**YEAR  
BOOK  
IT  
YOUR  
SELF!**

*What will you remember most about your sophomore year?*

*Arkham City* is an open world action video game that incorporates elements of stealth and predator tactics. The gadgets previously obtained in the first game are present at the start of *Arkham City*.

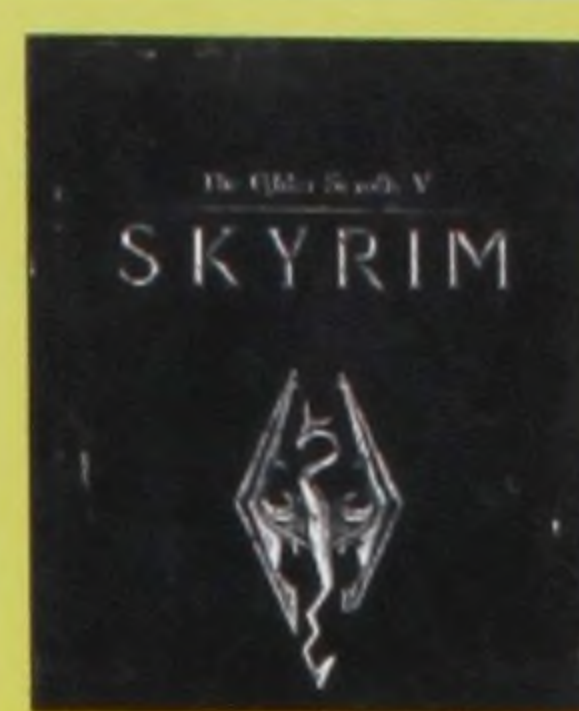

*Assassin's Creed: Revelations* is a historical action-adventure game that follows the series' standard open world stealth gameplay in the Ezio and Altair Sequences, where the game's main story takes place.

*Gears of War 3*, like its predecessors, is a third-person shooter that emphasizes the use of cover and squad tactics in order to survive combat situations.

*Minecraft* is a game about placing blocks to build anything you can imagine. At night monsters come out, so make sure to build a shelter before that happens.

*Skyrim* is a vast region set in the northern part of old Tamriel. It is the home of the Nords, large and hardy men and women who have a strong resistance to frost, both natural and magical.

### *Mass Effect 3*

plunges you into an all-out galactic war to take Earth back from a nearly unstoppable foe - and how you fight that war is entirely up to you.

To finally end the debate as to who are the best teams and players of all time... *NBA 2K12* features such NBA legends as Michael Jordan, Magic Johnson, and Larry Bird as well as all of your favorite current NBA stars.
