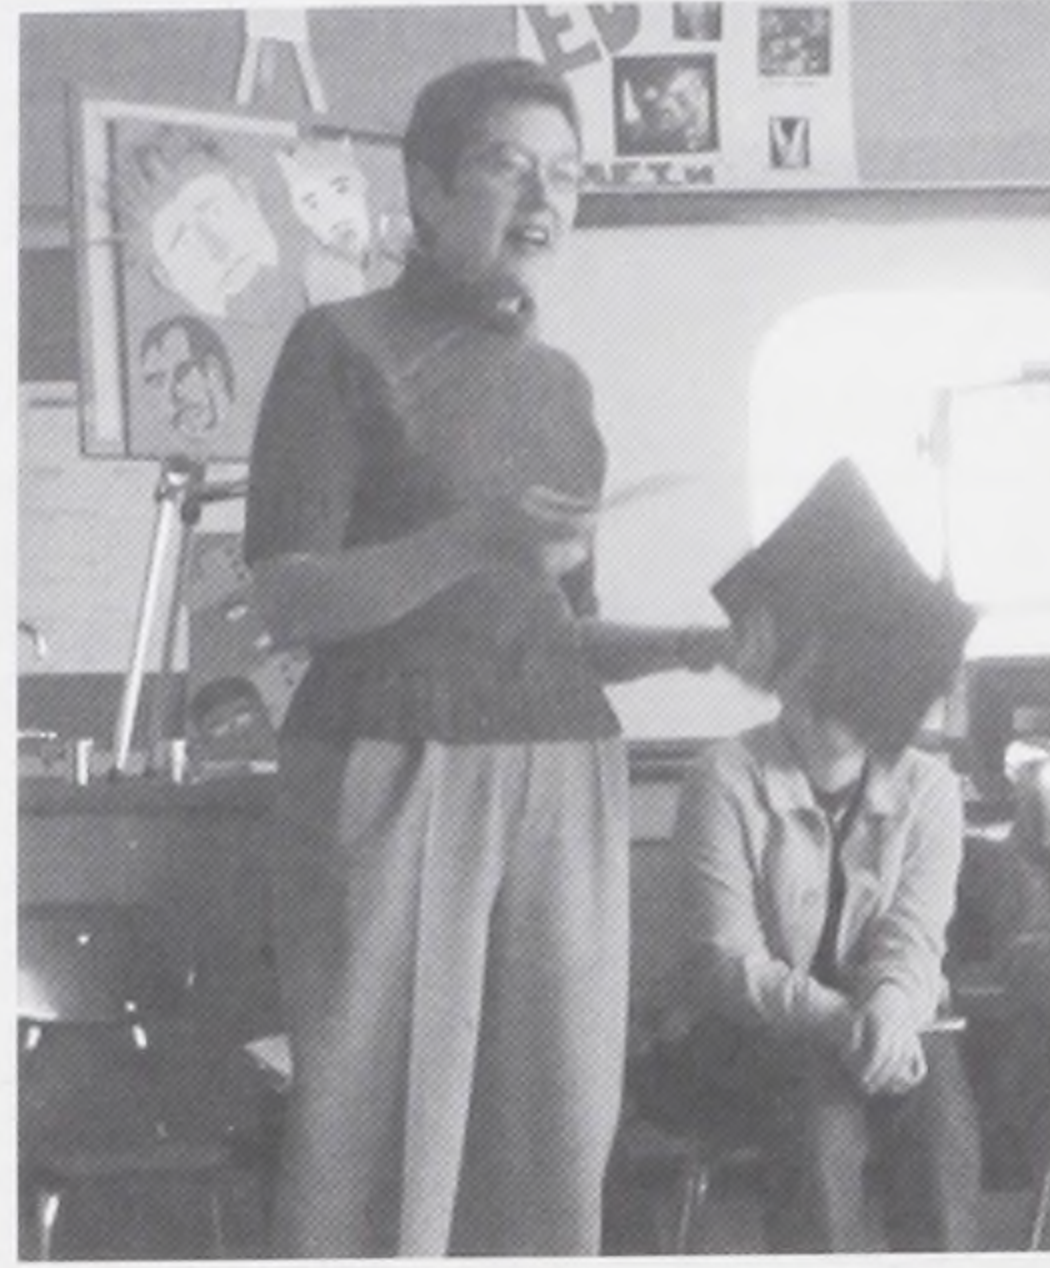

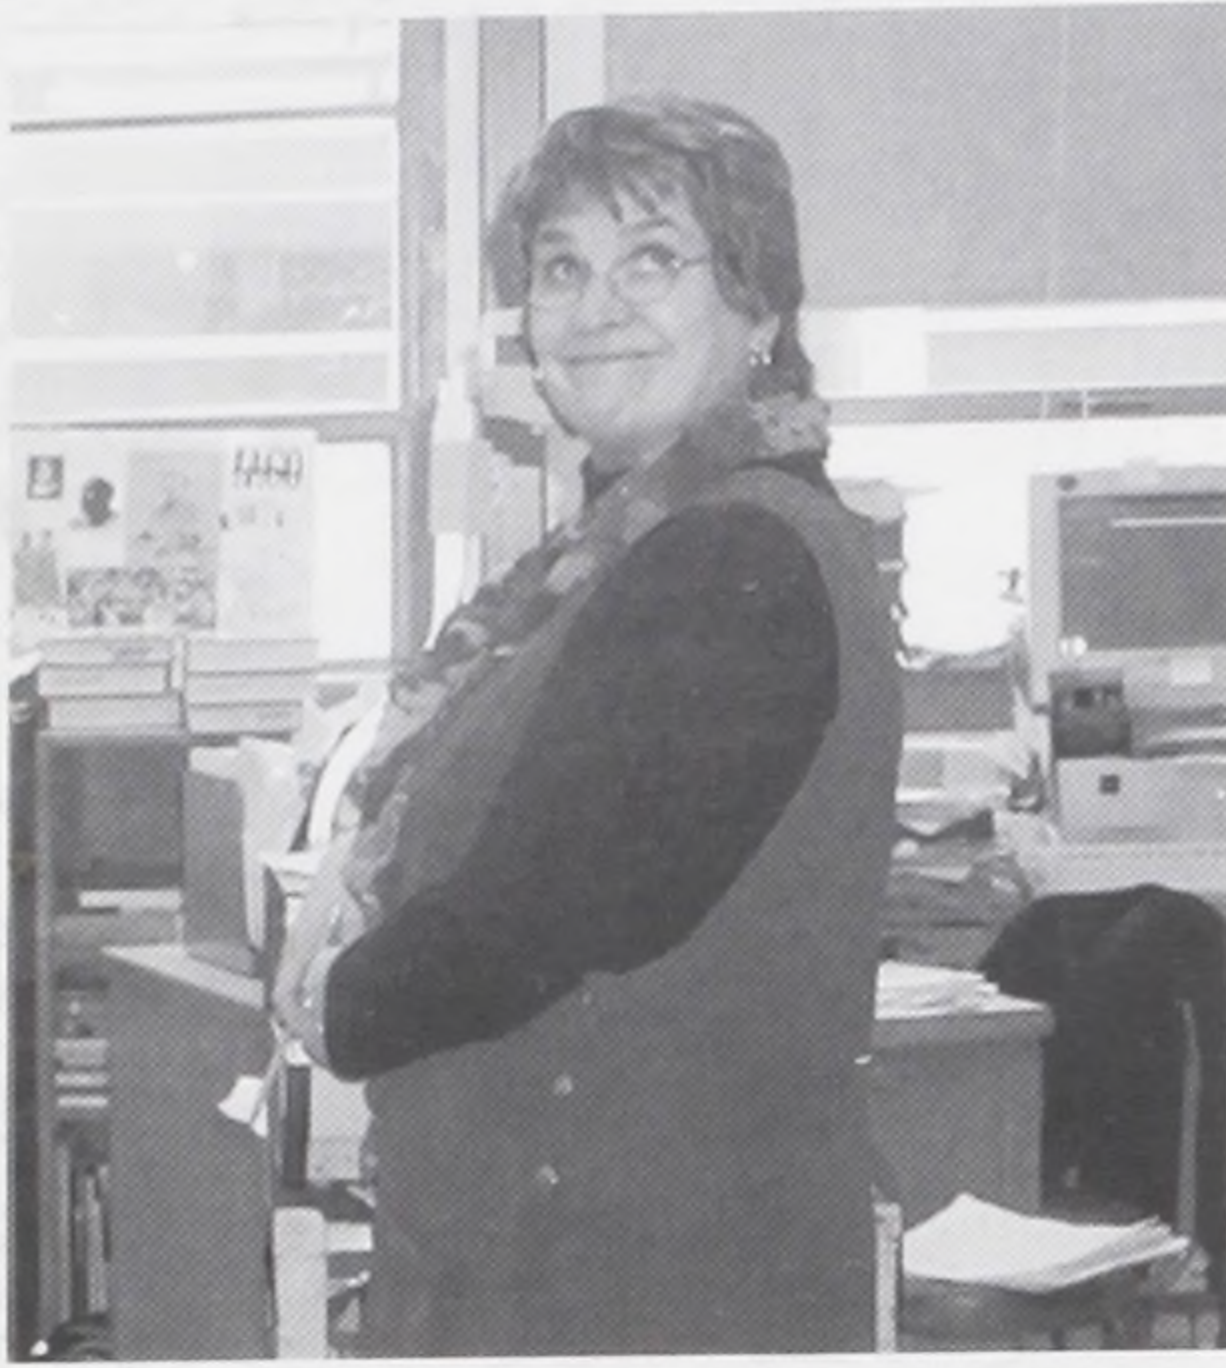

In the health classes at Benson we have to complete multiple tests ranging anywhere from the food pyramid, to how many bones we have in the human body to what the proper name for the muscles are. We may think of the class as a drag but if you think about it, health is a class that will help us be healthy people in the future.

GYM

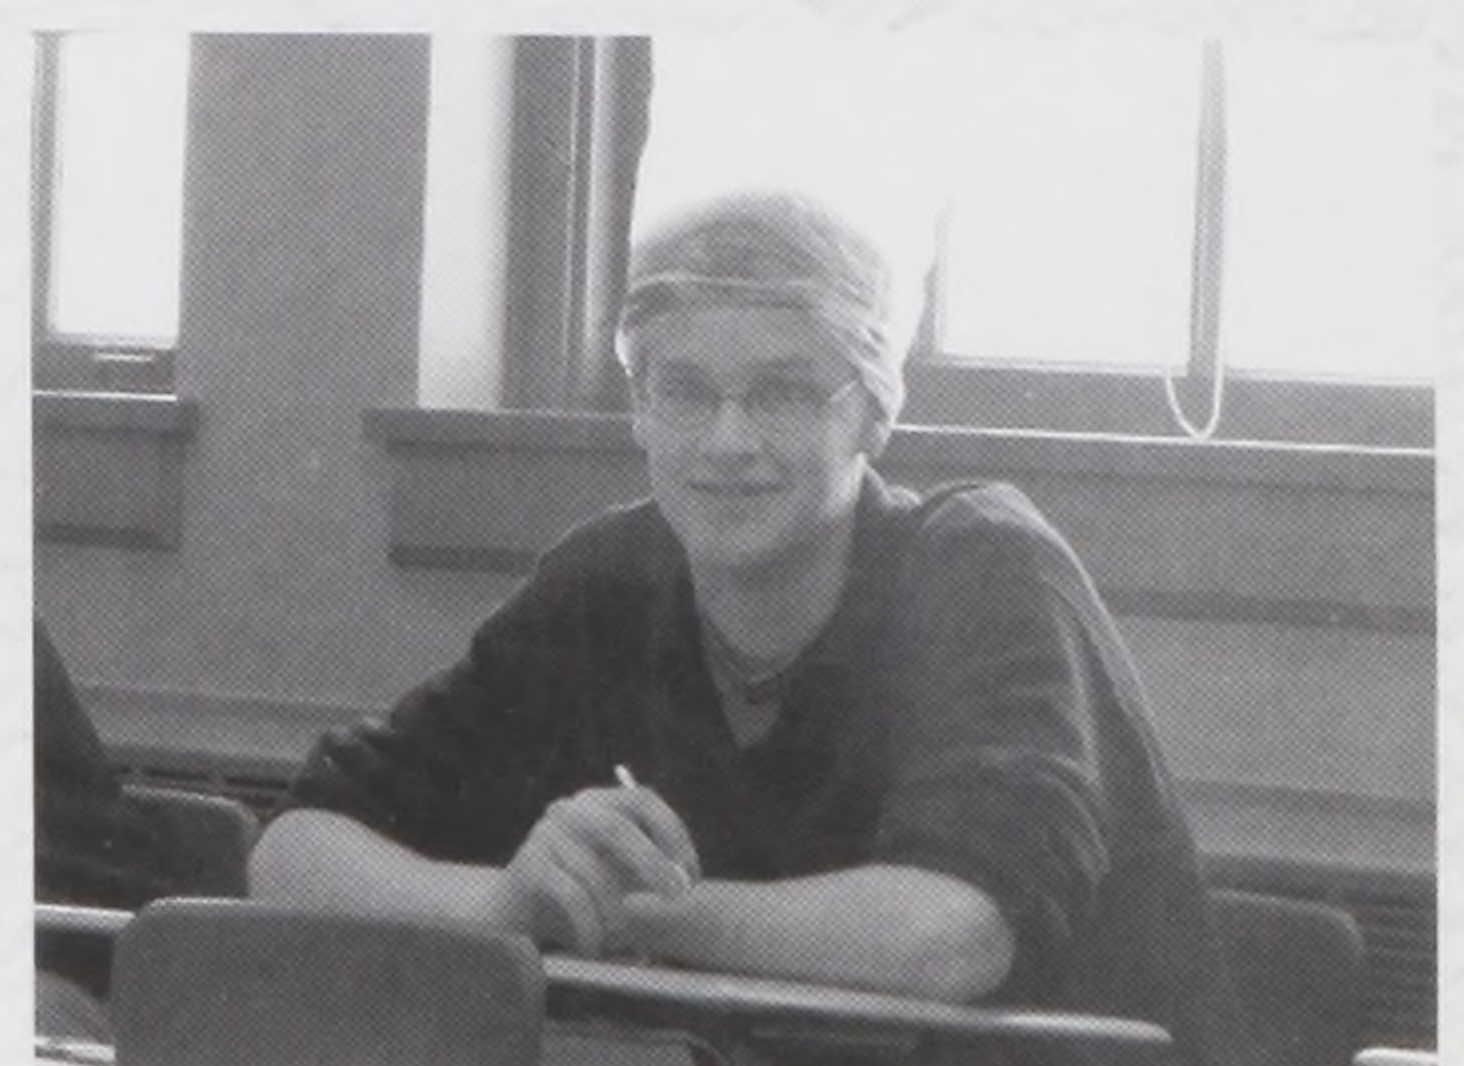

From push-ups to the mile it's the memories of gym, and those memories we will never forget. Our gym teachers taught us a ton on how to live a healthy life. So remember, all those sit-ups and jumping jacks and miles we had to run really worth something.

Student Art

"How many times have I sat in my math room,
when outside waits a friendship to bloom,
how many times have I walked away,
knowing there's more I need to say,
how many times have I thought it the end,
because I misplaced the value of my friends,
how many times have I pulled the plug,
when all you needed was a simple hug,
how many times have I not been there,
when deep down inside I really do care,
how many times have I been ignored,
what you've done for me but asked for more,
how many times have I waited a while,
but missed the chance to make you smile,
how many times have I held back,
one too many times to keep back
one too many times to keep track.
So I'm writing this poem because I wanted to show
how much I care and thought you should know."
-Thao Nguyen

"ALL I AM"

All I am is all I can give.
Without your love I'll never live.
I need your love and not a lie,
If your love is true I'll never cry
All I am is all I can give
I care for you and that's just how it is
I can't help how I fell about you inside
If you deny my love I'm bound to cry
All I am is all I can give
I know you'll never love me the same
Why is love such a hurtful game
I'm lost, I'm in love with you,
If only you knew my love was true
All I am is all I can give,
But if that's not enough
Then you were never in love,
It was only lust.

The Benson Cheer squad had a great year! Though we had some obstacles to overcome, we survived and had a lot of fun! We had to do a lot of fundraising in the summer including carwashes and candy sales. Our squad traveled with the football team all the way to Hood River and cheered at every football game. We also cheered for our basketball team at every home and away game. We had to put together routines for the recognition assemblies but the assemblies were the best. Thanks to all of our fellow techmen and techsters for all their support.

African-American Awareness Club

The purpose of the African American Awareness Club is for students to be enlightened about African American culture. I feel this was accomplished this year through our poems, skits and assembly. My personal goal as president was to have a successful assembly, productive meetings and an active community service project. I am proud of this year's MLK celebration, the meetings were fun and informative and we truly felt great about ourselves after volunteering at The Salvation Army. Thanks to Mr. Carline for his support and dedication. I would like to end this with my favorite quote by Dr. King, "If a man hasn't found something he is willing to die for, than he isn't fit to live." Not to say that being president killed me but as president you certainly have to make sacrifices!

Peer Mediation

A peer mediator is a specially trained student who helps conflicting students. They work in pairs to help make a plan for resolve. This is used to help keep students from receiving suspension or other disciplinary actions. All of the Junior students around the border are mediators and have been mediators since last year. The girls below are new mediators.

The Science Bowl is one-day, tournament-style, academic competition that challenges and recognizes students' knowledge of science, math, computer-related technology and current events. Regional competitions take place throughout the nation during February and March. Since its inception, more than 60,000 high school students from every region of the country have participated in this fast-paced, question-and-answer tournament.

At Benson the science bowl team is coordinated by Jean Eames, who coaches team A. Matt Pellico coaches team B. Practices for science bowl are held on Thursdays after school in Mrs. Eames room. All grade levels can participate.

All 3 teams gathered together for lunch after the round robin matches on the big day of March 8, 2003. After lunch the A team and B team moved on to the double elimination round.

The Hunchback of the *Odditorium* was written by Benson graduate (2001) Dan Fry. Him and director James Owens collaborated together to produce the play. The actors faced challenges of interpreting their characters, adapting to changes, ad-libbing and improvising. Congratulations to everybody who participated in this event!

Theatermaniacs faced conflicts for their spring play: the drama program was in danger of disappearing and the former director James Owens was faced with difficulties and eventually left school. Despite these set backs, the students kept Theatermaniacs alive thanks to Blake Hooper, who graduated Benson in 1999, by volunteering his time to make The Canterbury Tales happen. As a result, the play was a success. Bravo!

No matter what you do in life, make sure music is a part of it. From pep-band, to Newport, to the spring concert, there's no telling what adventures you will endure, or the friends you will make. This year our drum major went from tom-boy to beauty queen as Benson's Rose Festival Ambassador (thank goodness we had a replacement in Emily Dodd). Never before have we marched as fast

as we did for this year's starlight parade, where we stepped right behind the Rose Festival court and our own Priscilla Chandler. Symphonic band culminated with our spring concert and a selection of music which brought pots and pans, confetti, flying chickens and spotlighted our percussion section. We had several state solo qualifiers including Tamari, Chris, Nick, Emily, Laura, Sarah and Michelle. The year ended with our annual potluck and the giving of the traditional creative "Band Life" awards from the "Tornado Matrix" to the "Meals on Wheels" award.

Far Below: The Techmen Drumline, featuring Max, Hannah, Reed, Holden, Trae, Katie, and Brad prepare for the Starlight Parade.

This year's flag team: Theresa Tran, Anna Shy, Susan Ma, Tina Wong, Amy Seto, Water guy Sean Haskell, Coach Allison Strode, Amylla Glaser, Linda Lee, Mygnoc Le and Wendy Tacub- Chavelas.

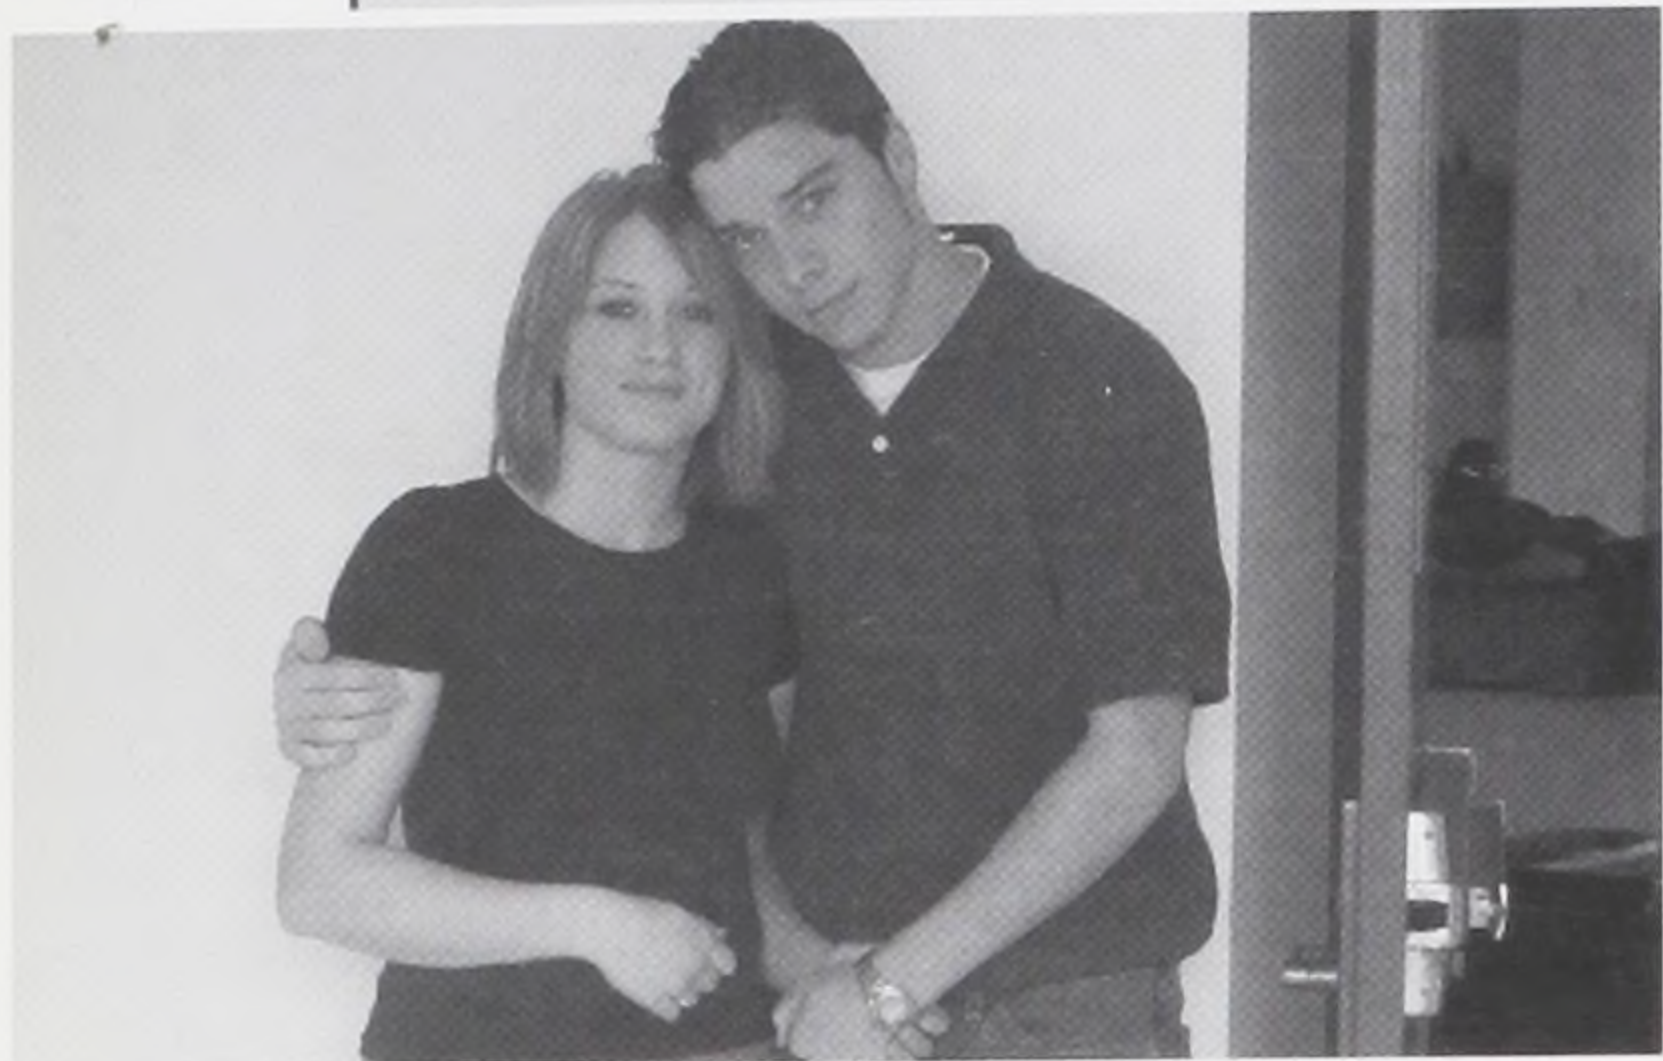

No matter what you do in life, make sure music is a part of it. From pep-band, to Newport, to the spring concert, there's no telling what adventures you will endure, or the friends you will make. This year our drum major went from tom-boy to beauty queen as Benson's Rose Festival Ambassador (thank goodness we had a replacement in Emily Dodd). Never before have we marched as fast

as we did for this years starlight parade, where we stepped right behind the Rose Festival court and our own Priscilla Chandler. Symphonic band culminated with our spring concert and a selection of music which brought pots and pans, confetti, flying chickens and spotlighted our percussion section. We had several state solo qualifiers including Tamari, Chris, Nick, Emily, Laura, Sarah and Michelle. The year ended with our annual potluck and the giving of the traditional creative "Band Life" awards from the "Tornado Matrix" to the "Meals on Wheels" award.

From the top Left: Seniors Chris Lake, Nick Tropic, Stephen Le, Andrew Scorgie, Tamrai Kakhadze, Emily Dodd, Sarah Parker, Laura Dodd, David Ross, and (not pictured) Melissa Nelson and Priscilla Chandler, the graduating class.

The Long Road

The winds blows Gently
Throughout the whispering trees
As I hike along a winding road,
Never straying but
Sometimes stopping to
Gaze

I walk alone on this road
Never knowing where I'm going
But I know that I still must
Travel

This traveling will cross
Other peoples roads but
I can never walk on that
Road with them because,
That trails only there's

Shuffle, shuffle, stomp,
As I walk through the growing
forest of life.
Its every where, moving through
time
And then I'm here, stopped on
the road
With the whispering wind at my
back,
Still I look Forward towards
the endless trail of
The Future

At Bat

Step up to the plate and feel relaxed,
She's got the speed
But you got the bat
Inside, outside, high, or low
You'll hit a homer with one solid blow
Step into the box but stay in the lines,
Don't you dare let her rush you
Because this is your time

Ignore the confident catcher and the cocky pitchers smile
Because you know deep inside you're sending that ball for miles
Feel the pressure build and your confidence rise
Lift the bat off your shoulder while the pitcher takes her sign
Block out the noisy fans, it's just you and the ball
Try to pick up her signals
Can you read them at all?

Will it be a fastball low and maybe curve a little,
Or does she have the guts to throw it down the middle?

Ok, now here's the pitch,
Try to pick up the seams, feel the crowd grow quiet

Including both teams
See it getting closer
Feel the tension rise
How does this story end?
That's for you to decide.

- Pam Elliot

When the season started this year I was greatly concerned about having enough players to compete. With a lot of help from Mr. Alton we came up with a plan that worked. By the end of the year I was extremely proud of all the kids. I believe everyone had a good time and learned a skill that will give them pleasure for the rest of their lives.

Yearbook

Q.

What *kind* of student does it take to put together a book?

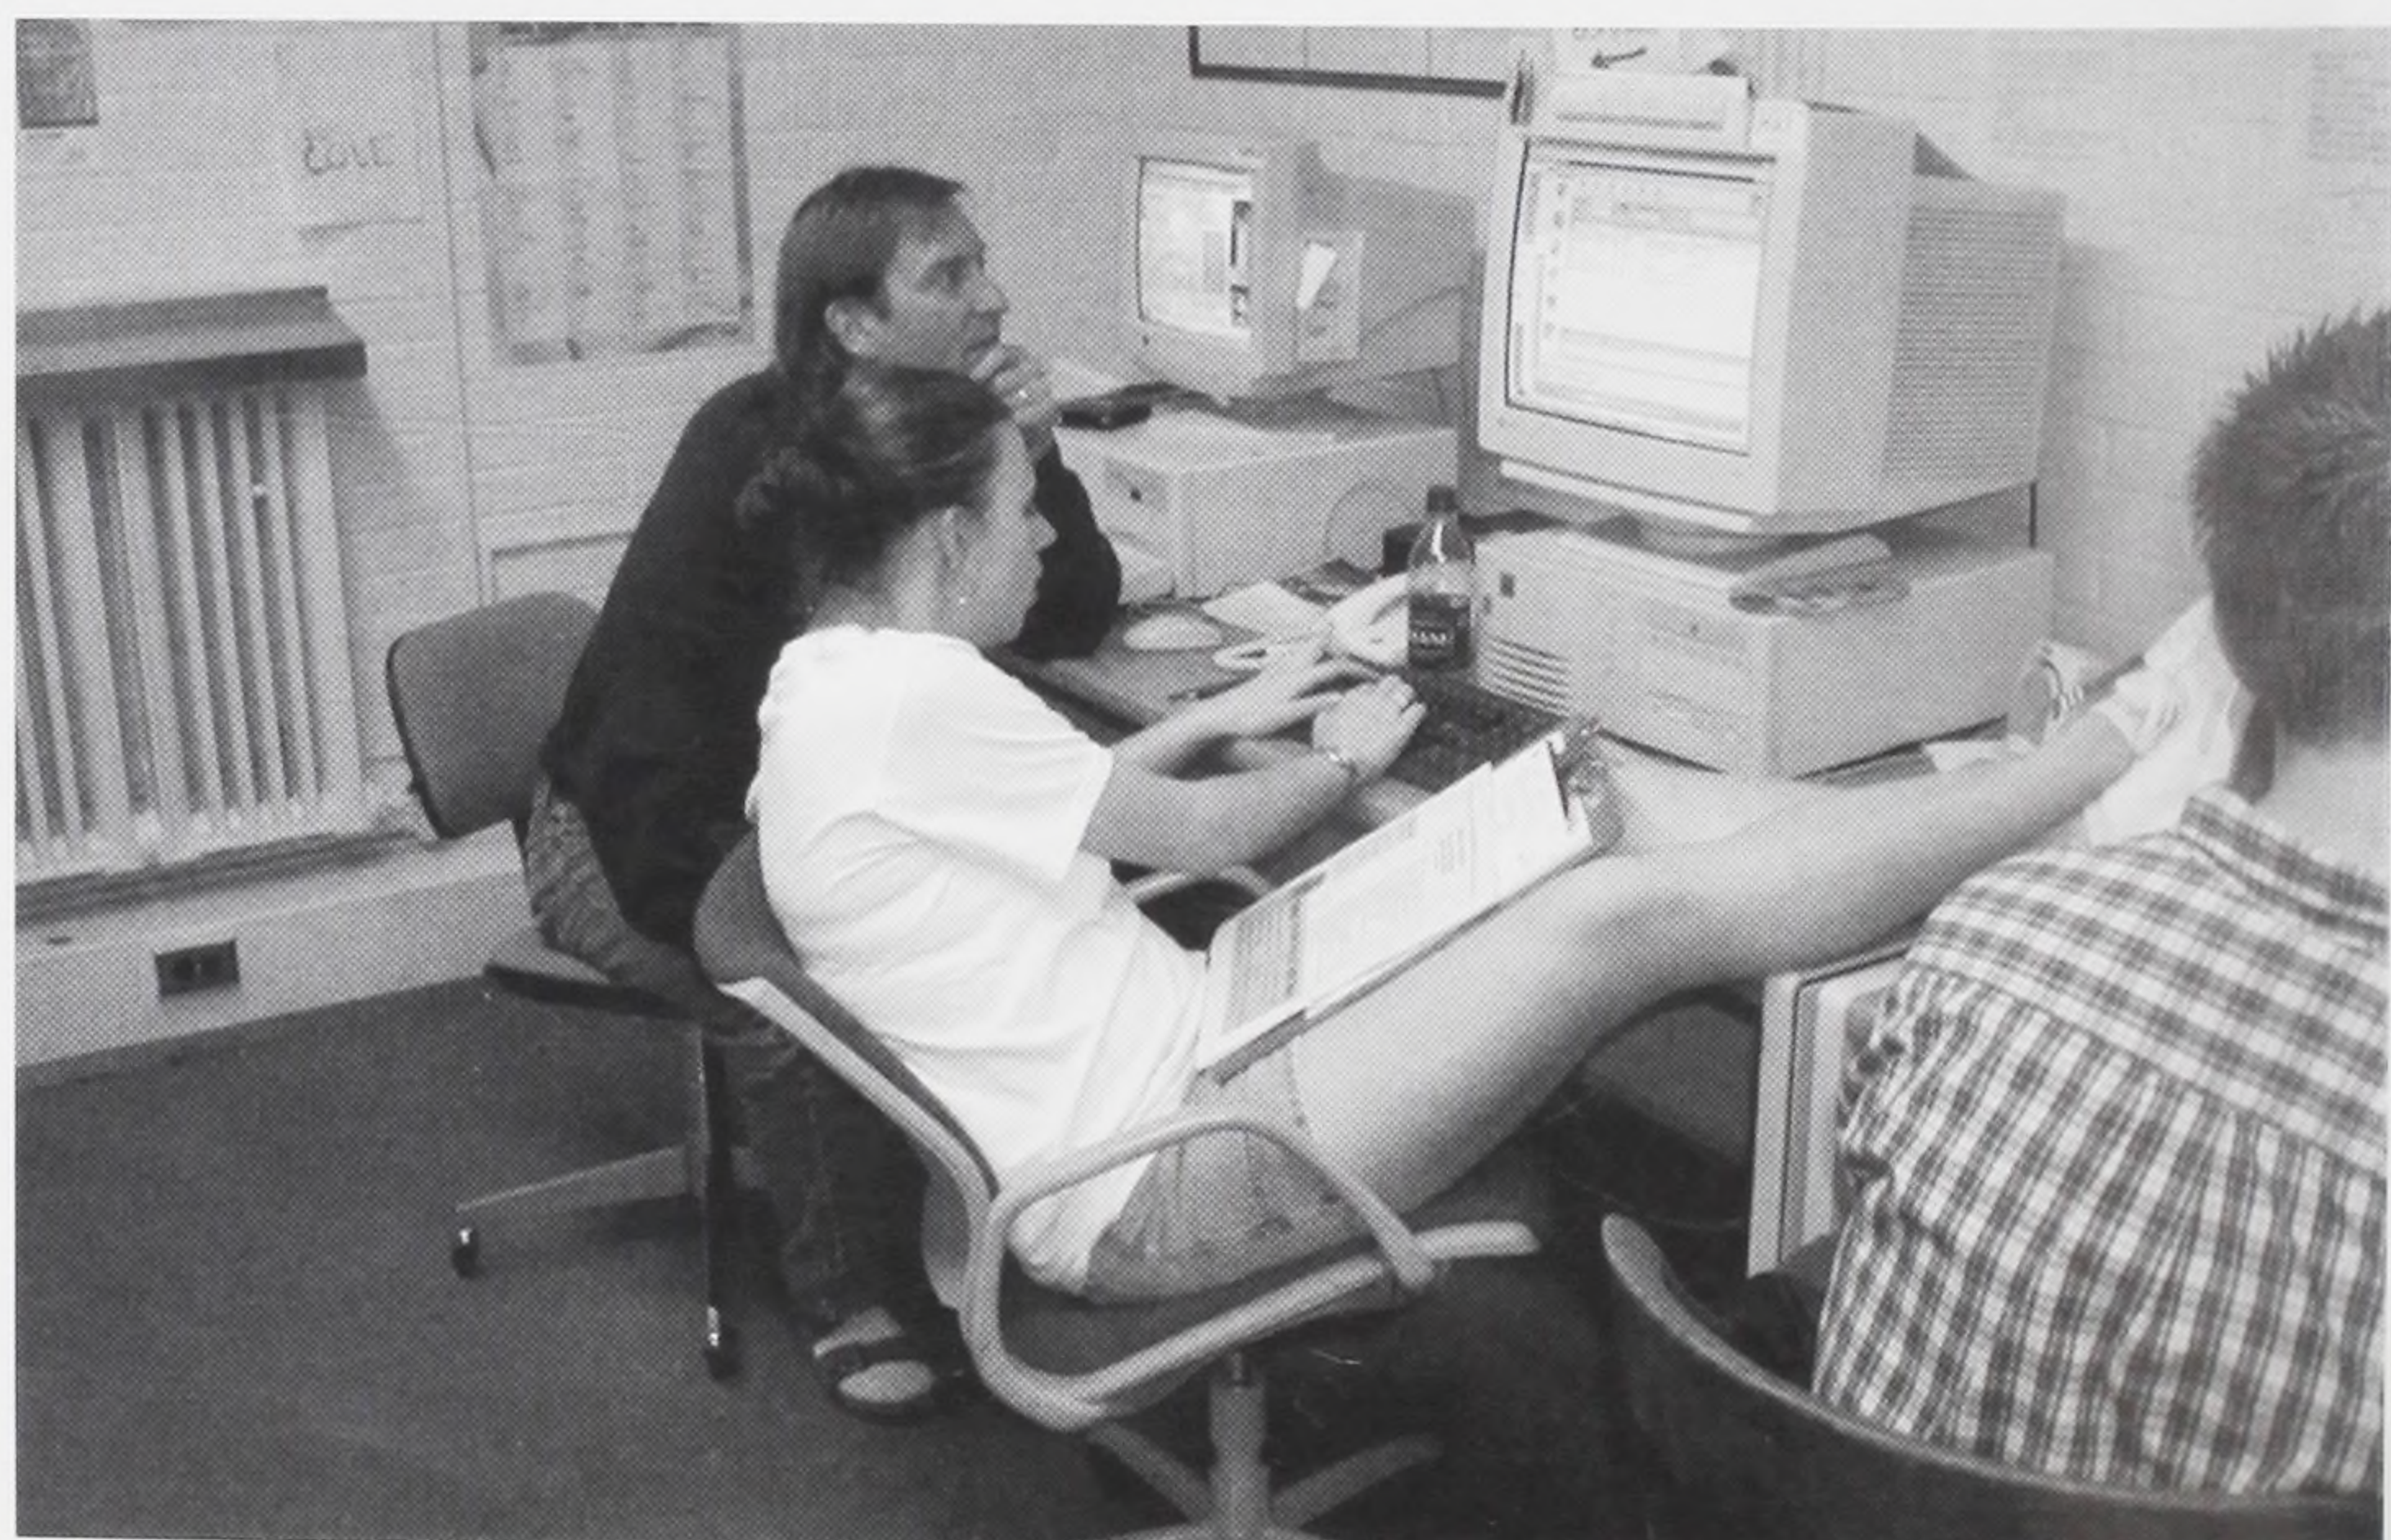

A

A real, honest, dedicated and creative one.

First-I want to wish all the 2003 seniors the best of luck except 2, and you know who you are because you are dishonest and irresponsible. Secondly-I want to send a million thanks to Bensons Administration, Staff and students for all their help- you can't put together a book without them. There are a few students who I want to give some extra thank-you's to: My staff of Brooke Aderonmu Alex Cannard, Priscilla Chandler, Emily and Laura Dodd, Rick Fuller, Tamari Kakhdze, Wilcarme Lalanne, Andrew Lamoureux, Susan Ma, Cole Millard, Clayton Paddison, Amy Seto, Anna Shy, Patty Stupek, Holden Sweeden, Wendy Tacuba-Chavelas, Nick Tropic, Taylor Dixon, Jason Panian, Tina Wong (You all are SO GOOD!) and Shea Ivy who designed our cover this year-You're Amazing! Some others: Kristina Alexander, Scott Mahr, Tony Diep, Karin Gales Jill Marble, Torrey Hager, David Buchanan, Jamie Mayfield, Brendan Grammer, Chelsi Allen, Jovan Nieto, Micheal Hernandez, ibeth Hernandez, and Monique Neal for giving an extra contribution in some way or another. I also want to say that it was an honor to be editor this year. I remember that back in September I was terrified because I had been left with nothing but a little knowledge and a heap of hope. Scared but confidant, I jumped right in-and this is what I came up with. I believe this to be the best book we have had in the last few years (and hey, you got it in September didn't you?) and if you did not like it, that's too bad! I look forward to next year!

---Amylla

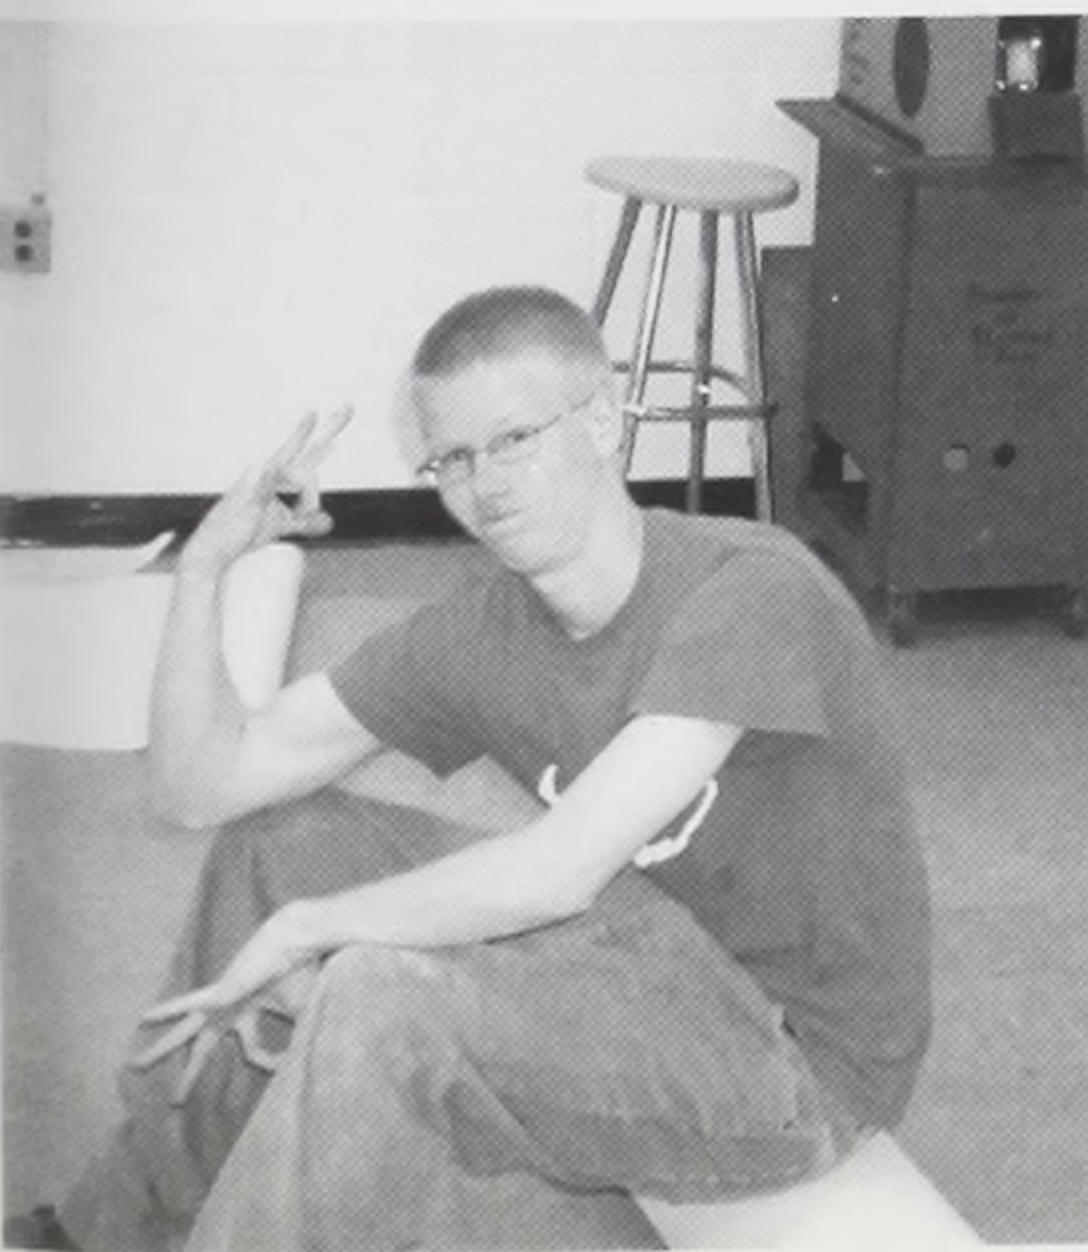

As I depart from Benson High School, I'd like to leave a few things. First I'd like to leave my ability to find things to Cole (Sometimes Mr. Foster needs a little help.) My ability to calm down in stressful situations to Amylla. To Megan I leave only part of my slick moves and good looks, because I still need some of them, to Ethan and Drew I leave the glories of being a senior, don't harass the freshmen to badly. HAVE FUN!!!!
See you on the other side

Brooke Aderonmu '03

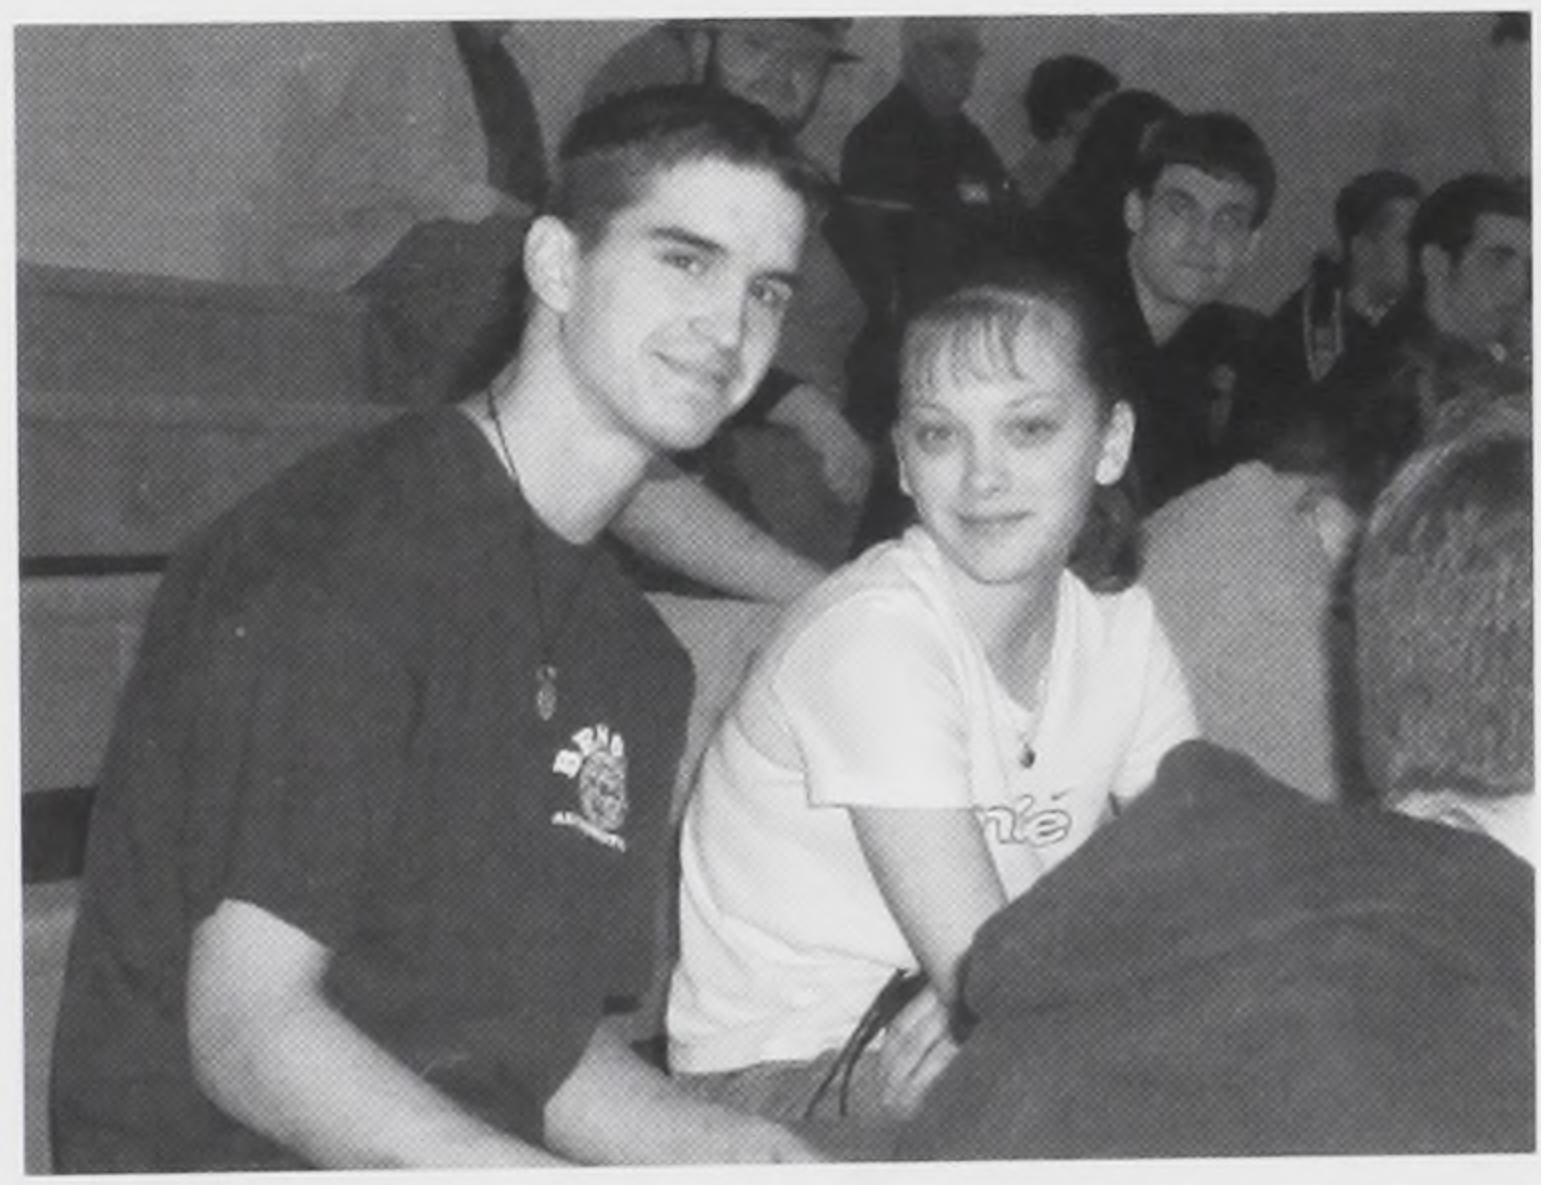

.....
To Sean and Ben Bufuford I leave my uncanny ability to not do work and still get A's. To Jordan I leave my laptop, because so much anime is on there I don't think anyone else would want it. To Amylla I leave a picture of me, so you can still see me *every* day. To Matt I leave my common sense, because sometimes you could use some extra. To the Science Bowl team I leave Ben Wiley and Stephan Le. To Dolby I leave "you have no life" because you need a catch phrase besides "you have no friends." Finally I leave my car to everyone at Benson, because it'll take at least that much money to fix it... Sam Russel

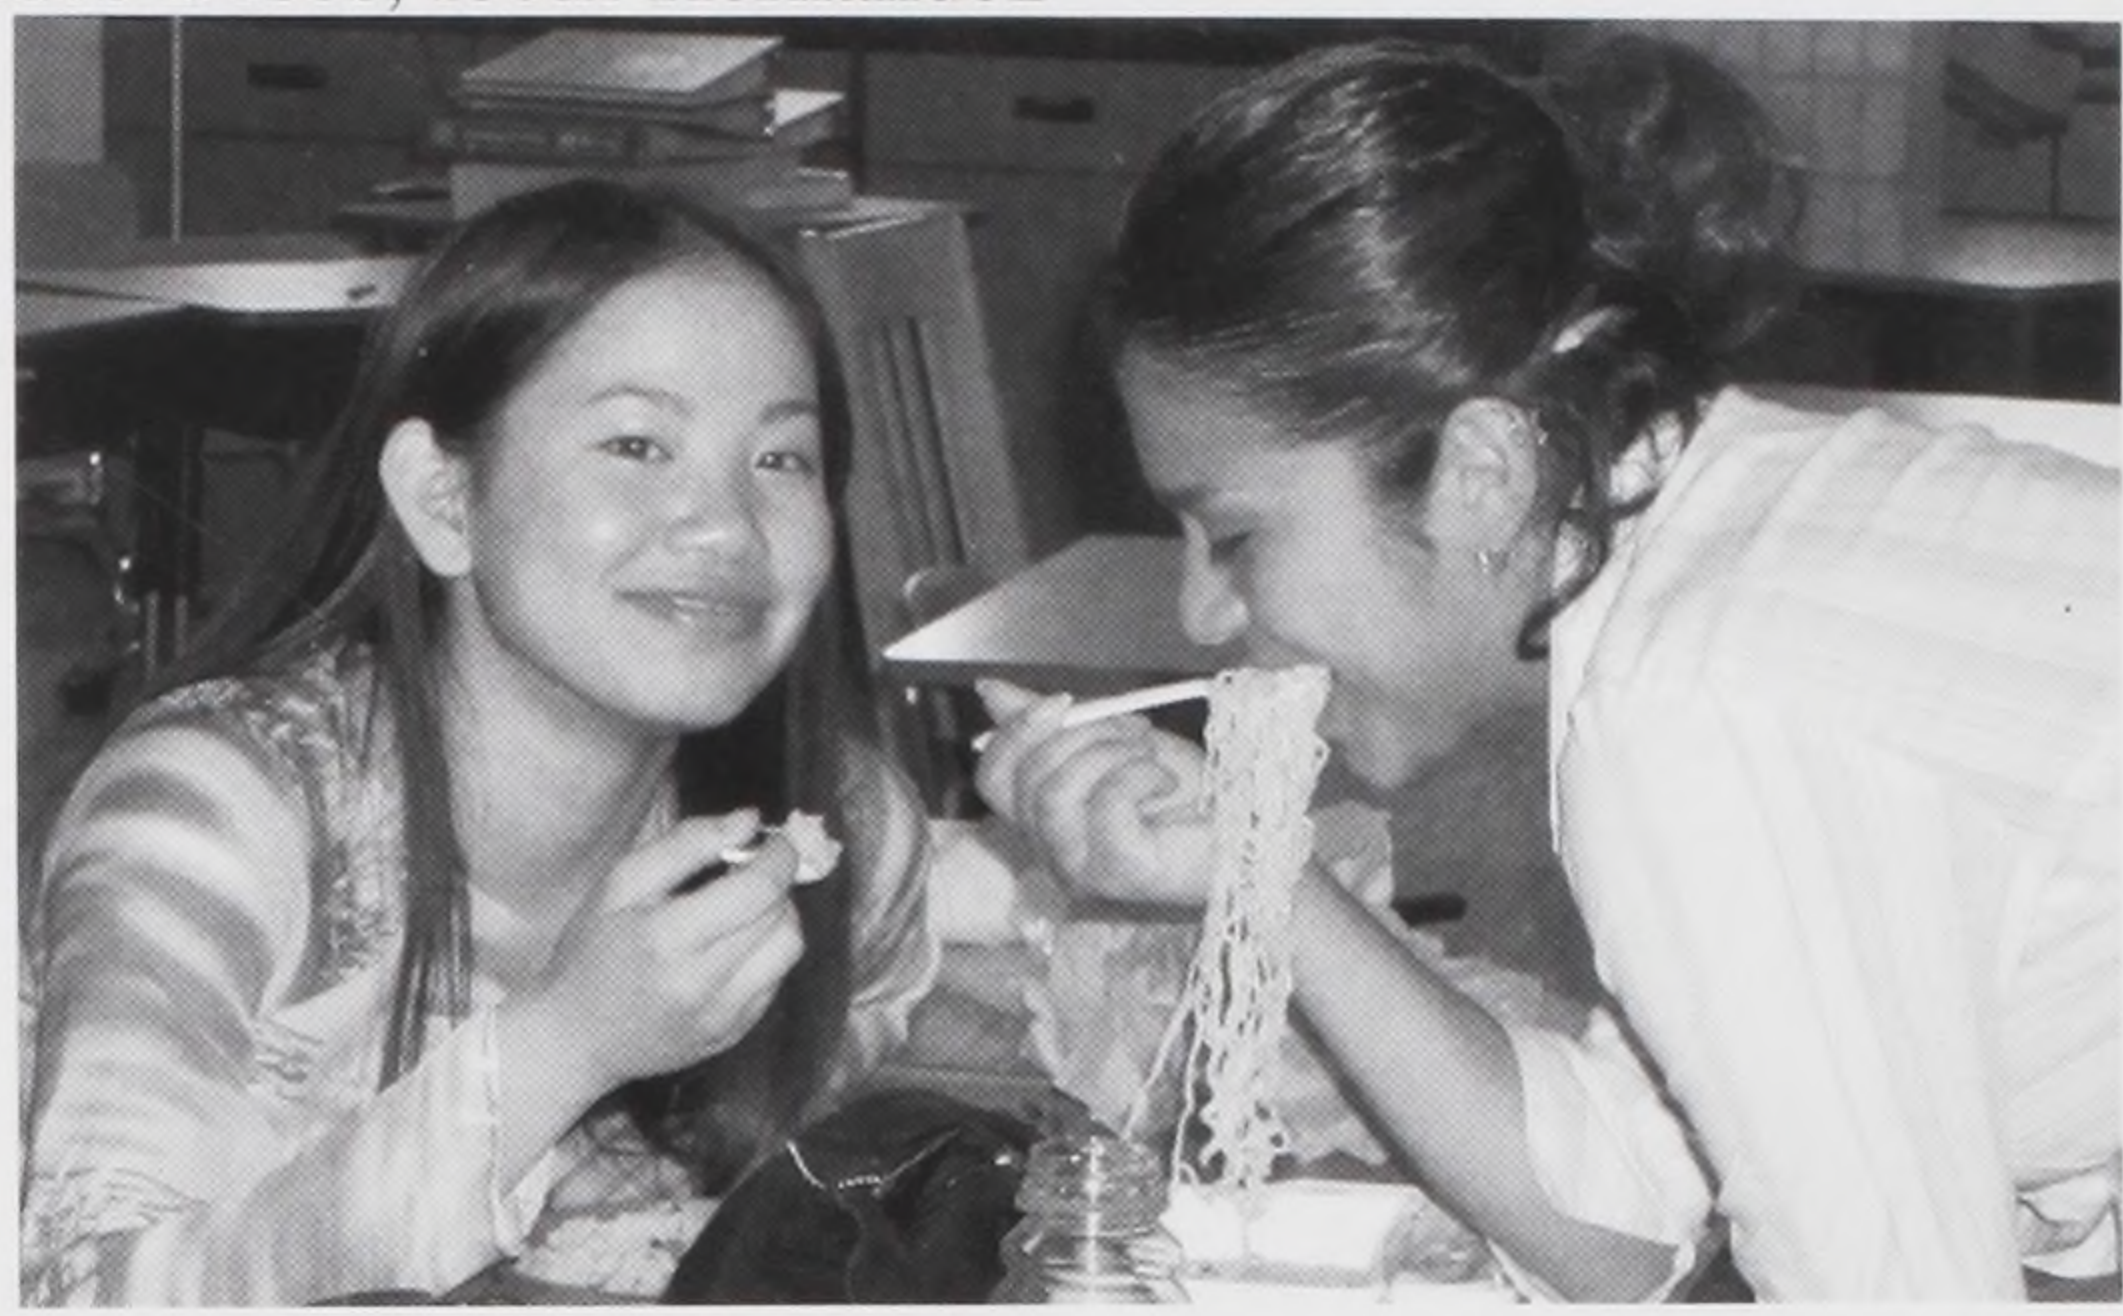

Dear Underclassmen,
I'm the one who is graduating so you should be giving me stuff.
So therefore, I give none of ya'll nothing.
Why is this a Will?
I ain't dead yet.
FISH GREASE
-Scott Van Wald

.....
I, Joey Barber leave in my will the following: My luck to all CST members, my smile to Web Team and Yearbook, my friendship to everyone else, and my heart to Quynh. Oh... and my woman-beater-off-stick to Daniel, I leave my skittles to Sarah Emery, Other than that I pass down my laughter and good humor to all that know my name. P.S. NO ONE GETS MY SUN GLASSES

Hey, to the remaining Techmen and Techsters, I, Ibeth Hernandez leave all the school spirit in the world. Remember, this is your school and your 2nd home, love it and respect it and always represent!! To my friend Nashid I leave my majic pants, lol-remember? E.B. loves you! Mark can have my Spanish/English dictionary, keep trying, one day you'll succeed. To Amber I leave lots of love and support, I wish you the best in life hunny cuz you deserve it. Ooh na na na nah. Andrea, what is up Gansta? N.C. forever, I'll see you around, stay you. Michele, you know that I still love and respect you very much. My fellow '03 peoples: Stay true to yourselves always and never change. See you in 10 years. And to that special guy, you know you'll always hold my heart, and I leave you with it, treat it right. 1-4-3, I'm out!
Adios Besos, ibeth Hernandez

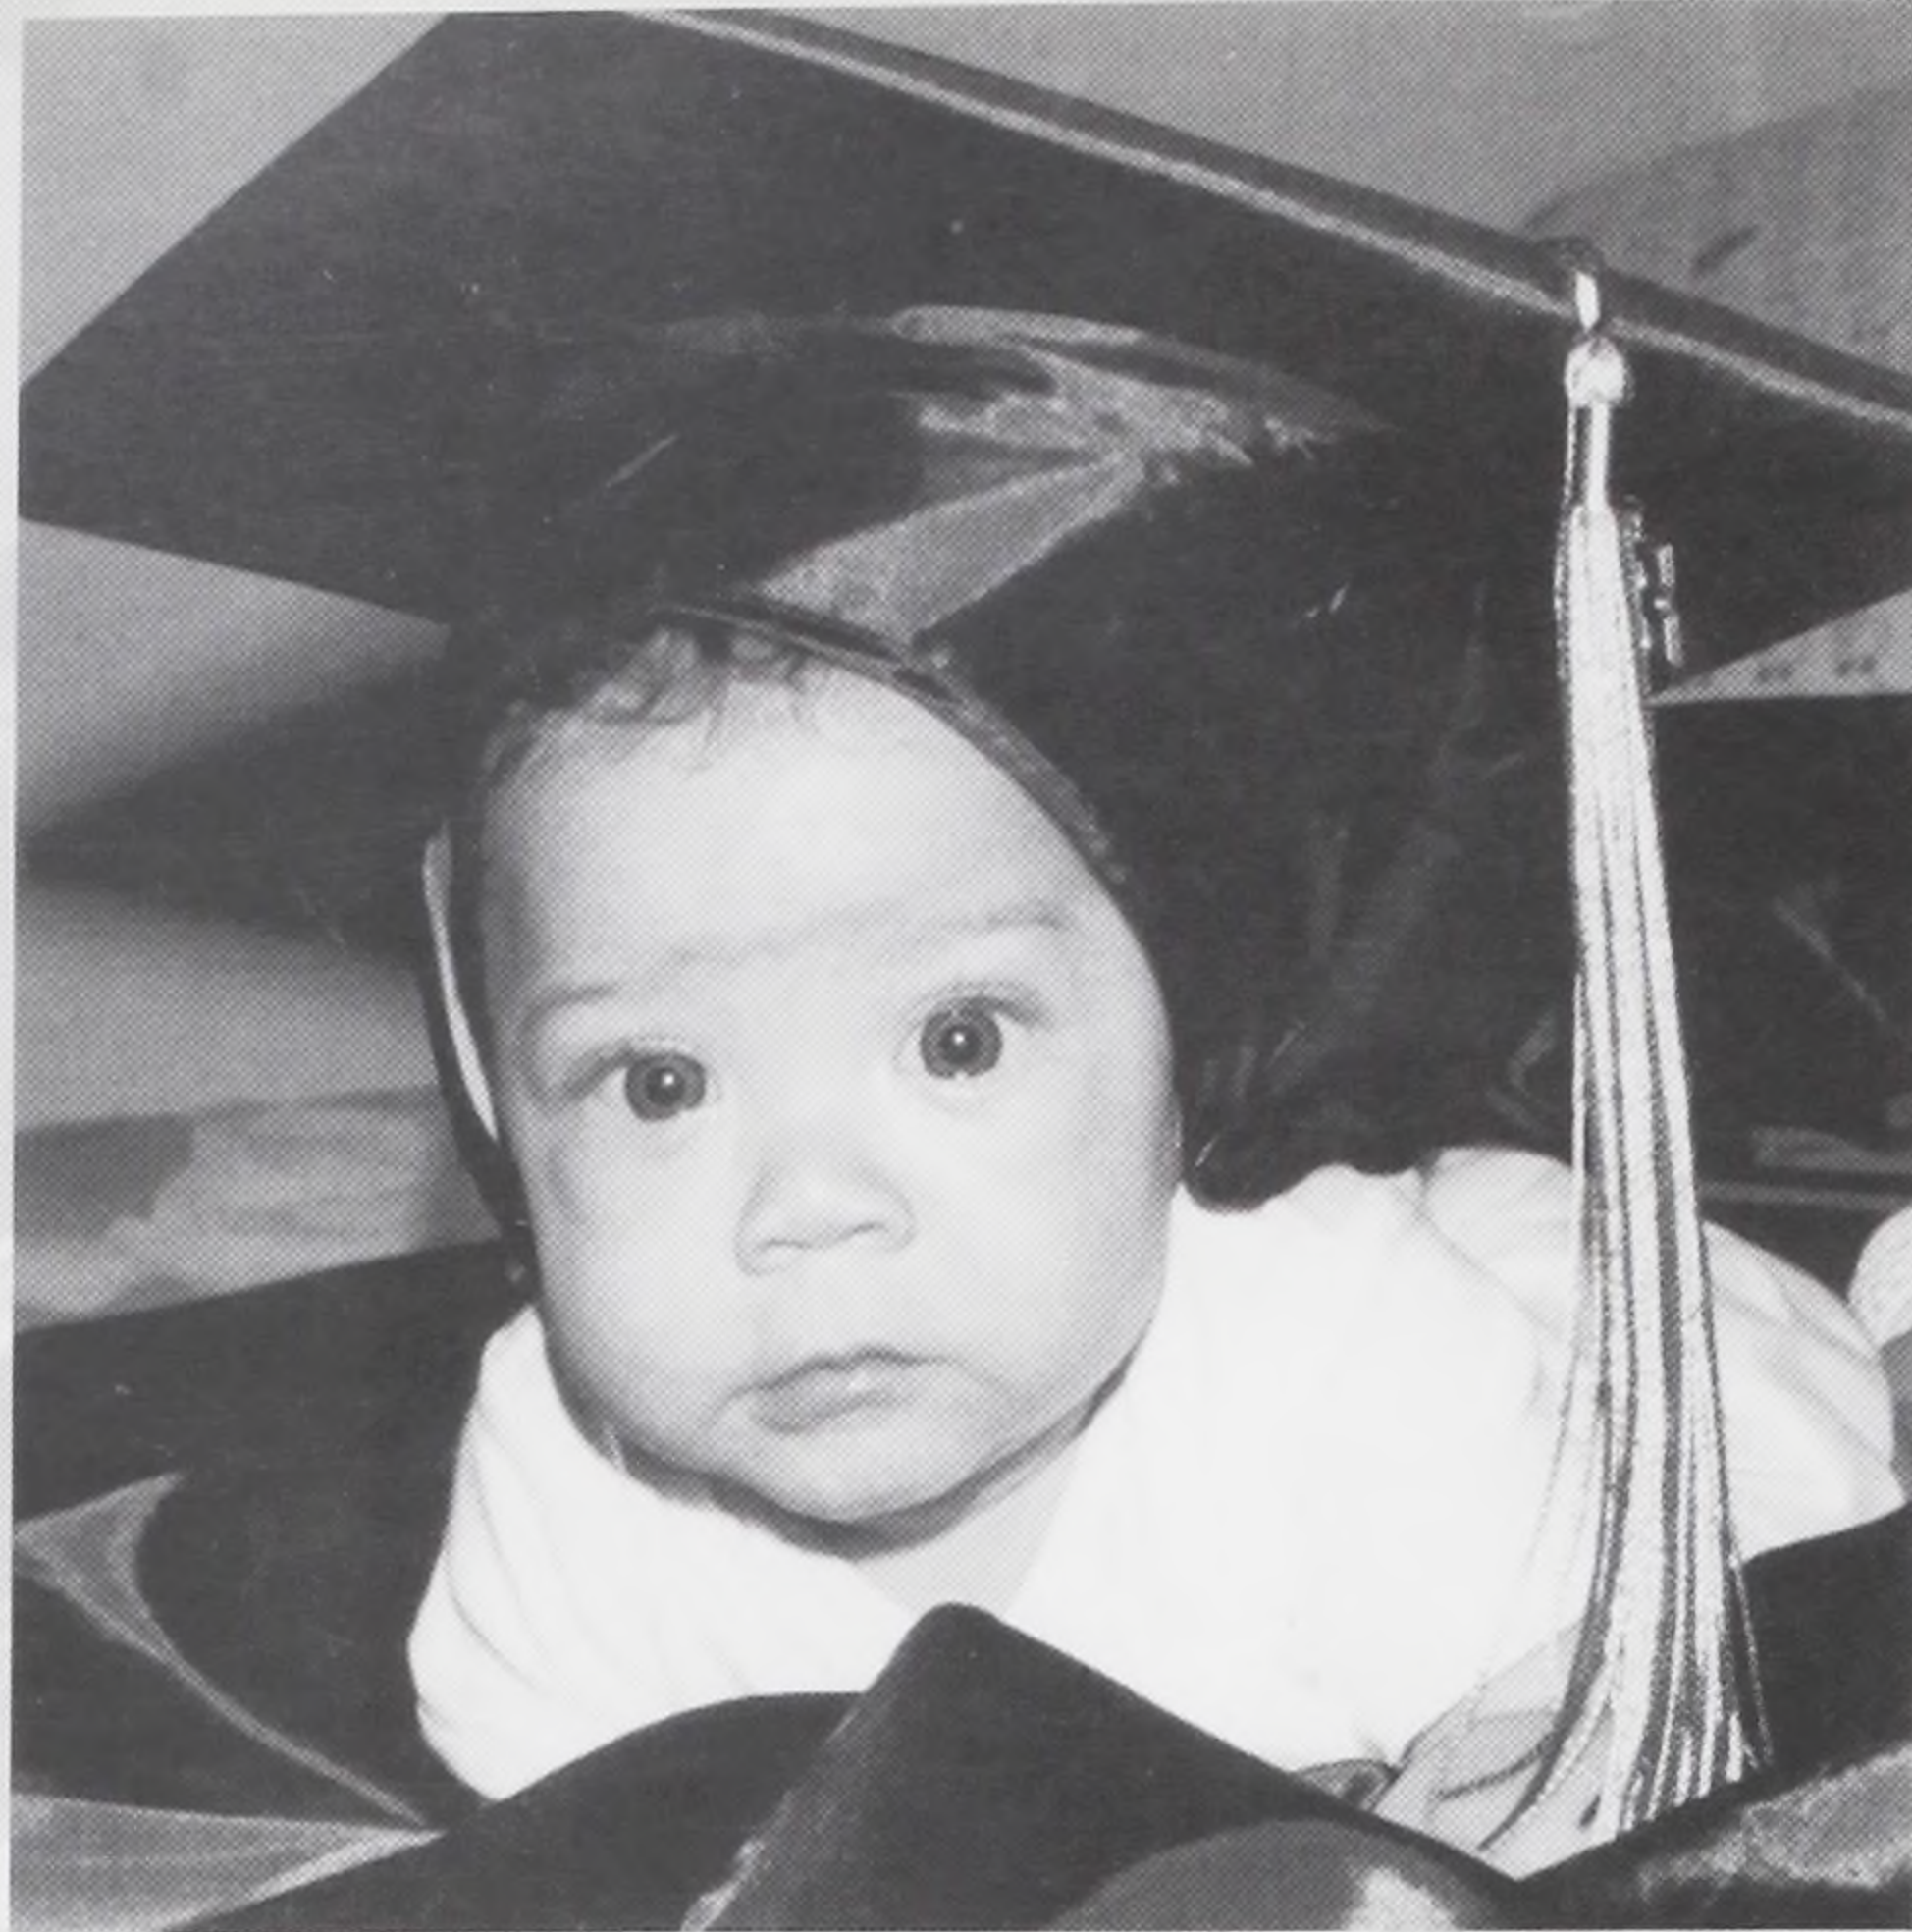

The will of Yennie Quach:
I give to Cari Chan my inspiration for tennis, I give Torrey Hager my leadership for Oregon SkillsUSA VICA, I give Roshan Patel my hope & dream of becoming National Officer, I give Kok Li the privilege to watch over my cousin Joanna Tran, I give Kao my B-ball skills, I give Nhi Lam some of my common sense...in return I'll take part of your brain, I give Ina Song the memories that we shared together and our... umh... love child hehehe..., I do not need to give any thing to Shea Ivy anything because he's "coc-asian", and I give Chantha Kim my pastey-ness.

I, Rick Fuller
Will to...Amylla- My collection of Pumas, To Renee- My JPG jeans, To Alanna- My lifetime membership to Bally's, To Joey- My collection of Playgirl, To Cole- My collection of Disney Videos, To Junior Chris- never said a word to you (at least directly) but i leave you my Khiel's Products. Lastly, to Ms. Scally- My collection of Shakespeare memorabilia. To everyone else- hmm my charm and attitude.
Till 2013, -Rick Fuller
